LAW ENFORCEMENT CODE OF ETHICS
As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

Chapter 1 - Law Enforcement Role and Authority
Law Enforcement Authority

100.1 PURPOSE AND SCOPE
The purpose of this policy is to affirm the authority of the members of the West Sacramento Police Department to perform their functions based on established legal authority.

100.2 PEACE OFFICER POWERS
Sworn members of this department are authorized to exercise peace officer powers pursuant to applicable state law (Penal Code § 830.1 et seq.).

100.2.1 DELIVERY TO NEAREST MAGISTRATE
When an officer makes an arrest pursuant to a warrant with bail set, and the warrant was issued in a county other than where the person was arrested, the officer shall inform the person in writing of the right to be taken before a magistrate in the county where the arrest occurred (Penal Code § 821; Penal Code § 822).

100.2.2 ARREST AUTHORITY OUTSIDE THE JURISDICTION OF THE WEST SACRAMENTO POLICE DEPARTMENT
The arrest authority outside the jurisdiction of the West Sacramento Police Department includes (Penal Code § 830.1; Penal Code § 836):

(a) When the officer has probable cause to believe the person committed a felony.
(b) When the officer has probable cause to believe the person has committed a misdemeanor in the presence of the officer and the officer reasonably believes there is immediate danger to person or property or of escape.
(c) When the officer has probable cause to believe the person has committed a misdemeanor for which an arrest is authorized even if not committed in the presence of the officer such as certain domestic violence offenses and there is immediate danger to person or property or of escape or the arrest is mandated by statute.
(d) When authorized by a cross jurisdictional agreement with the jurisdiction in which the arrest is made.
(e) In compliance with an arrest warrant.

On-duty arrests will not generally be made outside the jurisdiction of this department except in cases of hot or fresh pursuit, while following up on crimes committed with the City or while assisting another agency.

On-duty officers who discover criminal activity outside the jurisdiction of the City should when circumstances permit, consider contacting the agency having primary jurisdiction before attempting an arrest.
100.2.3 ARREST AUTHORITY INSIDE THE JURISDICTION OF THE WEST SACRAMENTO POLICE DEPARTMENT

The arrest authority within the jurisdiction of the West Sacramento Police Department includes (Penal Code § 830.1; Penal Code § 836):

(a) When the officer has probable cause to believe the person has committed a felony, whether or not committed in the presence of the officer.

(b) When the officer has probable cause to believe the person has committed a misdemeanor in this jurisdiction and in the presence of the officer.

(c) When the officer has probable cause to believe the person has committed a public offense outside this jurisdiction, in the presence of the officer and the officer reasonably believes there is an immediate danger to person or property, or of escape.

(d) When the officer has probable cause to believe the person has committed a misdemeanor for which an arrest is authorized or required by statute even though the offense has not been committed in the presence of the officer such as certain domestic violence offenses.

(e) In compliance with an arrest warrant.

100.2.4 TIME OF MISDEMEANOR ARRESTS

Officers shall not arrest a person for a misdemeanor between the hours of 10:00 p.m. of any day and 6:00 a.m. of the next day unless (Penal Code § 840):

(a) The arrest is made without a warrant pursuant to Penal Code § 836 which includes:
   1. A misdemeanor committed in the presence of the officer.
   2. Misdemeanor domestic violence offenses (See the Domestic Violence Policy).

(b) The arrest is made in a public place.

(c) The arrest is made with the person in custody pursuant to another lawful arrest.

(d) The arrest is made pursuant to a warrant which, for good cause shown, directs that it may be served at any time of the day or night.

100.2.5 OREGON AUTHORITY

Sworn members of this department who enter the state of Oregon in order to provide or attempt to provide law enforcement assistance have Oregon peace officer authority within 50 miles from the California-Oregon border (ORS 133.405). Such authority shall only apply when officers are acting:

(a) In response to a request for law enforcement assistance initiated by an Oregon sheriff, constable, marshal, municipal police officer or member of the Oregon State Police.

(b) In response to a reasonable belief that emergency law enforcement assistance is necessary to preserve life, and circumstances make it impractical for Oregon law enforcement officials to formally request assistance.

(c) For the purpose of assisting Oregon law enforcement officials with emergency assistance in response to criminal activity, traffic accidents, emergency incidents
or other similar public safety situations, regardless of whether an Oregon law enforcement official is present at the scene of the incident.

West Sacramento Police Department officers have no authority to enforce Oregon traffic or motor vehicle laws.

Whenever practicable, officers should seek permission from a department supervisor before entering Oregon to provide law enforcement services. As soon as practicable, officers exercising law enforcement authority in Oregon shall submit any appropriate written reports concerning the incident to the Oregon agency having primary jurisdiction over the area in which the incident occurred.

100.3 POLICY
It is the policy of the West Sacramento Police Department to limit its members to only exercise the authority granted to them by law.

While this department recognizes the power of peace officers to make arrests and take other enforcement action, officers are encouraged to use sound discretion in the enforcement of the law. This department does not tolerate the abuse of law enforcement authority.

100.4 INTERSTATE PEACE OFFICER POWERS
Peace officer powers may be extended to other states:

(a) As applicable under interstate compacts, memorandums of understanding or mutual aid agreements in compliance with the laws of each state.

(b) When an officer enters an adjoining state in close or fresh pursuit of a person believed to have committed a felony (ARS § 13-3832; NRS 171.158; ORS 133.430).

The person arrested out of state must be taken without unnecessary delay before a magistrate of the county in which the arrest was made (ARS § 13-3833; NRS 171.158; ORS 133.440).

Agency Jurisdiction and Mutual Aid

103.1 PURPOSE AND SCOPE
The West Sacramento Police Department recognizes the need of establishing jurisdiction and mutual aid agreements with law enforcement agencies in adjoining jurisdictions. These mutual aid agreements provide for assistance to or from other agencies in case of a natural disaster, mass disorder, or other emergencies.

103.2 BOUNDARIES OF JURISDICTION
The official map provided by the City of West Sacramento Engineering Department delineates the geographical boundaries of the city of West Sacramento. These boundaries are identified as the Sacramento River on the east and north, the Yolo Bypass on the west and the Deep Water Canal at the high rise on the south. Additionally, the Yolo County Emergency Services Agency maintains a quick reference map that delineates the specific geographical boundaries of the agency’s jurisdiction.

103.3 CONCURRENT JURISDICTION RESPONSIBILITY AND AGREEMENTS
It is the intent of this directive to identify basic shared responsibilities as they relate to police service in concurrent jurisdictions. West Sacramento Police Department works within the concurrent jurisdiction of the following agencies: Yolo County Sheriff’s Office, California Highway Uniformed Services, Union Pacific Railroad Police, United States Coast Guard, California Department of Fish and Game, United States Office of Homeland Security, Customs and Border Protection, and the United States Postal Service. It is the policy of the West Sacramento Police Department to coordinate its efforts with these concurrent agencies as outlined below:

- Yolo County Sheriff’s Department: Our primary relationship with the Sheriff’s Office is the booking and custody of prisoners and the services of the County Coroner’s Office. Criminal investigations within the City limits shall be the responsibility of the West Sacramento Police Department, regardless of any assistance from the Sheriffs’ Office.

- California Highway Uniformed Services: The West Sacramento Police Department will investigate all criminal events within its jurisdiction, including those occurring on the adjacent State Highways (I-80 & US50). The Department will provide assistance to the Uniformed Services, as needed, when called upon to do so due to unusual events on the State highway.

- Union Pacific Railroad: The West Sacramento Police Department will investigate all criminal events within its jurisdiction, including those occurring on the adjacent railroad lines within the City. The Department will provide assistance to the Union Pacific Police Department, as needed, when called upon to do so due to unusual events on the rail system.
• United States Coast Guard: The West Sacramento Police Department will investigate all criminal events within its jurisdiction, including those occurring on the Sacramento River, the Sacramento Deep Water Ship Channel and at the Port of Sacramento. The Department will provide assistance to the United States Coast Guard, as needed, when called upon to do so due to unusual events on the Sacramento River, in Sacramento Deep Water Ship Channel and at the Port of Sacramento.
  - Primary and backup response to service requests
  - Reporting and criminal investigation procedure
  - Police function in the non-enforcement role
  - Homeland Security related issues

• California Department of Fish and Game: The West Sacramento Police Department will investigate all criminal events within its jurisdiction, including those occurring on the Sacramento River, the Sacramento Deep Water Ship Channel and at the Port of Sacramento. The Department will provide assistance to the California Department of Fish and Game, as needed, when called upon to do so due to unusual events on the Sacramento River, in Sacramento Deep Water Ship Channel and at the Port of Sacramento.

• United States Office of Homeland Security, Customs and Border Protection: The West Sacramento Police Department will investigate all criminal events within its jurisdiction, including those occurring at the Port of Sacramento. The Department will provide assistance to the United States Office of Homeland Security, and the US Immigrations and Customs Enforcement, and Border Protection as it pertains to issues at the Port of Sacramento. As it pertains to the Port of Sacramento, the West Sacramento Police Department may require in some cases, the assistance of Customs and Border Protection with investigations relating to issues at the Port of Sacramento.

• United States Postal Service: The West Sacramento Police Department will investigate all criminal events within its jurisdiction, including those occurring at United States Postal Service offices and the United States Postal Service Processing and Distribution Center. The Department will provide assistance to the United States Postal Inspector, as needed, when called upon to do so due to unusual events occurring upon the property/interests of the United States Postal Service.

103.3.1 RESPONSIBILITY AND COMMAND
Usually the first agency upon the scene, and having jurisdiction, has responsibility and is in charge. The West Sacramento Police Department recognizes this responsibility and either assumes jurisdiction on that basis or provides assistance to other agencies, as they require.
103.3.2 NOTIFICATION
The YECA Communications Center notifies the Operations Commander, by the most direct means, in the event assistance from the Operations Division is necessary for any of the identified agencies.

103.4 MUTUAL AID AGREEMENT
(a) Yolo County, California is an area of approximately 1,014 square miles, having five incorporated cities. Each city within the county has its own police agency, except the unincorporated areas which are the responsibility of the Yolo County Sheriff’s Department for law enforcement services. Yolo County also has several state and federal law enforcement agencies working within its boundaries. Availability of resources is dependent upon the nature and location of the incident.

(b) Under the provisions of Government Code Section 8550, 8569, 8616 and 8668, the West Sacramento Police Department has a written agreement with neighboring Yolo County Law Enforcement agencies to provide mutual aid in emergencies. This agreement is outlined in the Yolo County Mutual Aid Agreement and the A.L.E.R.T. (Area Law Enforcement Response Team) M.O.U. The A.L.E.R.T. M.O.U. provides mutual aid assistance to Yolo County Law Enforcement agencies for SWAT, E.O.D. and Hostage Negotiators in incidents requiring these specialized teams. Additionally, the City and Police Department participate in the statewide emergency response plan within district four and coordinated by the Yolo County Sheriff, per State law.

(c) "Emergency" means an actual or potential condition that poses an immediate threat to life or property, and exceeds the capability of a local agency to counteract successfully. The Chief of Police, or his/her designee, approves all requests for mutual aid assistance and determines the appropriate level of response by the West Sacramento Police Department.

103.5 MUTUAL AID PROCEDURE
When responding to a mutual aid request it is imperative that the individual directing such response be mindful that the protection of the citizens of West Sacramento is their first priority. To this end the on-duty-supervisor will make every effort to maintain targeted staffing levels, as defined in Policy 216 - Uniformed Services Staffing and Time Off Policy, and barring extraordinary circumstances will at no time allow there to be less than 4 uniformed patrol officers and one supervisor available for service within the city limits.

When it becomes necessary to use mutual aid, if possible, the Communication Center establishes radio communications through the County.

103.5.1 MUTUAL AID IN YOLO COUNTY
The countywide Mutual Aid Agreement says that in case of an emergency, each political subdivision, a party to this agreement, furnishes police personnel and equipment. Responding agencies bear the costs incurred by this deployment and can file for reimbursement through the
Agency Jurisdiction and Mutual Aid

Federal government as permitted by law. The request for mutual aid by another police agency must originate from the Chief of Police, or designee. It is the responsibility of the COP, or designee, at the requested agency, to decide what personnel and equipment are available.

When a responding agency agrees to provide mutual aid, the allocated personnel of the responding agency report to the requesting agency. Personnel from the responding agency work under the direction and supervision of the on-duty commanding officer of the requesting agency. Responding personnel will have legal authority to act within the receiver agencies jurisdiction.

An agency sending personnel for mutual aid may recall police personnel and equipment at the sole discretion of that agency's Chief of Police.

103.5.2 MUTUAL AID TO ADJOINING COUNTIES
If an adjoining county or police jurisdiction in that county requests mutual aid, the request must come from the highest-ranking officer of that jurisdiction, i.e., Chief of Police or Sheriff. This request must, in most incidents, be made consistent with the guidelines outlined in the statewide mutual aid agreement.

The ranking officer from any out of county jurisdiction should exhaust the resources in his own county before making a mutual aid request of the West Sacramento Police Department. The Chief of Police or his designee must approve all requests for mutual aid.

An exception to this rule is a situation where an officer or citizen is in imminent danger. In these situations, the Uniformed Services Supervisor should dispatch whatever personnel and equipment he feels is necessary. The Uniformed Services Supervisor makes the Uniformed Services Commander and the Chief of Police aware of the situation as quickly as possible. Responding officers act under the supervision of the requesting agency's ranking officer. The Uniformed Services Supervisor monitors the situation to decide if it is necessary to continue mutual aid.

103.5.3 MUTUAL AID TO NON-ADJOINING COUNTIES
The Chief of Police, or his designee, must grant approval before mutual aid is sent to a non-adjoining county or a jurisdiction within a non-adjoining county.

103.5.4 MUTUAL AID FOR MASS ARREST
During a mass arrest, (the arrest of one hundred or more persons arising from a single incident), the agency providing mutual aid, per the agreement, helps with the preliminary processing of prisoners. This assistance consists of:

- Identification of the arrestee.
- Control of property taken from arrestees.
- Completion of arrest certificates.
- Transportation of prisoners.
Agency Jurisdiction and Mutual Aid

• Helping with detention and providing security for a temporary detention facility, if necessary.

Mutual aid assistance in mass arrest situations involving the arrest of less than one hundred persons, follow the other provisions of the agreement but normally do not require setting up a temporary detention center.

103.5.5 MUTUAL AID FOR CIVIL DISORDER
When answering a request for mutual aid involving civil disorder the on-duty Patrol Sergeant, or in his absence the on-duty patrol supervisor, must ensure that the response of the department is well thought out and coordinated with consideration being given to the following factors:

• Response of personnel shall be tempered so as to meet the staffing requirements as described in section 103.5 of this Policy.

• Following the deployment of personnel to a mutual aid request involving civil disorder the watch commander/supervisor should immediately begin considering the sustainability of the operation. Such issues as logistical support for the personnel deployed, replacement of deployed personnel, deployment of additional personnel, and the recalling of personnel to our jurisdiction as soon as possible must be considered and planned for immediately.

103.6 REQUESTING FEDERAL LAW ENFORCEMENT ASSISTANCE

These requests shall be coordinated consistent with the countywide mutual aid agreement.

The Chief of Police or his designee must approve requests for federal law enforcement assistance and then shall coordinate these requests through the Yolo County Sheriff's Office when they are a part of a mutual aid response. The following federal agencies can provide assistance upon request:

During a planned absence in which both the Chief of Police and the Deputy Chief are absent, the Chief or Deputy Chief shall appoint a Lieutenant to serve as the interim Chief of the department.

200.3.2 UNITY OF COMMAND
The principles of unity of command ensure efficient supervision and control within the Department. Generally, each employee shall be accountable to one supervisor at any time for a given assignment or responsibility. Except where specifically delegated authority may exist by policy or special assignment (e.g., K-9, SWAT), any supervisor may temporarily direct any subordinate if an operational necessity exists.

200.3.3 ORDERS
Members shall respond to and make a good faith and reasonable effort to comply with the lawful order of superior officers and other proper authority.

200.3.4 COMMAND ORDER OF PRECEDENCE AND PROTOCOL
When the Chief is absent, the order of precedence for command authority is the Deputy Chief. (d) Primary functional responsibility means matters that fall within an officer's normal responsibilities and duties.

200.3.5 REQUIREMENT TO OBEY LAWFUL ORDERS

If the supervisor giving the last order does not change the order, the employee must obey the last order and is not responsible for disobedience of the first order.

Employees must never obey any order that they know or should know would require them to commit any illegal act. If in doubt as to the legality of an order, employees must request the issuer to clarify the order or to confer with higher authority.

Any employee who disobeys or disregards a supervisor's lawful order or directive, verbal or written, is subject to disciplinary action.

Relief command personnel and acting supervisors assume the same responsibility and command the same respect and response to command as the regular supervisor. It is not mandatory that the supervisor always designate the senior employee as the acting commander or supervisor. The appointing authority must assign the employee he or she feels can best carry out the responsibilities of the position.

(b) When delegating authority, each employee is fully accountable for his decision to delegate authority, and also for the failure to delegate authority.

206.1.1 DISASTER RESPONSE
If any great disaster occurs, which would require the resources of the Police Department to properly attend, all employees who are off duty must report as quickly as possible to their normal duty station. If the emergency prevents the employee from reaching his normal duty station, he should report to the closest City facility. The disruption or clogging of telephone communications and the failure of the Police Department to notify each off duty employee does not excuse such employees from reporting. Such catastrophes are readily apparent to all, either by hearing, by word of mouth or other means. All personnel, after caring for the needs of their immediate families, must report for duty as quickly as possible.

206.2 ACTIVATING THE EMERGENCY PLAN
The Emergency Management Plan can be activated on the order of the official designated by local ordinance.

206.2.1 RECALL OF PERSONNEL
In the event that the Emergency Management Plan is activated, all employees of the West Sacramento Police Department are subject to immediate recall. Employees may also be subject to recall during extraordinary circumstances as deemed necessary by the Chief of Police or the authorized designee.

206.3 LOCATION OF THE PLAN
The Emergency Management Plan is available in an electronic format on the Department's F: drive. Hardcopies of the plan are also maintained in a conspicuous location by each Division Commander. All supervisors should familiarize themselves with the Emergency Management Plan.

206.4 UPDATING OF MANUALS
The Chief of Police or designee shall review the Emergency Management Plan Manual at least once every two years to ensure that the manual conforms to any revisions made by the National Incident Management System (NIMS) and the Standardized Emergency Management System (SEMS) and should appropriately address any needed revisions. The appendix listing personnel assignments should be updated every six months in conjunction with shift bid.

Personnel assigned to participate in DTBs should only use the password and login name assigned to them by the Training Manager. Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, employees should log off the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of the Department.

Employees who are assigned to participate in the DTB program should complete each DTB at the beginning of their shift or as otherwise directed by their supervisor. and is to be used in accordance with generally accepted business practices and current law
(e.g., California Public Records Act). Messages transmitted over the email system must only be
those that involve official business activities or contain information essential to employees for the
accomplishment of business-related tasks and/or communication directly related to the business,
administration, or practices of the Department.

212.2 EMAIL RIGHT OF PRIVACY
All email messages, including any attachments, that are transmitted over department networks are
considered department records and therefore are department property. The Department reserves
the right to access, audit or disclose, for any lawful reason, any message including any attachment
that is transmitted over its email system or that is stored on any department system.

The email system is not a confidential system since all communications transmitted on, to or from
the system are the property of the Department. Therefore, the email system is not appropriate
for confidential communications. If a communication must be private, an alternative method to
communicate the message should be used instead of email. Employees using the Department's
email system shall have no expectation of privacy concerning communications utilizing the system.

Employees should not use personal accounts to exchange email or other information that is related
to the official business of the Department.

212.3 PROHIBITED USE OF EMAIL

any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire department are only to be used for official business
related items that are of particular interest to all users and must be approved by the Chief of Police
or a Division Commander. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user’s name. Users are
strongly encouraged to log off the network when their computer is unattended. This added security
measure would minimize the misuse of an individual’s email, name and/or password by others.

212.4 EMAIL RECORD MANAGEMENT
Email may, depending upon the individual content, be a public record under the California Public
Records Act and must be managed in accordance with the established records retention schedule
and in compliance with state law.

Patrol Staffing and Time Off Policy

216.1 PURPOSE AND SCOPE
The West Sacramento Police Department recognizes that in order to provide the community with a high level of service and enhance the effectiveness of patrol operations on a daily basis, a staffing policy must be in place. This policy will ensure that staffing levels of each patrol team remain at a level consistent with the priorities established for service to the community and concerns for officer safety.

216.1.1 DETERMINING APPROPRIATE STAFFING LEVELS
The Deputy Chief of Police will consider the following factors when determining staffing levels:

- The amount of activity that is handled by patrol personnel during their shift.
- Calculating the average amount of time required for handling routine calls for service.
- Determining an average number of priority calls, per Watch, which require two or more patrol units.
- Consideration of scheduling limitations, to include vacations, sick leave, compensatory time off, extended training periods and vacancies.

216.2 TARGETED STAFFING LEVELS
Targeted staffing levels for each Patrol Watch within the Uniformed Services Division shall be designated by the Office of Operations.

216.2.1 DISCRETIONARY TIME OFF
The staffing of patrol teams shall be maintained at the highest level possible given the resources available while still allowing for Discretionary time off.

Supervisors shall not approve requests for discretionary time off which would result in teams operating below targeted staffing levels. When assessing whether discretionary time off should be granted the supervisor must account for personnel on sick leave, extended injury leave, scheduled trainings, and other factors which could affect actual staffing levels.

Under special circumstances a sworn manager of the rank of lieutenant or higher may authorize discretionary time off which would not otherwise be authorized by under this policy. Overtime may not be used to backfill for discretionary time off without the authorization of a lieutenant.

216.3 REASSIGNMENT OF PERSONNEL
The Department recognizes that there will be times when long term absences will exist in patrol. These may be a result of extended vacations, injuries, training, or disciplinary measures. Any absence that takes a Watch below the targeted staffing levels for a sustained period of time may result in a reassignment of personnel. Such reassignments of personnel must have the approval
of the Chief or Deputy Chief prior to their implementation. Other efforts to address deficient staffing levels shall be considered before initiating an involuntary temporary reassignment of personnel.

216.4 SHIFT EXCHANGES
Employees may be allowed to exchange shifts or portions thereof during the same payroll period with the approval of the employees' Division Commander or manager. Shift exchanges may be granted when it does not interfere with established training schedules, the operation of the Department, the safety of employees, or other applicable laws. The shift exchange shall have no effect on the hours or rate of pay for any of the employees involved in the exchange.

216.5 WORKLOAD ASSESSMENT
The Department will conduct a workload assessment once every four years to examine the equalization of workloads within the organization. The Deputy Chief of Police will oversee the assessment and has the authority to delegate components of assessment to key positions within the department.

The Department will utilize information gathered from current staffing levels, current workload, and department goals as well as current staffing needs, future staffing projections, turnover rates and deployment models to analyze workloads and staffing levels. This methodology will provide immediate and projected staffing recommendations as well as provide a clear picture of workload by unit.

The assessment will culminate in a document that provides conclusions and recommendations for the distribution of work and allocation of personnel within the Police Department.
Specialized Assignments

217.1 PURPOSE AND SCOPE
In order to better serve the community, provide diversity of working assignments, and better develop its employees the West Sacramento Police Department assigns qualified employees to specialized assignments as positions become available.

217.2 REVIEW OF SPECIALIZED ASSIGNMENT POSITIONS
Each specialized program or activity will be reassessed to determine if continued specialization in each particular area is beneficial and cost effective. This assessment will occur as part of the annual budget development process and will be submitted to the Chief of Police for review. This review will include a listing of the agency’s specialized assignments; a statement of purpose for each listed assignment; and an evaluation of the initial problem or condition that required the implementation of the specialized assignment.

217.3 ANNOUNCEMENT OF ANTICIPATED OPENINGS
The West Sacramento Police Department will announce anticipated openings for specialized assignments agency wide and will fill those positions through a selection process.

217.4 SELECTION PROCEDURE
Vacancies for specialized positions are generally filled by means of a process to include an agency wide request for letters of interest followed by an administrative review. However, certain specialized assignments require a process which utilizes additional selection components not included in the general selection process. The specific selection process for these particular specialized assignments can be found within the general order describing the particular specialized position (i.e. the selection procedure for appointment to SWAT can be found within Policy 408 - Tactical Response and Negotiations/Crisis Teams).

Final approval and appointment of personnel to specialized assignments will be at the discretion of the Chief of Police or his designee. The factors weighed in the selection decision may include:

- Currently held position
- Currently held specialty assignments or auxiliary duties
- Training and work schedule availability
- The needs of the department

217.5 ROTATIONAL, COLLATERAL AND TEMPORARY ASSIGNMENTS
Rotational, collateral, and temporary assignments allow employees to become familiar with other duties and tasks. The Chief of Police, with input from the sworn management group and subordinate supervisors, selects employees for temporary, rotational, and specialized assignments in a manner consistent with the applicable language in the appropriate collective
Specialized Assignments

bargaining agreement. The durations of such assignments vary, depending upon the needs of the agency and the nature of the assignment.

Rotational Assignments and collateral duties are typically differentiated by the nature of the position. A typical collateral assignment is accomplished in addition to one’s regular duties while a typical rotational assignment replaces the individual’s regular duties. The duration of most rotational assignments is four (4) years with the potential for unlimited one (1) year extensions of service. The duration of rotational assignments to the positions of Professional Standards Sergeant, School Resource Officer, Intelligence Officer, and Yolo County Narcotics Agent Team Agent is three (3) years with the potential for unlimited one (1) year extensions of service.

Retention of an employee in a rotational appointment, to include service from year to year during the initial four (4) or three (3) year period, is contingent upon the receipt of a satisfactory evaluation and recommendation of continued service in the assignment at the conclusion of each year of service. Individuals who are removed from a rotational appointment or collateral duty for cause may appeal such decision to the Director of Human Resources & Labor Relations. The decision of the Director of Human Resources & Labor Relations may be further appealed to the City Manager who will render the final decision.

Extensions shall only be granted to individuals who receive a satisfactory evaluation recommending an additional year of service in the position. The Chief of Police shall make the final determination as to whether any extension will be granted. The rotational position of “Officer In Charge / Senior Lead Officer” is a positional assignment which exists only on specific teams as designated by the Chief of Police.

The duration of collateral assignments are intentionally not specified.

The following assignments are rotational appointments: Canine Officer, Special Investigations Unit Sergeant, Special Investigations Unit Officer, Detective Sergeant, Detective, Officer In Charge / Senior Lead Officer, Professional Standards Sergeant, School Resource Officer, Special Uniformed Services Sergeant, Traffic/Motor Officer, Yolo County Narcotics Enforcement Team Agent.

The following assignments constitute collateral assignments: SWAT Team Member, Bicycle Uniformed Services Officer, Boating Safety Officer, Community Liaison Officer, Department instructor (Defensive Tactics, Firearms, Driving, etc.), Explosive Ordinance Disposal Officer, Field Training Officer, Homeland security/Port Liaison, Honor Guard, Part-time Traffic/Motor Officer

Any position within the Department is capable of being filled by a temporary assignment of personnel when the needs of the Department require such action to be taken. All rotational, temporary, and collateral appointments serve at the discretion of the Chief of Police.

218.1 PURPOSE AND SCOPE
The Chief of Police is given the statutory discretion to issue a license to carry a firearm to residents within the community (Penal Code § 26150; Penal Code § 26155).    (a) Require the applicant to complete the package before any further processing.
   (b) Advance the incomplete package to phase two for conditional processing pending completion of all mandatory conditions.

(b) At the time the completed application is submitted, the applicant shall submit a check made payable to the California Department of Justice for the required California DOJ application fee, along with a separate check made payable to the City of West Sacramento for a nonrefundable 20 percent of the application fee to cover the cost of processing the application (Penal Code § 26190).

(d) The applicant should submit at least three signed letters of character reference from individuals other than relatives.

(e) The applicant shall submit proof of ownership or registration of each firearm to be licensed.

Once the Chief of Police or authorized designee has reviewed the completed application package and relevant background information, the application will either be advanced to phase two or denied.

In the event that an application is denied at the conclusion of, or during, phase one, the applicant shall be notified in writing within 90 days of the initial application or within 30 days after receipt of the applicant’s criminal background check from the California DOJ, whichever is later. If the license is denied, the notice shall state which requirement was not satisfied (Penal Code § 26205).

218.4.2 PHASE TWO
This phase is to be completed only by those applicants successfully completing phase one.

(a) Upon successful completion of phase one, the applicant shall be scheduled for a personal interview with the Chief of Police or authorized designee. During this stage, there will be further discussion of the applicant’s statement of good cause and any potential restrictions or conditions that might be placed on the license.

1. The determination of good cause should consider the totality of circumstances in each individual case.

2. Any denial for lack of good cause should be rational, articulable and not arbitrary in nature.

3. The Department will provide written notice to the applicant as to the determination of good cause (Penal Code § 26202).

(b) The Chief of Police may, based upon criteria established by the Chief of Police, require that the applicant be referred to an authorized psychologist used by the Department for psychological testing. The cost of such psychological testing (not to exceed $150) shall be paid by the applicant. The purpose of any such psychological testing is intended only to identify any outward indications or history of psychological problems that might render the applicant unfit to carry a firearm. This testing is not intended to certify in any other respect that the applicant is psychologically fit. If it is determined that the applicant is not a suitable candidate for carrying a firearm, the applicant shall be removed from further consideration (Penal Code § 26190).

(c) The applicant shall complete a course of training approved by the department, which complies with Penal Code § 26165. The applicant will not be required to complete and pay for any training courses prior to any determination of good cause (Penal Code § 26165; Penal Code § 26202).
License to Carry a Firearm

(e) The applicant shall successfully complete a firearms safety and proficiency examination with the firearm to be licensed, to be administered by the department Rangemaster, or provide proof of successful completion of another department-approved firearms safety and proficiency examination, including completion of all releases and other forms. The cost of any outside inspection/examination shall be the responsibility of the applicant.

Once the Chief of Police or authorized designee has verified the successful completion of phase two, the license to carry a firearm will either be granted or denied.

Whether an application is approved or denied at the conclusion of or during phase two, the applicant shall be notified in writing within 90 days of the initial application or within 30 days after receipt of the applicant’s criminal background check from the California DOJ, whichever is later. If the license is denied, the notice shall state which requirement was not satisfied (Penal Code § 26205).

218.5 LIMITED BUSINESS LICENSE TO CARRY A CONCEALED FIREARM

The authority to issue a limited business license to carry a concealed firearm to a non-resident applicant is granted only to the Sheriff of the county in which the applicant works. A chief of a municipal police department may not issue limited licenses (Penal Code § 26150). Therefore, such applicants may be referred to the Sheriff for processing.

An individual who is not a resident of the county but who otherwise successfully completes all portions of phases one and two above, may apply for and be issued a limited license subject to approval by the Sheriff and subject to the following:

(a) The applicant physically spends a substantial period of working hours in the applicant’s principal place of employment or business within the City of West Sacramento (Penal Code § 26150).

License to Carry a Firearm

The issuance of a license by the Chief of Police shall not entitle the holder to either a property or liberty interest as the issuance, amendment or revocation of such license remains exclusively within the discretion of the Chief of Police as set forth herein.

If any license is revoked, the Department will immediately notify the licensee in writing and the California DOJ (Penal Code § 26225).

Once the Chief of Police or authorized designee has verified the successful completion of the renewal process, the renewal of the license to carry a firearm will either be granted or denied. Prior issuance of a license shall not entitle any licensee to any property or liberty right to renewal.

(c) A hearing for the denial or revocation of any CCW endorsement shall be conducted before a hearing board composed of three members, one selected by the Department, one selected by the retiree or his/her employee organization and one selected jointly (Penal Code § 26320).

1. The decision of such hearing board shall be binding on the Department and the retiree.
2. Any retiree who waives the right to a hearing or whose CCW endorsement has been revoked at a hearing shall immediately surrender his/her identification card. The Department will then reissue a new identification card which shall be stamped “No CCW Privilege.”

(d) Members who have reason to suspect the conduct of a retiree has compromised public safety shall notify the Watch Commander as soon as practicable. The Watch Commander should promptly take appropriate steps to look into the matter and, if warranted, contact the retiree in person and advise him/her of the temporary suspension and hearing information listed below.

1. Notification of the temporary suspension should also be promptly mailed to the retiree via first class mail, postage prepaid, return receipt requested (Penal Code § 26312).
2. The Watch Commander should document the investigation, the actions taken and, if applicable, any notification made to the retiree. The memo should be forwarded to the Chief of Police.

3. The personal and written notification should be as follows:
   (a) The retiree’s CCW endorsement is immediately and temporarily suspended.
   (b) The retiree has 15 days to request a hearing to determine whether the temporary suspension should become permanent revocation.
   (c) The retiree will forfeit his/her right to a hearing and the CCW endorsement will be permanently revoked if the retiree fails to respond to the notice of hearing within the 15-day period.

4. In the event that personal contact with the retiree cannot be reasonably achieved in a timely manner, the Watch Commander should attempt to make the above notice of temporary suspension through another law enforcement officer. For example, if a retiree was arrested or detained by a distant agency, the Watch Commander may request that a law enforcement officer from that agency act as the agent of the Department to deliver the written notification.

220.8 FIREARM QUALIFICATIONS
The Rangemaster may provide former officers from this department an opportunity to qualify. Written evidence of the qualification and the weapons used will be provided and will contain the date of the qualification. The Rangemaster will maintain a record of the qualifications and weapons used.
Chapter 3 - General Operations
Use of Force

300.1 PURPOSE AND SCOPE
This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial and reasonable manner.

The West Sacramento Police Department’s highest priority is safeguarding the life, dignity and liberty of all persons. Officers shall demonstrate this principle in their daily interactions with the community they are sworn to protect and serve. The Department is committed to accomplishing this mission with respect and minimal reliance on the use of force by using appropriate tactical deployment, use of appropriate crisis intervention techniques, and an effort to de-escalate incidences prior to the application of any use of force, whenever feasible.

300.1.1 DEFINITIONS
Definitions related to this policy include:

**Deadly force** - Any use of force that creates a substantial risk of causing death or serious bodily injury, including but not limited to the discharge of a firearm (Penal Code § 835a).

**Force** - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

300.2 POLICY
The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE
Any officer present and observing another officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force. An officer who observes another employee use force that exceeds the degree of force permitted by law should promptly report these observations to a supervisor.
300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and totality of the circumstances known to or perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose (Penal Code § 835a).

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons, or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

Any peace officer may use objectively reasonable force to effect an arrest, to prevent escape, or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested; nor shall an officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape, or to overcome resistance. Retreat does not mean tactical repositioning or other de-escalation techniques (Penal Code § 835a).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

(a) The apparent immediacy and severity of the threat to officers or others (Penal Code § 835a).

(b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
Use of Force

(c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).

(d) The conduct of the involved officer (Penal Code § 835a).

(e) The effects of drugs or alcohol.

(f) The individual’s apparent mental state or capacity (Penal Code § 835a).

(g) The individual’s apparent ability to understand and comply with officer commands (Penal Code § 835a).

(h) Proximity of weapons or dangerous improvised devices.

(i) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.

(j) The availability of other reasonable and feasible options and their possible effectiveness (Penal Code § 835a).

(k) Seriousness of the suspected offense or reason for contact with the individual.

(l) Training and experience of the officer.

(m) Potential for injury to officers, suspects, and others.

(n) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.

(o) The risk and reasonably foreseeable consequences of escape.

(p) The apparent need for immediate control of the subject or a prompt resolution of the situation.

(q) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.

(r) Prior contacts with the subject or awareness of any propensity for violence.

(s) Any other exigent circumstances.

300.3.3 DE-ESCALATION

De-escalation - Employing techniques to stabilize a situation, to increase the ability to modulate the types and applications of force, to decrease the likelihood of the need to use force, and to increase the likelihood of voluntary compliance.

Officers shall use only that amount of force necessary under the circumstances presented that they reasonably believe is required. When using force, officers shall continuously reassess the perceived threat to select a reasonable use of force response. When reasonable under the totality of the circumstances and where it may be accomplished without increasing the risk of harm to officers or others, officers should attempt to de-escalate situations. De-escalation techniques include, but are not limited to, gathering information about the incident; assessing risks; gathering resources (personnel and equipment); using time, distance, cover; using crisis intervention techniques; and communicating and coordinating a response.
300.3.4 PAIN COMPLIANCE TECHNIQUES
Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

(a) The degree to which the application of the technique may be controlled given the level of resistance.
(b) Whether the person can comply with the direction or orders of the officer.
(c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.5 CAROTID CONTROL HOLD
The proper application of the carotid control hold may be effective in restraining a violent or combative individual. However, due to the potential for injury, the use of the carotid control hold is subject to the following:

(a) The officer shall have successfully completed department-approved training in the use and application of the carotid control hold.
(b) The carotid control hold may only be used when circumstances perceived by the officer at the time indicate that such application reasonably appears necessary to control a person in any of the following circumstances:
   1. The subject is violent or physically resisting.
   2. The subject, by words or actions, has demonstrated an intention to be violent and reasonably appears to have the potential to harm officers, him/herself or others.
(c) The application of a carotid control hold on the following individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective, or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of applying a carotid control hold:
   1. Females who are known to be pregnant
   2. Elderly individuals
   3. Obvious juveniles
   4. Individuals who appear to have Down syndrome or who appear to have obvious neck deformities or malformations, or visible neck injuries
Use of Force

(d) Any individual who has had the carotid control hold applied, regardless of whether he/she was rendered unconscious, shall be promptly examined by paramedics or other qualified medical personnel and should be monitored until examined by paramedics or other appropriate medical personnel.

