

## COMMUNITY LIAISON PROGRAM

The West Sacramento Police Department's Community Liaison Program is designed to increase effective communication within our various communities and to provide and accurate information on developing issues. The Program is made up of police officers and a community services officer\*. Some have special language skills to reach out to our non-English speaking residents. The officers are available for contact during their regular work schedule as listed below. At times the officers will be asked to initiate contact with the community to share valuable information.

Contacts can be made in person, via telephone or email. Below is a list of the community liaison officers, their work hours and contact information.