(e) The officer shall inform any person receiving custody, or any person placed in a position of providing care, that the individual has been subjected to the carotid control hold and whether the subject lost consciousness as a result.

(f) Any officer attempting or applying the carotid control hold shall promptly notify a supervisor of the use or attempted use of such hold.

(g) The use or attempted use of the carotid control hold shall be thoroughly documented by the officer in any related reports.

300.3.6 USE OF FORCE TO SEIZE EVIDENCE
In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the West Sacramento Police Department for this specific purpose.

300.4 DEADLY FORCE APPLICATIONS
If an objectively reasonable officer would consider it safe and feasible to do so under the totality of the circumstances, officers should evaluate the use of other reasonably available resources and techniques when determining whether to use deadly force. The use of deadly force is only justified in the following circumstances (Penal Code § 835a):

(a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes is an imminent threat of death or serious bodily injury to the officer or another person.

(b) An officer may use deadly force to apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the officer reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended. Where feasible, the officer shall, prior to the use of force, make reasonable efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.

Officers shall not use deadly force against a person based on the danger that person poses to him/herself, if an objectively reasonable officer would believe the person does not pose an imminent threat of death or serious bodily injury to the officer or to another person (Penal Code § 835a).

An “imminent” threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the
present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the officer or another person. An officer’s subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES
Shots fired at or from a moving vehicle are rarely effective. Officers should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE
Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure or law.

300.5.1 NOTIFICATION TO SUPERVISORS
Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

(a) The application caused a visible injury.
(b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
(c) The individual subjected to the force complained of injury or continuing pain.
(d) The individual indicates intent to pursue litigation.
(e) Any application of a TASER device or control device.
(f) Any application of a restraint device other than handcuffs, shackles or belly chains.
(g) The individual subjected to the force was rendered unconscious.
(h) An individual was struck or kicked.
(i) An individual alleges any of the above has occurred.

300.5.2 ADMINISTRATIVE REVIEW OF USE OF FORCE REPORTS

REPORTING PROCEDURES

A. Reporting the Use of Non-Deadly Force
Use of Force

1. As soon as practical following the incident, the supervising sergeant shall be notified of the application of physical force under any of the following circumstances:
   - The application of force appears to have caused physical injury
   - The individual has expressed a complaint of pain
   - Any application of O.C., chemical agents, or any control device (i.e. police baton, Taser, etc.)
   - The person has been rendered unconscious

2. Personnel on scene shall take all reasonable steps to obtain emergency medical attention for all apparently injured persons.

3. If they are capable, and with regards to legal considerations, any involved officer will submit a detailed crime report and narrative describing the use of force and events leading to it.

4. If at all possible, where any force has been used in taking a person into custody, an uninvolved officer shall be responsible for prisoner transport, booking, and further contact with the arrestee. It is the specific intent of this provision to limit contact between the prisoner and the officer who used force in effecting an arrest.

5. The supervising sergeant or Officer In Charge shall:
   - Respond to the scene and review the situation.
   - Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
   - If necessary, the supervisor may administratively order any officer from this department to immediately provide public safety information necessary to secure the scene and pursue suspects. Public safety information shall be limited to such things as outstanding suspect information, type of force used, parameters of the incident scene, identity of known witnesses, and similar information.
   - Interview any witnesses to the use of force or ensure that witnesses are identified for later interviews. Witnesses should be listed on the crime report. A canvas of the area shall be completed in order to identify any potential witnesses.
   - The supervising sergeant shall take all reasonable steps to obtain emergency medical attention for all apparently injured persons.
   - Ensure the person is properly transported.
   - Document any injuries received by anyone present and include any medical reports and/or photographs with the crime report. Check the area for audio or video surveillance and secure it as evidence for the crime report.
Use of Force

• When appropriate, and subject to the legal standards under Miranda v Arizona, 384 U.S. 436 (1966), interview the person upon whom the force was used. It is the intent of this provision that the supervising sergeant, or other supervisor, be responsible for a full statement from the subject regarding the underlying offense and the use of force. Any statement relating to the criminal charges shall be attached to the crime report. If the person decides to exercise his/her rights under Miranda v Arizona, 384 U.S. 436 (1966), no further questioning shall occur.

• Complete a "Blue Team" entry regarding the use of force and attach it to a complete copy of the crime report that describes the incident and use of force to this entry. The "Blue Team" entry and accompanying/attached complete copy of the report shall be forwarded to the lieutenant for the officer who used the force for review as soon as possible and no later than 3 days from the date the force was used.

6. The lieutenant shall:

• Conduct an administrative review of the use of force and whether it was in compliance with this order. The Lieutenant may consult with the Deputy Chief of Police, who can direct any additional internal investigation pursuant to Policies 340 and 1020.

• Complete and forward the "Blue Team" entry with their comments and a complete copy of the crime reports to the Professional Standards Unit, who shall be responsible for maintaining the file.

• Forward a copy of the "Blue Team" entry and a copy of the crime report to the Police Chief, via the Chain-of-Command, for his/her review.

300.5.3 RELIEF FROM DUTY PENDING ADMINISTRATIVE REVIEW

When a member of the West Sacramento Police Department uses force that results in the death of any person, the Chief of Police will place the member on paid, administrative leave, pending an administrative review of the event. If a member inflicts serious physical injury to any person, the Chief of Police may temporarily relieve the member from duty, pending an administrative review.

When a member is involved in an incident that results in a person's death or serious injury, the Chief of Police will temporarily remove the member from a line-duty assignment and require the member to participate in an agency stress/traumatic incident counseling program coordinated through the employee assistance program. The member’s immediate supervisor shall ensure the scheduling of the counseling and that the member attends. The Chief of Police maintains the final authority as to when the member may return to a line-duty assignment.

300.5.4 ANNUAL ANALYSIS OF USE OF FORCE REPORTS

The Administrative Division produces an annual report, which summarizes the analysis he/she has completed into all documented use of force incidents. The analysis contains the following information:
Use of Force

- Identity of the officer or supervisor affecting the use of force.
- The officer or supervisor's assignment.
- Number of incidents.
- Individual's actions.
- Officer or supervisor's response.

Tools used The Professional Standards Sergeant distributes a copy of the annual use of force summary report to the Chief of Police, the Training Manager, and all staff personnel with the rank of Lieutenant and above.

Staff personnel review the report and use it to make recommendations for future training needs. The Lieutenant in charge of Training uses the annual use of force summary report to plan any necessary modifications to training procedures.

300.5.5 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE
Statistical data regarding all officer-involved shootings and incidents involving use of force resulting in serious bodily injury is to be reported to the California Department of Justice as required by Government Code § 12525.2. See the Records Section policy.

300.6 MEDICAL CONSIDERATION
Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer’s initial assessment of the nature and extent of the subject’s injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called “excited delirium”), or who require a protracted physical encounter with multiple
Use of Force

officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

300.7 SUPERVISOR RESPONSIBILITY
When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

(a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.

(b) Ensure that any injured parties are examined and treated.

(c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If the person decides to exercise his/her rights under Miranda v Arizona, 348 U.S. 436 (1966), no further questioning shall occur.

(d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.

(e) Identify any witnesses not already included in related reports.

(f) Review and approve all related reports.

(g) Determine if there is any indication that the subject may pursue civil litigation.

1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.

(h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 WATCH COMMANDER RESPONSIBILITY
The Watch Commander shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.8 TRAINING
Officers will receive periodic training on this policy and demonstrate their knowledge and understanding.
Use of Force

300.9 USE OF FORCE ANALYSIS
At least annually, the Professional Standards Division Commander should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

(a) The identification of any trends in the use of force by members.
(b) Training needs recommendations.
(c) Equipment needs recommendations.
(d) Policy revision recommendations.
Use of Force Review Boards

302.1 PURPOSE AND SCOPE
This policy establishes a process for the West Sacramento Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

302.2 POLICY
The West Sacramento Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

302.3 REMOVAL FROM LINE DUTY ASSIGNMENT
Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

302.4 REVIEW BOARD
The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training or recreational use.

The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Deputy Chief of Police will convene the Use of Force Review Board as necessary. It will be the responsibility of the Division Commander or supervisor of the involved employee to notify the Deputy Chief of Police of any incidents requiring board review. The involved employee's Division Commander or supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

302.4.1 COMPOSITION OF THE BOARD
The Use of Force Review Board consists of the following:

- Deputy Chief of Police
- Division Commanding of the involved officer
Use of Force Review Boards

- A peer officer

The senior ranking command representative who is not in the same division as the involved employee will serve as chairperson.

A Department instructor for the type of weapon, device or technique used and the Training Manager will also be present in an observer capacity.

302.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges the decision not to file criminal charges, or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

Absent an express waiver from the employee, no more than two members of the board may ask questions of the involved employee (Government Code § 3303). Other members may provide questions to these members.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with the department’s disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

(a) The employee's actions were within department policy and procedure.

(b) The employee's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

The Chief of Police shall review the recommendation, make a final determination as to whether the employee’s actions were within policy and procedure and will determine whether any additional
actions, investigations or reviews are appropriate. The Chief of Police's final findings will be forwarded to the involved employee's Division Commander for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.
Handcuffing and Restraints

305.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

305.2 POLICY
The West Sacramento Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy, and department training. Restraint devices shall not be used to punish, to display authority, or as a show of force.

305.3 USE OF RESTRAINTS
Only members who have successfully completed West Sacramento Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices. When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

305.3.1 RESTRAINT OF DETAINEES
Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

305.3.2 RESTRAINT OF PREGNANT PERSONS
Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized
determination that such restraints are necessary for the safety of the arrestee, officers, or others (Penal Code § 3407; Penal Code § 6030).

305.3.3 RESTRAINT OF JUVENILES
A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer, or damage property.

305.3.4 NOTIFICATIONS
Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

305.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS
Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

305.5 APPLICATION OF SPIT HOODS
Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and so that the restrained person can breathe normally. Officers should provide assistance during the movement of a restrained person due to the potential for impairing or
Handcuffing and Restraints

distorting that person's vision. Officers should avoid comingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

305.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES
Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons, and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort, and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

305.7 APPLICATION OF LEG RESTRAINT DEVICES
Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

(a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a person.

(b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting officer while handcuffed, kicking at objects or officers).

(c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

305.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS
When applying leg restraints, the following guidelines should be followed:

(a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

(b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
Handcuffing and Restraints

(c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person’s ability to breathe.

(d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.

(e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

(f) When transported by emergency medical services, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration).

305.8 REQUIRED DOCUMENTATION
If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

(a) The factors that led to the decision to use restraints.

(b) Supervisor notification and approval of restraint use.

(c) The types of restraint used.

(d) The amount of time the person was restrained.

(e) How the person was transported and the position of the person during transport.

(f) Observations of the person’s behavior and any signs of physiological problems.

(g) Any known or suspected drug use or other medical problems.

305.9 TRAINING
Subject to available resources, the Training Manager should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

(a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.

(b) Response to complaints of pain by restrained persons.

(c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.

(d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.
Control Devices and Techniques

307.1 PURPOSE AND SCOPE
This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

307.2 POLICY
In order to control subjects who are violent or who demonstrate the intent to be violent, the West Sacramento Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

307.3 ISSUING, CARRYING AND USING CONTROL DEVICES
Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

307.4 RESPONSIBILITIES

307.4.1 WATCH COMMANDER RESPONSIBILITIES
The Watch Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

307.4.2 RANGEMASTER RESPONSIBILITIES
The Rangemaster shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster or the designated instructor for a particular control device. The inspection shall be documented.

307.4.3 USER RESPONSIBILITIES
All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.
Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

307.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

307.6 TEAR GAS GUIDELINES

Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Watch Commander, Incident Commander or Tactical Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

307.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

307.7.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt or loadbearing vest. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

307.7.2 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.
307.8 OC FRANGIBLE IMPACT ROUND
OC impact rounds are 40mm frangible impact rounds that are filled with a derivative of OC powder which may be used by authorized personnel. Because the 40mm launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using OC impact rounds should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Officers encountering a situation that warrants the use of OC impact rounds shall notify a supervisor as soon as practicable. A supervisor shall respond to all OC impact rounds incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of OC impact rounds shall be documented. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of OC impact rounds, such as training and product demonstrations is exempt from the reporting requirement.

307.9 POST-APPLICATION NOTICE
Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner’s expense. Information regarding the method of notice and the individuals notified should be included in related reports.

307.10 KINETIC ENERGY PROJECTILE GUIDELINES
This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

307.10.1 DEPLOYMENT AND USE
Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:
Control Devices and Techniques

(a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
(b) The suspect has made credible threats to harm him/herself or others.
(c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
(d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

307.10.2 DEPLOYMENT CONSIDERATIONS
Before discharging projectiles, the officer should consider such factors as:

(a) Distance and angle to target.
(b) Type of munitions employed.
(c) Type and thickness of subject’s clothing.
(d) The subject’s proximity to others.
(e) The location of the subject.
(f) Whether the subject’s actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer’s recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

307.10.3 SAFETY PROCEDURES
40MM launchers specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect the 40mm launcher and projectiles at the beginning of each shift to ensure that the 40mm launcher is in proper working order and the projectiles are of the approved type and appear to be free from defects.
Control Devices and Techniques

When it is not deployed, the 40mm launcher will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile 40mm launcher, the officer shall visually inspect the kinetic energy projectiles to ensure the correct ammunition is being loaded into the 40mm launcher.

307.11 TRAINING FOR CONTROL DEVICES
The Training Manager shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

(a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.

(b) All training and proficiency for control devices will be documented in the officer’s training file.

(c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency’s Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency’s Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

(d) Authorized kinetic energy projectiles:
   1. 40mm Foam Direct Impact Baton round
   2. 40mm OC Frangible Impact round
   3. 40mm Indirect Fire, Rubber Baton round

307.12 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES
Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.
Conducted Energy Device

308.1 PURPOSE AND SCOPE
This policy provides guidelines for the issuance and use of TASER devices.

308.2 POLICY
The TASER® device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

308.3 ISSUANCE AND CARRYING TASER DEVICES
Only members who have successfully completed department-approved training may be issued and carry the TASER device.

TASER devices are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department's inventory.

Officers shall only use the TASER device and cartridges that have been issued by the Department. Uniformed officers who have been issued the TASER device shall wear the device in an approved holster on their person. Non-uniformed officers may secure the TASER device in the driver's compartment of their vehicle.

Members carrying the TASER device should perform a spark test on the unit prior to every shift. When carried while in uniform officers shall carry the TASER device in a weak-side holster on the side opposite the duty weapon.

(a) All TASER devices shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
(b) Whenever practicable, officers should carry two or more cartridges on their person when carrying the TASER device.
(c) Officers shall be responsible for ensuring that their issued TASER device is properly maintained and in good working order.
(d) Officers should not hold both a firearm and the TASER device at the same time.

308.4 VERBAL AND VISUAL WARNINGS
A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

(a) Provide the individual with a reasonable opportunity to voluntarily comply.
(b) Provide other officers and individuals with a warning that the TASER device may be deployed.
Conducted Energy Device

If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer’s lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the laser in a further attempt to gain compliance prior to the application of the TASER device. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the TASER device in the related report.

308.5 USE OF THE TASER DEVICE
The TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER device is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

308.5.1 APPLICATION OF THE TASER DEVICE
The TASER device may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

(a) The subject is violent or is physically resisting.
(b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.

308.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS
The use of the TASER device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

(a) Individuals who are known to be pregnant.
(b) Elderly individuals or obvious juveniles.
(c) Individuals with obviously low body mass.
(d) Individuals who are handcuffed or otherwise restrained.
Conducted Energy Device

(e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.

(f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the TASER device in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The TASER device shall not be used to psychologically torment, elicit statements or to punish any individual.

308.5.3 TARGETING CONSIDERATIONS
Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the TASER device probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

308.5.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE
Officers should apply the TASER device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER device appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the TASER device, including:

(a) Whether the probes are making proper contact.

(b) Whether the individual has the ability and has been given a reasonable opportunity to comply.

(c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one TASER device at a time against a single subject.

308.5.5 ACTIONS FOLLOWING DEPLOYMENTS
Officers shall notify a supervisor of all TASER device discharges. Confetti tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence.
Conducted Energy Device

The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject’s skin.

308.5.6 DANGEROUS ANIMALS
The TASER device may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

308.5.7 OFF-DUTY CONSIDERATIONS
Officers are not authorized to carry department TASER devices while off-duty.

Officers shall ensure that TASER devices are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

308.6 DOCUMENTATION
Officers shall document all TASER device discharges in the related arrest/crime report. Notification shall also be made to a supervisor in compliance with the Use of Force Policy.

308.6.2 REPORTS
The officer should include the following in the arrest/crime report:

(a) Identification of all personnel firing TASER devices
(b) Identification of all witnesses
(c) Medical care provided to the subject
(d) Observations of the subject’s physical and physiological actions
(e) Any known or suspected drug use, intoxication or other medical problems

308.7 MEDICAL TREATMENT
Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove TASER device probes from a person’s body. Used TASER device probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by TASER device probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

(a) The person is suspected of being under the influence of controlled substances and/or alcohol.
(b) The person may be pregnant.
(c) The person reasonably appears to be in need of medical attention.
(d) The TASER device probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).

(e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER device.

308.8 SUPERVISOR RESPONSIBILITIES
When possible, supervisors shall respond to calls when they reasonably believe there is a likelihood the TASER device may be used. A supervisor shall respond to all incidents where the TASER device was activated.

A supervisor shall review each incident where a person has been exposed to an activation of the TASER device. The device’s onboard memory shall be downloaded through the data port by a supervisor or Rangemaster and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses (including police employees) interviewed. After use, a TASER shall not be returned to service until the device’s onboard memory has been properly downloaded and saved.

308.9 TRAINING
Personnel who are authorized to carry the TASER device shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the TASER device as a part of their assignment for a period of six months or more shall be recertified by a department-approved TASER device instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASER devices should occur every year. A reassessment of an officer’s knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Manager. All training and proficiency for TASER devices will be documented in the officer’s training file.

Command staff, supervisors and investigators should receive TASER device training as appropriate for the investigations they conduct and review.

Officers who do not carry TASER devices should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.
Conducted Energy Device

The Training Manager is responsible for ensuring that all members who carry TASER devices have received initial and annual proficiency training. Periodic audits should be used for verification. Application of TASER devices during training could result in injury to personnel and should not be mandatory for certification.

The Training Manager should ensure that all training includes:

(a) A review of this policy.
(b) A review of the Use of Force Policy.
(c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
(d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.
(e) Handcuffing a subject during the application of the TASER device and transitioning to other force options.
(f) De-escalation techniques.
(g) Restraint techniques that do not impair respiration following the application of the TASER device.
Officer-Involved Shootings and Deaths

309.1 PURPOSE AND SCOPE
The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

309.2 POLICY
The policy of the West Sacramento Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

309.3 TYPES OF INVESTIGATIONS
Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer’s actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

309.4 CONTROL OF INVESTIGATIONS
Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

309.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS
The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the West Sacramento Police Department would control the investigation if the suspect’s crime occurred in West Sacramento.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.
309.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS
The control of the criminal investigation into the involved officer’s conduct during the incident will be determined by the employing agency’s protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency’s officer shall be referred to the Chief of Police or the authorized designee for approval.

309.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION
Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

309.5 INVESTIGATION PROCESS
The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

309.5.1 UNINVOLVED OFFICER RESPONSIBILITIES
Upon arrival at the scene of an officer-involved shooting, the first uninvolved WSPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

(a) Secure the scene and identify and eliminate hazards for all those involved.
(b) Take reasonable steps to obtain emergency medical attention for injured individuals.
(c) Request additional resources from the Department or other agencies.
(d) Coordinate a perimeter or pursuit of suspects.
(e) Check for injured persons and evacuate as needed.
(f) Brief the supervisor upon arrival.

309.5.2 WATCH COMMANDER RESPONSIBILITIES
Upon learning of an officer-involved shooting or death, the Watch Commander shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police or a Division Commander.

All outside inquiries about the incident shall be directed to the Watch Commander.

309.5.3 NOTIFICATIONS
The following person(s) shall be notified as soon as practical:

- Chief of Police / Deputy Chief / Division Commanders
- Press Information Officer (PIO)
- District Attorney OIS rollout team
- Professional Standards Bureau supervisor
Officer-Involved Shootings and Deaths

- Psychological/Peer support personnel
- Coroner (if necessary)
- Officer representative

All outside inquiries about the incident shall be directed to the on-duty Watch Commander or PIO.

309.5.4 SUPERVISOR RESPONSIBILITIES
Upon arrival at the scene, the first uninvolved WSPD supervisor should ensure completion of the duties as outlined above, plus:

(a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
   1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.

(b) If necessary, the supervisor may administratively order any WSPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
   1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
   2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.

(c) Provide all available information to the Watch Commander and Yolo Emergency Communications Agency. If feasible, sensitive information should be communicated over secure networks.

(d) Take command of and secure the incident scene with additional WSPD members until properly relieved by another supervisor or other assigned personnel or investigator.

(e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
   1. Each involved WSPD officer should be given an administrative order not to discuss the incident with other involved officers or WSPD members pending further direction from a supervisor.
   2. When an involved officer’s weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

309.5.5 INVOLVED OFFICERS
The following shall be considered for the involved officer:

(a) Any request for legal or union representation will be accommodated.
Officer-Involved shootings and deaths

1. Involved WSPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.

2. Requests from involved non-WSPD officers should be referred to their employing agency.

(b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.

(c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information (Government Code § 3303(i)).

(d) A licensed psychotherapist shall be provided by the Department to each involved WSPD officer. A licensed psychotherapist may also be provided to any other affected WSPD members, upon request.

1. Interviews with a licensed psychotherapist will be considered privileged.

2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.

3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).

(e) Peer counselors are cautioned against discussing the facts of any incident with an involved or witness officer (Government Code § 8669.4).

Care should be taken to preserve the integrity of any physical evidence present on the involved officer’s equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved WSPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Watch Commander to make schedule adjustments to accommodate such leave.

309.6 CRIMINAL INVESTIGATION

The District Attorney’s Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the District Attorney’s Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

(a) WSPD supervisors and Professional Standards Bureau personnel should not participate directly in any voluntary interview of WSPD officers. This will not prohibit
such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.

(b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators (Government Code § 3303(i)). However, in order to maintain the integrity of each involved officer’s statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.

(c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.

(d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

309.6.1 REPORTS BY INVOLVED WSPD OFFICERS
In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved WSPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals (Government Code § 3304(a)).

While the involved WSPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved WSPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

309.6.2 WITNESS IDENTIFICATION AND INTERVIEWS
Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

(a) Identification of all persons present at the scene and in the immediate area.
1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.

2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.

1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

(c) Promptly contacting the suspect’s known family and associates to obtain any available and untainted background information about the suspect’s activities and state of mind prior to the incident.

309.6.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Detective Bureau supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Detective Bureau supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

309.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of WSPD officers to determine conformance with department policy. The investigation will be conducted under the supervision of the Professional Standards Bureau and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws (see the Personnel Complaints Policy).

(a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from
the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.

(b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.

1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.

(c) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer’s physical and psychological needs have been addressed before commencing the interview.

2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer’s statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed (Government Code § 3303(i)).

3. Administrative interviews should be recorded by the investigator. The officer may also record the interview (Government Code § 3303(g)).

4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her Lybarger or Garrity rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.

5. The Professional Standards Bureau shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.

6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.

7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

309.8 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.
Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or City Attorney’s Office, as appropriate.

309.9 CIVIL LIABILITY RESPONSE
A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

309.10 DEBRIEFING
Following an officer-involved shooting or death, the West Sacramento Police Department should conduct both a critical incident/stress debriefing and a tactical debriefing.

309.10.1 CRITICAL INCIDENT/STRESS DEBRIEFING
A critical incident/stress debriefing should occur as soon as practicable. The Administration Division Commander is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law, or a valid court order.

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g., dispatchers, other non-sworn personnel). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Professional Standards Bureau personnel.

309.10.2 TACTICAL DEBRIEFING
A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.
Officer-Involved Shootings and Deaths

309.11 MEDIA RELATIONS
Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Watch Commander, Investigation Division Commander and Public Information Officer in the event of inquiries from the media.

The Department shall not subject any involved WSPD officer to visits by the media (Government Code § 3303(e)). No involved WSPD officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Division Commander. Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

309.12 REPORTING
If the death of an individual occurs in the West Sacramento Police Department jurisdiction and qualifies to be reported to the state as a justifiable homicide or an in-custody death, the Uniformed Services Division Commander will ensure that the Records Manager is provided with enough information to meet the reporting requirements (Penal Code § 196; Penal Code § 13022; Government Code § 12525).

309.13 TRAINING
The Department will ensure process training for personnel responsible for managing officer-involved incidents. Additionally awareness training will be provided on an annual basis for all personnel potentially impacted by an officer-involved shooting or death.

In a lower third co-witness sight picture, the dot should rest above or within the lower third of the sight window. The co-witness position is up to the individual officer.

Once approved sights or optics have been properly installed, it is incumbent upon the member to show proficiency to ensure proper functionality and sighting of the firearm prior to carrying it on duty. Officers will also be required to attend initial department approved training and qualify with the firearm.

If officers choose to carry the approved optics or sights, it is the responsibility of the officer to purchase their own firearm, sighting system and duty holster. At no time will department issued
Firearms be modified or machined to accommodate the optics or sights. If the department issued firearm is factory milled to receive the optics or sights, only then may officers have them installed at their own expense.

Approved red dot optic brands are Trijicon, Leupold and Vortex only.

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

311.7 FIREARM DISCHARGE
Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

(a) If on-duty at the time of the incident, the member shall file a written report with his/her Division Commander or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.

(b) If off-duty at the time of the incident, the member shall file a written report or provide a recorded statement no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

311.7.1 DESTRUCTION OF ANIMALS
Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER® device, oleoresin capsicum (OC) spray, animal
control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

311.7.2 INJURED ANIMALS
With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical (Penal Code § 597.1(e)).

Injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made (Penal Code § 597.1(b)). Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed.

311.7.3 WARNING AND OTHER SHOTS
Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

311.8 RANGEMASTER DUTIES
The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Training Manager after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-qualification.

The range shall remain operational and accessible to department members during hours established by the Department.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Rangemaster has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm and it will not be returned to service until inspected by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Training Manager documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Manager.
311.9 FLYING WHILE ARMED
The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

(a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.

(b) Officers must carry their West Sacramento Police Department identification card, bearing the officer’s name, a full-face photograph, identification number, the officer’s signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).

(c) The West Sacramento Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer’s travel. If approved, TSA will send the West Sacramento Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.

(d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer’s need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.

(e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.

(f) It is the officer’s responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier’s check-in counter.

(g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.

(h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.

(i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.

(j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.
311.10 CARRYING FIREARMS OUT OF STATE
Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

(a) The officer shall carry his/her West Sacramento Police Department identification card whenever carrying such firearm.

(b) The officer is not the subject of any current disciplinary action.

(c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.

(d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.
Vehicle Pursuits

313.1 PURPOSE AND SCOPE
Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement’s duty to apprehend violators of the law. Another purpose of this policy is to reduce the potential for pursuit-related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officer’s conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An unreasonable individual’s desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

313.1.1 VEHICLE PURSUIT DEFINED
A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer’s signal to stop.

313.2 OFFICER RESPONSIBILITIES
It shall be the policy of this department that a vehicle pursuit shall be conducted only with red light and siren as required by Vehicle Code § 21055 for exemption from compliance with the rules of the road. The West Sacramento Police Department defines “reasonably necessary” use of emergency lighting equipment as the officer shall utilize a solid red front facing light and police siren during the entirety of the pursuit.

313.2.1 WHEN TO INITIATE A PURSUIT
Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle.
The following factors individually and collectively shall be considered in deciding whether to initiate a pursuit:

1. **Seriousness of the known or reasonably suspected crime and its relationship to community safety.**
2. **The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.**
3. **Apparent nature of the fleeing suspects (e.g., whether the suspects represent a serious threat to public safety).**
4. **The identity of the suspects has been verified and there is comparatively minimal risk in allowing the suspects to be apprehended at a later time.**
5. **Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors.**
6. **Pursuing officers familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor and the driving capabilities of the pursuing officers under the conditions of the pursuit.**
7. **Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect.**
8. **Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.**
9. **Vehicle speeds.**
10. **Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).**
11. **Availability of other resources such as helicopter assistance.**
12. **The police unit is carrying passengers other than police officers. Pursuits should not be undertaken with a prisoner in the police vehicle.**

### 313.2.2 WHEN TO TERMINATE A PURSUIT
Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect’s escape.

The factors listed in When to Initiate a Pursuit of this policy are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit.
Vehicle Pursuits

the context of this policy, the term “terminate” shall be construed to mean discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed in When to Initiate a Pursuit of this policy, the following factors should also be considered in deciding whether to terminate a pursuit:

(a) Distance between the pursuing officers and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.

(b) Pursued vehicle’s location is no longer definitely known.

(c) Officer’s pursuit vehicle sustains any type of damage that renders it unsafe to drive.

(d) Extended pursuits of violators for misdemeanors not involving violence or risk of serious harm (independent of the pursuit) are discouraged.

(e) There are hazards to uninvolved bystanders or motorists.

(f) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time.

(g) Pursuit is terminated by a supervisor.

313.2.3 SPEED LIMITS
The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

(a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.

(b) Pursuit speeds have exceeded the driving ability of the officer.

(c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

313.3 PURSUIT UNITS
Pursuit units should be limited to three vehicles (two units and a supervisor); however, the number of units involved will vary with the circumstances. An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspects. All other officers should stay out of the pursuit, but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.
Vehicle Pursuits

313.3.1 MOTORCYCLE/PATROL TRUCK OFFICERS
A distinctively marked patrol vehicle equipped with emergency overhead lighting should replace a police motorcycle or patrol truck, or police vehicle not equipped with emergency overhead lighting, as primary and/or secondary pursuit unit as soon as practical.

313.3.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT
Vehicles not equipped with red light and siren are generally prohibited from initiating or joining in any pursuit. Officers in such vehicles, however, may become involved in emergency activities involving serious crimes or life threatening situations. Those officers should terminate their involvement in any pursuit immediately upon arrival of a sufficient number of emergency police vehicles or any police helicopter. The exemptions provided by Vehicle Code § 21055 do not apply to officers using vehicles without emergency equipment.

313.3.3 PRIMARY UNIT RESPONSIBILITIES
The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator’s vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspects without unreasonable danger to him/herself or other persons.

Notify Yolo Emergency Communications Agency that a vehicle pursuit has been initiated and as soon as practicable provide information including, but not limited to:

(a) Reason for the pursuit.
(b) Location and direction of travel.
(c) Speed of the fleeing vehicle.
(d) Description of the fleeing vehicle and license number, if known.
(e) Number of known occupants.
(f) The identity or description of the known occupants.
(g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

Unless relieved by a supervisor or secondary unit, the officer in the primary unit shall be responsible for the broadcasting of the progress of the pursuit. Unless practical circumstances indicate otherwise, and in order to concentrate on pursuit driving, the primary officer should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit.

313.3.4 SECONDARY UNITS RESPONSIBILITIES
The second officer in the pursuit is responsible for the following:

(a) The officer in the secondary unit should immediately notify the dispatcher of entry into the pursuit.
Vehicle Pursuits

(b) Remain a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.

(c) The secondary officer should be responsible for broadcasting the progress of the pursuit unless the situation indicates otherwise.

313.3.5 PURSUIT DRIVING TACTICS
The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

(a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.

(b) Because intersections can present increased risks, the following tactics should be considered:
   1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
   2. Pursuing units should exercise due caution when proceeding through controlled intersections.

(c) As a general rule, officers should not pursue a vehicle driving left of center (wrong way) on a highway. In the event that the pursued vehicle does so, the following tactics should be considered:
   1. Requesting assistance from an air unit.
   2. Maintaining visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
   3. Requesting other units to observe exits available to the suspects.

(d) Notifying the California Highway Patrol (CHP) and/or other jurisdictional agency if it appears that the pursuit may enter their jurisdiction.

(e) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit.

313.3.6 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT
There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.
Vehicle Pursuits

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road.

The primary and secondary units should be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit.

313.3.7 PURSUIT TRAILING
In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspects.

The term trail means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.

313.3.8 AIRCRAFT ASSISTANCE
When available, aircraft assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, it should assume control over the pursuit. The primary and secondary ground units should consider the participation of aircraft assistance when determining whether to continue the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide officers and supervisors with details of upcoming traffic congestion, road hazards, or other pertinent information to evaluate whether or not to continue the pursuit. If ground units are not within visual contact and the air unit determines that it is unsafe to continue the pursuit, the air unit has the authority to terminate the pursuit.

313.4 SUPERVISORY CONTROL AND RESPONSIBILITY
It is the policy of this department that available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

(a) Upon becoming aware of a pursuit, immediately ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established department guidelines.

(b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.

(c) Exercising management and control of the pursuit even if not engaged in it.

(d) Ensuring that no more than the number of required police units needed are involved in the pursuit under the guidelines set forth in this policy.
Vehicle Pursuits

(e) Directing that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.

(f) Ensuring that aircraft are requested if available.

(g) Ensuring that the proper radio channel is being used.

(h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.

(i) Controlling and managing WSPD units when a pursuit enters another jurisdiction.

(j) Preparing post-pursuit critique and analysis of the pursuit for training purposes.

313.4.1 WATCH COMMANDER RESPONSIBILITY
Upon becoming aware that a pursuit has been initiated, the Watch Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Watch Commander has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Watch Commander shall review all pertinent reports for content and forward to the Division Commander.

313.4.2 ADMINISTRATIVE REVIEWS OF VEHICLE PURSUITS
Following a vehicle pursuit the supervisor over the incident will ensure that a complete copy of all related police reports, to include a copy of the CHP 187 form, is forwarded to the lieutenant who is responsible for the officer who was involved in the pursuit. These copies shall be forwarded to the lieutenant as soon as possible and no later than 3 days from the date the pursuit occurred.

Once the documents described above are received, the lieutenant shall:

• Conduct an administrative review of the pursuit and determine whether it was in compliance with this policy manual. The Lieutenant may consult with the Deputy Chief of Police, who can direct any additional internal investigation pursuant to Policies 340 and 1020.

• In the event the pursuit was in compliance with Department policies, the lieutenant will initial and date the copy of the CHP form 187.

• The lieutenant will then forward a complete copy of the related police report(s), to include the initialed and dated copy of the CHP form 187, to Professional Standards who shall be responsible for maintaining the copy of forwarded copy of the CHP form 187.

313.5 COMMUNICATIONS
If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should,
whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

313.5.1 COMMUNICATION CENTER RESPONSIBILITIES
Upon notification that a pursuit has been initiated, Yolo Emergency Communications Agency will:

(a) Coordinate pursuit communications of the involved units and personnel.
(b) Notify and coordinate with other involved or affected agencies as practicable.
(c) Ensure that a field supervisor is notified of the pursuit.
(d) Assign an incident number and log all pursuit activities.
(e) Broadcast pursuit updates as well as other pertinent information as necessary.
(f) Notify the Watch Commander as soon as practicable.

313.5.2 LOSS OF PURSUED VEHICLE
When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

313.5.3 SURVEILLANCES OF UNOCCUPIED STOLEN VEHICLES
(a) An officer who locates an unoccupied stolen vehicle may elect to conduct a surveillance of the vehicle in the hopes of locating and apprehending the suspect. Inherent with this type of operation is the potential for the suspect to attempt to flee from the officer in the stolen vehicle itself. Therefore, before an officer may engage in this type of operation they must adhere to the protocol contained within this policy.

(b) An officer wishing to conduct a surveillance of an unoccupied stolen vehicle must receive prior authorization from their immediate supervisor.

(c) In evaluating whether or not to grant such authorization the supervisor will ensure that a minimum of three officers are assigned to the operation and that the requesting officer has met the following requirements:
   - The officer will have developed a plan in which every reasonable effort will be made to apprehend the suspect before he is able to start the vehicle.
   - Upon the initiation of the surveillance operation tire deflation devices may be deployed against the tires of the stolen vehicle. These deflation devices shall be deployed in a manner so that the tires of the stolen vehicle will become deflated should the suspect attempts to flee.
   - An officer who’s requests to conduct a surveillance of a stolen vehicle is denied shall recover the stolen vehicle as soon as reasonably practical.
Vehicle Pursuits

- The mere fact that a stolen vehicle under surveillance becomes mobile does not in and of itself authorize that a pursuit to be initiated.
- As with any vehicle pursuit, officers and supervisors are required to adhere to the criterion as outlined within Policy Manual § 314.2.1 prior to the initiation of a vehicular pursuit.
- Once the officer who received authorization to conduct the surveillance prepares to go off-duty, or otherwise discontinues the surveillance, the stolen vehicle should be recovered in the most expedient manner available.
- An officer who locates an unoccupied stolen vehicle and does not choose to conduct a surveillance of the vehicle shall recover the stolen vehicle as soon as reasonably practical.

313.6 INTER-JURISDICTIONAL CONSIDERATIONS
When a pursuit enters another agency’s jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

313.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY
Units originally involved will discontinue the pursuit when advised that another agency has assumed the pursuit and assistance of the West Sacramento Police Department is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of officers at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies and CHP units, a request for CHP assistance will mean that they will assume responsibilities for the pursuit. For the same reasons, when a pursuit leaves the freeway and a request for assistance is made to this department, the CHP should relinquish control.

313.6.2 PURSUIT EXTENDING INTO THIS JURISDICTION
The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose officers are in pursuit. The exception to this is when a single unit from the initiating agency is in
Vehicle Pursuits

pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider these additional following factors:

(a) Ability to maintain the pursuit
(b) Circumstances serious enough to continue the pursuit
(c) Adequate staffing to continue the pursuit
(d) The public’s safety within this jurisdiction
(e) Safety of the pursuing officers

As soon as practicable, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after consideration of the above factors, may decline to assist in, or assume the other agency’s pursuit.

Assistance to a pursuing allied agency by officers of this department will terminate at the City limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

313.7 PURSUIT INTERVENTION
Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, road spikes, blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures. In this context, ramming shall be construed to mean maneuvering the police unit into contact with the pursued vehicle to mechanically disable or forcibly position it such that further flight is not possible or practicable.

313.7.1 WHEN USE IS AUTHORIZED
Use of pursuit intervention tactics should be employed only after approval of a supervisor. In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances confronting the officer at the time of the decision.

It is imperative that officers act within the bounds of legality, good judgment and accepted practices.
Vehicle Pursuits

313.7.2 DEFINITIONS

**Blocking or vehicle intercept** - A slow-speed coordinated maneuver where two or more patrol vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop, with the goal of containment and preventing a pursuit. Blocking is not a moving or stationary road block.

**Boxing-in** - A tactic designed to stop a violator’s vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

**Pursuit Intervention Technique (PIT)** - A low-speed maneuver designed to cause the suspect vehicle to spin out and terminate the pursuit.

**Ramming** - The deliberate act of impacting a violator’s vehicle with another vehicle to functionally damage or otherwise force the violator’s vehicle to stop.

**Roadblocks** - A tactic designed to stop a violator’s vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the violator’s vehicle.

**Spikes or tack strips** - A device that extends across the roadway designed to puncture the tires of the pursued vehicle.

313.7.3 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate that such use reasonably appears necessary to protect life. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

313.7.4 INTERVENTION STANDARDS

Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of deadly force and subject to the requirements for such use. Officers shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

(a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved, this technique should only be employed by officers who have received training in such tactics after giving consideration to the following:

1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
Vehicle Pursuits

2. All other reasonable intervention techniques have failed or reasonably appear ineffective.

3. Employing the blocking maneuver does not unreasonably increase the risk to officer safety.

4. The target vehicle is stopped or traveling at a low speed.

5. At no time should civilian vehicles be used to deploy this technique.

(b) Only those officers trained in the use of the Pursuit Intervention Technique (PIT) will be authorized to use this procedure and only then with approval of a supervisor upon consideration of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle.

(c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer's disposal have been exhausted. This tactic should be reserved for situations where there does not appear to be another reasonable alternative method. This policy is an administrative guide to direct officers in their decision-making process before ramming another vehicle. When ramming is used as a means to stop a fleeing vehicle, one or more of the following factors should be present:

1. The suspect is an actual or suspected felon who reasonably appears to represent a serious threat to the public if not apprehended.

2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner.

3. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized.

(d) As with all intervention techniques, pursuing officers should obtain supervisor approval before attempting to box a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions presented at the time as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle.

(e) The use of spike strips should be approved in advance by a supervisor and deployed only when it is reasonably certain that only the pursued vehicle will be affected by their use. Officers should carefully consider the limitations of such devices as well as the potential risks to officers, the public and occupants of the pursued vehicle. If the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children, officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.

(f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be
deployed without prior approval of a supervisor and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers or other members of the public.

313.7.5 CAPTURE OF SUSPECTS
Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

Unless relieved by a supervisor, the primary officer should coordinate efforts to apprehend the suspects following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspects.

313.7.6 VEHICLE INSPECTION/DAMAGE
Upon the termination of the pursuit, each officer in the pursuit shall fill out a "Vehicle Request Form", stating, "VEHICLE USED IN A PURSUIT" for their vehicle. The vehicle is to be inspected by a mechanic as soon as possible following the reporting of this event.

Any vehicle used in a pursuit that is suspected to have suffered damage shall be immediately removed from service until such time as it is properly inspected, and repaired as necessary, by a licensed mechanic.

313.8 REPORTING REQUIREMENTS
The following reports should be completed upon conclusion of all pursuits:

(a) The primary officer should complete appropriate crime/arrest reports.

(b) The Watch Commander shall ensure that an Allied Agency Vehicle Pursuit Report (form CHP 187A) is filed with the CHP not later than 30 days following the pursuit (Vehicle Code § 14602.1). The primary officer should complete as much of the required information on the form as is known and forward the report to the Watch Commander for review and distribution.

(c) After first obtaining the available information, a field supervisor shall promptly complete a Supervisor's Log, briefly summarizing the pursuit, and submit it to his/her manager. This log should minimally contain the following information:

1. Date and time of pursuit
2. Length of pursuit
3. Involved units and officers
4. Initial reason for pursuit
Vehicle Pursuits

5. Starting and termination points  
6. Disposition (arrest, citation), including arrestee information if applicable  
7. Injuries and/or property damage  
8. Medical treatment  
9. Name of supervisor at scene  
10. A preliminary determination whether the pursuit appears to be in compliance with this policy and whether additional review or follow-up is warranted

313.8.1 REGULAR AND PERIODIC PURSUIT TRAINING  
In addition to initial and supplementary Police Officer Standard Training (POST) training on pursuits required by Penal Code § 13519.8, all sworn members of this department will participate no less than annually in regular and periodic department training addressing this policy and the importance of vehicle safety and protecting the public at all times, including a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others (Vehicle Code § 17004.7(d)).

313.8.2 POLICY REVIEW  
Each sworn member of this department shall certify in writing that they have received, read and understand this policy initially and upon any amendments. The POST attestation form, or an equivalent form, may be used to document the compliance and should be retained in the member’s training file.

313.9 APPLICATION OF VEHICLE PURSUIT POLICY  
This policy is expressly written and adopted pursuant to the provisions of Vehicle Code § 17004.7, with additional input from the POST Vehicle Pursuit Guidelines.

313.10 VEHICLE PURSUIT ANALYSIS  
The Professional Standards Sergeant shall conduct an annual analysis of vehicle pursuits, reporting procedures, and the accompanying policy. The analysis will be reviewed and approved by the Chief of Police.
Officer Response to Calls

315.1 PURPOSE AND SCOPE
This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

315.2 RESPONSE TO CALLS
Officers dispatched "Code-3" shall consider the call an emergency response and proceed immediately. Officers responding Code-3 shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055.

The West Sacramento Police Department defines “reasonable necessary” use of emergency lighting equipment as the officer shall utilize a solid red front facing light and police siren during a Code-3 response. If an officer has justifiable and reasonable cause to discontinue the use of the police siren, the officer shall document this in the corresponding report or CAD log.

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Officers should only respond Code-3 when so dispatched or when circumstances reasonably indicate an emergency response is required. Officers not authorized to respond Code-3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

315.3 REQUESTING EMERGENCY ASSISTANCE
Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify Yolo Emergency Communications Agency.

If circumstances permit, the requesting officer should give the following information:

• The unit number
• The location
• The reason for the request and type of emergency
• The number of units required

315.3.1 NUMBER OF UNITS ASSIGNED
Emergency in progress calls involving crimes against persons which include physical violence typically require a two unit Code-3 response. Only one unit should respond Code-3 to other emergency calls for service (i.e. traffic collisions).
The Patrol Sergeant or the field supervisor may authorize an additional unit(s) to respond Code-3 when appropriate.

315.4 INITIATING CODE 3 RESPONSE
If an officer believes a Code-3 response to any call is appropriate, the officer shall immediately notify Yolo Emergency Communications Agency. Should another officer believe additional Code-3 response is appropriate, Yolo Emergency Communications Agency shall be notified and the Patrol Sergeant or field supervisor will make a determination as to whether one or more officers driving Code-3 is appropriate.

315.5 RESPONSIBILITIES OF RESPONDING OFFICERS
Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify Yolo Emergency Communications Agency. An officer shall also discontinue the Code-3 response when directed by a supervisor.

As soon as practicable, officers shall notify Dispatch of their Code-3 response and give the location from which they are responding.

315.6 COMMUNICATIONS RESPONSIBILITIES
A dispatcher shall assign a Code-3 response when an officer requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or death and immediate police response is needed. In all other circumstances, the dispatcher shall obtain authorization from the Watch Commander or a field supervisor prior to assigning units Code-3. The dispatcher shall:

(a) Attempt to assign the closest available unit to the location requiring assistance
(b) Immediately notify the Watch Commander
(c) Confirm the location from which the unit is responding
(d) Notify and coordinate allied emergency services (e.g., fire and ambulance)
(e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated
(f) Control all radio communications during the emergency and coordinate assistance under the direction of the Watch Commander or field supervisor
315.7 SUPERVisory RESPONSIBILITIES

Upon being notified that a Code-3 response has been initiated, the Watch Commander or the field supervisor shall verify the following:

(a) The proper response has been initiated
(b) No more than those units reasonably necessary under the circumstances are involved in the response
(c) Affected outside jurisdictions are being notified as practical

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

315.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the Watch Commander, field supervisor, or Yolo Emergency Communications Agency of the equipment failure so that another unit may be assigned to the emergency response.
Canines

317.1 PURPOSE AND SCOPE
This policy establishes guidelines for the use of canines to augment police services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

317.2 POLICY
It is the policy of the West Sacramento Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

317.3 ASSIGNMENT
Canine teams should be assigned to assist and supplement the Uniformed Services Division to function primarily in assist or cover assignments. However, they may be assigned by the Watch Commander to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time. If such assignment is necessary, it should only be made with the approval of the Watch Commander.

317.4 CANINE COORDINATOR
The canine coordinator shall be appointed by and directly responsible to the Uniformed Services Division or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

(a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
(b) Maintaining a liaison with the vendor kennel.
(c) Maintaining a liaison with command staff and functional supervisors.
(d) Maintaining a liaison with other agency canine coordinators.
(e) Maintaining accurate records to document canine activities.
(f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
(g) Scheduling all canine-related activities.
(h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.
317.5 REQUESTS FOR CANINE TEAMS
Uniformed Services Division members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Uniformed Services Division shall be reviewed by the Watch Commander.

317.5.1 OUTSIDE AGENCY REQUEST
All requests for canine assistance from outside agencies must be approved by the Watch Commander and are subject to the following:

(a) Canine teams shall not be used for any assignment that is not consistent with this policy.
(b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
(c) Calling out off-duty canine teams is discouraged.
(d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
(e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

317.5.2 PUBLIC DEMONSTRATION
All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

317.6 APPREHENSION GUIDELINES
A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

(a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer, or the handler.
(b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
(c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.
Canines

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Watch Commander. Absent a change in circumstances that presents an imminent threat to officers, the canine or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

317.6.1 PREPARATION FOR DEPLOYMENT
Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

(a) The nature and seriousness of the suspected offense.
(b) Whether violence or weapons were used or are anticipated.
(c) The degree of resistance or threatened resistance, if any, the suspect has shown.
(d) The suspect’s known or perceived age.
(e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
(f) Any potential danger to the public and/or other officers at the scene if the canine is released.
(g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler’s responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
Canines

317.6.2 WARNINGS AND ANNOUNCEMENTS
Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

317.6.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES
Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual’s injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

Canines used by law enforcement agencies are generally exempt from impoundment and reporting requirements. However, the canine shall be made available for examination at any reasonable time if requested by the local health department. The canine handler shall also notify the local health department if the canine exhibits any abnormal behavior after a bite (Health and Safety Code § 121685).

317.7 NON-APPREHENSION GUIDELINES
Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine’s suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

(a) Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such applications should be conducted on-leash or under
Canines

conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.

(b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

(c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.

(d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

317.7.1 ARTICLE DETECTION
A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

317.7.2 NARCOTICS DETECTION
A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

(a) The search of vehicles, buildings, bags, and other articles.

(b) Assisting in the search for narcotics during a search warrant service.

(c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

317.7.3 BOMB/EXPLOSIVE DETECTION
Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

(a) Assisting in the search of a building, structure, area, vehicle, or article where an actual or suspected explosive device has been reported or located.

(b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).

(c) Preventive searches at special events, VIP visits, official buildings, and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.

(d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.
Canines

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

317.8 HANDLER SELECTION
The minimum qualifications for the assignment of canine handler include:

(a) An officer who is currently off probation.
(b) Residing in an adequately fenced single-family residence (minimum 5-foot-high fence with locking gates).
(c) A garage that can be secured and can accommodate a canine vehicle.
(d) Living within 30 minutes travel time from the West Sacramento City limits.
(e) Agreeing to be assigned to the position for a minimum of three years.

317.9 HANDLER RESPONSIBILITIES
The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection, and living conditions.

The canine handler will be responsible for the following:

(a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
(b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
(c) When not in service, the handler shall maintain the canine vehicle in a locked garage, away from public view.
(d) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the West Sacramento Police Department facility.
(e) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
(f) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
(g) When off-duty, the canine shall be in a kennel provided by the City at the home of the handler. When a canine is kenneled at the handler’s home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
(h) The canine should be permitted to socialize in the home with the handler’s family for short periods of time and under the direct supervision of the handler.
(i) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Watch Commander.
Canines

(j) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Watch Commander.

(k) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

317.9.1 CANINE IN PUBLIC AREAS
The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

(a) A canine shall not be left unattended in any area to which the public may have access.

(b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

317.10 HANDLER COMPENSATION
The canine handler shall be available for call-out under conditions specified by the canine coordinator.

The canine handler shall be compensated for time spent in the care, feeding, grooming, and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement (29 USC § 207).

317.10.1 GUIDELINE FOR EXPLOSIVES DETECTION CANINE
Guideline for Explosives Detection Canine

(a) Any police dog that is cross-trained in explosives detection also has the primary responsibility of a patrol canine, as outlined above. Explosives detection is considered a secondary function.

(b) Explosives detection canines are trained to discriminate between select explosives odors and normally occurring odors. It is impossible to train on all explosives so the most commonly available explosives are used and consideration of this fact should be part of any deployment of the canine. These canine teams are not to be considered the solution to every explosive detection situation, but part of a comprehensive approach to detection that includes other public safety responders and the bomb squad.

(c) Explosives detection canines are generally used in three distinct circumstances:

○ Non-specific area searches, called "sweeps," where an area or route is examined for the presence of explosives, ammunition, or firearms, or:

○ A specific target is identified and examined by the explosives detection canine. In this case a determination must be made prior to deployment of the canine, whether the specific target is unattended and not suspicious or if it is suspicious
Canines

- If an item is located and determined to be unattended and NOT SUSPICIOUS and an explosives detection canine search is warranted, the item should be incorporated into a normal search pattern for the venue in which it is located. Prior to deployment, every effort should be made to determine the circumstances surrounding the item. If the canine does not alert on the item, the process can be repeated, or another explosives detection canine used.

- If an item is located and determined to be SUSPICIOUS, the explosives detection canine will NOT be deployed. The area will instead be evacuated and the bomb squad called to investigate. Canine teams will not search items, packages, vehicles, etc., which have been declared suspicious by a creditable source or by circumstances such as item appearance, creditable threats, similar incidents, or suspect statements.

(d) Prior to conducting a search, the handler shall establish the necessary resources to deal with any find.

(e) When a suspicious item is found, it should not be moved or touched by anyone, including the handler and canine. Bomb technicians should instead be alerted and evacuation measures begun.

(f) If an item of evidentiary nature is found by the canine/handler during a search and it is non-explosive or not of a suspicious nature, the location should be marked and those responsible for evidence collection notified, and the search continued.

(g) Training of an explosives detection canine will be conducted using samples of live explosives. These live explosives shall dispense under the direction of the Yolo County Bomb Squad commander, in coordination with the Canine Sergeant. All explosive samples will be weighed at the time of issuance and at the time of return. Returns will be at intervals determined by use.

(h) A chest type explosives magazine will be provided for storage of explosives samples. The magazine will be maintained in a secure WSPD facility. Keys to the explosives magazine will be jointly issued by the canine sergeant and the bomb squad commander, and only to explosive canine handlers, bomb technicians, and the canine sergeant will be considered for key issuance.

(i) Each sample shall be contained in a separate air-tight container. Every effort shall be made by the handler to prevent co-mingling and cross contamination of explosives. If such an instance occurs, the canine sergeant will be notified and the sample will be returned to the bomb squad for destruction and replacement.

(j) A bound type logbook will be maintained at the magazine detailing the name of the handler, date and time of removal and return, purpose and location of use, and the specific explosives removed or returned. The canine sergeant will be responsible for the maintenance of said log, copies of which shall be maintained for a minimum of
five (5) years. The records will be audited bi-annually under the direction of the canine sergeant and the bomb squad commander.

(k) All explosives samples will be returned to the magazine within the same calendar day or work shift as when they were checked out. Explosives samples shall be securely maintained at all times after removal from the magazine, to prevent loss, theft, or damage from the elements. Any loss or theft MUST be IMMEDIATELY reported to the canine sergeant AND the bomb squad commander, and may be subject to mandatory federal theft/loss reporting.

(l) Any loss or destruction of the explosive samples will be documented contemporaneously with the act, and both the Canine Sergeant and the bomb squad commander will be immediately notified. Documentation of the loss or destruction shall be made within 24 hours of the incident.

(m) All explosives will be handled and stored in compliance with federal and state regulations.

(n) Explosives samples may not be loaned to explosives detection dog handlers from other departments. Requests for additional samples will instead be referred to the Yolo County Bomb squad commander.

(o) The decision to use the police explosives detection canine is primarily that of handler. The canine sergeant, in consultation with the commander of the Yolo County Bomb Squad, may play a definitive role in these decisions if a dispute arises.

(p) The explosives detection canine team will also serve as a component of the Yolo County Bomb Squad. Such deployments and trainings shall be coordinated between the Canine Sergeant and the Yolo County Bomb Squad commander.

(q) Requests by other law enforcement agencies for a canine detection team shall be coordinated through the Yolo County Bomb Squad. Once approved by the bomb squad and dependant on the immediacy of the request, approval will also be required by the canine sergeant and/or the watch commander. All such incidents shall be documented by a bomb squad incident report, a copy of which shall be forwarded to the canine sergeant in a timely manner.

317.11 CANINE INJURY AND MEDICAL CARE
In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Watch Commander as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler’s personnel file.
317.12 TRAINING
Before assignment in the field, each canine team shall be trained and certified to meet current POST guidelines or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified by the California Narcotic Canine Association (CNCA) or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines. Because canines may be exposed to dangerous substances such as opioids, as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or Watch Commander.

317.12.1 CONTINUED TRAINING
Each canine team shall thereafter be recertified to a current POST, CNCA, or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

(a) Canine teams should receive training as defined in the current contract with the West Sacramento Police Department canine training provider.

(b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.

(c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is not reviewed and approved by the Department.

317.12.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING
Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

317.12.3 TRAINING RECORDS
All canine training records shall be maintained in the canine handler’s and the canine’s training file.

317.12.4 TRAINING AIDS
Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the West Sacramento Police Department may work with outside trainers with the applicable licenses or permits.
317.12.5   CONTROLLED SUBSTANCE TRAINING AIDS
Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (Health & Safety Code § 11367.5; 21 USC § 823(f)).

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the West Sacramento Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

317.12.6   CONTROLLED SUBSTANCE PROCEDURES
Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine’s accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

(a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.

(b) The weight and test results shall be recorded and maintained by this department.

(c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.

(d) All controlled substance training samples will be inspected, weighed, and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.

(e) All controlled substance training samples will be stored in locked, airtight, and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler’s assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.

(f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.

(g) Any unusable controlled substance training samples shall be returned to the Property and Evidence Section or to the dispensing agency.

(h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.
317.12.7 EXPLOSIVE TRAINING AIDS
Officers may possess, transport, store, or use explosives or destructive devices in compliance with state and federal laws (Penal Code § 18800; 18 USC § 842; 27 CFR 555.41).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

(a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.

(b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.

(c) The canine coordinator shall be responsible for verifying the explosive training aids on hand against the inventory ledger once each quarter.

(d) Only members of the canine team shall have access to the explosive training aids storage facility.

(e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.

(f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).
Domestic Violence

319.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

319.1.1 DEFINITIONS
Definitions related to this policy include:

Court order - All forms of orders related to domestic violence that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

319.2 POLICY
The West Sacramento Police Department’s response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims’ and offenders’ access to appropriate civil remedies and community resources whenever feasible.

319.3 OFFICER SAFETY
The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

319.4 INVESTIGATIONS
The following guidelines should be followed by officers when investigating domestic violence cases:

(a) Calls of reported, threatened, imminent or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.

(b) When practicable, officers should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.

(c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
(d) When practicable and legally permitted, video or audio record all significant statements and observations.

(e) All injuries should be photographed, regardless of severity, taking care to preserve the victim’s personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Detective Bureau in the event that the injuries later become visible.

(f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.

(g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.

(h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to consent or other lawful search must be taken into temporary custody (Penal Code § 18250).

(i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.

(j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:

1. Marital status of suspect and victim.
2. Whether the suspect lives on the premises with the victim.
3. Claims by the suspect that the victim provoked or perpetuated the violence.
4. The potential financial or child custody consequences of arrest.
5. The physical or emotional state of either party.
6. Use of drugs or alcohol by either party.
7. Denial that the abuse occurred where evidence indicates otherwise.
8. A request by the victim not to arrest the suspect.
9. Location of the incident (public/private).
10. Speculation that the complainant may not follow through with the prosecution.
11. The racial, cultural, social, professional position or sexual orientation of the victim or suspect.
319.4.1 IF A SUSPECT IS ARRESTED
If a suspect is arrested, officers should:
   (a) Advise the victim that there is no guarantee the suspect will remain in custody.
   (b) Provide the victim’s contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
   (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

319.4.2 IF NO ARREST IS MADE
If no arrest is made, the officer should:
   (a) Advise the parties of any options, including but not limited to:
       1. Voluntary separation of the parties.
       2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
   (b) Document the resolution in a report.

319.5 VICTIM ASSISTANCE
Victims may be traumatized or confused. Officers should:
   (a) Recognize that a victim’s behavior and actions may be affected.
   (b) Provide the victim with the department’s domestic violence information handout, even if the incident may not rise to the level of a crime.
   (c) Alert the victim to any available victim advocates, shelters and community resources.
   (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
   (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
   (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
   (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
   (h) Seek or assist the victim in obtaining an emergency order if appropriate.

An officer shall advise an individual protected by a Canadian domestic violence protection order of available local victim services (Family Code § 6452).

319.6 DISPATCH ASSISTANCE
All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.
Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

319.7 FOREIGN COURT ORDERS
Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe, or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court or foreign order shall be enforced, regardless of whether the order has been properly registered with this state (Family Code § 6403).

Canadian domestic violence protection orders shall also be enforced in the same manner as if issued in this state (Family Code § 6452).

319.8 VERIFICATION OF COURT ORDERS
Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and where appropriate and practicable:

(a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
   1. If a determination is made that a valid foreign order cannot be enforced because the subject has not been notified or served the order, the officer shall inform the subject of the order, make a reasonable effort to serve the order upon the subject, and allow the subject a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice (Family Code § 6403).

(b) Check available records or databases that may show the status or conditions of the order.
   1. Registration or filing of an order in California is not required for the enforcement of a valid foreign order (Family Code § 6403).

(c) Contact the issuing court to verify the validity of the order.

(d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.
319.9 LEGAL MANDATES AND RELEVANT LAWS

California law provides for the following:

319.9.1 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following:

(a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701). Any decision to not arrest an adult when there is probable cause to do so requires supervisor approval.

1. Officers are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the officer makes the arrest as soon as probable cause arises (Penal Code § 836).

(b) An officer responding to a domestic violence call who cannot make an arrest will advise the victim of his/her right to make a private person’s arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how to safely execute the arrest. Officers shall not dissuade victims from making a lawful private person’s arrest. Officers should refer to the provisions in the Private Persons Arrests Policy for options regarding the disposition of private person’s arrests (Penal Code § 836(b)).

(c) Officers shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):

1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)
2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender’s child)
3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
4. Penal Code § 646.9 (stalking)
5. Other serious or violent felonies specified in Penal Code § 1270.1

(d) In responding to domestic violence incidents, including mutual protective order violations, officers should generally be reluctant to make dual arrests. Officers shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, an officer shall consider:

1. The intent of the law to protect victims of domestic violence from continuing abuse.
2. The threats creating fear of physical injury.
3. The history of domestic violence between the persons involved.
4. Whether either person acted in self-defense.
(e) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the officer’s presence. After arrest, the officer shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

319.9.2 COURT ORDERS

(a) An officer who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located, and shall provide the person protected or the person’s parent/guardian with a copy of the order. The officer shall file a copy with the court as soon as practicable and shall have the order entered into the computer database system for protective and restraining orders maintained by the Department of Justice (Family Code § 6271; Penal Code § 646.91).

(b) At the request of the petitioner, an officer at the scene of a reported domestic violence incident shall serve a court order on a restrained person (Family Code § 6383; Penal Code § 13710).

(c) Any officer serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)(2)).

(d) During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).

(e) If a valid Canadian order cannot be enforced because the person subject to the order has not been notified or served with the order, the officer shall notify the protected individual that reasonable efforts shall be made to contact the person subject to the order. The officer shall make a reasonable effort to inform the person subject to the order of the existence and terms of the order and provide him/her with a record of the order, if available, and shall allow the person a reasonable opportunity to comply with the order before taking enforcement action (Family Code § 6452).

319.9.3 PUBLIC ACCESS TO POLICY

A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

319.9.4 REPORTS AND RECORDS

(a) A written report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents as required by Penal Code § 13730.

(b) Reporting officers should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately available, an explanation should be given regarding how the victim can obtain the information at a later time.
Domestic Violence

(c) Officers who seize any firearm or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt that includes the name and residential mailing address of the owner or person who possessed the weapon and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 18255; Penal Code § 33800; Family Code § 6389(c)(2)).

319.9.5 RECORD-KEEPING AND DATA COLLECTION
This department shall maintain records of court orders related to domestic violence and the service status of each (Penal Code § 13710), as well as records on the number of domestic violence related calls reported to the Department, including whether weapons were used in the incident or whether the incident involved strangulation or suffocation (Penal Code § 13730). This information is to be reported to the Attorney General monthly. It shall be the responsibility of the Records Manager to maintain and report this information as required.

319.9.6 DECLARATION IN SUPPORT OF BAIL INCREASE
Any officer who makes a warrantless arrest for a felony or misdemeanor violation of a domestic violence restraining order shall evaluate the totality of the circumstances to determine whether reasonable cause exists to seek an increased bail amount. If there is reasonable cause to believe that the scheduled bail amount is insufficient to assure the arrestee’s appearance or to protect the victim or family member of a victim, the officer shall prepare a declaration in support of increased bail (Penal Code § 1269c).
Search and Seizure

321.1 PURPOSE AND SCOPE
Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for West Sacramento Police Department personnel to consider when dealing with search and seizure issues.

321.2 POLICY
It is the policy of the West Sacramento Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

321.3 SEARCHES
The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Officers will conduct warrantless searches and seizures in accordance with current case law. Warrantless searches include, but are not limited to: consent searches; vehicle searches; crime scene searches; emergency (exigent circumstance) searches; prisoner and vehicle inventory searches; and any other search authorized by current state and federal law.

The West Sacramento Police Department subscribes to and provides all officers online access to the California Peace Officers Legal Sourcebook, a publication of the California Department of Justice. The Legal Sourcebook provides the latest Federal and California Supreme Court decisions and offers commentary to assist officers in complying with the most recent case law. The Sourcebook is updated quarterly.
Search and Seizure

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

321.4 SEARCH PROTOCOL
Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

(a) Members of this department will strive to conduct searches with dignity and courtesy.
(b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
(c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
(d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
(e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
   1. Another officer or a supervisor should witness the search.
   2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

321.5 DOCUMENTATION
Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

• Reason for the search
• Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
• What, if any, injuries or damage occurred
Search and Seizure

- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

321.6 CUSTODAL ARRESTS
Every effort must be made by the on-duty supervisor to visually inspect and personally complete the medical pre-screening of all in-custody arrests. Furthermore, the on-duty supervisor shall review the probable cause declaration and booking forms for in-custody arrestees prior to their being logged at the Yolo County Jail.
Temporary Custody of Juveniles

323.1 PURPOSE AND SCOPE
This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the West Sacramento Police Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

323.1.1 DEFINITIONS
Definitions related to this policy include:

**Juvenile non-offender** - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles 11 years of age or younger are considered juvenile non-offenders even if they have committed an offense that would subject an adult to arrest.

**Juvenile offender** - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (Welfare and Institutions Code § 602). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

**Non-secure custody** - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1(d); 15 CCR 1150).

**Safety checks** - Direct, visual observation personally by a member of this department performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of juveniles in temporary custody.

**Secure custody** - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object (15 CCR 1146).

Examples of secure custody include:

(a) A juvenile left alone in an unlocked room within the secure perimeter of the pre-booking room.

(b) A juvenile handcuffed to a rail.

(c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
Temporary Custody of Juveniles

(d) A juvenile being processed in a secure booking area when a non-secure booking area is available.

(e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.

(f) A juvenile placed in a room within the pre-booking area, whether or not the door is locked.

(g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

323.2 POLICY

The West Sacramento Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the West Sacramento Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer, or release.

323.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the West Sacramento Police Department:

(a) Unconscious

(b) Seriously injured

(c) A known suicide risk or obviously severely emotionally disturbed

(d) Significantly intoxicated except when approved by the Watch Commander. A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol, or any other intoxicating substance to the extent that they are unable to care for themselves (15 CCR 1151).

(e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).

These juveniles should not be held at the West Sacramento Police Department unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).
Temporary Custody of Juveniles

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release, or a transfer is completed (15 CCR 1142).

323.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY
When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Watch Commander shall be notified of the need for medical attention for the juvenile. Department members should administer first aid as applicable (15 CCR 1142).

323.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY
Department members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill him/herself, or any unusual behavior which may indicate the juvenile may harm him/herself while in either secure or non-secure custody (15 CCR 1142).

323.4 CUSTODY OF JUVENILES
Officers should take custody of a juvenile and temporarily hold the juvenile at the West Sacramento Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the West Sacramento Police Department without authorization of the arresting officer’s supervisor or the Watch Commander. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile’s parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the West Sacramento Police Department (34 USC § 11133; Welfare and Institutions Code § 207.1(d)).

323.4.1 CUSTODY OF JUVENILE NON-OFFENDERS
Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the West Sacramento Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (34 USC § 11133; Welfare and Institutions Code § 206).

Juveniles 11 years of age or younger who have committed an offense that would subject an adult to arrest may be held in non-secure custody for the offenses listed in Welfare and Institutions Code § 602(b) (murder and the sexual assault offenses) and should be referred to a probation officer for a placement determination.

323.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS
Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do
Temporary Custody of Juveniles

so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders shall not be held in secure custody (34 USC § 11133).

323.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the West Sacramento Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and suspected of using a firearm in violation of Welfare and Institutions Code § 625.3 shall be transported to a juvenile facility.

A juvenile offender suspected of committing murder or a sex offense that may subject a juvenile to criminal jurisdiction under Welfare and Institutions Code § 602(b), or a serious or violent felony should be referred to a probation officer for a decision on further detention.

In all other cases the juvenile offender may be:

(a) Released upon warning or citation.

(b) Released to a parent or other responsible adult after processing at the Department.

(c) Referred to a probation officer for a decision regarding whether to transport the juvenile offender to a juvenile facility.

(d) Transported to his/her home or to the place where the juvenile offender was taken into custody (Welfare and Institutions Code § 207.2).

In determining which disposition is appropriate, the investigating officer or supervisor shall prefer the alternative that least restricts the juvenile’s freedom of movement, provided that alternative is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).

Whenever a juvenile offender under the age of 14 is taken into custody, the officer should take reasonable steps to verify and document the child’s ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

323.5 ADVISEMENTS

Officers shall take immediate steps to notify the juvenile’s parent, guardian, or a responsible relative that the juvenile is in custody, the location where the juvenile is being held, and the intended disposition (Welfare and Institutions Code § 627).

Whenever a juvenile is taken into temporary custody, he/she shall be given the Miranda rights advisement regardless of whether questioning is intended (Welfare and Institutions Code § 625).
Temporary Custody of Juveniles

Anytime a juvenile offender is placed in secure custody, he/she shall be informed of the purpose of the secure custody, the length of time the secure custody is expected to last, and of the maximum six-hour limitation (Welfare and Institutions Code § 207.1(d)).

Juveniles taken into custody for an offense shall immediately be advised (or at least within one hour from being taken into custody, if possible) that they may make three telephone calls: one call completed to his/her parent or guardian; one to a responsible relative or his/her employer; and another call completed to an attorney. The calls shall be at no expense to the juvenile when completed to telephone numbers within the local calling area. Juveniles should be asked whether they are a caregiver and provided two more phone calls in the same manner as provided to adults in the Temporary Custody of Adults Policy (Welfare and Institutions Code § 627; Penal Code § 851.5).

323.6 JUVENILE CUSTODY LOGS

Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody log, including:

(a) Identifying information about the juvenile.

(b) Date and time of arrival and release from the West Sacramento Police Department (15 CCR 1150).

(c) Watch Commander notification and approval to temporarily hold the juvenile.

(d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender, or non-offender.

(e) Any changes in status (e.g., emergency situations, unusual incidents).

(f) Time of all safety checks.

(g) Any medical and other screening requested and completed (15 CCR 1142).

(h) Circumstances that justify any secure custody (Welfare and Institutions Code § 207.1(d); 15 CCR 1145).

(i) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

The Watch Commander shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

323.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133; Welfare and Institutions Code § 207.1(d); Welfare and Institutions Code § 208; 15 CCR 1144). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the West Sacramento Police
Temporary Custody of Juveniles

Department (trained in the supervision of persons in custody) shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact (15 CCR 1144).

323.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the West Sacramento Police Department shall ensure the following:

(a) The Watch Commander should be notified if it is anticipated that a juvenile may need to remain at the West Sacramento Police Department more than four hours. This will enable the Watch Commander to ensure no juvenile is held at the West Sacramento Police Department more than six hours.

(b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.

(c) Personal safety checks and significant incidents/activities shall be noted on the log.

(d) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.
   1. There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware.
   2. This does not apply to surreptitious and legally obtained recorded interrogations.

(e) Juveniles shall have reasonable access to toilets and wash basins (15 CCR 1143).

(f) Food shall be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile (15 CCR 1143).

(g) Juveniles shall have reasonable access to a drinking fountain or water (15 CCR 1143).

(h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.

(i) Juveniles shall have privacy during family, guardian, and/or lawyer visits (15 CCR 1143).

(j) Juveniles shall be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody (15 CCR 1143).

(k) Blankets shall be provided as reasonably necessary (15 CCR 1143).
   1. The supervisor should ensure that there is an adequate supply of clean blankets.

(l) Adequate shelter, heat, light, and ventilation should be provided without compromising security or enabling escape.

(m) Juveniles shall have adequate furnishings, including suitable chairs or benches.
Temporary Custody of Juveniles

(n) Juveniles shall have the right to the same number of telephone calls as an adult in temporary custody.

(o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation, or mental abuse (15 CCR 1142).

323.9 USE OF RESTRAINT DEVICES
Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the West Sacramento Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening (15 CCR 1142).

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile’s protection or the protection of others (15 CCR 1142).

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse (15 CCR 1142).

323.10 PERSONAL PROPERTY
The officer taking custody of a juvenile offender or status offender at the West Sacramento Police Department shall ensure a thorough search of the juvenile’s property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils, and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile’s presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the West Sacramento Police Department.

323.11 SECURE CUSTODY
Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145). Watch Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to him/herself or others include the following (15 CCR 1145):

(a) Age, maturity, and delinquent history
(b) Severity of offense for which the juvenile was taken into custody
(c) The juvenile offender’s behavior
(d) Availability of staff to provide adequate supervision or protection of the juvenile offender
Temporary Custody of Juveniles

(e) Age, type, and number of other individuals in custody at the facility

Members of this department shall not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option (15 CCR 1145).

When practicable and when no locked enclosure is available, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. An employee must be present at all times to ensure the juvenile’s safety while secured to a stationary object (15 CCR 1148).

Juveniles shall not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter (15 CCR 1148). Supervisor approval should be documented.

The decision for securing a minor to a stationary object for longer than 60 minutes and every 30 minutes thereafter shall be based upon the best interests of the juvenile offender (15 CCR 1148).

323.11.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

(a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.

(b) Juveniles shall have constant auditory access to department members (15 CCR 1147).

(c) Initial placement into and removal from a locked enclosure shall be logged (Welfare and Institutions Code § 207.1(d)).

(d) Unscheduled safety checks to provide for the health and welfare of the juvenile by a staff member, no less than once every 15 minutes, shall occur (15 CCR 1147; 15 CCR 1151).

1. All safety checks shall be logged.

2. The safety check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).

3. Requests or concerns of the juvenile should be logged.

(e) Males and females shall not be placed in the same locked room (15 CCR 1147).

(f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).

(g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.
323.12 SUICIDE ATTEMPT, DEATH, OR SERIOUS INJURY OF A JUVENILE
The Watch Commander will ensure procedures are in place to address the suicide attempt, death, or serious injury of any juvenile held at the West Sacramento Police Department (15 CCR 1142; 15 CCR 1047). The procedures will address:

(a) Immediate notification of the on-duty supervisor, Chief of Police, and Investigation Division Supervisor.
(b) Notification of the parent, guardian, or person standing in loco parentis of the juvenile.
(c) Notification of the appropriate prosecutor.
(d) Notification of the City attorney.
(e) Notification to the coroner.
(f) Notification of the juvenile court.
(g) In the case of a death, providing a report to the Attorney General under Government Code § 12525 within 10 calendar days of the death, and forwarding the same report to the Board of State and Community Corrections within the same time frame (15 CCR 1046).
(h) A medical and operational review of deaths and suicide attempts pursuant to 15 CCR 1046.
(i) Evidence preservation.

323.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS
No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of Miranda rights, an officer shall permit a juvenile 15 years of age or younger to consult with legal counsel in person, by telephone, or by video conference. The consultation may not be waived by the juvenile. The requirement to consult with legal counsel does not apply when (Welfare and Institutions Code § 625.6):

(a) Information is necessary to protect life or property from an imminent threat.
(b) The questions are limited to what is reasonably necessary to obtain the information relating to the threat.

323.13.1 MANDATORY RECORDINGS OF JUVENILES
Any interrogation of an individual under 18 years of age who is in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a department facility, jail, detention facility, or other fixed place of detention. The recording shall include the entire interview and a Miranda advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

(a) Recording is not feasible because of exigent circumstances that are later documented in a report.
Temporary Custody of Juveniles

(b) The individual refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.

(c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.

(d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.

(e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated, or another individual. Such circumstances shall be documented in a report.

(f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.

(g) The questions are part of a routine processing or booking, and are not an interrogation.

(h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction over the individual, or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institutions Code § 626.8).

323.14 FORMAL BOOKING
No juvenile offender shall be formally booked without the authorization of the arresting officer's supervisor, or in his/her absence, the Watch Commander.

Any juvenile 14 years of age or older who is taken into custody for a felony, or any juvenile whose acts amount to a sex crime, shall be booked, fingerprinted, and photographed.

For all other acts defined as crimes, juveniles may be booked, fingerprinted or photographed upon the approval from the Watch Commander or Detective Bureau supervisor, giving due consideration to the following:

(a) The gravity of the offense
(b) The past record of the offender
(c) The age of the offender

323.15 RELEASE OF INFORMATION CONCERNING JUVENILES
Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this department shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.
**Temporary Custody of Juveniles**

A copy of the current policy of the juvenile court concerning authorized release of information and appropriate acknowledgment forms shall be kept with copies of this procedure in the West Sacramento Police Department Policy Manual. Such releases are authorized by Welfare and Institutions Code § 827.

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Records Manager and the appropriate Detective Bureau supervisors to ensure that personnel of those bureaus act within legal guidelines.

**323.16 BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION**

The Uniformed Services Division Commander shall coordinate the procedures related to the custody of juveniles held at the West Sacramento Police Department and ensure any required certification is maintained (Welfare and Institution Code § 210.2).

**323.17 RELIGIOUS ACCOMMODATION**

Juveniles have the right to the same religious accommodation as adults in temporary custody (see the Temporary Custody of Adults Policy).
Adult Abuse

325.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for West Sacramento Police Department members as required by law.

325.1.1 DEFINITIONS
Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult’s care, or any other act that would mandate reporting or notification to a social service agency or law enforcement (Penal Code § 368).

Abuse of an elder (age 65 or older) or dependent adult - Physical abuse, neglect, financial abuse, abandonment, isolation, abduction, or other treatment with resulting physical harm or pain or mental suffering; or the deprivation by a care custodian of goods or services that are necessary to avoid physical harm or mental suffering. Neglect includes self-neglect (Welfare and Institutions Code § 15610.07; Penal Code § 368.5).

325.2 POLICY
The West Sacramento Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

325.3 INVESTIGATIONS AND REPORTING
All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.

(b) Any relevant statements the victim may have made and to whom he/she made the statements.

(c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.

(e) Whether the victim was transported for medical treatment or a medical examination.

(f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
(g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.

(h) Previous addresses of the victim and suspect.

(i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

(j) Results of investigations shall be provided to those agencies (Adult Protective Services (APS), long-term ombudsman) that referred or reported the adult abuse (Welfare and Institutions Code § 15640(f)).

(k) Whether a death involved the End of Life Option Act:
   1. Whether or not assistance was provided to the person beyond that allowed by law (Health and Safety Code § 443.14)
   2. Whether an individual knowingly altered or forged a request for an aid-in-dying drug to end a person’s life without his/her authorization, or concealed or destroyed a withdrawal or rescission of a request for an aid-in-dying drug (Health and Safety Code § 443.17)
   3. Whether coercion or undue influence was exerted on the person to request or ingest an aid-in-dying drug or to destroy a withdrawal or rescission of a request for such medication (Health and Safety Code § 443.17)
   4. Whether an aid-in-dying drug was administered to a person without his/her knowledge or consent (Health and Safety Code § 443.17).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

325.4 QUALIFIED INVESTIGATORS
Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

(a) Conduct interviews in appropriate interview facilities.

(b) Be familiar with forensic interview techniques specific to adult abuse investigations.

(c) Present all cases of alleged adult abuse to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.

(e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.

(f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 15610.55).

325.5 MANDATORY NOTIFICATION
Members of the West Sacramento Police Department shall notify the local office of the California Department of Social Services (CDSS) APS agency when they reasonably suspect, have
observed, or have knowledge of an incident that reasonably appears to be abuse of an elder (age 65 or older) or dependent adult, or are told by an elder or dependent adult that he/she has experienced abuse (Welfare and Institutions Code § 15630(b)).

Notification shall be made by telephone as soon as practicable and a written report shall be provided within two working days as provided in Welfare and Institutions Code § 15630(b)(c)).

A dependent adult is an individual, regardless of whether the individual lives independently, between 18 and 64 years of age who has physical or mental limitations that restrict his/her ability to carry out normal activities or to protect his/her rights, including but not limited to persons who have physical or developmental disabilities or whose physical or mental abilities have diminished because of age. This also includes those admitted as inpatients to a 24-hour health facility, as defined in state law (Welfare and Institutions Code § 15610.23).

Notification shall also be made to the following agencies as soon as practicable or as provided below (Welfare and Institutions Code § 15630):

(a) If the abuse is physical abuse and occurred in a long-term care facility (not a state mental health hospital or a state developmental center) notification shall be made as follows (Welfare and Institutions Code § 15630(b)(1)):

1. If there is serious bodily injury, notification shall be made by telephone and, within two hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.

2. If there is physical abuse and no serious bodily injury, notification shall be made by telephone and, within 24 hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.

3. If the abuse is allegedly caused by a resident with dementia and there is no serious bodily injury, notification shall be made by telephone and a written report to the local ombudsman within 24 hours.

4. When a report of abuse is received by the Department, the local ombudsman shall be called to coordinate efforts to provide the most immediate and appropriate response (Welfare and Institutions Code § 15630(b)).

(b) If the abuse is in a long-term care facility (not a state mental health or a state developmental center) and is other than physical abuse, a telephone report and a written report shall be made to the local ombudsman as soon as practicable (Welfare and Institutions Code § 15630(b)).

(c) The California Department of Public Health (DPH) shall be notified of all known or suspected abuse in a long-term care facility.

(d) The SDSS shall be notified of all known or suspected abuse occurring in a residential care facility for the elderly or in an adult day program.

(e) If the abuse occurred in an adult day health care center, DPH and the California Department of Aging shall be notified.

(f) The Bureau of Medi-Cal Fraud and Elder Abuse shall be notified of all abuse that constitutes criminal activity in a long-term care facility.
West Sacramento Police Department
West Sacramento PD CA Policy Manual

Adult Abuse

(g) The District Attorney’s office shall be notified of all cases of physical abuse and financial abuse in a long-term care facility.

(h) If the abuse occurred at a state mental hospital or a state developmental center, notification shall be made to the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services as soon as practicable but no later than two hours after law enforcement becomes aware of the abuse (Welfare and Institutions Code § 15630(b)).

1. When a report of abuse is received by the Department, investigation efforts shall be coordinated with the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services (Welfare and Institutions Code § 15630(b)).

(i) If during an investigation it is determined that the adult abuse is being committed by a licensed health practitioner as identified in Welfare and Institutions Code § 15640(b), the appropriate licensing agency shall be immediately notified (Welfare and Institutions Code 15640(b)).

(j) When the Department receives a report of abuse, neglect or abandonment of an elder or dependent adult alleged to have occurred in a long-term care facility, the licensing agency shall be notified by telephone as soon as practicable (Welfare and Institutions Code § 15640(e)).

The Detective Bureau supervisor is responsible for ensuring that proper notifications have occurred to the District Attorney’s Office and any other regulatory agency that may be applicable based upon where the abuse took place (e.g., care facility, hospital) per Welfare and Institutions Code § 15630(b).

Notification is not required for a person who was merely present when a person self-administered a prescribed aid-in-dying drug or a person prepared an aid-in-dying drug so long as the person did not assist the individual in ingesting the aid-in-dying drug (Health and Safety Code § 443.14; Health and Safety Code § 443.18).

325.5.1 NOTIFICATION PROCEDURE
Notification should include the following information, if known (Welfare and Institutions Code § 15630(e)):

(a) The name of the person making the report.

(b) The name and age of the elder or dependent adult.

(c) The present location of the elder or dependent adult.

(d) The names and addresses of family members or any other adult responsible for the care of the elder or dependent adult.

(e) The nature and extent of the condition of the elder or dependent adult.

(f) The date of incident.

(g) Any other information, including information that led the person to suspect elder or dependent adult abuse.
325.6 PROTECTIVE CUSTODY
Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to APS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

325.6.1 EMERGENCY PROTECTIVE ORDERS
In any situation which an officer reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer may seek an emergency protective order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

325.7 INTERVIEWS

325.7.1 PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

325.7.2 DETAINING VICTIMS FOR INTERVIEWS
An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:
(a) Exigent circumstances exist, such as:
   1. A reasonable belief that medical issues of the adult need to be addressed immediately.
   2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
   3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.

(b) A court order or warrant has been issued.

325.8 MEDICAL EXAMINATIONS
When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult’s transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

325.9 DRUG-ENDANGERED VICTIMS
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

325.9.1 OFFICER RESPONSIBILITIES
Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:
   (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
   (b) Notify the Detective Bureau supervisor so an interagency response can begin.

325.9.2 SUPERVISOR RESPONSIBILITIES
The Detective Bureau supervisor should:
   (a) Work with professionals from the appropriate agencies, including APS, other law enforcement agencies, medical service providers and local prosecutors, to develop community specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
   (b) Activate any available interagency response when an officer notifies the Detective Bureau supervisor that he/she has responded to a drug lab or other narcotics crime
Adult Abuse

scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.

(c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.

325.10 TRAINING
The Department should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

(a) Participating in multidisciplinary investigations, as appropriate.
(b) Conducting interviews.
(c) Availability of therapy services for adults and families.
(d) Availability of specialized forensic medical exams.
(e) Cultural competence (including interpretive services) related to adult abuse investigations.
(f) Availability of victim advocates or other support.

325.11 RECORDS BUREAU RESPONSIBILITIES
The Records Section is responsible for:

(a) Providing a copy of the adult abuse report to the APS, ombudsman or other agency as applicable within two working days or as required by law (Welfare and Institutions Code § 15630; Welfare and Institutions Code § 15640(c)).
(b) Retaining the original adult abuse report with the initial case file.

325.12 JURISDICTION
The West Sacramento Police Department has concurrent jurisdiction with state law enforcement agencies when investigating elder and dependent adult abuse and all other crimes against elder victims and victims with disabilities (Penal Code § 368.5).

Adult protective services agencies and local long-term care ombudsman programs also have jurisdiction within their statutory authority to investigate elder and dependent adult abuse and criminal neglect and may assist in criminal investigations upon request in such cases. However, this department will retain responsibility for the criminal investigations (Penal Code § 368.5).

325.13 RELEVANT STATUTES
Penal Code § 368 (c)

Discriminatory Harassment

327.1 PURPOSE AND SCOPE
The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

327.2 POLICY
The West Sacramento Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation (Government Code § 12940(k); 2 CCR 11023). The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

327.3 DEFINITIONS
Definitions related to this policy include:

327.3.1 DISCRIMINATION
The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on the actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status and other classifications protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeanes or shows hostility or aversion toward an individual based upon that individual’s protected class. It has the effect of interfering with an individual’s work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, crude and offensive statements or remarks; making slurs or off-color jokes, stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.
327.3.2 SEXUAL HARASSMENT
The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

(a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position or compensation.

(b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.

(c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

327.3.3 ADDITIONAL CONSIDERATIONS
Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

(a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the California Fair Employment and Housing Council guidelines.

(b) Bona fide requests or demands by a supervisor that a member improve his/her work quality or output, that the member report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

327.3.4 RETALIATION
Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation or opposed a discriminatory practice. Retaliation will not be tolerated.

327.4 RESPONSIBILITIES
This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Director of Human Resources and Labor Relations or the City Manager.
Discriminatory Harassment

Any member who believes, in good faith, that he/she has been discriminated against, harassed or subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

327.4.1 SUPERVISOR RESPONSIBILITIES
The responsibilities of each supervisor and manager shall include, but are not limited to:

(a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.

(b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.

(c) Ensuring that his/her subordinates understand their responsibilities under this policy.

(d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.

(e) Making a timely determination regarding the substance of any allegation based upon all available facts.

(f) Notifying the Chief of Police or Director of Human Resources and Labor Relations in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment or retaliation no later than the next business day.

327.4.2 SUPERVISOR’S ROLE
Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following considerations:

(a) Behavior of supervisors and managers should represent the values of the Department and professional law enforcement standards.

(b) False or mistaken accusations of discrimination, harassment or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members or issuing discipline, in a manner that is consistent with established procedures.

327.4.3 QUESTIONS OR CLARIFICATION
Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Director of Human Resources and Labor Relations, the City Manager, or the California Department of Fair
Employment and Housing (DFEH) for further information, direction, or clarification (Government Code § 12950).

327.5 INVESTIGATION OF COMPLAINTS
Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation or harassment shall be fully documented and promptly and thoroughly investigated.

327.5.1 SUPERVISORY RESOLUTION
Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome, offensive, unprofessional or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing his/her concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

327.5.2 FORMAL INVESTIGATION
If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but is not limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status, are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, Director of Human Resources and Labor Relations or the City Manager.

327.5.3 ALTERNATIVE COMPLAINT PROCESS
No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated or retaliated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.
327.6 DOCUMENTATION OF COMPLAINTS
All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- Approved by the Chief of Police, the City Manager or the Director of Human Resources and Labor Relations, depending on the ranks of the involved parties.
- Maintained in accordance with the department’s established records retention schedule.

327.6.1 NOTIFICATION OF DISPOSITION
The complainant and/or victim will be notified in writing of the disposition of the investigation and the actions taken to remedy or address the circumstances giving rise to the complaint.

327.7 TRAINING
All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that he/she has been advised of this policy, is aware of and understands its contents and agrees to abide by its provisions during his/her term with the Department.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents and agree that they will continue to abide by its provisions.

327.7.1 STATE-REQUIRED TRAINING
The Training Manager should ensure that employees receive the required state training and education regarding sexual harassment, prevention of abusive conduct, and harassment based on gender identity, gender expression, and sexual orientation as follows (Government Code § 12950.1; 2 CCR 11024):

(a) Supervisory employees shall receive two hours of classroom or other effective interactive training and education within six months of assuming a supervisory position.

(b) All other employees shall receive one hour of classroom or other effective interactive training and education within six months of their employment or sooner for seasonal or temporary employees as described in Government Code § 12950.1.

(c) All employees shall receive refresher training every two years thereafter.

If the required training is to be provided by DFEH online training courses, the Training Manager should ensure that employees are provided the link or website address to the training course (Government Code § 12950).

327.7.2 TRAINING RECORDS
The Training Manager shall be responsible for maintaining records of all discriminatory harassment training provided to members. Records shall be retained in accordance with established records retention schedules and for a minimum of two years (2 CCR 11024).
327.8 WORKING CONDITIONS
The Administration Division Commander or the authorized designee should be responsible for reviewing facility design and working conditions for discriminatory practices. This person should collaborate with other City employees who are similarly tasked (2 CCR 11034).

327.9 REQUIRED POSTERS
The Department shall display the required posters regarding discrimination, harassment and transgender rights in a prominent and accessible location for members (Government Code § 12950).
Child Abuse

329.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when West Sacramento Police Department members are required to notify the county Child Protective Services (CPS) of suspected child abuse.

329.1.1 DEFINITIONS
Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child’s care or any other act that would mandate notification to a social service agency or law enforcement (Penal Code § 11165.9; Penal Code § 11166).

329.2 POLICY
The West Sacramento Police Department will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

329.3 MANDATORY NOTIFICATION
The child protection agency shall be notified when (Penal Code § 11166):

(a) There is a known or suspected instance of child abuse or neglect reported, which is alleged to have occurred as a result of the action of a person responsible for the child’s welfare, or

(b) A person responsible for the child's welfare fails to adequately protect the child from abuse when the person knew or reasonably should have known that the child was in danger of abuse.

The District Attorney’s office shall be notified in all instances of known or suspected child abuse or neglect reported to this department. Reports only involving neglect by a person, who has the care or custody of a child, to provide adequate food, clothing, shelter, medical care or supervision where no physical injury to the child has occurred should not be reported to the District Attorney (Penal Code § 11166).

When the abuse or neglect occurs at a licensed facility or is alleged to have resulted from the actions of a person who is required to have a state license (e.g., foster homes, group homes, day care), notification shall also be made to the California Department of Social Services or other applicable licensing authority (Penal Code 11166.1; Penal Code 11166.2).

For purposes of notification, the abuse or neglect includes physical injury or death inflicted by other than accidental means upon a child by another person; sexual abuse (Penal Code § 11165.1);
Child Abuse

neglect (Penal Code § 11165.2); the willful harming or injuring of a child or the endangering of the person or health of a child (Penal Code § 11165.3); and unlawful corporal punishment or injury (Penal Code § 11165.4). Child abuse or neglect does not include a mutual affray between minors, nor does it include an injury caused by the reasonable and necessary force used by a peace officer acting within the course and scope of his/her employment as a peace officer.

329.3.1 NOTIFICATION PROCEDURE
Notification should occur as follows (Penal Code § 11166):

(a) Notification shall be made immediately, or as soon as practicable, by telephone, fax or electronic transmission.

(b) A written follow-up report should be forwarded within 36 hours of receiving the information concerning the incident.

329.4 QUALIFIED INVESTIGATORS
Qualified investigators should be available for child abuse investigations. These investigators should:

(a) Conduct interviews in child appropriate interview facilities.

(b) Be familiar with forensic interview techniques specific to child abuse investigations.

(c) Present all cases of alleged child abuse to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.

(e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.

(f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 18961.7).

329.5 INVESTIGATIONS AND REPORTING
In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.

(b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.

(c) Any relevant statements the child may have made and to whom he/she made the statements.
(d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.

(f) Whether the child victim was transported for medical treatment or a medical examination.

(g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.

(h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.

(i) Previous addresses of the victim and suspect.

(j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

329.5.1 EXTRA JURISDICTIONAL REPORTS

If a report of known or suspected child abuse or neglect that is alleged to have occurred outside this jurisdiction is received, department members shall ensure that the caller is immediately transferred to the agency with proper jurisdiction for the investigation of the case. If the caller cannot be successfully transferred to the appropriate agency, a report shall be taken and immediately referred by telephone, fax or electronic transfer to the agency with proper jurisdiction (Penal Code 11165.9).

329.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact CPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to CPS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.
Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

(a) The officer reasonably believes the child is a person described in Welfare and Institutions Code § 300, or a commercially exploited child under Penal Code § 647 and Penal Code § 653.22, and further has good cause to believe that any of the following conditions exist:

1. The child has an immediate need for medical care.
2. The child is in immediate danger of physical or sexual abuse.
3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child’s health or safety. In the case of a child left unattended, the officer shall first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.

(b) The officer reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:

1. It reasonably appears to the officer that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.
2. There is no lawful custodian available to take custody of the child.
3. There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.
4. The child is an abducted child.

(c) The child is in the company of, or under the control of, a person arrested for Penal Code § 278 (Detainment or concealment of child from legal custodian) or Penal Code § 278.5 (Deprivation of custody of a child or right to visitation) (Penal Code § 279.6).

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

329.6.1 CALIFORNIA SAFELY SURRENDERED BABY LAW
An individual having lawful custody of an infant less than 72 hours old is not guilty of abandonment if the individual voluntarily surrenders physical custody of the infant to personnel on-duty at a safe-surrender site, such as a hospital or fire department (Penal Code § 271.5). The law requires the surrender site to notify CPS.

329.6.2 NEWBORNS TESTING POSITIVE FOR DRUGS
Under certain circumstances, officers can be prohibited from taking a newborn who is the subject of a proposed adoption into protective custody, even when the newborn has tested positive for illegal drugs or the birth mother tested positive for illegal drugs.
Child Abuse

Officers shall instead follow the provisions of Welfare and Institutions Code § 305.6 to ensure that the newborn is placed with the adoptive parents when it is appropriate.

329.6.3 PROTECTIVE CUSTODY

(a) When an officer discovers a person under the age of 18 years who falls within the description of Section 300 of the Welfare and Institutions Code, that officer will consider his responsibility in taking the child into protective custody.

(b) If probable cause exists to believe that a child is endangered, a police officer may enter a home without a warrant or consent to investigate. If a child is taken into protective custody, the following reporting procedures will be followed.

(c) The appropriate Crime/Incidents report will be completed if the child falls within the provisions 300 of the W&I Code, or has been a victim of Penal Code Sections 273a, 273d 285, 288 or of any other crime.

(d) If it is determined that the child will be taken into protective custody, the officer will notify the Yolo County Department of Social Services Child Protective Services (CPS) as soon as practical. Notification will be made through the Yolo County Communications Center requesting a CPS worker to respond to the scene or police department.

(e) The CPS worker will be responsible for the placement of the child upon completion of the officer’s investigation. The reporting officer will complete the Protective Custody Report (WSP 027.1), the Suspected Child Abuse Report (DOJ SS-8572) and all other necessary reports.

329.7 INTERVIEWS

329.7.1 PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

329.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW
An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:
   1. A reasonable belief that medical issues of the child need to be addressed immediately.
Child Abuse

2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.

3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.

(b) A court order or warrant has been issued.

329.7.3 INTERVIEWS AT A SCHOOL
Any student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member’s presence is to provide comfort and support. The staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

329.8 MEDICAL EXAMINATIONS
If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child’s transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

329.9 DRUG-ENDANGERED CHILDREN
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

329.9.1 SUPERVISOR RESPONSIBILITIES
The Detective Bureau supervisor should:

(a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when an officer notifies the Detective Bureau supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
(c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

329.9.2 OFFICER RESPONSIBILITIES
Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

(a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.

(b) Notify the Detective Bureau supervisor so an interagency response can begin.

329.10 STATE MANDATES AND OTHER RELEVANT LAWS
California requires or permits the following:

329.10.1 RELEASE OF REPORTS
Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Penal Code 841.5; Penal Code § 11167.5).

329.10.2 REQUESTS FOR REMOVAL FROM THE CHILD ABUSE CENTRAL INDEX (CACI)
Any person whose name has been forwarded to the California Department of Justice (DOJ) for placement in California’s CACI, as a result of an investigation, may request that his/her name be removed from the CACI list. Requests shall not qualify for consideration if there is an active case, ongoing investigation or pending prosecution that precipitated the entry to CACI (Penal Code § 11169). All requests for removal shall be submitted in writing by the requesting person and promptly routed to the CACI hearing officer.

329.10.3 CACI HEARING OFFICER
The Detective Bureau supervisor will normally serve as the hearing officer but must not be actively connected with the case that resulted in the person’s name being submitted to CACI. Upon receiving a qualified request for removal, the hearing officer shall promptly schedule a hearing to take place during normal business hours and provide written notification of the time and place of the hearing to the requesting party.

329.10.4 CACI HEARING PROCEDURES
The hearing is an informal process where the person requesting removal from the CACI list will be permitted to present relevant evidence (e.g., certified copy of an acquittal, factual finding of innocence) as to why his/her name should be removed. The person requesting the hearing may record the hearing at his/her own expense.

Formal rules of evidence will not apply and the hearing officer may consider, in addition to evidence submitted by the person requesting the hearing, any relevant information including, but not limited to, the following:
Child Abuse

(a) Case reports including any supplemental reports
(b) Statements by investigators
(c) Statements from representatives of the District Attorney’s Office
(d) Statements by representatives of a child protective agency who may be familiar with the case

After considering all information presented, the hearing officer shall make a determination as to whether the requesting party’s name should be removed from the CACI list. Such determination shall be based on a finding that the allegations in the investigation are not substantiated (Penal Code § 11169).

If, after considering the evidence, the hearing officer finds that the allegations are not substantiated, he/she shall cause a request to be completed and forwarded to the DOJ that the person’s name be removed from the CACI list. A copy of the hearing results and the request for removal will be attached to the case reports.

The findings of the hearing officer shall be considered final and binding.

329.10.5 CHILD DEATH REVIEW TEAM
This department should cooperate with any interagency child death review team investigation. Written and oral information relating to the death of a child that would otherwise be subject to release restrictions may be disclosed to the child death review team upon written request and approval of a supervisor (Penal Code § 11174.32).

329.11 TRAINING
The Department should provide training on best practices in child abuse investigations to members tasked with investigating these cases. The training should include:

(a) Participating in multidisciplinary investigations, as appropriate.
(b) Conducting forensic interviews.
(c) Availability of therapy services for children and families.
(d) Availability of specialized forensic medical exams.
(e) Cultural competence (including interpretive services) related to child abuse investigations.
(f) Availability of victim advocate or guardian ad litem support.
Missing Persons

331.1 PURPOSE AND SCOPE
This policy provides guidance for handling missing person investigations.

331.1.1 DEFINITIONS
At risk - Includes, but is not limited to (Penal Code § 14215):

These include the National Crime Information Center (NCIC), the California Law Enforcement Telecommunications System (CLETS), Missing Person System (MPS) and the Unidentified Persons System (UPS).

331.2 POLICY
The West Sacramento Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The West Sacramento Police Department gives missing person cases priority over property-related cases and will not require any time frame to pass before beginning a missing person investigation (Penal Code § 14211).

331.2.1 RESPONSIBILITY FOR FOLLOW-UP INVESTIGATIONS
(a) Patrol personnel shall follow-up all available leads regarding missing persons at the time they take the report. When there are no extenuating circumstances associated with the missing person, the reporting officer forwards the report through normal channels to the Criminal Uniformed Services Division for routine follow-up. The Criminal Uniformed Services Division assigns a detective to conduct additional follow-up on all reports of missing persons.

(b) Due to the potential harm to individuals classified as at risk missing, investigators will contact the reporting party within 24 hours. Any subsequent contacts will be
made at the officer's discretion, dependent upon the circumstances surrounding the individuals' disappearance, investigative leads, and other variables unique to the particular situation.

(c) Reporting persons should be informed by the initial responding officer and during all follow-up contacts that they should advise the Department at the earliest possible opportunity if the missing person returns or if other information comes to their attention.

(d) The reporting officer shall have the reporting party sign the Dental Record Release Waiver at the time of the report, provided the reporting party is the missing person's next of kin. The assigned detective can then take the Dental Record Waiver to the dentist at the appropriate time and retrieve the records.

(e) The assigned detective shall explain to the reporting party that if the missing person is not located within 30 days, the reporting party is to take the completed authorization form to the missing person's dentist and within (10) days, submit the dental records to the West Sacramento Police Department.

(f) If the reporting party is not a family member or next of kin, and no family or next of kin can be located, an agent of the West Sacramento Police Department is authorized to execute a written declaration to authorize the release of the dental records.

(g) Upon termination of the investigation the person making the initial report shall be informed of the results.

(h) In cases involving Family Abduction, the assigned detective shall coordinate the investigation with the Yolo County District Attorney Child Abduction Unit, who has the lead investigative responsibility in cases involving parental abduction.

Hate Crimes

337.1 PURPOSE AND SCOPE
This policy is designed to assist in identifying and handling crimes motivated by hate or other bias toward individuals and groups with legally defined protected characteristics, to define appropriate steps for assisting victims, and to provide a guide to conducting related investigations. It outlines the general policy framework for prevention, response, accessing assistance, victim assistance and follow-up, and reporting as related to law enforcement’s role in handling hate crimes. It also serves as a declaration that hate crimes are taken seriously and demonstrates how the West Sacramento Police Department may best use its resources to investigate and solve an offense, in addition to building community trust and increasing police legitimacy (Penal Code § 13519.6).

337.1.1 DEFINITION AND LAWS
In accordance with Penal Code § 422.55; Penal Code § 422.56; Penal Code § 422.6; and Penal Code § 422.87, for purposes of all other state law, unless an explicit provision of law or the context clearly requires a different meaning, the following shall apply:

Bias motivation - Bias motivation is a pre-existing negative attitude toward actual or perceived characteristics referenced in Penal Code § 422.55. Depending on the circumstances of each case, bias motivation may include but is not limited to hatred, animosity, resentment, revulsion, contempt, unreasonable fear, paranoia, callousness, thrill-seeking, desire for social dominance, desire for social bonding with those of one’s “own kind,” or a perception of the vulnerability of the victim due to the victim being perceived as being weak, worthless, or fair game because of a protected characteristic, including but not limited to disability or gender.

Disability - Disability includes mental disability and physical disability as defined in Government Code § 12926, regardless of whether those disabilities are temporary, permanent, congenital, or acquired by heredity, accident, injury, advanced age, or illness.

Disability bias - In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as but not limited to dislike of persons who arouse fear or guilt, a perception that persons with disabilities are inferior and therefore “deserving victims,” a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator perceived the victim to be vulnerable and, if so, if this perception is grounded, in whole or in part, in anti-disability bias. This includes but is not limited to situations where a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons, such as inebriated persons or persons with perceived disabilities different from those of the victim. Such circumstances could be evidence that the perpetrator’s motivations included bias against persons with the perceived disability of the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.
**Gender** - Gender means sex and includes a person's gender identity and gender expression.

**Gender expression** - Gender expression means a person's gender-related appearance and behavior, whether or not stereotypically associated with the person's assigned sex at birth.

**Gender identity** - Gender identity means each person's internal understanding of their gender, or the perception of a person's gender identity, which may include male, female, a combination of male and female, neither male nor female, a gender different from the person's sex assigned at birth, or transgender (2 CCR § 11030).

**Hate crime** - “Hate crime” includes but is not limited to a violation of Penal Code § 422.6, and means a criminal act committed, in whole or in part, because of one or more of the following actual or perceived characteristics of the victim:

(a) Disability  
(b) Gender  
(c) Nationality  
(d) Race or ethnicity  
(e) Religion  
(f) Sexual orientation  
(g) Association with a person or group with one or more of these actual or perceived characteristics:

1. “Association with a person or group with these actual or perceived characteristics” includes advocacy for, identification with, or being on the ground owned or rented by, or adjacent to, any of the following: a community center, educational facility, family, individual, office, meeting hall, place of worship, private institution, public agency, library, or other entity, group, or person that has, or is identified with people who have, one or more of those characteristics listed in the definition of “hate crime” under paragraphs 1 to 6, inclusive, of Penal Code § 422.55(a).

Note: A “hate crime” need not be motivated by hate but may be motivated by any bias against a protected characteristic.

337.2 POLICY
It is the policy of this department to safeguard the rights of all individuals irrespective of their disability, gender, nationality, race or ethnicity, religion, sexual orientation, and/or association with a person or group with one or more of these actual or perceived characteristics. Any acts or threats of violence, property damage, harassment, intimidation, or other crimes motivated by hate or bias should be viewed very seriously and given high priority.

This department will employ reasonably available resources and vigorous law enforcement action to identify and arrest hate crime perpetrators. Also, recognizing the particular fears and distress typically suffered by victims, the potential for reprisal and escalation of violence, and the far-reaching negative consequences of these crimes on the community, this department should take all reasonable steps to attend to the security and related concerns of the immediate victims and their families as feasible.

All officers are required to be familiar with the policy and use reasonable diligence to carry out the policy unless directed by the Chief of Police or other command-level officer to whom the Chief of Police formally delegates this responsibility.

337.3 PLANNING AND PREVENTION
In order to facilitate the guidelines contained within this policy, department members will continuously work to build and strengthen relationships with the community, engage in dialogue, and provide education to the community about this policy. Department personnel are also encouraged to learn about the inherent issues concerning their communities in relation to hate crimes.

Although hate incidents are not criminal events, they can be indicators of, or precursors to, hate crimes. Hate incidents should be investigated and documented as part of an overall strategy to prevent hate crimes.

337.3.1 HATE CRIMES COORDINATOR

337.3.2 RELEASE OF INFORMATION

Establishing a relationship with stakeholders, before any incident occurs, to develop a network and protocol for disclosure often assists greatly in any disclosure.

The benefit of public disclosure of hate crime incidents includes:
Hate Crimes

(a) Dissemination of correct information.
(b) Assurance to affected communities or groups that the matter is being properly and promptly investigated.

In accordance with the Media Relations Policy, the supervisor, public information officer, or the authorized designee should be provided with information that can be responsibly reported to the media. When appropriate, the department spokesperson should reiterate that hate crimes will not be tolerated, will be investigated seriously, and will be prosecuted to the fullest extent of the law.

The Department should consider the following when releasing information to the public regarding hate crimes and hate incidents that have been reported within the jurisdiction:

Standards of Conduct

339.1 PURPOSE AND SCOPE
This policy establishes standards of conduct that are consistent with the values and mission of the West Sacramento Police Department and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member’s supervisors.

339.2 POLICY
The continued employment or appointment of every member of the West Sacramento Police Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

339.3 DIRECTIVES AND ORDERS
Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.

339.3.1 UNLAWFUL OR CONFLICTING ORDERS
Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.
Standards of Conduct

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

339.3.2 SUPERVISOR RESPONSIBILITIES
Supervisors and managers are required to follow all policies and procedures and may be subject to discipline for:

(a) Failure to be reasonably aware of the performance of their subordinates or to provide appropriate guidance and control.

(b) Failure to promptly and fully report any known misconduct of a member to his/her immediate supervisor or to document such misconduct appropriately or as required by policy.

(c) Directing a subordinate to violate a policy or directive, acquiesce to such a violation, or are indifferent to any such violation by a subordinate.

(d) The unequal or disparate exercise of authority on the part of a supervisor toward any member for malicious or other improper purpose.

339.3.3 SUPERVISORS ROLE IN THE DISCIPLINARY PROCESS
First line supervisors (Sergeants/Record Manager) of the West Sacramento Police Department are the keys to effective discipline within the organization. Every supervisor must continually provide their employees with feedback to positive and negative work performance. Additionally, they must be aware of, and enforce, the four basic functions that maintain internal discipline.

Supervisors must ensure that employees do not develop work habits that fail to meet management's expectations and rules and regulations. This requires that supervisors fully understand rules, regulations, policies, procedures and written directives.

Supervisors must detect employee violations of work rules. A supervisor may discover these violations through direct observation, reports from citizens or from employees.

Supervisors must be aware of the process they follow in the investigation of alleged violations of policy. Violations of law and serious types of misconduct warrant immediate notification of the Administrative Division through the chain of command. Supervisors from the employees' division investigate minor types of misconduct and procedural violations. A supervisor's actions must be legal, reasonable, consistent and timely.

Once a supervisor learns that an employee has violated a rule, policy, procedure, or written directive, he must assess the appropriate disciplinary action and take action accordingly. This requires that a supervisor be aware of the limits of his authority.

339.3.4 DISCIPLINARY RESPONSIBILITY AND AUTHORITY BY RANK

(a) Any civilian employee has the responsibility and duty to report violations of police department policy, rules and conduct. A civilian employee has no disciplinary authority, with the exception of civilian supervisors who have disciplinary authority over their subordinate civilian employees.
Standards of Conduct

(b) A police officer has the responsibility and legal obligation to report violations of State law, Department policy, rules and regulations. A police officer has no disciplinary authority.

(c) A Sergeant has the responsibility and legal obligation to report violations of State law, Department policy, procedures, rules and regulations. A Sergeant has the authority to assign personnel to remedial training and issue a Documented Counseling. A Sergeant has the authority to temporarily relieve from duty (duty-tour or less) a subordinate employee who, in the best judgment of the Sergeant, is unfit for duty. If this is required, the Sergeant shall immediately notify the Division Commander. It shall be the Division Commander’s responsibility to ensure the Chief of Police is made aware of this action.

(d) The Lieutenant has the responsibility and legal obligation to report violations of State law, Department policy, rules and conduct. The Lieutenant has the authority to assign personnel to remedial training, issue a documented counseling or written reprimand, and make recommendations to the Chief of Police to administer a more severe form of discipline. The Lieutenant has the authority to temporarily relieve from duty a subordinate employee who, in the best judgment of the Lieutenant is unfit for duty. The Lieutenant may also place an employee on administrative leave (with pay) when there is an allegation of a violation of any police department rule, policy or procedure, or there is an action pending disposition of an internal investigation. If this is required, the Lieutenant shall ensure the Chief of Police is made aware of this action.

(e) The Chief of Police has final authority for all types of discipline including suspension, reduction in rank and dismissal. City policies, the M.O.U. and California law govern the Chief’s authority in these settings. Approval of the City Manager is required for termination.

339.4 GENERAL STANDARDS
Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and California Constitutions and all applicable laws, ordinances and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

339.7 CODE OF ETHICS

The West Sacramento Police Department recognizes the Law Enforcement Code of Ethics as the standard upon which we hold all personnel accountable. All personnel are required to abide by the Law Enforcement Code of Ethics. It can be found as the first page of our General Orders and states the following:
Standards of Conduct

As a law enforcement officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all men to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities, or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession... law enforcement.

339.7.1 ETHICS TRAINING
The West Sacramento Police Department provides ethics training to all personnel at least biennially. The City of West Sacramento also provides ethics training to certain executive positions within the Police Department as determined by City of West Sacramento Administrative Policy III-B-1 on a bi-annual basis.

341.2 POLICY
It is the policy of the West Sacramento Police Department that members shall use information technology resources, including computers, software and systems, that are issued or maintained by the Department in a professional manner and in accordance with this policy.

341.3 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to emails, texts, or anything published, shared, transmitted, or maintained through file-sharing software or any internet site that is accessed, transmitted, received, or reviewed on any department computer system.

The Department reserves the right to access, audit, and disclose, for whatever reason, any message, including attachments, and any information accessed, transmitted, received, or reviewed over any technology that is issued or maintained by the Department, including the department email system, computer network, and/or any information placed into storage on any department system or device. This includes records of all keystrokes or Web-browsing history made at any department computer or over any department network. The fact that access to a database, service, or website requires a username or password will not create an expectation of privacy if it is accessed through department computers, electronic devices, or networks.
The Department shall not require a member to disclose a personal username or password for accessing personal social media or to open a personal social website; however, the Department may request access when it is reasonably believed to be relevant to the investigation of allegations of work-related misconduct (Labor Code § 980).

341.4 RESTRICTED USE
Members shall not access computers, devices, software or systems for which they have not received prior authorization or the required training. Members shall immediately report unauthorized access or use of computers, devices, software or systems by another member to their supervisors or Watch Commanders.

Members shall not use another person’s access passwords, logon information and other individual security data, protocols and procedures unless directed to do so by a supervisor.

341.4.1 SOFTWARE

To reduce the risk of a computer virus or malicious software, members shall not install any unlicensed or unauthorized software on any department computer. Members shall not install personal copies of any software onto any department computer.

When related to criminal investigations, software program files may be downloaded only with the approval of the information systems technology (IT) staff and with the authorization of the Chief of Police or the authorized designee.

No member shall knowingly make, acquire or use unauthorized copies of computer software that is not licensed to the Department while on department premises, computer systems or electronic devices. Such unauthorized use of software exposes the Department and involved members to severe civil and criminal penalties.

Introduction of software by members should only occur as part of the automated maintenance or update process of department- or City-approved or installed programs by the original manufacturer, producer or developer of the software.

Any other introduction of software requires prior authorization from IT staff and a full scan for malicious attachments.

341.4.2 HARDWARE
Access to technology resources provided by or through the Department shall be strictly limited to department-related activities. Data stored on or available through department computer systems shall only be accessed by authorized members who are engaged in an active investigation or assisting in an active investigation, or who otherwise have a legitimate law enforcement or department-related purpose to access such data. Any exceptions to this policy must be approved by a supervisor.
341.4.3 INTERNET USE
Internet access provided by or through the Department shall be strictly limited to department-related activities. Internet sites containing information that is not appropriate or applicable to department use and which shall not be intentionally accessed include but are not limited to adult forums, pornography, gambling, chat rooms, and similar or related internet sites. Certain exceptions may be permitted with the express approval of a supervisor as a function of a member’s assignment.

Downloaded information shall be limited to messages, mail, and data files.

341.4.4 OFF-DUTY USE
Members shall only use technology resources provided by the Department while on-duty or in conjunction with specific on-call assignments unless specifically authorized by a supervisor. This includes the use of telephones, cell phones, texting, email or any other "off the clock" work-related activities. This also applies to personally owned devices that are used to access department resources.

Refer to the Personal Communication Devices Policy for guidelines regarding off-duty use of personally owned technology.

341.5 PROTECTION OF AGENCY SYSTEMS AND FILES
All members have a duty to protect the computer system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care, and maintenance of the computer system.

Members shall ensure department computers and access terminals are not viewable by persons who are not authorized users. Computers and terminals should be secured, users logged off and password protections enabled whenever the user is not present. Access passwords, logon information, and other individual security data, protocols, and procedures are confidential information and are not to be shared. Password length, format, structure, and content shall meet the prescribed standards required by the computer system or as directed by a supervisor and shall be changed at intervals as directed by IT staff or a supervisor.

It is prohibited for a member to allow an unauthorized user to access the computer system at any time or for any reason. Members shall promptly report any unauthorized access to the computer system or suspected intrusion from outside sources (including the internet) to a supervisor.

341.6 INSPECTION OR REVIEW
A supervisor or the authorized designee has the express authority to inspect or review the computer system, all temporary or permanent files, related electronic systems or devices, and any contents thereof, whether such inspection or review is in the ordinary course of his/her supervisory duties or based on cause.

Reasons for inspection or review may include, but are not limited to, computer system malfunctions, problems or general computer system failure, a lawsuit against the Department

341.6.1 INTERNET AND E-MAIL POLICY

Use of the Internet, electronic mail, and on-line services has great potential to enhance the productivity of the Police Department employees. This policy will serve as the framework for the effective use of the rapidly expanding electronic resources available to West Sacramento Police Department employees. Employees must be held accountable for the use and misuse of government resources, of which access to the Internet, electronic mail systems, mobile data devices, and on-line services are but four examples. This policy addresses some, but not necessarily all, of the uses subject to this Order.

(a) Employees must use the Internet and on-line services only for business purposes. Uses that interfere with normal business activities; involve solicitation; are associated with any for-profit business activities; or could potentially embarrass the WSPD, are strictly forbidden. WSPD employees must never access news groups and/or Internet relay chat groups unless they involve approved work related topics.

(b) There is no expectation of privacy on City owned/provided computer resources including servers, PC's, workstations, connections, Internet, electronic mail and on line services. The Office of the Chief, without notice to WSPD employees, reserves the right to routinely and randomly; monitor, access, disclose and use the contents of materials on or utilizing City of West Sacramento owned/provided computer resources.

(c) Except in the course of an official investigation, and with the approval of the Office of Criminal Investigations supervisor, WSPD employees must never use the Internet, electronic mail, and on-line services to access, distribute or solicit sexually oriented messages or images.

(d) WSPD employees must never use the Internet, electronic mail, or on-line services for operating a business for personal gain, sending chain letters, or soliciting money for religious and political causes.

(e) WSPD employees must never use the Internet, electronic mail, or on-line services to disseminate offensive, harassing, vulgar, obscene, or threatening statements, including disparagement of others based on their race, national origin, sex, sexual orientation, age, marital status, pregnancy, disability, and religious or political beliefs.

(f) WSPD employees must never use the Internet, electronic mail, or on-line services to distribute or print materials (including articles and software) in violation of copyright or trademark laws.
(g) WSPD employees must view the use of electronic mail no differently than the use of other WSPD equipment, e.g., telephone, fax, or copier.

(h) WSPD employees must never use the Internet, electronic mail, and on-line services to provide unauthorized access to and/or disclosure of confidential information.

(i) WSPD employees must never use the Internet, electronic mail, or on-line services to provide access to public information without following the existing rules and procedures of the custodial agency for dissemination.

(j) Except in the course of an official investigation, and with the approval of the Office of Criminal Investigations supervisor WSPD employees must never use an Internet, electronic mail, or on-line services account or signature line other than their own.

(k) WSPD employees must take all reasonable precautions to prevent the inadvertent distribution of anyone else's information via the Internet, electronic mail or on-line services.

(l) WSPD employees violating the above procedures are subject to discipline up to and including termination. Violations of these procedures may also result in criminal prosecution.
Report Preparation

343.1 PURPOSE AND SCOPE
Report preparation is a major part of each officer's job. The purpose of reports is to document sufficient information to refresh the officer's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

343.1.1 REPORT PREPARATION
Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. 343.3 GENERAL POLICY OF EXPEDITIOUS REPORTING
In general, all officers and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

343.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS
Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for department consistency.

343.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS
County, state and federal agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

343.4 REPORT CORRECTIONS
Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should complete the Report Correction form stating the reasons for rejection. The original report and the correction form should be returned to the reporting employee for

- Each employee shall be responsible for the security and use of his/her electronic signature and shall promptly notify a supervisor if the electronic signature has or may have been compromised or misused.

343.7 REPORT DICTATION SYSTEM
The West Sacramento Police Department utilizes the Speakwrite dictation system for the purposes of facilitating expedient completion of written reports. The dictation system is available for use by employees but is not mandatory. It is recommended that personnel utilize the dictation whenever possible to ensure timely completion of reports. The use of the dictation system will be at the discretion of the employee completing the report. The following steps shall be taken when utilizing the dictation system:

- The employee will dictate the report through the use of the following dictation methods: Mobile phone application, digital recorder, computer based recording and dial up dictation through the Speakwrite system.
- Upon receipt of the returned dictated report, the employee shall review the dictation for errors, additions and make corrections. The employee will complete the Narrative/Supplemental form for submittal with the completed report.

Once the dictation is returned, the Narrative/ Supplemental report will be completed and submitted in an expedient manner.
• In the event the incident involves an arrest and the dictation has not been returned prior to the end of the shift, an Arrest Summary Report shall be completed and submitted with the Incident/ Crime Report and related forms to allow for expedient processing to the District Attorney's Office.

The approving supervisor shall ensure the report is completed immediately.
Media Relations

345.1 PURPOSE AND SCOPE
This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

345.2 RESPONSIBILITIES
The ultimate authority and responsibility for the release of information to the media shall remain with the Chief of Police, however, in situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, Division Commanders, Watch Commanders and designated Public Information Officer(s) may prepare and release information to the media in accordance with this policy and the applicable law.

be coordinated through the department Public Information Officer or other
designated spokesperson.

2. Whenever the presence of media or other aircraft pose a threat to public or officer
safety or significantly hampers incident operations, the field supervisor should
consider requesting a Temporary Flight Restriction (TFR). All requests for a
TFR should be routed through the Watch Commander. The TFR request should

representatives be invited to be present at such actions except with the prior approval of the Chief
of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law
enforcement purposes. Prior to approving any exception the Chief of Police will consider, at
minimum, whether the release of information or presence of the media would unreasonably
endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

shall be made available, upon request, to media representatives through the Watch Commander.

If, after initially accepting service of a criminal subpoena, a supervisor or other authorized individual determines that he/she is unable to deliver a copy of the subpoena to the named officer within sufficient time for the named officer to comply with the subpoena, the supervisor or the subpoena clerk shall notify the server or the attorney named on the subpoena of such not less than 48 hours prior to the date listed for the appearance (Penal Code § 1328(f)).

347.3.1 SPECIAL NOTIFICATION REQUIREMENTS
Any member who is subpoenaed to testify, agrees to testify or provides information on behalf of or at the request of any party other than the City Attorney or the prosecutor shall notify his/her immediate supervisor without delay regarding:

Reserve Officers

349.1 PURPOSE AND SCOPE
The West Sacramento Police Department Reserve Unit was established to supplement and assist regular sworn police officers in their duties. This unit provides professional, sworn compensated and volunteer reserve officers who can augment police services.

349.1.1 RESERVE POLICE OFFICER PROGRAM AND REQUIREMENTS

(a) The Chief decides the duties and authority of reserve police officers and appoints reserve officers consistent with applicable State law and the West Sacramento Municipal Code. The Reserve program consists of both Designated and Non-Designated Level 1 Reserves, as defined in the P.O.S.T. administrative manual.

(b) The reserve officers serve as a supplement to full-time personnel both in the day-to-day delivery of services and in emergencies. Prior to being released to work alone every Reserve Officer is required to complete the Field training Program such that he/she meets all the performance standards and expectations of a permanent, sworn officer.

(c) Qualified and trained Designated and Non-Designated Level 1 Reserve officers assist full-time police officers in law enforcement services, special events, and emergencies. In order for reserve officers to be proficient in their duties, it is essential they be familiar with the operation of the West Sacramento Police Department through working various assignments. The Reserve Program Sergeant shall ensure this “cross-training” of Reserve Officers occurs as schedules and opportunities present themselves.

(d) The Reserve Program Sergeant is responsible for the supervision of the Reserve Officer Program. Officers and supervisors must channel all requests for reserve officers through the Reserve Sergeant (particularly requests for assistance in surveillance and/or criminal investigative activities).

(e) Reserve Officers must document their work by completing and submitting a West Sacramento Police Department "Officer's Daily Log" to the Program Sergeant at the completion of each day worked. The Program Sergeant maintains the Record of "Officer's Daily Log" forms and other records directly concerning the program.

349.2 SELECTION & APPOINTMENT OF POLICE RESERVE OFFICERS
The West Sacramento Police Department shall endeavor to recruit and appoint to the Reserve Unit only those applicants who meet the high ethical, moral and professional standards set forth by this department.
Reserve Officers

349.2.1 PROCEDURE
All applicants shall be required to meet and pass the same pre-employment procedures as regular police officers before appointment.

The Chief requires that reserve officers perform the same duties and accept the same responsibilities as full-time police officers. Therefore, the selection criteria for reserve officers are the same as for full-time police officers.

The West Sacramento Police Department is an Equal Opportunity Employer and does not tolerate discrimination against any employee or applicant for employment as a reserve officer because of race, color, religion, sex, national origin, age, marital status, ethnic heritage or veteran status. Before appointment to the Police Reserve Unit, an applicant must have completed, or be in the process of completing, a POST approved basic academy or extended basic academy.

349.2.2 APPOINTMENT
Applicants who are selected for appointment to the Police Reserve Unit shall, on the recommendation of the Chief of Police, be sworn in by the Chief of Police and take a loyalty oath to observe and obey all of the laws of the land and to carry out their duties to the best of their ability.

349.2.3 COMPENSATION FOR POLICE RESERVE OFFICERS
Compensation for reserve officers is provided as follows:

The West Sacramento Police Department compensates Designated Level 1 Reserves in accordance with the “Extra Help Salary Schedule” as defined and administered by the City of West Sacramento. Non-Designated Level 1 Reserves are strictly volunteers and are not provided hourly compensation for time worked.

The Police Department equips its reserve officers the same as full-time officers performing like functions. The uniforms and equipment for reserve officers is not distinguishable from that of full-time officers. Each reserve officer is provided with one (1) set of uniform pants, one (1) Class A uniform shirt, one (1) uniform tie, two (2) nametags, and one (1) Class B uniform shirt. The Department provides all other equipment consistent with that issued to regular officers in the Department. All property issued to the reserve officer shall be returned to the Department upon termination or resignation.

349.2.4 EMPLOYEES WORKING AS RESERVE OFFICERS
Qualified employees of this department, when authorized, may also serve as reserve officers. However, the Department must not utilize the services of a reserve or volunteer in such a way that it would violate employment laws or labor agreements (e.g., a detention officer working as a reserve officer for reduced or no pay). Therefore, the Reserve Coordinator should consult the Department of Human Resources & Labor Relations prior to an employee serving in a reserve or volunteer capacity (29 CFR 553.30).
349.3 DUTIES OF RESERVE OFFICERS
Reserve officers assist regular officers in the enforcement of laws and in maintaining peace and order within the community. Assignments of reserve officers will usually be to augment the Uniformed Services Division. Reserve officers may be assigned to other areas within the Department as needed. Reserve officers are required to work a minimum of 16 hours per month.

349.3.1 POLICY COMPLIANCE
Police reserve officers shall be required to adhere to all departmental policies and procedures. A copy of the policies and procedures will be made available to each reserve officer upon appointment and he/she shall become thoroughly familiar with these policies.

Whenever a rule, regulation, or guideline in this manual refers to a sworn regular full-time officer, it shall also apply to a sworn reserve officer unless by its nature it is inapplicable.

The liability protection plan for reserve officers is the same as for full-time officers under the agreement in force with YCPARMIA.

349.3.2 RESERVE OFFICER ASSIGNMENTS
All reserve officers will be assigned to duties by the Reserve Coordinator or his/her designee.

349.3.3 RESERVE COORDINATOR
The designated Reserve Coordinator will be the Sergeant assigned to the Field Training Officer (FTO) Program.

The Reserve Coordinator shall have the responsibility of, but not be limited to:

(a) Assignment of reserve personnel
(b) Conducting reserve meetings
(c) Establishing and maintaining a reserve call-out roster
(d) Maintaining and ensuring performance evaluations are completed
(e) Monitoring individual reserve officer performance
(f) Monitoring overall Reserve Program
(g) Maintaining liaison with other agency Reserve Coordinators

349.4.1 TRAINING OFFICERS
Officers of this department, who demonstrate a desire and ability to train reserve officers, may train the reserves during Phase II, subject to Watch Commander approval.
349.4.2 PRIMARY TRAINING OFFICER
Upon completion of the Academy, reserve officers will be assigned to a primary training officer. The primary training officer will be selected from members of the Field Training Officer (FTO) Committee. The reserve officer will be assigned to work with his/her primary training officer during the first 160 hours of training. This time shall be known as the Primary Training Phase.

349.4.3 FIELD TRAINING MANUAL
Each new reserve officer will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as an officer with the West Sacramento Police Department. The reserve officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

349.4.4 COMPLETION OF THE PRIMARY TRAINING PHASE
At the completion of the Primary Training Phase, (Phase I) the primary training officer will meet with the Reserve Coordinator. The purpose of this meeting is to discuss the progress of the reserve officer in training.

If the reserve officer has progressed satisfactorily, he/she will then proceed to Phase II of the training. If he/she has not progressed satisfactorily, the Reserve Coordinator will determine the appropriate action to be taken.

349.4.5 SECONDARY TRAINING PHASE
The Secondary Training Phase (Phase II) shall consist of 100 hours of additional on-duty training. The reserve officer will no longer be required to ride with his/her primary training officer. The reserve officer may now ride with any officer designated by the Watch Commander.

During Phase II of training, as with Phase I, the reserve officer's performance will be closely monitored. In addition, rapid progress should continue towards the completion of the Officer's Field Training Manual. At the completion of Phase II of training, the reserve officer will return to his/her primary training officer for Phase III of the training.

349.4.6 THIRD TRAINING PHASE
Phase III of training shall consist of 24 hours of additional on-duty training. For this training phase, the reserve officer will return to his/her original primary training officer. During this phase, the training officer will evaluate the reserve officer for suitability to graduate from the formal training program.

At the completion of Phase III training, the primary training officer will meet with the Reserve Coordinator. Based upon the reserve officer's evaluations, plus input from the primary training officer, the Reserve Coordinator shall decide if the reserve officer has satisfactorily completed his/her formal training. If the reserve officer has progressed satisfactorily, he/she will then graduate from the formal training process. If his/her progress is not satisfactory, the Reserve Coordinator will decide upon the appropriate action to be taken.
349.4.7 COMPLETION OF THE FORMAL TRAINING PROCESS
When a reserve officer has satisfactorily completed all three phases of formal training, he/she will have had a minimum of 284 hours of on-duty training. He/she will no longer be required to ride with a reserve training officer. The reserve officer may now be assigned to ride with any officer for the remaining 200-hour requirement for a total of 484 hours before being considered for relief of immediate supervision.

349.5 SUPERVISION OF RESERVE OFFICERS
Reserve officers who have attained the status of Level II shall be under the immediate supervision of a regular sworn officer (Penal Code 832.6). The immediate supervision requirement shall also continue for reserve officers who have attained Level I status unless special authorization is received from the Reserve Coordinator with the approval of the Division Commander.

349.5.1 SPECIAL AUTHORIZATION REQUIREMENTS
Reserve officers certified as Level I may, with prior authorization of the Reserve Coordinator and on approval of the Division Commander, be relieved of the "immediate supervision" requirement. Level I reserve officers may function under the authority of Penal Code § 832.6(a)(1) only for the duration of the assignment or purpose for which the authorization was granted.

In the absence of the Reserve Coordinator and the Division Commander, the Watch Commander may assign a certified Level I reserve officer to function under the authority of Penal Code § 832.6(a)(1) for specific purposes and duration.

349.5.2 RESERVE OFFICER MEETINGS
All reserve officer meetings will be scheduled and conducted by the Reserve Coordinator. All reserve officers are required to attend scheduled meetings. Any absences must be satisfactorily explained to the Reserve Coordinator.

349.5.3 IDENTIFICATION OF RESERVE OFFICERS
All reserve officers will be issued a uniform badge and a Department identification card. The uniform badge shall be the same as that worn by a regular full-time officer. The identification card will be the standard identification card with the exception that "Reserve" will be indicated on the card.

349.5.4 UNIFORM
Reserve officers shall conform to all uniform regulation and appearance standards of this department.

349.5.5 INVESTIGATIONS AND COMPLAINTS
If a reserve officer has a complaint made against him/her or becomes involved in an internal investigation, that complaint or internal investigation may be investigated by the Reserve Coordinator, at the discretion of the Uniformed Services Division Commander.
Reserve Officers

Reserve officers are considered at-will employees. Government Code § 3300 et seq. applies to reserve officers with the exception that the right to hearing is limited to the opportunity to clear their name.

Any disciplinary action that may have to be administered to a reserve officer shall be accomplished as outlined in the Policy Manual.

349.5.6 RESERVE OFFICER EVALUATIONS
While in training reserves will be continuously evaluated using standardized daily and weekly observation reports. The reserve will be considered a trainee until all of the training phases have been completed. While in training reserves will be continuously evaluated using standardized daily and weekly observation reports. The reserve officer will be considered a trainee until all of the training phases have been completed. Upon completion of training the reserve officer will perform actual duties of the position and will be evaluated quarterly for a period not less than one year. One probationary status is terminated and the reserve officer gains full time permanent status, evaluations will then be done at 1 year intervals.

349.6 FIREARMS REQUIREMENTS
Penal Code § 830.6(a)(1) designates a reserve officer as having peace officer powers during his/her assigned tour of duty, provided the reserve officer qualifies or falls within the provisions of Penal Code § 832.6.

349.6.1 CARRYING WEAPON ON DUTY
Penal Code § 830.6(a)(1) permits qualified reserve officers to carry a loaded firearm while on-duty. It is the policy of this department to allow reserves to carry firearms only while on-duty or to and from duty.

349.6.2 CONCEALED FIREARMS PROHIBITED
No reserve officer will be permitted to carry a concealed firearm while in an off-duty capacity, other than to and from work, except those reserve officers who possess a valid CCW permit. An instance may arise where a reserve officer is assigned to a plainclothes detail for his/her assigned tour of duty. Under these circumstances, the reserve officer may be permitted to carry a weapon more suited to the assignment with the knowledge and approval of the supervisor in charge of the detail.

Any reserve officer who is permitted to carry a firearm other than the assigned duty weapon may do so only after verifying that the weapon conforms to departmental standards. The weapon must be registered by the reserve officer and be inspected and certified as fit for service by a departmental armorer.

Before being allowed to carry any optional firearm during an assigned tour of duty, the reserve officer shall have demonstrated his/her proficiency with said weapon.

When a reserve officer has satisfactorily completed all three phases of training (as outlined in the Field Training section), he/she may be issued a permit to carry a concealed weapon. The decision
to issue a concealed weapon permit will be made by the Chief of Police with input from the Reserve Program Coordinator and administrative staff. In issuing a concealed weapon permit a reserve officer's qualification will be individually judged. A reserve officer's dedication to the program and demonstrated maturity, among other factors, will be considered before a concealed weapon permit will be issued. Once issued, the concealed weapon permit will be valid only for as long as the reserve officer remains in good standing as a Reserve Officer with the West Sacramento Police Department.

349.6.3 RESERVE OFFICER FIREARM TRAINING
All reserve officers are required to maintain proficiency with firearms used in the course of their assignments. Reserve officers shall comply with all areas of the firearms training section of the Policy Manual. Reserve officers must qualify with their firearms annually which is consistent with the qualification standards for the regular officers. The use of force, and firearms training and proficiency programs, are identical to the programs the Chief requires for full-time officers. The training meets all requirements of POST

349.7 EMERGENCY CALL-OUT FOR RESERVE PERSONNEL
The Reserve Coordinator shall develop a plan outlining an emergency call-out procedure for reserve personnel.

351.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

351.2 POLICY
It is the policy of the West Sacramento Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

351.3 ASSISTING OUTSIDE AGENCIES
Generally, requests for any type of assistance from another agency should be routed to the Watch Commander’s office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the Watch Commander may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

351.3.1 INITIATED ACTIVITY
Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the West Sacramento Police Department shall notify his/her supervisor or the Watch Commander and Yolo Emergency Communications Agency as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

351.4 REQUESTING OUTSIDE ASSISTANCE
If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.
Outside Agency Assistance

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

351.5 REPORTING REQUIREMENTS
Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report or as directed by the Watch Commander.

351.6 MANDATORY SHARING
Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Administration Division Commander or the authorized designee.

The documentation should include:
(a) The conditions relative to sharing.
(b) The training requirements for:
   1. The use of the supplies and equipment.
   2. The members trained in the use of the supplies and equipment.
(c) Any other requirements for use of the equipment and supplies.

Copies of the documentation should be provided to Yolo Emergency Communications Agency and the Watch Commander to ensure use of the equipment and supplies is in compliance with the applicable sharing agreements.

The Training Manager should maintain documentation that the appropriate members have received the required training.
Registered Offender Information

355.1 PURPOSE AND SCOPE
This policy establishes guidelines by which the West Sacramento Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex, arson and drug offenders.

355.2 POLICY
It is the policy of the West Sacramento Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

355.3 REGISTRATION
Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the Records Division shall ensure that the registration information is provided to the California Department of Justice (DOJ) in accordance with applicable law (Health and Safety Code § 11594; Penal Code § 457.1; Penal Code § 290 et seq.).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

355.3.1 CONTENTS OF REGISTRATION
The information collected from the registering offenders shall include a signed statement as required by the California DOJ, fingerprints and a photograph and any other information required by applicable law (Health and Safety Code § 11594; Penal Code § 457.1; Penal Code § 290 et seq.).

355.4 MONITORING OF REGISTERED OFFENDERS
The Detective Bureau supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

(a) Efforts to confirm residence using an unobtrusive method, such as an internet search or drive-by of the declared residence.
(b) Review of information on the California DOJ website for sex offenders.
(c) Contact with a registrant’s parole or probation officer.

Any discrepancies should be reported to the California DOJ.
The Detective Bureau supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to West Sacramento Police Department personnel, including timely updates regarding new or relocated registrants.

355.5 DISSEMINATION OF PUBLIC INFORMATION
Members will not unilaterally make a public notification advising the community of a particular registrant’s presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex registrants should be provided the Megan's Law website or the West Sacramento Police Department’s website. Information on sex registrants placed on the West Sacramento Police Department’s website shall comply with the requirements of Penal Code § 290.46.

The Records Manager may release local registered offender information to residents only in accordance with applicable law (Penal Code § 290.45; Penal Code § 290.46; Penal Code § 457.1; Health and Safety Code § 11594), and in compliance with a California Public Records Act (Government Code § 6250-6276.48) request.

355.5.1 LIMITED RELEASE WITHIN COLLEGE CAMPUS COMMUNITY
California law allows the following additional information regarding a registered sex offender on campus, whose information is not available to the public via the internet website, to be released to a campus community (Penal Code § 290.01(d)):

(b) The offender’s known aliases
(c) The offender’s sex

(e) The offender’s physical description
(f) The offender’s photograph

For purposes of this section, campus community shall be defined as those persons present at or regularly frequenting any place constituting campus property, satellite facilities, laboratories, public areas contiguous to the campus and other areas set forth in Penal Code § 290.01(d).
355.5.2 RELEASE NOTIFICATIONS
Registrant information that is released should include notification that:

(a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.

(b) The information is provided as a public service and may not be current or accurate.

(c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.

(d) The crime for which a person is convicted may not accurately reflect the level of risk.

(e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.

(f) The purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders (Penal Code 290.45).

Death Investigation

359.1 PURPOSE AND SCOPE
The investigations of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

359.2 INVESTIGATION CONSIDERATIONS
Death investigation cases require certain actions be taken. Paramedics shall be called in all suspected death cases unless the death is obvious (e.g., decapitated, decomposed). A supervisor shall be notified in all death investigations.

359.2.1 CORONER REQUEST
Government Code § 27491 and Health & Safety Code § 102850 direct the Coroner to inquire into and determine the circumstances, manner and cause of certain deaths. The Coroner shall be called in any of the following cases:

The Coroner or Deputy Coroner is generally the only person permitted to search a body known to be dead from any of the circumstances set forth in Government Code § 27491. The only exception is that an officer is permitted to search the body of a person killed in a traffic collision for the limited purpose of locating an anatomical donor card (Government Code § 27491.3). If such a donor card is located, the Coroner or a designee shall be promptly notified. Should exigent circumstances indicate to an officer that any search of a known dead body is warranted prior to the arrival of the Coroner or a designee; the investigating officer shall first obtain verbal consent from the Coroner or a designee (Government Code § 27491.2).

Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the officer pending the arrival of the Coroner or a designee. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Coroner or a designee, a receipt shall be obtained. This receipt shall be attached to the death report.

359.2.3 DEATH NOTIFICATION
When practical, and if not handled by the Coroner’s Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner may be requested to make the notification. The Coroner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.

Identity Theft

361.1 PURPOSE AND SCOPE

361.2 REPORTING
(a) In an effort to maintain uniformity in reporting, officers presented with the crime of identity theft shall initiate a report for victims residing within the jurisdiction of this department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:

1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.

(b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).

(c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).

(d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.

(e) The reporting officer should inform victims of identity theft that the California Identity Theft Registry is available to help those who are wrongly linked to crimes. The registry can be checked by law enforcement and other authorized persons to investigate whether a criminal history or want was created in the victim's name (Penal Code § 530.7). Information regarding the California Identity Theft Registry can be obtained by calling toll free (888) 880-0240.

(f) Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

(g) Officers should inform victims of identity theft resources that can aid them in reestablishing their credit and identity.
Private Persons Arrests

363.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Penal Code § 837.

363.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS
Penal Code § 836(b) expressly mandates that all officers shall advise victims of domestic violence of the right to make a private person's arrest, including advice on how to safely execute such an arrest. In all other situations, officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

(a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.

(b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

363.3 ARRESTS BY PRIVATE PERSONS
Penal Code § 837 provides that a private person may arrest another:

(a) For a public offense committed or attempted in his or her presence;
(b) When the person arrested has committed a felony, although not in his or her presence;
(c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it.

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

363.4 OFFICER RESPONSIBILITIES
Any officer presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

(a) Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.
Private Persons Arrests

1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual pursuant to Penal Code § 849(b) (1). The officer must include the basis of such a determination in a related report.

2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

   (b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:

   1. Take the individual into physical custody for booking
   2. Release the individual pursuant to a Notice to Appear
   3. Release the individual pursuant to Penal Code § 849

363.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a department Private Person's Arrest form under penalty of perjury.

In addition to the Private Person's Arrest Form (and any other related documents such as citations, booking forms, etc.), officers shall complete a narrative report regarding the circumstances and disposition of the incident.
Anti-Reproductive Rights Crimes Reporting

365.1 PURPOSE AND SCOPE
This policy shall establish a procedure for the mandated reporting of Anti-Reproductive Rights Crimes (ARRC) to the Attorney General pursuant to the Reproductive Rights Law Enforcement Act (Penal Code § 13775 et seq.).

365.2 DEFINITIONS
Penal Code § 423.2 provides that the following acts shall be considered Anti-Reproductive Rights Crimes (ARRC) when committed by any person, except a parent or guardian acting towards his or her minor child or ward:

(a) By force, threat of force, or physical obstruction that is a crime of violence, intentionally injures, intimidates, interferes with, or attempts to injure, intimidate, or interfere with any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider, or assistant

(b) By non-violent physical obstruction, intentionally injures, intimidates, or interferes with, or attempts to injure, intimidate, or interfere with, any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider or assistant

(c) Intentionally damages or destroys the property of a person, entity, or facility, or attempts to do so, because the person, entity, or facility is a reproductive health services client, provider, assistant, or facility

365.3 REPORTING REQUIREMENTS TO THE ATTORNEY GENERAL

(a) Upon the receipt of the report of an ARRC, it shall be the responsibility of the employee taking such a report to also complete an ARRC Data Collection Worksheet (BCIA 8371) in accordance with the instructions contained on such forms.

(b) The ARRC Data Collection Worksheet shall be processed with all related reports and forwarded to the Investigation Division Commander.

(c) By the tenth day of each month, it shall be the responsibility of the Investigation Division Commander to ensure that a Summary Worksheet (BCIA 8370) is submitted to the Department of Justice Criminal Justice Statistics Center.

1. In the event that no ARRC(s) were reported during the previous month, a Summary Worksheet shall be submitted to Department of Justice with an indication that no such crimes were reported.
2. Any ARRC(s) reported in the Summary Worksheet shall be accompanied by a copy of the related Data Collection Worksheet(s).
Limited English Proficiency Services

367.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

367.1.1 DEFINITIONS
Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the West Sacramento Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

367.2 POLICY
It is the policy of the West Sacramento Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

367.3 LEP COORDINATOR
The Chief of Police shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Uniformed Services Division Commander or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:
Limited English Proficiency Services

(a) Coordinating and implementing all aspects of the West Sacramento Police Department’s LEP services to LEP individuals.

(b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.

(c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Watch Commander and Communications Supervisor. The list should include information regarding the following:
   1. Languages spoken
   2. Contact information
   3. Availability

(d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.

(e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.

(f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.

(g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.

(h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures or recommending modifications to this policy.

(i) Receiving and responding to complaints regarding department LEP services.

(j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

367.4 FOUR-FACTOR ANALYSIS
Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:
Limited English Proficiency Services

(a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.

(b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.

(c) The nature and importance of the contact, program, information or service provided.

(d) The cost of providing LEP assistance and the resources available.

367.5 TYPES OF LEP ASSISTANCE AVAILABLE
West Sacramento Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

367.6 WRITTEN FORMS AND GUIDELINES
Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

367.7 AUDIO RECORDINGS
The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

367.8 QUALIFIED BILINGUAL MEMBERS
Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.
When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

367.9 AUTHORIZED INTERPRETERS
Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

(a) The competence and ability to communicate information accurately in both English and in the target language.

(b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.

(c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

(d) Knowledge of the ethical issues involved when acting as a language conduit.

367.9.1 SOURCES OF AUTHORIZED INTERPRETERS
The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

• Qualified bilingual members of this department or personnel from other City departments.

• Individuals employed exclusively to perform interpretation services.

• Contracted in-person interpreters, such as state or federal court interpreters, among others.

• Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.
Limited English Proficiency Services

367.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE
Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

367.10 CONTACT AND REPORTING
While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

367.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE
The West Sacramento Police Department will take reasonable steps and will work with the Department of Human Resources & Labor Relations to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

367.11.1 EMERGENCY CALLS TO 9-1-1
Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in Yolo Emergency Communications Agency, the call shall immediately be handled by the qualified bilingual member.
Limited English Proficiency Services

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

367.12 FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

367.13 INVESTIGATIVE FIELD INTERVIEWS
In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any Miranda warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated Miranda warning card.
Limited English Proficiency Services

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

367.14 CUSTODIAL INTERROGATIONS
Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. Miranda warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

367.15 BOOKINGS
When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

367.16 COMPLAINTS
The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

367.17 COMMUNITY OUTREACH
Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.
367.18 TRAINING
To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Training Manager shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

367.18.1 TRAINING FOR AUTHORIZED INTERPRETERS
All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Manager shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.
Communications with Persons with Disabilities

369.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

369.1.1 DEFINITIONS
Definitions related to this policy include:

**Auxiliary aids** - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

**Disability or impairment** - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

**Qualified interpreter** - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

369.2 POLICY
It is the policy of the West Sacramento Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

369.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR
The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Uniformed Services Division Commander or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

(a) Working with the City ADA coordinator regarding the West Sacramento Police Department’s efforts to ensure equal access to services, programs and activities.

(b) Developing reports, new procedures, or recommending modifications to this policy.
Communications with Persons with Disabilities

(c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.

(d) Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Communications Supervisor. The list should include information regarding the following:

1. Contact information
2. Availability

(e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.

(f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.

(g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

369.4 FACTORS TO CONSIDER
Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

(a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.

(b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).

(c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).

(d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.
369.5 INITIAL AND IMMEDIATE CONSIDERATIONS
Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems. Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

(a) The methods of communication usually used by the individual.
(b) The nature, length and complexity of the communication involved.
(c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the West Sacramento Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

369.6 TYPES OF ASSISTANCE AVAILABLE
West Sacramento Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.
Communications with Persons with Disabilities

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

369.7 AUDIO RECORDINGS AND ENLARGED PRINT
The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

369.8 QUALIFIED INTERPRETERS
A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

(a) Available within a reasonable amount of time but in no event longer than one hour if requested.
(b) Experienced in providing interpretation services related to law enforcement matters.
(c) Familiar with the use of VRS and/or video remote interpreting services.
(d) Certified in either American Sign Language (ASL) or Signed English (SE).
(e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
(f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

369.9 TTY AND RELAY SERVICES
In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).
Communications with Persons with Disabilities

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

369.10 COMMUNITY VOLUNTEERS
Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

369.11 FAMILY AND FRIENDS
While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

(a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.

(b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

369.12 REPORTING
Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual’s express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.
Communications with Persons with Disabilities

369.13 FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual’s preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

369.13.1 FIELD RESOURCES
Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

(a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.

(b) Exchange of written notes or communications.

(c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.

(d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.

(e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

369.14 CUSTODIAL INTERROGATIONS
In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual
Communications with Persons with Disabilities

has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. Miranda warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written Miranda warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

369.15 ARREST AND BOOKINGS
If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee’s health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

369.16 COMPLAINTS
The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

369.17 COMMUNITY OUTREACH
Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.
369.18 TRAINING
To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

(a) Awareness and understanding of this policy and related procedures, related forms and available resources.

(b) Procedures for accessing qualified interpreters and other available resources.

(c) Working with in-person and telephone interpreters and related equipment.

The Training Manager shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all training provided, and will retain a copy in each member’s training file in accordance with established records retention schedules.

369.18.1 CALL-TAKER TRAINING
Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

(a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.

(b) ASL syntax and accepted abbreviations.

(c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.

(d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all Yolo Emergency Communications Agency members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.

Biological Samples

373.1 PURPOSE AND SCOPE
This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from a person in conjunction with a criminal investigation. Nor does it apply to biological samples from those required to register, for example, sex offenders.

373.2 POLICY
The West Sacramento Police Department will assist in the expeditious collection of required biological samples from offenders in accordance with the laws of this state and with as little reliance on force as practicable.

373.3 PERSONS SUBJECT TO DNA COLLECTION
Those who must submit a biological sample include (Penal Code § 296):

(a) A person, including a juvenile, upon conviction or other adjudication of any felony offense.

(b) A person, including a juvenile, upon conviction or other adjudication of any offense if the person has a prior felony on record.

(c) An adult arrested or charged with any felony.

373.4 PROCEDURE
When an individual is required to provide a biological sample, a trained employee shall obtain the sample in accordance with this policy.

373.4.1 COLLECTION
The following steps should be taken to collect a sample:

(a) Verify that the individual is required to provide a sample pursuant to Penal Code § 296; Penal Code § 296.1.

(b) Verify that a biological sample has not been previously collected from the offender by querying the individual’s criminal history record for a DNA collection flag or, during regular business hours, calling the California Department of Justice (DOJ) designated DNA laboratory. There is no need to obtain a biological sample if one has been previously obtained.

(c) Use a DNA buccal swab collection kit provided by the California DOJ to perform the collection and take steps to avoid cross contamination.
373.5 USE OF FORCE TO OBTAIN SAMPLES
If a person refuses to cooperate with the sample collection process, officers should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except as authorized by court order and only with the approval of a supervisor. Methods to consider when seeking voluntary compliance include contacting:

(a) The person’s parole or probation officer when applicable.
(b) The prosecuting attorney to seek additional charges against the person for failure to comply or to otherwise bring the refusal before a judge.
(c) The judge at the person’s next court appearance.
(d) The person’s attorney.
(e) A chaplain.
(f) Another custody facility with additional resources, where an arrestee can be transferred to better facilitate sample collection.
(g) A supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if any are available.

The supervisor shall review and approve any plan to use force and be present to document the process.

373.5.1 VIDEO RECORDING
A video recording should be made anytime force is used to obtain a biological sample. The recording should document all staff participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the department’s records retention schedule (15 CCR 1059).

373.5.2 CELL EXTRACTIONS
If the use of force includes a cell extraction, the extraction shall be video recorded, including audio. Video shall be directed at the cell extraction event. The video recording shall be retained by the Department for the length of time required by statute. Notwithstanding the use of the video as evidence in a criminal proceeding, the tape shall be retained administratively (15 CCR 1059).

373.6 LEGAL MANDATES AND RELEVANT LAWS
California law provides for the following:

373.6.1 DOCUMENTATION RELATED TO FORCE
The Watch Commander shall prepare prior written authorization for the use of any force (15 CCR 1059). The written authorization shall include information that the subject was asked to provide the requisite specimen, sample or impression and refused, as well as the related court order authorizing the force.
Biological Samples

373.6.2 BLOOD SAMPLES
A blood sample should only be obtained under this policy when:

(a) The California DOJ requests a blood sample and the subject consents, or

(b) A court orders a blood sample following a refusal.

The withdrawal of blood may only be performed in a medically approved manner by health care providers trained and qualified to draw blood. A California DOJ collection kit shall be used for this purpose (Penal Code § 298(a); Penal Code § 298(b)(2)).

373.6.3 LITIGATION
The Chief of Police or authorized designee should notify the California DOJ’s DNA Legal Unit in the event this department is named in a lawsuit involving the DNA Data Bank sample collection, sample use or any aspect of the state’s DNA Data Bank Program.

Prospective Volunteer Chaplain candidates complete an application form and are fingerprinted. They undergo a background check and interview process that includes the participation of the Coordinating Sergeant/Volunteer Chaplain Coordinator. The Chief of Police makes the appointment to the program.

The Police Department issues Volunteer Chaplains an identification card, an access key, pager, and other equipment that the Chief deems appropriate to aid Volunteer Chaplains in the performance of their duties. The Department may also issue a radio to the Volunteer Chaplain Coordinator for use by the on-call Volunteer Chaplain.

376.3 GOALS
Members of the Chaplain Program shall fulfill the program's purpose in the following manner:

Chaplains may not accept gratuities for any service or follow-up contacts that was provided while functioning as a chaplain for the West Sacramento Police Department.
376.6.1 PROTOCOLS FOR CALL OUTS

(h) Any Volunteer Chaplain may be "called-out" at any time by the on-duty Patrol Sergeant or department Command Staff to assist with death notifications, post-traumatic stress debriefing, etc. Volunteer Chaplains must report call-outs on their monthly involvement report.

(i) The Chief encourages Volunteer Chaplains to frequently participate in work-along and ride-along programs. The Volunteer Chaplains should directly schedule these activities with the appropriate supervisor, (usually the on-duty watch commander.)
Chaplain Program

376.7 CLERGY-PENITENT CONFIDENTIALITY
No person who provides chaplain services to members of the department may work or volunteer for the West Sacramento Police Department in any capacity other than that of chaplain.

Department chaplains shall be familiar with state evidentiary laws and rules pertaining to the limits of the clergy-penitent privilege and shall inform department members when it appears reasonably likely that the member is discussing matters that are not subject to the clergy-penitent privilege. In such cases, the chaplain should consider referring the member to a non-department counseling resource.

No chaplain shall provide counsel to or receive confidential communications from any West Sacramento Police Department employees concerning an incident personally witnessed by the chaplain or concerning an incident involving the chaplain.

376.8 OPERATIONAL GUIDELINES
(a) Chaplains shall be permitted to ride with officers during any shift and observe West Sacramento Police Department operations, provided the Patrol Sergeant has been notified and approved of the activity.

(b) Chaplains shall not be evaluators of employees and shall not be required to report on an employee’s performance or conduct.

(c) In responding to incidents, a chaplain shall never function as an officer.

(d) When responding to in-progress calls for service, chaplains may be required to stand-by in a secure area until the situation has been deemed safe.

(e) Chaplains shall serve only within the jurisdiction of the West Sacramento Police Department unless otherwise authorized by the Chief of Police or his designee.

(f) Each chaplain shall have access to current personnel rosters, addresses, telephone numbers, duty assignments and other information that may assist in their duties. Such information will be considered confidential and each chaplain will exercise appropriate security measures to prevent distribution of the information.

376.8.1 UNIFORMS AND BADGES
(a) It is the intent of the Department to ensure the public image of the Volunteer Chaplain Program maintains a consistent and professional image of the department and the Chaplain Program. Maintaining a clean, professional uniform provided by the Department is the responsibility of the individual Chaplains. Chaplain uniforms shall not include any terminology that may confuse the public to believe they are sworn officers, and Chaplains shall only wear uniforms when performing in an official capacity of Law Enforcement Chaplain, as authorized by the Department.

(b) The Volunteer Chaplain uniform shall consist of a maroon colored polo shirt (long or short sleeve), with the program insignia on the left breast and the Chaplains name on
the right breast. Pants shall be black in color and suit or business type in design. A black dress belt shall be worn with the pants and black colored (closed toed) dress shoes shall also be worn. Additionally, a maroon colored jacket may be work during inclement weather. The jacket shall also include the Chaplain insignia on the left breast and the Chaplains name on the right breast. Hats are not a part of the Chaplain uniform, and shall not be worn as a part of the uniform.

376.9 TRAINING
The Department will establish a minimum number of training hours and standards for department chaplains. The training may include stress management, death notifications, post-traumatic stress syndrome, burnout for officers and chaplains, legal liability and confidentiality, ethics, responding to crisis situations, the law enforcement family, substance abuse, suicide, officer injury or death, and sensitivity and diversity, as approved by the Training Manager.
Child and Dependent Adult Safety

378.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

378.2 POLICY
It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The West Sacramento Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

378.3 PROCEDURES DURING AN ARREST
When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.
378.3.1 AFTER AN ARREST
Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee’s disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

(a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
   1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.

(b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver’s judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
   1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.

(c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.

(d) Notify Child Protective Services or the Division of Aging and Adult Services, if appropriate.

(e) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver’s arrest and of the arrangements being made for the care of the arrestee’s dependent. The result of such actions should be documented in the associated report.

378.3.2 DURING THE BOOKING PROCESS
During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).
If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

### 378.3.3 REPORTING

(a) For all arrests where children are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. Special needs (e.g., medical, mental health)
5. How, where and with whom or which agency the child was placed
6. Identities and contact information for other potential caregivers
7. Notifications made to other adults (e.g., schools, relatives)

(b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. Whether he/she reasonably appears able to care for him/herself
5. Disposition or placement information if he/she is unable to care for him/herself

### 378.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

### 378.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked patrol car or taken into formal protective custody.
Child and Dependent Adult Safety

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

378.5 TRAINING
The Training Manager is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).
Service Animals

380.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA).

380.1.1 DEFINITIONS
Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104; Health and Safety Code § 113903).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler’s control, the facility can accommodate the horse’s type, size and weight, and the horse’s presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

380.2 POLICY
It is the policy of the West Sacramento Police Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

380.3 IDENTIFICATION AND USE OF SERVICE ANIMALS
Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
Service Animals

- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

380.4 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the West Sacramento Police Department affords to all members of the public (28 CFR 35.136).

380.4.1 INQUIRY

If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal’s status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

380.4.2 CONTACT

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

380.4.3 REMOVAL

If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an officer may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability, with or without a service animal.
Service Animals

380.4.4 COMPLAINTS
When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).
Volunteer Program

382.1 PURPOSE AND SCOPE
It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn officers and civilian personnel. Volunteers can be an important part of any organization and are proven to be a valuable asset to law enforcement agencies. Volunteers help to increase departmental responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

382.1.1 DEFINITION OF VOLUNTEER
An individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid reserve officers, interns, persons providing administrative support and youth involved in a law enforcement Explorer Post, among others.

382.2 VOLUNTEER MANAGEMENT

382.2.1 VOLUNTEER COORDINATOR
The Volunteer Coordinator shall be appointed by the Office of Operations. The function of the Volunteer Coordinator is to provide a central coordinating point for effective volunteer management within the Department, and to direct and assist staff and volunteer efforts to jointly provide more productive services. The Volunteer Coordinator should work with other Department staff on an ongoing basis to assist in the development and implementation of volunteer-staffed positions.

The Volunteer Coordinator, or his/her designee, shall be responsible for the following:

(a) Recruiting, selecting and training qualified volunteers for various positions.

(b) Facilitating the implementation of new volunteer activities and assignments.

(c) Maintaining records for each volunteer.

(d) Tracking and evaluating the contribution of volunteers.

(e) Maintaining the volunteer handbook and outlining expectations, policies and responsibilities for all volunteers.

(f) Maintaining a record of volunteer schedules and work hours.

(g) Completion and dissemination as appropriate of all necessary paperwork and information.

(h) Planning periodic recognition events.

(i) Administering discipline when warranted.
Volunteer Program

(j) Maintaining liaison with other volunteer-utilizing programs in the community and assisting in community-wide efforts to recognize and promote volunteering.

382.2.2 RECRUITMENT
Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Department in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the requester's immediate supervisor. A complete position description and a requested time-frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

382.2.3 SCREENING
All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

(a) Traffic and criminal background check. Fingerprints shall be obtained from all applicants and processed through the California Criminal Information Index.

(b) Employment

(c) References

(d) Credit check

A polygraph exam may be required of each applicant depending on the type of assignment.

382.2.4 SELECTION AND PLACEMENT
Service as a volunteer with the Department shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Department, who will normally be the Volunteer Coordinator. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement of service with the Department. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.
**Volunteer Program**

382.2.5 TRAINING
Volunteers will be provided with an orientation program to acquaint them with the Department, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn officers or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.

382.2.6 FITNESS FOR DUTY
No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

(a) Driver license
(b) Medical condition
(c) Arrests
(d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

382.2.7 DRESS CODE
As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to department-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn officers. The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official department assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he/she is off duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.
382.3 SUPERVISION OF VOLUNTEERS
Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

(a) Take the time to introduce volunteers to employees on all levels.

(b) Ensure volunteers have work space and necessary office supplies.

(c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

382.4 CONFIDENTIALITY
With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or departmental policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by departmental policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

382.5 PROPERTY AND EQUIPMENT
Volunteers will be issued an identification card that must be worn at all times while on-duty. Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.
382.5.1 VEHICLE USE
Volunteers assigned to duties such as vacation house checks or other assignments that require the use of a vehicle must first complete the following:

(a) A driving safety briefing and department approved driver safety course.
(b) Verification that the volunteer possesses a valid California Driver License.
(c) Verification that the volunteer carries current vehicle insurance.

The Volunteer Coordinator should ensure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating a Department vehicle, volunteers shall obey all rules of the road, including seat belt requirements. Smoking is prohibited in all Department vehicles.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign indicating that it is out of service and are not authorized to operate a Department vehicle Code-3.

382.5.2 RADIO AND MDT USAGE
Volunteers shall successfully complete CLETS and radio procedures training prior to using the police radio or MDT and comply with all related provisions. The Volunteer Coordinator should ensure that radio and CLETS training is provided for volunteers whenever necessary.

382.6 DISCIPLINARY PROCEDURES/TERMINATION
A volunteer may be removed from the volunteer program at the discretion of the Chief of Police or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing which shall be limited to a single appearance before the Chief of Police or authorized designee.

Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

382.6.1 EXIT INTERVIEWS
Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer’s suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

382.7 EVALUATION
An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the best use of human resources available, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum satisfaction on the part of volunteers.
Off-Duty Law Enforcement Actions

384.1 PURPOSE AND SCOPE
The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the West Sacramento Police Department with respect to taking law enforcement action while off-duty.

384.2 POLICY
Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

384.3 FIREARMS
Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs or medications or any combination thereof that would tend to adversely affect the officer’s senses or judgment.

384.4 DECISION TO INTERVENE
There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

(a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
(b) The inability to communicate with responding units.
Off-Duty Law Enforcement Actions

(c) The lack of equipment, such as handcuffs, OC or baton.
(d) The lack of cover.
(e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
(f) Unfamiliarity with the surroundings.
(g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

384.4.1 INTERVENTION PROCEDURE
If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as a West Sacramento Police Department officer until acknowledged. Official identification should also be displayed.

384.4.2 INCIDENTS OF PERSONAL INTEREST
Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

384.4.3 NON-SWORN RESPONSIBILITIES
Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

384.4.4 OTHER CONSIDERATIONS
When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

384.5 REPORTING
Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.
Department Use of Social Media

387.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that any use of social media on behalf of the Department is consistent with the department mission.

This policy does not address all aspects of social media use. Specifically, it does not address:

- Personal use of social media by department members (see the Employee Speech, Expression and Social Networking Policy).
- Use of social media in personnel processes (see the Recruitment and Selection Policy).

387.1.1 DEFINITIONS
Definitions related to this policy include:

Social media - Any of a wide array of Internet-based tools and platforms that allow for the sharing of information, such as the department website or social networking services

387.2 POLICY
The West Sacramento Police Department may use social media as a method of effectively informing the public about department services, issues, investigations and other relevant events.

Department members shall ensure that the use or access of social media is done in a manner that protects the constitutional rights of all.

387.3 AUTHORIZED USERS
Only members authorized by the Chief of Police or the authorized designee may utilize social media on behalf of the Department. Authorized members shall use only department-approved equipment during the normal course of duties to post and monitor department-related social media, unless they are specifically authorized to do otherwise by their supervisors.

The Chief of Police may develop specific guidelines identifying the type of content that may be posted. Any content that does not strictly conform to the guidelines should be approved by a supervisor prior to posting.

Requests to post information over department social media by members who are not authorized to post should be made through the member’s chain of command.

The City of West Sacramento's Communication Officer may be utilized to review sensitive topics prior to posting.
**387.4 AUTHORIZE CONTENT**

Only content that is appropriate for public release, that supports the department mission and conforms to all department policies regarding the release of information may be posted.

Examples of appropriate content include:

(a) Announcements.

(b) Tips and information related to crime prevention.

(c) Investigative requests for information.

(d) Requests that ask the community to engage in projects that are relevant to the department mission.

(e) Real-time safety information that is related to in-progress crimes, geographical warnings or disaster information.

(f) Traffic information.

(g) Press releases.

(h) Recruitment of personnel.

**387.4.1 INCIDENT-SPECIFIC USE**

In instances of active incidents where speed, accuracy and frequent updates are paramount (e.g., crime alerts, public safety information, traffic issues), the Public Information Officer or the authorized designee will be responsible for the compilation of information to be released, subject to the approval of the Incident Commander.

**387.5 PROHIBITED CONTENT**

Content that is prohibited from posting includes, but is not limited to:

(a) Content that is abusive, discriminatory, inflammatory or sexually explicit.

(b) Any information that violates individual rights, including confidentiality and/or privacy rights and those provided under state, federal or local laws.

(c) Any information that could compromise an ongoing investigation.

(d) Any information that could tend to compromise or damage the mission, function, reputation or professionalism of the West Sacramento Police Department or its members.

(e) Any information that could compromise the safety and security of department operations, members of the Department, victims, suspects or the public.

(f) Any content posted for personal use.

(g) Any content that has not been properly authorized by this policy or a supervisor.

Any member who becomes aware of content on this department’s social media site that he/she believes is unauthorized or inappropriate should promptly report such content to a supervisor. The supervisor will ensure its removal from public view and investigate the cause of the entry.
Department Use of Social Media

387.5.1 PUBLIC POSTING PROHIBITED
Department social media sites shall be designed and maintained to prevent posting of content by the public.

The Department may provide a method for members of the public to contact department members directly.

387.6 MONITORING CONTENT
The Chief of Police will appoint a supervisor to review, at least annually, the use of department social media and report back on, at a minimum, the resources being used, the effectiveness of the content, any unauthorized or inappropriate content and the resolution of any issues.

387.7 RETENTION OF RECORDS
The Administration Division Commander should work with the Custodian of Records to establish a method of ensuring that public records generated in the process of social media use are retained in accordance with established records retention schedules.

387.8 TRAINING
Authorized members should receive training that, at a minimum, addresses legal issues concerning the appropriate use of social media sites, as well as privacy, civil rights, dissemination and retention of information posted on department sites.
Gun Violence Restraining Orders

388.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for petitioning and serving gun violence restraining orders and accounting for the firearms obtained pursuant to those orders (Penal Code § 18108).

388.1.1 DEFINITIONS
Definitions related to this policy include:

Gun violence restraining order - Civil restraining order prohibiting a named person from controlling, owning, purchasing, possessing, receiving, or otherwise having custody of any firearms or ammunition, including an ammunition magazine (Penal Code § 18100).

388.2 POLICY
It is the policy of the West Sacramento Police Department to petition and serve gun violence restraining orders in compliance with state law and to properly account for firearms and ammunition obtained by the Department pursuant to such orders.

388.3 GUN VIOLENCE RESTRAINING ORDERS
An officer who reasonably believes a person is a present danger to him/herself or another person by controlling, owning, purchasing, possessing, receiving, or otherwise having custody of a firearm may request permission from his/her supervisor to petition the court for a gun violence restraining order.

Officers petitioning the court should use the forms established by the Judicial Council (Penal Code § 18105). The petition should describe the number, types, and locations of any firearms and ammunition that the officer believes to be possessed or controlled by the person (Penal Code § 18107). The petition should also describe why less-restrictive alternatives are ineffective or inadequate for the circumstances (Penal Code § 18125; Penal Code § 18150; Penal Code § 18175).

If it is not practical under the circumstances to submit a written petition, an officer may orally request an order, and then prepare and sign a declaration under penalty of perjury that recites the oral statements provided to the judicial officer and memorialize the order of the court on the appropriate Judicial Council form (Penal Code § 18140).

388.3.1 ADDITIONAL CONSIDERATIONS
Officers should also consider requesting permission to petition the court for a gun violence restraining order (Penal Code § 18108):

(a) When responding to a domestic disturbance where the residence is associated with a firearm registration or record.

(b) When responding to any call or incident when a firearm is present or when one of the involved parties owns or possesses a firearm.
(c) During a contact with a person exhibiting mental health issues, including suicidal thoughts, statements, or actions if that person owns or possesses a firearm.

Officers should consider obtaining a mental health evaluation if the encounter involves a situation where there is a reasonable cause to believe that the person poses an immediate and present danger of causing personal injury to themselves or another person by having custody or control of a firearm (see the Mental Illness Commitments Policy) (Penal Code § 18108).

388.4 SERVICE OF GUN VIOLENCE RESTRAINING ORDERS

An officer serving any gun violence restraining order shall:

(a) Verbally ask the subject of the order if he/she has any firearm, ammunition, or magazine in his/her possession or under his/her custody or control (Penal Code § 18160).

(b) Request that any firearms or ammunition be immediately surrendered and issue a receipt for the surrendered items (Penal Code § 18120).

(c) Take into temporary custody any firearm or other deadly weapon discovered in plain view or pursuant to consent or other lawful search (Penal Code § 18250).

(d) Inform the restrained person of any scheduled hearing regarding the order (Penal Code § 18160).

(e) Transmit the original proof of service form to the issuing court as soon as practicable but within one business day (Penal Code § 18115).

(f) As soon as practicable, but by the end of his/her shift, submit proof of service to the Records Manager for prompt entry into the California Restraining and Protective Order System (Penal Code § 18115).

The officer should also inform the restrained person that he/she is required, within 24 hours, to surrender to a law enforcement agency any other firearms and ammunition he/she owns or that are in his/her custody or control or sell them to a firearms dealer. This notification should be documented.

All firearms and ammunition collected shall be handled and booked in accordance with the Property and Evidence Policy.

388.4.1 SERVICE OF ORAL GUN VIOLENCE RESTRAINING ORDERS

If a gun violence restraining order is obtained orally, the officer shall (Penal Code § 18140):

(a) Serve the order on the restrained person in the manner outlined above, if the restrained person can reasonably be located.

(b) File a copy of the order with the court as soon as practicable after issuance.

(c) Ensure the order is provided to the Records Section for entry into the computer database system for protective and restraining orders maintained by the Department of Justice.
388.5 SEARCH WARRANTS
If a person who has been served with a gun violence restraining order refuses to surrender any firearm or ammunition, the officer should consider whether to seek a search warrant. If a search warrant is to be obtained, the preparation and service of the search warrant shall be done in accordance with the Warrant Service Policy. Additionally, (Penal Code § 1542.5):

(a) The officer serving the warrant shall take custody of any firearm or ammunition that is controlled, possessed or owned by the person who is the subject of the gun violence restraining order, including any discovered pursuant to the warrant, a consensual search or other lawful search.

(b) If the location being searched is jointly occupied and the firearm or ammunition is owned by a person other than the restrained person, the firearm or ammunition should not be seized if the following conditions are met:
   1. The firearm or ammunition can be stored in a manner that does not allow the restrained person to have control or access.
   2. There is no evidence that the owner unlawfully possesses the firearm or ammunition.

(c) If a locked gun safe belonging to someone other than the subject of a gun violence restraining order is discovered, the officer shall not search the contents of the safe unless the owner consents or there is a valid search warrant for the safe. Any search of the safe must be done in the owner’s presence.

388.6 RECORDS MANAGER RESPONSIBILITIES
The Records Manager is responsible for ensuring:

(a) Proof of service of any gun violence restraining order served by an officer or received from the clerk of the court is entered in the computer database system for protective and restraining orders maintained by the Department of Justice within one business day of service if served by an officer, or within one business day of receipt of proof of service if served by a person other than a law enforcement officer (Penal Code § 18115).

(b) Oral orders are entered into the California Restraining and Protective Order System (Penal Code § 18140).

(c) Copies of receipts of surrendered firearms or ammunition issued by other agencies for gun violence restraining orders issued by the Department are properly maintained (Penal Code § 18120).

(d) Any relinquishment of firearm rights form received from the court is entered into the California Restraining and Protective Order System within one business day of receipt (Penal Code § 18115).

388.7 COURT-ORDERED FIREARMS AND AMMUNITION SURRENDERS
Authorized members shall accept firearms and ammunition from any individual who is the subject of a gun violence restraining order. The member receiving any firearm or ammunition shall:
Gun Violence Restraining Orders

(a) Record the individual’s name, address and telephone number.
(b) Record the serial number of the firearm.
(c) Prepare an incident report and property report.
(d) Provide a property receipt to the individual who surrendered the firearms and ammunition.
(e) Package and submit the firearms and ammunition in accordance with the Property and Evidence Policy.

388.8 RELEASE OF FIREARMS AND AMMUNITION
Firearms and ammunition that were taken into temporary custody or surrendered pursuant to a gun violence restraining order shall be returned to the restrained person upon the expiration of the order and in accordance with Penal Code § 18120 and the Property and Evidence Policy.

388.9 GUN VIOLENCE RESTRAINING ORDER COORDINATOR
The Chief of Police will appoint a gun violence restraining order coordinator. The responsibilities of the coordinator include:

(a) Developing and maintaining procedures for the filing of a petition for an order or a renewal of an order by department members, also including procedures for requesting and serving (Penal Code § 18108):
   1. A temporary emergency gun violence restraining order.
   2. An ex parte gun violence restraining order.
   3. A gun violence restraining order issued after notice and hearing.

   3. Whether the person has expressed suicidal tendencies.
   4. Whether the person has access to firearms.
   5. The criminal history of the person, in particular any history of criminal violence, including whether the person is currently on parole, probation, or monitored release.

   7. Any upcoming holidays, anniversaries, or other dates of significance that may serve as a trigger for the person, such as the death of a family member.
   8. Whether the person has any history of drug or alcohol abuse.
Gun Violence Restraining Orders

(c) Developing and maintaining procedures for the receipt and service of orders consistent with the requirements of Penal Code § 18115; Penal Code § 18120; Penal Code § 18135; Penal Code § 18140; and Penal Code § 18160. Procedures should include:

1. Evaluation of an order to determine appropriate service and necessary precautions (see the Warrant Service Policy and the Operations Planning and Deconfliction Policy).
2. Forwarding orders to the Records Manager for recording in appropriate databases and required notice to the court, as applicable.
3. Preparing or obtaining a search warrant prior to attempting service of an order, when appropriate (Penal Code § 18108).

(e) Reviewing each petition and any associated court documents for an order prepared by members, for compliance with this policy, department procedures, and state law.

(f) Developing and maintaining procedures for members to accept voluntarily surrendered prohibited items at times other than when an order is being served by the Department.

1. Procedures should include preparing and providing a receipt identifying all prohibited items to the person surrendering the items.

Native American Graves Protection and Repatriation

389.1 PURPOSE AND SCOPE
This policy is intended to ensure the protection and security of ancient or historic grave sites, including notification of personnel responsible for cultural items, in compliance with the Native American Graves Protection and Repatriation Act (NAGPRA) (25 USC § 3001 et seq.).

389.1.1 DEFINITIONS
Definitions related to this policy include (43 CFR 10.2):

Funerary objects and associated funerary objects - Objects that, as part of the death rite or ceremony of a culture, are reasonably believed to have been placed intentionally at the time of death or later with or near individual human remains, or that were made exclusively for burial purposes or to contain human remains.

Native American human remains - The physical remains of the body of a person of Native American ancestry.

Objects of cultural patrimony - Objects having ongoing historical, traditional or cultural importance that is central to the Native American group or culture itself and therefore cannot be appropriated or conveyed by any individual, including members of the Native American group or Native Hawaiian organization. Such objects must have been considered inalienable by the Native American group at the time the object was separated from the group.

Sacred objects - Specific ceremonial objects needed by traditional Native American religious leaders for the practice of traditional Native American religions.

389.2 POLICY
It is the policy of the West Sacramento Police Department that the protection of Native American human remains, funerary objects, associated funerary objects, sacred objects or objects of cultural patrimony is the responsibility of all members. Such protection includes minimizing destruction, contamination, inadvertent disruption or complicated custody transfer processes.

389.3 COMPLIANCE WITH THE NATIVE AMERICAN GRAVES PROTECTION AND REPATRIATION ACT
Upon discovery or arrival upon a scene where it reasonably appears that a Native American grave, human remains, funerary objects, associated funerary objects, sacred objects or objects of cultural patrimony are exposed or otherwise unsecured, members shall secure the site in the same manner as a crime scene. All activity at the scene other than scene preservation activity must cease (43 CFR 10.4).

No photography or video recording may be permitted by the media or any group or individual who may wish to exhibit the remains.
Without delay, the appropriate agency or group shall be notified to respond and take control of the scene. These include the following (43 CFR 10.4):

- Federal land - Appropriate agency at the U.S. Department of the Interior or U.S. Department of Agriculture
- State land/Private land - Coroner, when appropriate (Health and Safety Code § 7050.5)
- Tribal land - Responsible Indian tribal official

389.4 EVIDENCE AND PROPERTY
If the location has been investigated as a possible homicide scene prior to identification as a NAGPRA site, investigators shall work with other appropriate agencies and individuals to ensure the proper transfer and repatriation of any material collected. Members shall ensure that any remains or artifacts located at the site are expediently processed (43 CFR 10.6).
Chapter 4 - Patrol Operations
Patrol Function

400.1 PURPOSE AND SCOPE
The purpose of this policy is to define the patrol function and address intraorganizational cooperation and information sharing.

400.2 POLICY
The West Sacramento Police Department provides patrol services 24 hours a day, seven days a week and will prioritize responses to requests for emergency services using available resources to enhance the safety of the public and department members.

400.3 FUNCTION
Patrol will generally be conducted by uniformed officers in clearly marked law enforcement vehicles in assigned jurisdictional areas of West Sacramento. The function of patrol is to respond to calls for assistance and reports of criminal activity, act as a deterrent to crime, enforce state and local laws, identify community needs, provide support and assistance to the community and respond to emergencies.

Patrol services include, but are not limited to:

(a) Responding to emergency calls for service.
(b) Apprehending criminal offenders.
(c) Providing mutual aid and assistance to other agencies for emergency and law enforcement-related activities.
(d) Preventing criminal acts, traffic violations and collisions, maintaining public order and discovering hazardous situations or conditions.
(e) Responding to reports of criminal and non-criminal acts.
(f) Responding to routine calls for service, such as public assistance or public safety.
(g) Carrying out crime prevention activities such as residential inspections, business inspections and community presentations.
(h) Carrying out community oriented policing and problem-solving activities including the application of resources to improve or resolve specific problems or situations and contacting or assisting members of the public in a positive way.
(i) Directing and controlling traffic.

400.4 PATROL COVERAGE DURING WATCH CHANGE
(a) Patrol Operations must have continuous law enforcement coverage 24 hours a day, every calendar day.
(b) Patrol Operations Officers will be assigned to a Day, Swing or Graveyard Watch.
Patrol Function

(c) Patrol Operations shift rotation will take place either on a six month or annual basis and bid by department seniority. (Probationary employees are not included in the bidding process and can be placed on a shift based on needs of the department.)

(d) Officers usually work an assigned beat every duty day for the duration of a bidding cycle (six months to a year). However, at the beginning of each shift the supervisor may assign officers to different beats based on the needs of the department.

(e) Officers may be assigned to a different beat by the on-duty supervisor based on the needs of the department.

(f) Officers days off are based on their assigned shift.

(g) This policy is to establish a method for assigning available officers to shifts, service areas, and days off. This helps to ensure impartiality in the process. However, management retains the final authority to assign officers to shifts and service areas in order to provide effective coverage, ensure accountability, and achieve organizational goals and objectives.

400.5 INFORMATION SHARING
To the extent feasible, all information relevant to the mission of the Department should be shared among all divisions and specialized units on a timely basis. Members should be provided with opportunities on a regular basis to share information during the daily roll call briefings and to attend roll call briefings of other divisions or specialized units.

Additionally, information should be shared with outside agencies and the public in conformance with department policies and applicable laws. Members are encouraged to share information with other units and divisions.

400.5.1 CRIME ANALYSIS UNIT
The Crime Analysis Unit (CAU) will be the central unit assigned for information exchange. The Crime Analysis Unit will be assigned to the Uniformed Services Division. Criminal information and intelligence reports can be submitted to the Records Section for distribution to all divisions within the Department through daily and special bulletins.

400.5.2 CRIME REPORTS
A crime report may be completed by any patrol officer who receives criminal information. The report will be processed and forwarded to the appropriate bureau for retention or follow-up investigation.

400.5.3 PATROL BRIEFINGS
Patrol supervisors, detective sergeants, and special unit sergeants are encouraged to share information as much as possible. All supervisors and/or officers will be provided an opportunity to share information at the daily patrol Roll Call Briefings as time permits.
Patrol Function

400.5.4 INFORMATION BINDER
A Notebook Binder will be maintained in the briefing room and will be available for review by officers from all divisions within the Department. The binder will include, but not limited to wanted persons, written directives, overtime sign-up and other miscellaneous information.

400.5.5 BULLETIN BOARDS
A bulletin board will be kept in the Roll Call Briefing room and the Detective Bureau for display of suspect information, intelligence reports and photographs. New Departmental Directives will be made available for patrol supervisors and will be discussed at briefings and shift meetings. A copy of the Departmental Directive will be placed on the briefing room clipboard.

400.6 CROWDS, EVENTS AND GATHERINGS
Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action.

Generally, officers should consider seeking compliance through advisements and warnings for minor violations and should reserve greater enforcement options for more serious violations or when voluntary compliance with the law is not achieved.

Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws, such as Penal Code 602.1 (obstructing or intimidating business operators), when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

400.6.1 CAMPUS LIAISON
The Los Rios Community College District has designated a liaison between our department and students exercising rights guaranteed by the First Amendment to the United States Constitution, a similar provision of the California Constitution or both (Education Code § 66303). The designated department staff member will work with this liaison regarding relevant issues, scheduled events, training and crowd control.
Bias-Based Policing

402.1 PURPOSE AND SCOPE
This policy provides guidance to department members that affirms the West Sacramento Police Department's commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

402.1.1 DEFINITIONS
Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement (Penal Code § 13519.4).

402.2 POLICY
The West Sacramento Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

402.3 BIAS-BASED POLICING PROHIBITED
Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

402.3.1 BIASED PRACTICES PROHIBITED

(a) It shall be the policy and practice of this Department to provide law enforcement services and to enforce the law equally and fairly without discrimination toward any individual(s) or group because of their race, color, religion, ancestry, national origin, gender, sexual orientation, religion, economic status, age or disability.

(b) The practice of "Bias Based Profiling" is illegal, unethical and will not be tolerated by the Department. "Bias Based Profiling" violates the Fourteenth Amendment's equal protection clause of the United States Constitution and California law and will not be tolerated in traffic contacts, field contacts and in asset seizures and forfeiture efforts.
Bias-Based Policing

(c) It is the responsibility of every member of this Department to prevent, report and respond appropriately to any unlawful/ethical discriminatory or biased practices.

(d) Every member of the Department engaging in a consensual contact shall be prepared to articulate a reason for that contact.

(e) Every member of the Department engaging in a non-consensual contact shall be prepared to articulate sufficient reasonable suspicion or probable cause to justify the detention independent of the individual(s) membership in a protected class.

(f) In an effort to prevent inappropriate perceptions of "Bias Based Profiling", each officer shall practice "tactical communication skills" when conducting pedestrian and vehicle stops:

- Greeting
- ID Self/Department
- Reason for the stop
- Justification
- Driver's License
- Registration and Insurance
- Decision
- Close

(a) To the extent that written documentation would otherwise be completed (e.g. arrest report, FI card etc.) the involved officer should include those facts giving rise to the officer's reasonable suspicion or probable cause for the contact.

(b) While the practice of "Bias Based Profiling" is strictly prohibited, it is recognized that "protected class" descriptors may be legitimately considered by an officer in combination with other legitimate factors to establish reasonable suspicion or probable cause (e.g. suspect description is limited to "protected class" descriptors).

(c) Recognizes every person values his/her time and consciously avoids unanticipated interruptions during the day, officers shall explain the reasons for the stop and apologize to the citizen for the interruption of his/her day and use of their time if the officer determines that the reasonable suspicion was determined to be unfounded after completing his/her investigatory stop.

402.3.2 CALIFORNIA RELIGIOUS FREEDOM ACT
Members shall not collect information from a person based on religious belief, practice, affiliation, national origin or ethnicity unless permitted under state or federal law (Government Code § 8310.3).

Members shall not assist federal government authorities (Government Code § 8310.3):
Bias-Based Policing

(a) In compiling personal information about a person’s religious belief, practice, affiliation, national origin or ethnicity.

(b) By investigating, enforcing or assisting with the investigation or enforcement of any requirement that a person register with the federal government based on religious belief, practice, or affiliation, or national origin or ethnicity.

402.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

402.4.1 REASON FOR CONTACT

Officers contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

To the extent that written documentation would otherwise be completed (e.g., arrest report, field interview (FI) card), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

402.4.2 SUPERVISORY

Supervisors shall ensure that all personnel in their command are familiar with the content of this policy and are operating in compliance with it.

Violations of the intent and purpose of this Order will result in an administrative investigation and disciplinary action, if deemed appropriate. A recommendation of disciplinary action, when deemed appropriate based on the facts established in that investigation will be forwarded to the Chief of Police for final action.

402.4.3 REPORTING OF STOPS

Unless an exception applies under 11 CCR 999.227, an officer conducting a stop of a person shall collect the data elements required by 11 CCR 999.226 for every person stopped and prepare a stop data report. When multiple officers conduct a stop, the officer with the highest level of engagement with the person shall collect the data elements and prepare the report (11 CCR 999.227).

If multiple agencies are involved in a stop and the West Sacramento Police Department is the primary agency, the West Sacramento Police Department officer shall collect the data elements and prepare the stop data report (11 CCR 999.227).

The stop data report should be completed by the end of the officer’s shift or as soon as practicable (11 CCR 999.227).
402.5 SUPERVISOR RESPONSIBILITIES
Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations in accordance with the Personnel Complaints Policy.

(a) Supervisors should discuss any issues with the involved officer and his/her supervisor in a timely manner.
   1. Supervisors should document these discussions, in the prescribed manner.
(b) Supervisors should periodically review MAV recordings, portable audio/video recordings and any other available resource used to document contact between officers and the public to ensure compliance with the policy.
   (a) Supervisors should document these periodic reviews.
   (b) Recordings or data that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.
   (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.
   (d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this department who discloses information concerning bias-based policing.

402.6 ADMINISTRATION
Each year, the Professional Standards Unit Sergeant will review the efforts of the Department to provide fair and objective policing and submit an annual report, including public concerns and complaints, to the Chief of Police.

The annual report should not contain any identifying information about any specific complaint, member of the public or officers. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service.

Supervisors should review the annual report and discuss the results with those they are assigned to supervise.

402.7 TRAINING
Training on fair and objective policing and review of this policy should be conducted as directed by the Administrative Division.

(a) All sworn members of this department will be scheduled to attend Peace Officer Standards and Training (POST)-approved training on the subject of bias-based policing.
(b) Pending participation in such POST-approved training and at all times, all members of this department are encouraged to familiarize themselves with and consider racial and cultural differences among members of this community.
(c) Each sworn member of this department who received initial bias-based policing training will thereafter be required to complete an approved refresher course every
Bias-Based Policing

five years, or sooner if deemed necessary, in order to keep current with changing racial, identity and cultural trends (Penal Code § 13519.4(i)).

(d) The refresher training on biased based policing shall include a review of legal considerations for both California and federal laws.

(e) In addition, the department will conduct annual bias-based policing training that includes legal considerations on an annual basis.

402.8 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE
The Professional Standards Unit Sergeant shall ensure that all data required by the California Department of Justice (DOJ) regarding complaints of racial bias against officers is collected and provided to the Records Supervisor or authorized designee for required reporting to the DOJ (Penal Code § 13012; Penal Code § 13020). See the Records Section Policy.

Supervisors should ensure that data stop reports are provided to the Records Supervisor for required annual reporting to the DOJ (Government Code § 12525.5) (See Records Bureau Policy).
Roll Call Briefing Training

404.1 PURPOSE AND SCOPE
Roll Call Briefing training is generally conducted at the beginning of the officer’s assigned shift. Roll Call Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct Roll Call Briefing; however officers may conduct Roll Call Briefing for training purposes with supervisor approval.

Roll Call Briefing should accomplish, at a minimum, the following basic tasks:

(a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles, and major investigations

(b) Notifying officers of changes in schedules and assignments

(c) Notifying officers of new Departmental Directives or changes in Departmental Directives

(d) Reviewing recent incidents for training purposes

(e) Providing training on a variety of subjects

404.2 PREPARATION OF MATERIALS
The supervisor conducting Roll Call Briefing is responsible for preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate officer in his or her absence or for training purposes.

404.3 RETENTION OF ROLL CALL BRIEFING TRAINING RECORDS
Roll Call Briefing training materials and a curriculum or summary shall be forwarded to the Training Manager for inclusion in training records, as appropriate.
Crime and Disaster Scene Integrity

406.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance in handling a major crime or disaster.

406.2 POLICY
It is the policy of the West Sacramento Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

406.3 SCENE RESPONSIBILITY
The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

406.4 FIRST RESPONDER CONSIDERATIONS
The following list generally describes the first responder’s function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

(a) Broadcast emergency information, including requests for additional assistance and resources.
(b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
(c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
(d) Provide first aid to injured parties if it can be done safely.
(e) Evacuate the location safely as required or appropriate.
(f) Secure the inner perimeter.
(g) Protect items of apparent evidentiary value.
(h) Secure an outer perimeter.
(i) Identify potential witnesses.
(j) Start a chronological log noting critical times and personnel allowed access.
406.5 SEARCHES
Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

406.5.1 CONSENT
When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

406.6 EXECUTION OF HEALTH ORDERS
Any sworn member of this department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).
Tactical Response and Negotiations/Crisis Teams

408.1 PURPOSE AND SCOPE
The West Sacramento Police Department uses Tactical Response (SWAT) and Hostage/Negotiation teams to complement and supplement its other operational components through cooperation and coordination. This policy is written to comply with the guidelines established in the Attorney General's Commission on Special Weapons and Tactics Report (September 2002) and the POST 2005 SWAT Operational Guidelines and Standardized Training Recommendations (Penal Code § 13514.1).

408.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY
The Policy Manual sections pertaining to the SWAT Team and Hostage/Negotiation Team are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a police response vary greatly from incident to incident and such events often demand on-the-scene evaluation, the Operational Policy outlined in this manual section serves as a guideline to department personnel allowing for appropriate on-scene decision making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

408.1.2 SWAT TEAM DEFINED
A SWAT team is a designated unit of law enforcement officers that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex, or unusual that they may exceed the capabilities of first responders or investigative units including, but not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk incidents. As a matter of department policy, such a unit may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit.

408.2 LEVELS OF CAPABILITY/TRAINING

408.2.1 LEVEL I
A level I SWAT team is a basic team capable of providing containment and intervention with critical incidents that exceed the training and resources available to line-level officers. This does not include ad hoc teams of officers that are formed around a specific mission, detail or incident (e.g. active shooter response). Generally 5% of the basic team's on-duty time should be devoted to training.

408.2.2 LEVEL II
A level II, Intermediate level SWAT team is capable of providing containment and intervention. Additionally, these teams possess tactical capabilities above the Level I teams. These teams may or may not work together on a daily basis, but are intended to respond to incidents as a team. At
least 5% of their on-duty time should be devoted to training with supplemental training for tactical capabilities above the Level I team. The West Sacramento Police Department SWAT team is a level II team.

408.2.3 LEVEL III
A Level III, Advanced level SWAT team is a SWAT team whose personnel function as a full-time unit. Generally 25% of their on-duty time is devoted to training. Level III teams operate in accordance with contemporary best practices. Such units possess both skills and equipment to utilize tactics beyond the capabilities of Level I and Level II teams.

408.3 POLICY
It shall be the policy of this department to maintain a SWAT team and to provide the equipment, manpower, and training necessary to maintain a SWAT team. The SWAT team should develop sufficient resources to perform three basic operational functions:

(a) Command and Control
(b) Containment
(c) Entry/Apprehension/Rescue

It is understood it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators and potential incident commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.

408.3.1 POLICY CONSIDERATIONS
A needs assessment should be conducted to determine the type and extent of SWAT missions and operations appropriate to this department. The assessment should consider the team's capabilities and limitations and should be reviewed annually by the SWAT Commander or his/her designee.

408.3.2 ORGANIZATIONAL PROCEDURES
This department shall develop a separate written set of organizational procedures which should address, at minimum, the following:

(a) Locally identified specific missions the team is capable of performing.
(b) Team organization and function.
(c) Personnel selection and retention criteria.
(d) Training and required competencies.
(e) Procedures for activation and deployment.
(f) Command and control issues, including a clearly defined command structure.
(g) Multi-agency response.
408.3.3 OPERATIONAL PROCEDURES
This department shall develop a separate written set of operational procedures in accordance with the determination of their level of capability, using sound risk reduction practices. The operational procedures should be patterned after the National Tactical Officers Association Suggested SWAT Best Practices. Because such procedures are specific to SWAT and Hostage/Negotiation Team members and will outline tactical and officer safety issues, they are not included within this policy. The operational procedures should include, at minimum, the following:

(a) Designated personnel responsible for developing an operational or tactical plan prior to, and/or during SWAT operations (time permitting).
   1. All SWAT team members should have an understanding of operational planning.
   2. SWAT team training should consider planning for both spontaneous and planned events.
   3. SWAT teams should incorporate medical emergency contingency planning as part of the SWAT operational plan.

(b) Plans for mission briefings conducted prior to an operation, unless circumstances require immediate deployment.
   1. When possible, briefings should include the specialized units and supporting resources.

(c) Protocols for a sustained operation should be developed which may include relief, rotation of personnel and augmentation of resources.

(d) A generic checklist to be worked through prior to initiating a tactical action as a means of conducting a threat assessment to determine the appropriate response and resources necessary, including the use of SWAT.

(e) The appropriate role for a trained negotiator.

(f) A standard method of determining whether or not a warrant should be regarded as high-risk.

(g) A method for deciding how best to serve a high-risk warrant with all reasonably foreseeable alternatives being reviewed in accordance with risk/benefit criteria prior to selecting the method of response.

(h) Post incident scene management including:
   1. Documentation of the incident.
   2. Transition to investigations and/or other units.
3. Debriefing after every deployment of the SWAT team.
   (a) After-action team debriefing provides evaluation and analysis of critical incidents and affords the opportunity for individual and team assessments, helps to identify training needs, and reinforces sound risk management practices.
   (b) Such debriefing should not be conducted until involved officers have had the opportunity to individually complete necessary reports or provide formal statements.
   (c) In order to maintain candor and a meaningful exchange, debriefing will generally not be recorded.
   (d) When appropriate, debriefing should include specialized units and resources.
      (i) Sound risk management analysis.
      (j) Standardization of equipment deployed.

408.4 TRAINING NEEDS ASSESSMENT
The SWAT Commander shall conduct an annual SWAT Training needs assessment to ensure that training is conducted within team capabilities, department policy and the training guidelines as established by POST (11 C.C.R. § 1081).

408.4.1 INITIAL TRAINING
SWAT team operators and SWAT supervisors/team leaders should not be deployed until successful completion of the POST-certified Basic SWAT Course or its equivalent.
   (a) To avoid unnecessary or redundant training, previous training completed by members may be considered equivalent when the hours and content (topics) meet or exceed department requirements or POST standardized training recommendations.

408.4.2 UPDATED TRAINING
Appropriate team training for the specialized SWAT functions and other supporting resources should be completed prior to full deployment of the team.

SWAT team operators and SWAT supervisors/team leaders should complete update or refresher training as certified by POST, or its equivalent, every 24 months.

408.4.3 SUPERVISION AND MANAGEMENT TRAINING
Command and executive personnel are encouraged to attend training for managing the SWAT function at the organizational level to ensure personnel who provide active oversight at the scene of SWAT operations understand the purpose and capabilities of the teams.
Command personnel who may assume incident command responsibilities should attend SWAT or Critical Incident Commander course or its equivalent. SWAT command personnel should attend a POST-certified SWAT commander or tactical commander course, or its equivalent.

408.4.4 SWAT ONGOING TRAINING
Training shall be coordinated by the SWAT Team Commander. The SWAT Team Commander may conduct monthly training exercises that include a review and critique of personnel and their performance in the exercise in addition to specialized training. Training shall consist of the following:

(a) Each SWAT member shall perform a physical fitness test once each year. A minimum qualifying score must be attained by each team member. The physical fitness test consist of the following requirements:

- Run 1 1/2 miles within twelve minutes and thirty seconds
- Complete thirty-five pushups in one minute
- Complete forty sit-ups in one minute
- Bench press body weight one time using free weights
- Perform a standing vertical leap of sixteen inches
- Run three hundred meters within sixty seconds

(a) Any SWAT team member failing to attain the minimum physical fitness qualification score will be notified of the requirement to retest and attain a qualifying score. Within 30 days of the previous physical fitness test date, the member required to qualify shall report to a team supervisor and complete the entire physical fitness test. Failure to qualify after a second attempt may result in dismissal from the team.

(b) Those members who are on vacation, ill, or are on light duty status with a doctor’s note of approval on the test date, shall be responsible for reporting to a team supervisor and taking the test within 30 days of their return to regular duty. Any member, who fails to arrange for and perform the physical fitness test within the 30-day period, shall be considered as having failed to attain a qualifying score for that test period.

(c) Quarterly, each SWAT team member shall perform the mandatory SWAT handgun qualification course. The qualification course shall consist of the SWAT Basic Drill for the handgun. Failure to qualify will require that officer to seek remedial training from a team range master approved by the SWAT Team Commander. Team members who fail to qualify must retest within 30 days. Failure to qualify within 30 days with or without remedial training may result in dismissal from the team.

408.4.5 TRAINING SAFETY
Use of a designated safety officer should be considered for all tactical training.
408.4.6 SCENARIO BASED TRAINING
SWAT teams should participate in scenario-based training that simulates the tactical operational environment. Such training is an established method of improving performance during an actual deployment.

408.4.7 TRAINING DOCUMENTATION
Individual and team training shall be documented and records maintained by the Administrative Division. Such documentation shall be maintained in each member's individual training file. A separate agency SWAT training file shall be maintained with documentation and records of all team training.

408.5 UNIFORMS, EQUIPMENT, AND FIREARMS
The Police Department assigns the SWAT Team members various pieces of specialized equipment to aid in properly performing their function. All SWAT Team personnel should keep their equipment where it is readily available if they need it. It is the responsibility of the SWAT Team Commander to ensure all of the equipment needs of the team are met. In furtherance of this responsibility, the SWAT Team Commander, or his designee will inspect all equipment monthly.

408.5.1 UNIFORMS
SWAT teams from this agency should wear uniforms that clearly identify team members as law enforcement officers. It is recognized that certain tactical conditions may require covert movement. Attire may be selected appropriate to the specific mission.

408.5.2 EQUIPMENT
ALERT Team from this agency should be adequately equipped to meet the specific mission(s) identified by the agency. The Police Department assigns the ALERT Team members various pieces of specialized equipment to aid in properly performing their function. All ALERT Team personnel should keep their equipment where it is readily available if they need it. It is the responsibility of the ALERT Team Commander to ensure all of the equipment needs of the team are met. In furtherance of this responsibility, the ALERT Team Commander, or his designee will inspect all equipment monthly. ALERT Team personnel are issued the following equipment at minimum:

- Portable hand held radio with microphone and earphone
- Gas mask
- Soft body armor in the form of a tactical entry vest
- Winter and summer uniforms
- Kevlar Helmet

(b) If an outside law enforcement agency is involved in such operations which does not have the capability of communicating on the 800 MHZ radio system, an officer from the outside agency should be assigned to the command post who has the ability to relay communications from the command post to outside agency officers.

414.3.7 EMERGENCY MEDICAL TREATMENT/FIRE DEPARTMENT ASSISTANCE

(a) The West Sacramento Fire Department and local ambulance service should be notified so they are on stand-by and ready to respond if needed for emergency medical treatment and/or special equipment needs.

(b) If injuries have already been sustained, arrangements should be made to transport the injured to a safe area where emergency medical personnel can provide medical attention or transportation to a medical facility.

414.3.8 PROVISIONS FOR CHASE AND SURVEILLANCE VEHICLES

(a) Permitting the movement of a suspect presents a danger to the general public and a difficult control problem. However, if the Incident Commander or the SWAT Team Leader may deems it necessary to allow the suspect to leave in order to gain a tactical advantage.

(b) In situations where the suspect is permitted to leave the scene, the Incident Commander will request that chase and surveillance vehicles, aircraft and other necessary equipment be available. The travel routes will be determined with the
suspect and approved by the Incident Commander and the SWAT Team Leader to ensure the safety of the public and law enforcement personnel.

414.3.9 MEDIA ACCESS AND PRESS RELEASES

(a) The Public Information Officer (PIO) will be called to the scene of such situations to handle media relations.

(b) The PIO will establish an information distribution point near the command post and will release information to the media according to Policy Manual 346 "News Media Relations".

(c) The PIO will be under the direction and control of the Incident Commander for all hostage, barricaded or suicidal situations.

(d) Police Department personnel involved in hostage, barricaded or suicidal suspect situations will not release information to the media without approval of the Incident Commander.

(e) Representatives of the media with valid identification will be permitted to enter only the outer perimeter area and assemble at the information distribution center.

(f) Media personnel will not be permitted to enter or approach the inner perimeter area without approval of the Incident Commander, in which case an Officer must accompany them.

(g) When a police perimeter has been established media personnel interfering with or jeopardizing the safety of persons involved in rescue operations may be restrained and/or charged with any applicable law, e.g. 148 P.C., 148 P.C., or 2800 C.V.C.

414.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor’s response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

414.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators.
Hostage and Barricade Incidents

During the interim the following options, while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

(c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(d) Provide responding emergency personnel with a safe arrival route to the location.

(e) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.

(f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.

(g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.

(h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer (PIO).

(j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

(k) Establish a command post.

414.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

(c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
Hostage and Barricade Incidents

(d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.

(e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(f) Provide responding emergency personnel with a safe arrival route to the location.

(g) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.

(h) Coordinate pursuit or surveillance vehicles and control of travel routes.

(i) Attempt to obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.

(j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.

(k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the PIO.

(m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

414.5 SUPERVISOR RESPONSIBILITIES
Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a Special Weapons and Tactics Team (SWAT) response if appropriate and apprising the SWAT Commander of the circumstances. In addition, the following options should be considered:

(a) Ensure injured persons are evacuated and treated by medical personnel.

(b) Ensure the completion of necessary first responder responsibilities or assignments.

(c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.

(d) Establish a command post location as resources and circumstances permit.

(e) Designate assistants who can help with intelligence information and documentation of the incident.

(f) If it is practicable to do so, arrange for video documentation of the operation.

(g) Consider contacting utility and communication providers to restrict such services (e.g., restricting electric power, gas, telephone service).

1. When considering restricting communication services, a supervisor should make the determination that there is reason to believe an emergency situation exists
involving immediate danger of death or great bodily harm and that an interruption to communication services is necessary to protect public safety (Penal Code § 11471). The supervisor must ensure the Department obtains a court order, in accordance with Penal Code § 11472, prior to requesting the interruption. In the case of an extreme emergency when there is insufficient time to obtain an order prior to the request, application for the order must be submitted within six hours after initiating the interruption. If six hours is not possible, then the application for the court order shall be made at the first reasonably available opportunity, but no later than 24 hours in accordance with Penal Code § 11475.

(h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or Yolo Emergency Communications Agency.

(i) Identify a media staging area outside the outer perimeter and have the department Public Information Officer or a designated temporary media representative provide media access in accordance with the Media Relations Policy.

(j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.

(k) Debrief personnel and review documentation as appropriate.

414.6 SWAT RESPONSIBILITIES
The Incident Commander will decide, with input from the SWAT Commander, whether to deploy the SWAT during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the SWAT Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the SWAT. The Incident Commander and the SWAT Commander or the authorized designee shall maintain communications at all times.

414.7 REPORTING
Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.
Mass Arrest/Demonstration Procedures

415.1 PURPOSE AND SCOPE
It is the policy of the police department to allow persons to enjoy and exercise rights under the Constitutions of the State of California and the United States. Those rights include the right to free speech and to peacefully assemble. While a police response is rarely necessary for a passive non-violent protest, violent demonstrations or riots, where there is imminent or expected danger to persons or property, do require immediate and planned response from law enforcement.

When the police are forced to make mass arrests or respond to demonstrations or riots there is increased potential for violence, destruction of property and over taxation of local and surrounding agency resources. Even though a situation involving mass arrest may be tense, rapidly evolving, and require split-second decisions be made, any arrests shall be made only after there is an individual determination of probable cause supporting the arrest. Therefore, the need exists for a procedure to assist personnel in making the appropriate decisions in response to actual incidents.

415.2 PROCEDURE

415.2.1 DECISION TO ARREST OR FORM SKIRMISH LINES
The Incident Commander (I.C.) or Patrol Sergeant should consider the following prior to mass arrest or formation of skirmish lines:

(a) The size and type of violation or incident

(b) The actual or anticipated behavior or potential for violence from the group of violators. Large groups of violators throwing bottles or objects, burning property, blocking freeways or uncontrolled highways, or engaging in actual violence towards others is behavior which will generally result in the implementation of this procedure. The Patrol Sergeant or I.C. is ultimately responsible for making that decision.

(c) The number of police officers available to make arrests or form skirmish lines

(d) The location of the violation and potential for violence, bystander injury, or property damage

(e) The history of the violator group(s). The identity of the violator(s) and whether they are known or unknown If the decision is made to affect arrests or form skirmish lines, they should, as a general rule, not be made until sufficient police personnel and appropriate safety equipment are "on scene" to maintain control.

415.2.2 INITIAL RESPONSE

(a) The Patrol Sergeant shall notify the appropriate Division Commander when a known or potential large demonstration or mass arrest situation exists. The Uniformed Services Commander should assume command responsibilities from the Patrol Sergeant, as appropriate. In absence of higher authority, the Patrol Sergeant is the I.C.
Mass Arrest/Demonstration Procedures

(b) The initial I.C. is responsible for notifying the Uniformed Services Division Commander of any actual mass arrest or demonstration. Dependent on the size or magnitude of the incident, additional Division Commanders may be summoned.

(c) For Mass Arrests resulting from assembly-based violence

1. The Uniformed Services Division Commander will be the I.C. and staff the Department Uniformed Services Center (DOC) or Emergency Uniformed Services Center (EOC), as needed.

2. An available Uniformed Services Commander or the Uniformed Services lieutenant responsible for the Uniformed Services Section.

3. One of the Patrol Sergeants shall be responsible for Tactical and Field Uniformed Services (branch in Uniformed Services section).

4. The Professional Standards Sergeant, or other designated sergeant, shall be the press information officer (PIO) under the I.C.

(d) The I.C. shall:

1. Determine the approximate number of officers and support personnel needed for crowd control, arrests, booking, perimeter positions, relief, and transportation.

2. Be responsible for the deployment of all personnel assigned to the incident. Assignments may be based on attached operational plans. Requests for outside agency assist or mutual aid shall be made pursuant to countywide Mutual Aid Agreement. Non-police personnel may be summoned and deployed at the direction of the I.C.

3. Designate a command post and assign sufficient personnel to each function in the Incident Command System. The command post should be safe, securable, and have telephone communications.

4. Select an appropriate radio frequency.

5. Designate a staging area at which personnel or equipment may be held in reserve. It should be away from the public's view in a designated safe area, have telephone communications and provide for the needs of staged personnel. Assign a staging manager to account for the availability status of all personnel and equipment.

6. Assign a Public Information Officer and a location, fairly close to the scene, for press communications.

415.2.3 COMMAND STRUCTURE

(a) Mass Arrests Non-Violent Typical Command Structure Mass Arrest (Non-violent)
Mass Arrest/Demonstration Procedures

1. The Line Squads are primarily responsible for initial interaction with the offenders. The line will generally move or control crowds, provide scene security, and protect the arrest teams.

2. The I.C., or the designee, is responsible for advising the offenders of the Unlawful Assembly Admonition.

3. The Arrest Team is responsible for making the actual arrests.
   (a) The Arrest Team Supervisor, or designee, while being video-taped if at all possible, will approach each individual to be arrested and advise:
       1. Of the arresting officer's identification.
       2. Of the charge for which the violator is subject to arrest.
       3. That if the suspect leaves now and does not return they will not be arrested.
       4. That they are ordered to leave now.
   (b) If the person refuses to leave, the Arrest Team Supervisor will advise:
       1. "You are under arrest for violation of ___________."
       2. "If you resist, a charge of 148PC, Resisting Arrest, will be added and you will force us to use pain compliance control holds."
   (c) At least three officers will physically move that person to the transportation or booking area, while the Arrest Team Leader repeats the procedure with the next suspect.

4. Field Booking
   (a) The Booking Team Leader will select a location for the field booking. It should be close enough to the scene so the arrest teams may easily walk prisoners to it, yet far enough away to be safe.
   (b) The arrest teams will walk the prisoner to the field booking station where the following will occur:
      (a) A 4X6 card with the charge and name of the suspect will be held in front of the suspect's chest by one of the arresting officers.
      (b) A digital picture will be taken of the suspect and that officer.
      (c) An "Arrest Admonition" form will be completed by the field-booking officer. It captures the arresting officer's name and the name and DOB of the arrestee.
Mass Arrest/Demonstration Procedures

(d) If the suspect has no identification, whatever name is orally given may be used, because another booking will occur. Note the fact that there was no ID, on the Arrest Admonition form.

(e) The Arrest Admonition Form will be placed in a large envelope with the arrestee's name on the outside.

(f) A cursory body search will be made of the suspect prior to being placed in the transportation vehicle. It may be made sooner if the arresting or booking officer wishes. Any contraband will be placed in the booking envelope to, either be placed into evidence, or returned after the station booking. Illegal weapons will be taken as evidence and the suspect charged accordingly.

(g) All arrestee booking envelopes will be given to the transportation officer to accompany the suspect to the station booking area.

5. Transportation

(a) In an otherwise non-violent encounter, one or three violent people may bypass the station booking and be transported directly to the Yolo County Jail.

(b) Depending on the number of prisoners, Department vans, Yolo Sheriff's Dept. jail vans, other public buses, or California Dept. of Correction's buses may be used to transport people to either the station booking or the Yolo County Jail.

(c) At least one officer should accompany the driver in every transport vehicle. The field-booking supervisor will determine the number of transport officers per vehicle.

(d) Seat belt restraints need not be used for the prisoners.

6. Station Booking for Arrestee's who will be released on Notices-to-Appear

(a) The Department booking facility and secure sally-port may be used as the booking area, dependent on the number of arrestees.

(b) Each arrestee will be booked, processed, and released as any other similar offender. However, arrestees who may return to the scene of the demonstration or who pose risk of repeating the offense may be lodged at the county jail.

(c) The entire incident will have the same case number.

(b) Mass Arrest (Violent Protests/Demonstrations)- A violent situation is one in which there are physical assaults toward others or a significant destruction of property. Resisting arrest by going limp is not considered violence.
Mass Arrest/Demonstration Procedures

(a) The Line Squads are primarily responsible for initial interaction with the offenders. The line will generally move or control crowds, provide scene security, and protect the arrest teams.

(b) The Arrest Team is responsible for making the actual arrests.

(a) The Field Ops Commander, or their designee, is responsible for giving the order to disperse. Following an order to disperse, the Arrest Team Supervisor will direct the arrest team towards those to be arrested. The supervisor is responsible for advising the suspect of the arrest.

(b) Use of Force shall be pursuant to Policy 300.

(c) At least three officers will physically move that person to the transportation or booking area, while the Arrest Team Leader repeats the procedure with the next suspect.

(c) Field Booking

(a) The Booking Team Leader will select a location for the field booking. It should be close enough to the scene so the arrest teams may easily walk prisoners to it, yet far enough away to be safe.

(b) The arrest teams will walk the prisoner to the field booking station where the following will occur:

(a) A 4X6 card with the charge and name of the suspect will be held in front of the suspect's chest by one of the arresting officers.

(b) A digital picture will be taken of the suspect and that officer.

(c) An "Arrest Admonition" form will be completed by the field-booking officer. It captures the arresting officer's name and the name and DOB of the arrestee.

(d) If the suspect has no identification, whatever name is orally given may be used, because another booking will occur. Note the fact that there was no ID, on the Arrest Admonition form.

(e) The Arrest Admonition Form will be placed in a large envelope with the arrestee's name on the outside.

(f) A cursory body search will be made of the suspect prior to being placed in the transportation vehicle. It may be made sooner if the arresting or booking officer wishes. Any contraband will be placed in the booking envelope to, either be placed into evidence, or returned after the station booking. Illegal weapons will be taken as evidence and the suspect charged accordingly.
(g) All arrestee booking envelopes will be given to the transportation officer to accompany the suspect to the station booking area.

(d) Transportation

(a) Violent arrestees may bypass the station booking and be transported directly to the Monroe Detention Center.

(b) Depending on the number of prisoners, Department vans, Yolo Sheriff’s Dept. jail vans, other public buses, or California Dept. of Correction’s buses may be used to transport people to either the station booking or the Monroe Detention Center.

(c) At least one officer should accompany the driver in every transport vehicle. The field-booking supervisor will determine the number of transport officers per vehicle.

(d) Seat belt restraints need not be used for the prisoners.

(e) Station Booking for Arrestee’s who will be released on Notices-to-Appear

(a) The Department booking facility and secure sally-port may be used as the booking area, dependent on the number of arrestees.

(b) Each arrestee will be booked, processed, and released as any other similar offender. However, arrestees who may return to the scene of the demonstration or who pose risk of repeating the offense may be lodged at the county jail.

(c) The entire incident will have a single case number.

415.3 ADMONITIONS

(a) Warning to Disperse

1. The following is the order to disperse.

   (a) I am ________________________________ of the West Sacramento Police Department. I am declaring this an unlawful assembly. You are violation of ____________________ and are subject to arrest.

   (b) You have _______ minutes to leave this location. You may leave by __________________ (provide 2 routes).

   (c) You are ordered to leave. If you fail to leave, you may be subject to police batons, chemical agents, and impact munitions, or any force deemed necessary.

(b) Arrest Admonition
(a) I am placing you under arrest for _________________. Please come peaceably and under your own power. If you do not, an additional charge of resisting arrest will be made. If you do not come on your own power, you will force us to use pain compliance control holds on you.
Response to Bomb Threats, Suspicious Objects, Found Explosives or Explosive Materials, and Arson Investigation

416.1 PURPOSE AND SCOPE
West Sacramento Police Department These guidelines have been prepared to assist officers in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents and Arson Incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety shall always be the primary consideration.

416.2 POLICY
It is the policy of the West Sacramento Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

416.3 FOUND EXPLOSIVES/ SUSPECT DEVICES
a. Bomb threat- is any report that an explosive device has been or will be placed or secreted in any public or private place. Bomb threats in the US are almost always false, with the real intention to disrupt the operations at the location rather than warn of the presence of a bomb.

b. Bomb - An explosive device detonated by impact, victim activation, remote control, a timing mechanism, or other predetermined means. Another common name for a homemade bomb is an Improvised Explosive Device (IED).

c. Bomb Squad- is a FBI accredited team of bomb technicians specifically trained to handle and render safe bombs and explosives, conduct post blast investigations, searches, dignitary protection, and other explosives related procedures. The Yolo County Bomb Squad is the bomb squad for the City of West Sacramento and the rest of Yolo County as outline in the ALERT MOU, and is on 24/7 call via the Yolo Emergency Communications Agency. Another term for the bomb squad is the Explosive Ordnance Disposal (EOD) team.

d. Explosive €š# All manufactured or improvised materials which explode or deflagrate when initiated, creating heat, shock, and blast effects.

e. "Suspicious Object" - Any object which does not belong in an area whose nature and presence cannot be adequately explained by the totality of circumstances. Any item which looks "unusual" or appears to be "out of place." Something that should not be there. Once an item is deemed suspicious, it should not be touched or handled, the area around it cleared, and the bomb squad summoned to determine if it is a threat.

f. Destructive Device- Destructive Device is defined in Penal Code Section 16460.
416.4 EXPLOSION/BOMBING INCIDENTS
a. If a bomb threat is received in writing, all materials must be saved, including any envelope or container.

b. Once a message is recognized as a bomb threat, further unnecessary handling should be avoided. Every possible effort must be made to retain evidence such as fingerprints, handwriting or typewriting, paper and postal marks.

c. The police officer may initially be dispatched to the call by telephone (This is not necessary for safety but to keep the information off the air). The dispatcher will give the officer as much information as is available about the incident. This information will include if available:

   (a) The location of the call
   (b) The contact person
   (c) If the building has been evacuated
   (d) Command center location
   (e) If a search has or is being conducted
   (f) If any suspicious objects have been found

416.4.1 NOTIFICATIONS
a. The officer should advise dispatch he/she is arriving on scene via radio or computer approximately one (1) block or greater away from the scene. After doing so, the officer should refrain from TRANSMITTING on the radio from the scene. It is preferable in such circumstances to communicate by LANDLINE telephone, however if absolutely necessary, wireless communication should be, in order of preference, (1) cell phone or (2) portable radio. Due to the significant wattage of mobile radios, they should not be used.

b. Upon arrival at the scene, the officer should survey the site and its surroundings for any potentially dangerous conditions. This includes the presence of employees, the public conducting business at the location, any bystanders, or suspicious vehicles.

c. The site should be surveyed for the presence of any flammable, toxic, or other hazardous materials which could increase the destructive potential of an (omit-improvised) explosive device, should a detonation occur.

d. The police radio or cellular phone should not be used for communication while at the location. Some explosive devices are initiated by means of an electric blasting cap or electronic remote control device and can be triggered by radio or cellular phone transmission. Use a land line telephone to make notifications, contact the dispatcher, request assistance, etc. If a radio is accidently used (transmit) do NOT consider the location safe for radio use and do not do it again.

e. Once the bomb threat has been received, immediate action must be taken to analyze the threat and take appropriate response action. Basic bomb threat evaluation involves assessing the credibility of the message and selecting one of three possible alternatives:

   (a) Take no action
Response to Bomb Threats, Suspicious Objects, Found Explosives or Explosive Materials, and Arson Investigation

(b) Search without evacuation
(c) Evacuate and search

f. The person in charge of the location where only a threat has been directed and nothing suspicious has been found, is responsible for determining what action is to be conducted. It is preferred that people familiar with the location conduct any actual search with police/fire remaining at a command post in a coordination, NOT search, role. Searches are best conducted by two person teams and they MUST be admonished NOT to TOUCH any suspicious objects found as a result of the search process. If a suspicious item is found, one person walks to the command post to report the find while the other closes off the vicinity of the find. Suspicious items should be isolated, at minimum the immediate area evacuated, and the search process continued until the entire threat location has been checked. Remember that a suspicious item is just suspicious, and the entire threat location needs to be completely checked. Searchers should concentrate in public access areas first, such as the exterior grounds, lobbies, hallways, elevators, bathrooms, and other public access spaces. Areas not normally open or accessible to the public are less likely locations although they should still be checked.

(a) If an explosive detection K-9 is thought to be needed to assist with a scene search, one should be requested by contacting the bomb squad supervisor. Generally, explosives detection K-9’s should NOT be used unless the bomb squad is on-scene to handle any finds.

g. If anything suspicious is found, the county bomb squad should immediately be called to determine if the suspicious item is a threat, and to neutralize any such item. No one should move, tamper with or otherwise handle anything deemed suspicious. The bomb squad is equipped to examine such items safely. While the bomb squad is enroute, fire and EMS should be staged in a safe location near the scene.

h. It is the responsibility of the person in charge of the facility to determine if evacuation is necessary, IF nothing suspicious has yet been found. The police do NOT have the authority to order an evacuation until something suspicious has been found. At the point when a suspicious item has been found, the decision making authority switches from the property owner/facility manager to law enforcement, under 409.5 PC, as the suspicious item constitutes an emergency. Therefore, law enforcement can then order an evacuation, whether the property management wants it or not.

i. If the decision has been made to evacuate the facility, the evacuation should be done as quickly and safely as possible, with the assistance of the responding officer(s) to ensure the evacuation is complete.

j. The evacuation distance shall be no closer than 300 feet, out of the line of sight of the suspicious item, under cover, and away from glass.

k. If there is no cover available, the evacuation distance shall be no closer than 1000 feet.
Response to Bomb Threats, Suspicious Objects, Found Explosives or Explosive Materials, and Arson Investigation

i. The scale of the evacuation will depend upon the size and location of the object. As a general rule, the floor the item is on as well as the floor immediately above and below the object will be evacuated.

(a) The bomb squad may instruct other areas to be evacuated.

(b) When evacuating, REMEMBER: If you can see the explosive device you are probably in the blast area. Whenever possible, get behind cover and do not look toward the suspicious item. Stay out of sight until the "all clear" has been given.

(c) Evacuees should NOT be allowed to leave the evacuation area but should remain on scene as potential witnesses. Given that most all bomb threats are hoaxes, the evacuees, especially students, should not be rewarded by getting out of school or work early due to a hoax threat. Experience has shown that threats will continue until the reward of work release is eliminated.

m. The police dispatcher should be kept informed by telephone of developments, especially if an actual or suspected improvised explosive device is located. Additional police, fire, and EMS personnel needed securing the location should be requested through the dispatcher or supervisor.

n. Bomb threats are a crime under 148.1 PC and should always be documented on a crime report. All bomb threat reports will be forwarded to the Yolo County Bomb Squad for reporting to the Bureau of Alcohol, Firearms and Explosives Bombing Arson Tracking System (BATS).

o. If you need to consult with the bomb squad about a particular incident, an on-call bomb tech is always available 24/7 via the Yolo County Emergency Communications Agency.

416.5 BOMB THREATS RECEIVED AT POLICE FACILITY

a. Explosive devices are intended to injure/kill people and/or cause property damage.

b. Found commercial explosives, military ordnance, and blasting caps can also injure or kill, and cause property damage

c. When a suspicious object, explosive, or suspected IED is located, certain actions MUST be taken immediately:

d. Once the evacuation has been ordered (see section C above on Evacuations) get immediate supervisory approval to request the Bomb Squad. Fire Department and EMS should be requested to stage near the scene. This request should be done by telephone to the dispatch center.

e. Verify that the object is suspicious and the circumstances surrounding the find, if it is safe to do so.

f. Question personnel in the area and attempt to determine the ownership and origin of the object, if possible.

g. Even if the ownership is identified, do not allow the object to be disturbed. Wait for the Bomb Squad to arrive and evaluate the item.
h. When a "suspicious" object is located, police should briefly check the vicinity to ensure that there are no other devices present. Such a brief search should only be conducted if it can be done quickly and without risk to the police/fire searchers.
   (a) Any suspicious device should NEVER be touched OR disturbed, nor should anything in the immediate area.
   (b) Instead, if practical, quickly visually note the item's description:
   (c) Size, shape, exposed components
   (d) Specific location and orientation
   (e) Any Odors
   (f) Sounds, such as ticking, etc.
   (g) Take digital photos if safe to do so from a distance 8. Pass this information along to the Bomb Squad.
   (h) Pass this information along to the Bomb Squad.

i. The item MUST NEVER BE TOUCHED OR MOVED, regardless of whether it has already been handled in the past. Move people not suspicious objects.

j. NO ATTEMPT AT DISARMING the device should be made by any personnel other than Bomb Squad. Evacuation of persons from the IED's vicinity MUST be done IMMEDIATELY.

k. Everyone should be cleared from the area prior to the arrival of the Bomb Squad. This includes all emergency personnel.

l. Police Officers should set up and maintain perimeter control.

m. The building/scene should be secured, streets blocked off, and all traffic (pedestrians and vehicles) should be diverted.

n. Only Bomb Squad personnel should enter the building/scene unless otherwise authorized by Bomb Squad personnel.

o. After a Code 4, perimeter control must be maintained until advised by EOD personnel to allow time for equipment used at the scene to be removed prior to the occupants return to the affected area.

p. In all cases in which items constituting a destructive device are located, Bomb Squad personnel will be notified to determine the need for response and to coordinate the criminal investigation.

q. In all cases in which explosives, suspected explosives, improvised explosive devices or destructive devices are located, the incident will be documented on a crime or incident report and forwarded to the Yolo County Bomb Squad for reporting to the Bureau of Alcohol, Firearms and Explosives Bombing Arson Tracking System (BATS).
416.5.1 BOMB THREATS RECEIVED BY TELEPHONE

a. Safety of response personnel and the public is the primary initial concern when responding to a post blast situation. The blast could be a lure to get public safety personnel in close to a secondary device, or the initial explosion could have been incomplete, scattering live materials about.

b. Enter the scene cautiously. Do not use radios. Establish an initial perimeter by finding the general vicinity of the blast and the furthest item of fragmentation from that blast seat. Now at least double that distance as the initial perimeter.

c. Do not enter the perimeter unless it is necessary to treat injured parties. The injured should be moved out due to the threat of live explosives being present. If entry is made, establish a safe route in and out, and have everyone use that route, so as to avoid hazards and scene contamination.

d. If responding emergency vehicles initially park within the perimeter, leave them there and clear personnel and the injured. The vehicles should remain until they can be cleared by the bomb squad. Obviously deceased persons should not be moved.

e. Immediately request the bomb squad so that the scene can be checked for secondary or unexploded items. After checking the scene for secondary devices, the bomb squad will assist in the organization of the bombing investigation.

f. In all cases in which a bombing or explosion occurs, the incident will be documented on a crime or incident report and forwarded to the Yolo County Bomb Squad for reporting to the Bureau of Alcohol, Firearms and Explosives Bombing Arson Tracking System (BATS).

416.5.2 RESPONSIBILITIES

a. Contact dispatch and request the Yolo County Bomb Squad to respond under the following circumstances:

   (a) Seizures of exploding fireworks M-80 type/size or greater.

   (b) Seizures of fireworks in which you are charging the suspect for possession.

   (c) Seizures of large quantities of fireworks.

b. On seizures of firecrackers, bottle rockets and other types of non-exploding fireworks, WITH NO PROSECUTION, please do the following:

   (a) Request a case number and complete a property report in the electronic evidence system. The items shall be inventoried and documented in the property report.

   (b) Enter a summary of the circumstances of the seizure in the comments/summary area of the property report.

   (c) Indicate in the stored location that the items are being stored in the Bomb Squad magazine. The officer may turn the items over to an available bomb squad member or place them in the storage container in the armory. If items are placed in the armory the officer must notify a member of the bomb squad that the items were stored.

   (d) A bomb squad member will take custody of the items and transfer them to the Yolo County Bomb Squad Magazine for storage and disposal.
c. SAFETY ISSUE: Although we may feel illegal fireworks are safe to handle and some may have handled them for years, illegal fireworks (M-80 type and larger) are classified as explosives by California law based on the powder weight contained inside. They are also volatile due to the "flash powder used inside" and can be unsafe to handle and transport. If you seize these types of items, especially in large quantities, contact us to respond and take possession of the item(s). They should not be stored with other fireworks and require a separate type of disposal.

d. With regard to all types of fireworks, the West Sacramento Police Department does not have an approved storage container for fireworks. Therefore, all fireworks are stored in the bomb squad fireworks or explosive magazines or turned over to the California State Fire Marshal's Office for disposal.

416.6 ARSON INVESTIGATIONS

a. It shall be the policy of the West Sacramento Police Department that arson investigations be coordinated with the West Sacramento Fire Department.

b. Officers shall cause the West Sacramento Fire Department (WSFD) to be notified of all fires.

c. Officers should assist Fire Investigators with reasonable requests (e.g. collecting of evidence, transporting/booking prisoners, preserving the scene, taking witness statements).

d. West Sacramento Fire Investigators will assume the primary role in the cause and origin determination of a fire. The responding West Sacramento Police Officers will conduct the initial criminal investigation. If the circumstances of the investigation (death, significant damage, commercial structure etc.) require the need for a West Sacramento Police Detective to assist with the investigation, the Investigations Sergeant or Lieutenant will be contacted and have the final approval of the response.

e. The primary West Sacramento Police Officer or designated Investigator will prepare a crime report on all incidents in which arson is suspected. In all fires determined to be suspicious, an incident report will be completed. West Sacramento Fire Investigators will complete a West Sacramento Fire Investigation report with the cause and origin determination which will supplement the West Sacramento Police Department report. A copy of the report shall be forwarded to the Yolo County Bomb Squad for reporting to the Bureau of Alcohol, Firearms and Explosives Bombing Arson Tracking System (BATS).

f. If the fire investigation requires follow-up investigation (witness and suspect interviews, evidence processing etc.) this follow-up will be conducted by a Detective in coordination with the Fire Investigator and members of the Yolo County Bomb Squad when nessesary. f. In the event West Sacramento Fire Investigators request evidence be collected, the evidence will be collected and booked into evidence by members of the West Sacramento Police Department. In the event special evidence collection or crimes scene processing assistance is needed, Crime Scene Investigators, members of the Yolo County Bomb Squad and the Bureau of Alcohol, Tobacco, Firearms and Explosives may be contacted for assistance through normal response procedures.
Response to Bomb Threats, Suspicious Objects, Found Explosives or Explosive Materials, and Arson Investigation

g. In the event of a fire in which a destructive device or suspected destructive device may have caused a fire, the Yolo County Bomb Squad will be notified to assist with the investigation.

h. In all cases in which arson occurs, the incident will be documented on a crime or incident report and a copy of the report shall be forwarded to the Yolo County Bomb Squad for reporting to the Bureau of Alcohol, Tobacco, Firearms and Explosives Bombing Arson Tracking System (BATS).
HOMELAND SECURITY

417.1 PURPOSE AND SCOPE
The procedure establishes guidelines for reporting and relaying terrorism related information and provides employees with awareness level guidelines for events involving Chemical, Biological, Radiological, Nuclear and Explosive (CBRNE) attacks.

417.2 LIAISON WITH EXTERNAL ORGANIZATIONS
(a) The West Sacramento Police Department maintains a liaison with other organizations for the exchange of information related to terrorism. This liaison may be in the form of direct contact with specific departments and/or through such organizations as the Sacramento Regional Terrorism Threat Assessment Center, Western States Information Network, California Office of Homeland Security, and United States Department of Homeland Security and the FBI.

- The Terrorism Liaison Officer Coordinator (TLO-C) is responsible maintaining liaison with other organizations and dissemination of terrorist related information within the department.

- The management of all general intelligence information and dissemination will be coordinated through the Special Investigations Unit Sergeant or designee under the procedures set forth in West Sacramento Police Department Police 608 Criminal Intelligence.

- All terrorism related intelligence will be coordinated through the Terrorism Liaison Officers or West Sacramento Police sworn personnel assigned the Sacramento FBI Joint Terrorism Task Force.

- Terrorism Liaison Officers (TLO) and the Terrorism Liaison Officer-Coordinator (TLO-C) will be designated by the Chief of Police. The TLO's and TLO-C are required to complete a Terrorism Liaison Officer training course and must be authorized by the Sacramento Regional Terrorism Threat Assessment Center prior to serving in the position. The TLO's and TLO-C will serve as the primary information coordinators for terrorism related information and intelligence.

- The West Sacramento Police Department member assigned as the department representative to the Sacramento Regional Threat Assessment Center (RTAC) will serve as the TLO-C.

417.3 REPORTING TERRORISM RELATED INFORMATION
(a) Any officer receiving information concerning possible terrorism activities will immediately notify the patrol supervisor or Watch Commander and complete an incident or crime report. The patrol supervisor or Watch Commander will notify the one of the department's Terrorism Liaison Officers (TLO).

- The assigned TLO will determine the validity of the information and notify the TLO-C.
HOMELAND SECURITY

- The appropriate response from the department will be initiated, which may include the notification of other department personnel, other local law enforcement agencies, or the appropriate state and federal agencies.

- The Chief of Police will be notified when the information requires notification of federal agencies.

(b) Patrol Officers, detectives, and other police employees should look for and report the following and other suspicious items or events that may link a subject to terrorism:

- Unusual items in vehicles or residences Suspicious identification characteristics such as fraudulent or altered license

- Multiple IDs with names spelled differently Thefts, purchases or discovery of weapons, explosive materials or other tactical equipment Testing of security systems and responder behavior

- Advanced payments for apartment or vehicle rentals

- Payments in cash Credit card fraud, money laundering, counterfeit cigarette tax stamps

- Links between gangs and international organizations

(c) PROVIDING PUBLIC AWARENESS INFORMATION

- The West Sacramento Police Department's website provides terrorism awareness information and methods for reporting suspicious activity that may be related to terrorism.

417.4 CHEMICAL, BIOLOGICAL, RADIOLOGICAL, NUCLEAR AND EXPLOSIVE (CBRNE)

(a) Chemical Weapons: Chemical agents can enter the body by inhalation of the chemical agents, absorption through the skin or eyes, injection into the body by flying glass or shrapnel, or by ingesting with food or water. A likely delivery method is in the form of a gas or as an aerosol spray. There are numerous chemical agents each with different symptoms and effects. The most common families of chemical agents are:

- Nerve Agents: Nerve agents attack the victim's nervous system. Most belong to the family of chemicals known as organophosphates. Many common pesticides belong to this family of chemicals.

- Blister Agents: Blister agents also known as vesicants attack the skin of the victim resulting in blisters and skin burns. Mustard gas and Lewisite are common blister agents.

- Blood Agents: Blood agents attack the ability of the blood to hold and deliver oxygen. The victim suffocates. Cyanide gases and compounds are the most common types of these agents.
• Choking Agents: These chemicals attack the lungs causing them to fill with fluid. Chlorine gas and phosgene are typical choking agents.

(b) Incapacitating Agents: These agents usually irritate the skin, mucous membranes, eyes, nose, lips and mouth. They may cause vomiting or intolerable pain. While they may lead to serious medical situations such as seizures or heart attacks, they are not designed to kill or cause permanent harm. Used alone, the intention is to temporarily incapacitate or harass the target, or force them to evacuate the area. However, incapacitating agents may be used in combination with other agents to force responders to remove their gas masks and other protective gear, so that they will be exposed to lethal doses of the other agent. Examples of incapacitating agents are pepper spray, tear gas, riot control agents and several military chemicals from different nations.

(c) Biological Weapons: Biological weapons present a serious challenge for response planning. There is risk that a biological attack may not be detected until days or even weeks after it happens. First responder resources, therefore, may be of little use at a bioterrorism incident unless it is detected promptly. There are two types of biological weapons:

• Pathogens: These are disease-causing organisms, some of which can reproduce and keep spreading long after the attack. The potential for many thousands of casualties is possible but the more likely number is much less because of the difficulty of efficiently delivering the pathogenic agents to large numbers of people. Pathogens can be bacteria such as anthrax, viruses such as smallpox, or fungi like yeast and molds, mycoplasmas that cause pneumonia and similar problems, or rickettsiae. Plague, smallpox, anthrax, hemorrhagic fever, and rabbit fever are known to be probable biological weapons. Not all diseases are contagious, and many have a low mortality rate when properly treated.

• Toxins: Toxins are poisonous substances produced by living things. Many toxins are extremely lethal and small quantities can kill very large numbers of people. In many ways a toxin attack is more like a chemical attack than a biological one. Some possible toxin weapons are ricin, botulism toxin, and aflatoxin. Again, the difficulty for the terrorist is in finding an effective way to disperse or distribute the toxin.

(d) Radiological Dispersion Devices (RDD): An RDD or "dirty bomb" is an explosive intended to spread radioactive material from the detonation of conventional explosives. Radiation comes from the decay of radioactive isotopes of certain elements and compounds. Radiation can be in the form of alpha, beta, or gamma rays. All three are odorless and colorless and can be detected only with radiation detectors. The primary hazard will be from dust contaminated with radioactive sources. It will be very important for the first responder to use respiratory protection to avoid breathing in the radioactive dust.

(e) Explosives: Explosives are the most common terrorist weapon in the world. Terrorists can make lethal explosives from readily available materials, many of which are uncontrolled and attract little attention. The availability of many of these materials, along with the widespread proliferation of techniques for making homemade explosive (HME) mixtures and improvised explosive devices
(IEDs), enables terrorists to assemble weapons even when deprived of commercial or military explosives. Response to Explosive Incidents in outlined in West Sacramento Police Department Policy 416.

417.4.1 CBRNE INDICATORS
(a) Patrol Officers, detectives, and other police employees should look for and report the following and other suspicious CBRNE-related indicators:

- Theft of large quantities of baby formula (may be used to grow specific cultures).
- Theft or solicitation of live agents, toxins or diseases from medical supply companies or testing and experimentation facilities
- Multiple cases of unexplained human or animal deaths.
- Thefts of agricultural sprayers, crop-dusting aircraft, foggers or other dispensing systems.
- Suspicious inquiries regarding local chemical or biological sales, storage or transportation points and facilities.
- Inappropriate inquiries regarding heating and ventilation systems for buildings or facilities by persons not associated with service agencies.

417.4.2 CBRNE AWARENESS
(a) In the event of a CBRNE terrorist attack, the West Sacramento Police Department's primary objective is to secure and isolate the target area and assist the FBI in the criminal investigation of the incident. Department response to incidents involving CBRNE or other hazardous materials will be accomplished in accordance with WSPD Policy and the City Emergency Operations Plan. In the event of a terrorist attack, officers should use caution if the explosion seems to do little damage. A small explosive device might be used to disperse chemical, biological or even radioactive agents. Another purpose of a small device might be to bring large numbers of first responders, who are then subjected to a larger, hidden secondary explosive device.

(b) Another immediate problem for responders and victims is the potential for asbestos exposure. Older buildings may contain asbestos as insulation, pipe coverings, siding or roofing, flooring, adhesives, floor or ceiling tile and wall panels. Any explosion or collapse may cause this asbestos and other toxic materials to become airborne in hazardous levels. Immediately, the primary inhalation threat and decontamination problem will be dust. Any expedient breathing protection should be used--masks, wet towels, handkerchiefs, etc.--while exiting the area immediately.

417.4.3 CBRNE EQUIPMENT
(a) All equipment utilized by the West Sacramento Police Department will meet the standard for the U.S. Department of Homeland Security's Science and Technology Division standards for first responder CBRNE equipment. (b) Current issued personal protective equipment (first responders):
**HOMELAND SECURITY**

- Ballistic/Riot Helmet
- Gas mask
- CBRN PPE Kit

(c) Each employee whom will operate in a hazardous environment is trained in the use of and issued CBRNE equipment. West Sacramento Police Department Police 1017 Respiratory Protection addresses the use of gas masks and Self Contained Breathing Apparatus (SCBA).

### 417.5 RESPONSE TO CBRNE INCIDENTS

(a) All terrorism related incidents fall under the jurisdiction of the Federal Bureau of Investigations. The West Sacramento Police Department will serve as a First Responder in a terrorist related incident and assist the Federal Bureau of Investigation (FBI) with identifying the type of incident, evacuation, containment and investigation.

(b) Response to incidents involving suspicious packages/items, suspected explosive devices and military ordinance which have not been determined to be terrorism or Weapons of Mass Destruction related is outlined in West Sacramento Police Department Police 416.

### 417.6 GENERAL PROCEDURES FOR RESPONDING TO CBRNE INCIDENTS

Each CBRNE incident will have specific operational response considerations depending on the type of incident. The following procedures shall be followed in all CBRNE incidents.

(a) Communications Responsibilities

- Upon receiving a report of a possible CBRNE incident, the Communications Call Taker will obtain specific information as to the type of incident to include but not limited to the location, plume, cloud, type of injuries, number of victims and other known hazards at the location. The Communications Supervisor will immediately notify the Patrol Watch Commander, as well as the fire department.

- A Basic Response Team consisting of two officers and a sergeant or Officer in Charge will be dispatched via the radio with a designated radio code established by Communications.

- If a suspicious substance or potential airborne disbursement may occur, the reporting party will be instructed to shut down air conditioning systems, fans, and any other means of mechanical apparatus that could propel or ingest the alleged substance.

- The reporting party will also be instructed (if possible) to isolate and close the area of contamination and move personnel to another room, building or facility. If the suspected biological agent is in a container located at a large venue such as Raley Field, the reporting party will be advised to keep the container isolated by evacuating those around it, without alarming attendees until public safety personnel can remove it to a secure area.
Communications shall direct the reporting party, witnesses, head Supervisor, guardian, or owner to meet the responding units and the fire Department outside the contaminated location.

Upon arrival of the response team, the Sergeant or Officer in Charge will confirm that such incident occurred and verify the information given. If a confirmed CBRNE incident has occurred, Critical Incident Response notifications procedures will be followed.

Communications will initiate an emergency response per dispatch protocol. This may include a Hazardous Materials Response Team, the Yolo County Bomb Squad, ALERT and other mutual aid resources as requested by the Incident Commander.

The Sacramento FBI Command Center shall be notified immediately upon confirmation of a suspected CBRNE incident. The designated West Sacramento Police personnel assigned to the FBI Joint Terrorism Task force will coordinate the notification of the FBI. In the absence of a JTTF member, a department TLO or Bomb Squad member will coordinate the FBI notification.

(b) Patrol Division Responsibilities

The initial response team members will gather as much information as possible concerning the threat. Any physical evidence will be isolated. Other evidence such as voicemail messages and written threats will be preserved.

The on-scene supervisor will also provide the FBI with a cell phone number for immediate contact. The FBI Weapons of Mass Destruction (WMD) Coordinator or Joint Terrorism Task Force agent will confer with the on-scene supervisor in charge to assess the credibility of the threat. Although the FBI will have ultimate investigative jurisdiction over the incident and threat, the FBI will initially investigate the threat or incident jointly with WSPD. The on-scene supervisor will confer with the FBI throughout the on-scene investigation.

A Unified Command Post for Police/Fire/FBI will be established.

The Incident Commander will determine if ALERT, EOD or a Hazardous Materials Team should be notified.

Units should verify that airflow-producing systems are turned off.

If an evacuation is necessary, the term "evacuation" shall be avoided and the term "relocation" will be used. Officers should also avoid broadcasting the term "Anthrax" or any specific name of a suspected biological agent. Officers should refer to any alleged biological agent as "Hazmat".

No first responder shall communicate with the media. The Incident Commander will coordinate press releases and media inquiries through the Press Information Officer as determined by the Incident Commander or Unified Command. Refer to West Sacramento Police Department Police 346 News Media Relations.
Mental Illness Commitments

418.1 PURPOSE AND SCOPE
This policy provides guidelines for when officers may take a person into custody for psychiatric evaluation and treatment (5150 commitment) (Welfare and Institutions Code § 5150).

418.1.1 DEFINITIONS

Mental Disorder: Also referred to as a mental impairment, is a term used for a group of disorders causing severe disturbances in a person’s thinking, feeling, and ability to relate to others. A person affected by a mental disorder usually has a substantially diminished capacity for coping with the ordinary demands of life. Symptoms can vary and every person who is affected by mental disorder is different. Often systems of mental disorders are cyclic, varying in severity from one time to the next. The duration of an episode also can vary: some persons are affected for a few weeks or months; while others, the disorder may last many years or a lifetime.

Thought Disorder: Condition where the person's thought process is disrupted causing that person to experience delusions or irrational fears, see visions, or a number of other irrational behaviors.

Mood Disorder: Also referred to as an affective disorder, is a condition where the person experiences periodic disturbances in mood, concentration, sleep, activity, appetite or social behavior. Mood disorders can be marked by periods of extreme sadness or excitement.

Hallucination: False perception experienced through any one of the five senses (e.g., hearing voices, feeling one's skin crawl, smelling strange odors, seeing visions, etc.). When hallucinating, persons may be so overwhelmed that they have little or no awareness of the environment around them. Officers should be aware that substance abuse (drugs and/or alcohol) can also cause delusions, hallucinations, and violent mood swings in an individual.

Delusion: Persistent false belief or thoughts and actions that are not based on reality (e.g., delusions of grandeur, self importance, being persecuted or conspired against, etc.).

418.1.2 GUIDELINES FOR THE RECOGNITION OF PERSONS THAT MAY BE SUFFERING FROM A MENTAL ILLNESS

(a) Verbal Cues:
   ○ Illogical thoughts expressing a combination of unrelated or abstract topics. Communicating thoughts of greatness, e.g., person believes he is God. Expressing thoughts of being harassed or threatened, e.g., CIA monitoring thoughts through TV set. Preoccupation with death, germs, guilt, etc.
   ○ Unusual speech patterns that include nonsensical speech or chatter. Word repetition where the subject frequently states the same or rhyming words or phrases. Expressing urgency in manner of speaking or extremely slow speech.
Mental Illness Commitments

- Verbal hostility or excitement such as talking loudly or excitedly. The person is argumentative, belligerent or unreasonably hostile. The person threatens to harm themselves.

(b) **Behavioral Cues:**
- The individual's clothing is inappropriate for the current weather, e.g., shorts in winter, heavy coat in summer, bizarre clothing or makeup, taking into account current trends.
- Strange postures or mannerisms or lethargic, sluggish movements.
- Seeing or hearing things that are not able to be confirmed. Confusion about or unawareness of surroundings.
- Lack of emotional response or causing injury to self.
- Overacting to situations in an overly angry or frightening way.

(c) **Environmental Cues:**
- The individual's surroundings are inappropriate such as strange trimming, inappropriate use of household items, e.g., aluminum foil covering windows.
- Large accumulation of trash, hording string, newspapers, paper bags, clutter, etc. Presence of feces or urine on the floors or walls.

418.1.3 INTERACTING WITH PERSONS WITH MENTAL ILLNESS

(a) Persons affected by mental illness can be unpredictable and sometimes be violent. Police officers should try to determine who or what it is that the person is angered with. This will show interest in helping and gives a better approach to dealing with the situation safely. Additionally, police officers should never compromise or jeopardize their own safety or the safety of others when dealing with individuals who display symptoms of a mental illness. However, many of these individuals are in a crisis and it may not be possible for them to make sound decisions about how to get help.

(b) Not all persons affected by mental disorders are dangerous. While some may represent danger only when under certain circumstances or conditions, some may be capable of going from a state of calm to being extremely agitated very quickly. Officers should attempt to gain as much information about the subject and his individual triggers so that they can obtain the best overview of the situation and make an educated decision on how best to assist the person.

(c) Ask the person if they are having a crisis. Most people that have a mental illness are very aware of their conditions and they know when they are having a crisis.

(d) If you can talk to the person, then you can learn something about what is going on and why. The information you get during this time is critical to the officer's ability to write a
Mental Illness Commitments

thorough Welfare and Institutions Code Section 5150 hold or to be able to articulate why such a hold is not appropriate.

(e) Ask the person what it is that they want and determine if their request is reasonable, safe and legal. Many times it is simple things that have gone wrong that put many of these persons into a crisis mode. Be honest about what you can or will do because false hopes or threats will not help to safely resolve the situation.

(f) There are a number of indicators that police officers may use to help determine if persons who appear to be affected by a mental disorder are dangerous to themselves or others:

- The availability of any weapons.
- Statements made by the person that suggest the individual is prepared to commit a violent or dangerous act.
- A personal history of prior violent acts under similar or related conditions. Information may come from a previous law enforcement contact or persons familiar with that person.
- Signs of violence at the scene prior to the officer arriving.
- The amount of self control the person is able to demonstrate. This can include signs of rage, anger, fright, or agitation. Signs of lack of control can include an inability to sit or stand still, wide eyes, rambling speech, etc.

418.2 POLICY

It is the policy of the West Sacramento Police Department to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment (5150 commitment) process.

418.3 AUTHORITY

An officer having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the officer believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, officers are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person’s mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

- An individual who is providing or has provided mental health treatment or related support services to the person
- A family member
- The person subject to the determination or anyone designated by the person
418.3.1 VOLUNTARY EVALUATION
If an officer encounters an individual who may qualify for a 5150 commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the officers should:

(a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a 5150 commitment.

(b) If at any point the person changes his/her mind regarding voluntary evaluation, officers should proceed with the 5150 commitment, if appropriate.

(c) Document the circumstances surrounding the individual’s desire to pursue voluntary evaluation and/or admission.

418.4 CONSIDERATIONS AND RESPONSIBILITIES
Any officer handling a call involving an individual who may qualify for a 5150 commitment should consider, as time and circumstances reasonably permit:

(a) Available information that might assist in determining the cause and nature of the person’s action or stated intentions.

(b) Community or neighborhood mediation services.

(c) Conflict resolution and de-escalation techniques.

(d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Officers should consider a 5150 commitment over arrest when mental health issues appear to be a mitigating factor for people who are suspected of committing minor crimes or creating other public safety issues.

418.4.1 SECURING OF PROPERTY
When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person’s personal property, the officer shall take reasonable precautions to safeguard the individual’s personal property in his/her possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).

The officer taking the person into custody shall provide a report to the court that describes the person’s property and its disposition in the format provided in Welfare and Institutions Code § 5211, unless a responsible person took possession of the property, in which case the officer shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150).
418.5 TRANSPORTATION
When transporting any individual for a 5150 commitment, the transporting officer should have Yolo Emergency Communications Agency notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Officers may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Watch Commander approval is required before transport commences.

418.6 TRANSFER TO APPROPRIATE FACILITY
Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for a 5150 commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

418.7 DOCUMENTATION
The officer shall complete an application for a 72-Hour detention for evaluation and treatment, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The application shall include the circumstances for officer involvement; the probable cause to believe the person is, as a result of a mental health disorder, a danger to others or him/herself or gravely disabled; and all information used for the determination of probable cause (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05).

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

418.7.1 ADVISEMENT
The officer taking a person into custody for evaluation shall advise the person of:

(a) The officer’s name and agency.
(b) The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals.
(c) The name of the facility to which the person is being taken.
Mental Illness Commitments

(d) If the person is being taken into custody at his/her residence, he/she should also be advised that he/she may take a few personal items, which the officer must approve, and may make a telephone call or leave a note indicating where he/she is being taken. The advisement shall be given in a language the person understands. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150).

418.8 CRIMINAL OFFENSES
Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning or a Notice to Appear as appropriate.

When an individual who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

(a) Arrest the individual when there is probable cause to do so.
(b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.
(c) Facilitate the individual’s transfer to jail.
(d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 5150 commitment.

In the supervisor’s judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

418.9 FIREARMS AND OTHER WEAPONS
Whenever a person is taken into custody for a 5150 commitment, the handling officers should seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institutions Code § 8100. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A search warrant may also be needed before searching for or seizing weapons.

The handling officers shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm. Officers shall advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)) (see Property and Evidence Policy).
Mental Illness Commitments

418.9.1 PETITION FOR RETURN OF FIREARMS AND OTHER WEAPONS
Whenever the handling officer has cause to believe that the future return of any confiscated weapon might endanger the person or others, the officer shall detail those facts and circumstances in a report. The report shall be forwarded to the Detective Bureau, which shall be responsible for initiating a petition to the Superior Court for a hearing in accordance with Welfare and Institutions Code § 8102(c), to determine whether the weapon will be returned.

The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon has been confiscated, unless the Department makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the Department shall send written notice to the individual informing him/her of the right to a hearing on the issue, that he/she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon.

418.10 TRAINING
This agency will provide approved advanced officer training on interaction with persons with mental disabilities, 5150 commitments and crisis intervention. Initial training will be provided to sworn officers during the Field Training Officer Program and civilian employees, who have contact with the public, will attend Crisis Intervention Training. The Training Officer will ensure that all sworn personnel receive approved refresher training annually, and that the training is documented. Civilian employees who have direct contact with the public will also be required to complete refresher training annually. The civilian training may come in the form of attendance during sworn AOT Training or various other methods.
Cite and Release Policy

421.1 PURPOSE AND SCOPE
This policy provides guidance on when to release adults who are arrested for a criminal misdemeanor offense on a written notice to appear (citation) and when to hold for court or bail.

421.2 POLICY
It is the policy of the West Sacramento Police Department to release all persons arrested on misdemeanor or other qualifying charges on a citation with certain exceptions (Penal Code § 853.6).

If there is a reason for non-release, the Department’s mission to protect the community will be the primary consideration when determining whether to release any individual in lieu of holding for court or bail.

421.3 RELEASE BY CITATION
Except in cases where a reason for non-release as described below exists, adults arrested for a misdemeanor offense, including a private persons arrest, shall be released from custody on a citation (Penal Code § 853.6).

The citing officer shall, at the time the defendant signs the notice to appear, call attention to the time and place for appearance and take any other steps he/she deems necessary to ensure that the defendant understands his/her written promise to appear.

421.3.1 FIELD CITATIONS
In most cases an adult arrested for a misdemeanor offense may be released in the field on a citation in lieu of physical arrest when booking and fingerprinting is not practicable or immediately required provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual and none of the below described disqualifying circumstances are present (Penal Code § 853.6; Penal Code § 1270.1). In such cases the arresting officer should check the booking required box on the citation form to indicate that the person will be photographed and fingerprinted at a later time when ordered by the court.

When a booking photo or fingerprints are needed for the furtherance of any investigation, the person should be released on citation after booking instead of on a field citation.

421.3.2 RELEASE AFTER BOOKING
In some cases it may not be feasible or desirable to release a person in the field. The person should instead be released on citation after booking at the jail. All bookings shall be approved by the Watch Commander or the authorized designee.

421.4 NON-RELEASE
Cite and Release Policy

421.4.1 DISQUALIFYING OFFENSES
An adult arrested on any of the following disqualifying charges shall not be released on citation and shall be transported to the appropriate detention facility or held for court or bail after booking (Penal Code § 1270.1):

(a) Misdemeanor domestic battery (Penal Code § 243(e)(1))
(b) Felony domestic battery (Penal Code § 273.5)
(c) Serious or violent felonies (Penal Code § 1270.1(a)(1))
(d) Felony intimidation of witnesses and victims (Penal Code § 136.1)
(e) Rape of a spouse (Penal Code § 262)
(f) Violation of a protective order and the arrested person has made threats, used violence, or has gone to the protected person’s workplace or residence (Penal Code § 273.6)
(g) Stalking (Penal Code § 646.9)
(h) Misdemeanor violations of a protective order relating to domestic violence if there is a reasonable likelihood the offense will continue or the safety of the individuals or property would be endangered (Penal Code § 853.6)

421.4.2 REASONS FOR NON-RELEASE
A person arrested for a misdemeanor shall be released on a citation unless there is a reason for non-release. The Watch Commander may authorize a release on citation regardless of whether a reason for non-release exists when it is determined to be in the best interest of the Department and does not present an unreasonable risk to the community (e.g., release of an intoxicated or ill person to a responsible adult).

Reasons for non-release include (Penal Code § 853.6(i)):

(a) The person arrested is so intoxicated that he/she could be a danger to him/herself or to others. Release may occur as soon as this condition no longer exists.
(b) The person arrested requires medical examination or medical care or is otherwise unable to care for his/her own safety
   1. The West Sacramento Police Department shall not release an arrestee from custody for the purpose of allowing that person to seek medical care at a hospital, and then immediately re-arrest the same individual upon discharge from the hospital, unless the hospital determines this action will enable it to bill and collect from a third-party payment source (Penal Code § 4011.10).
(c) The person is arrested for one or more of the offenses listed in Vehicle Code § 40302, Vehicle Code § 40303, and Vehicle Code § 40305.
(d) The person has been cited, arrested, or convicted for theft from a store or vehicle in the previous six months, or there is probable cause to believe the person is guilty of committing organized retail theft, as defined in Penal Code § 490.4(a).
**Cite and Release Policy**

(e) There are one or more outstanding arrest warrants for the person or failures to appear in court on previous misdemeanor citations that have not been resolved (see Misdemeanor Warrants elsewhere in this policy).

(f) The person could not provide satisfactory evidence of personal identification.

1. If a person released on citation does not have satisfactory identification in his/her possession, a right thumbprint or fingerprint should be obtained on the citation form.

(g) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.

(h) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.

(i) The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.

(j) There is reason to believe that the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically documented. An arrest warrant or failure to appear that is currently pending shall constitute reason to believe that the person will not appear. Other reasons may include:

   (a) Previous failure to appear is on record

   (b) The person lacks ties to the area, such as a residence, job, or family

   (c) Unusual circumstances lead the officer responsible for the release of prisoners to conclude that the suspect should be held for further investigation

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release shall be noted on the booking form. This form shall be submitted to the Watch Commander for approval and included with the case file in the Records Section.

**421.5 MISDEMEANOR WARRANTS**

An adult arrested on a misdemeanor warrant may be released, subject to Watch Commander approval, unless any of the following conditions exist:

(a) The misdemeanor cited in the warrant involves violence.

(b) The misdemeanor cited in the warrant involves a firearm.

(c) The misdemeanor cited in the warrant involves resisting arrest.

(d) The misdemeanor cited in the warrant involves giving false information to a peace officer.

(e) The person arrested is a danger to him/herself or others due to intoxication or being under the influence of drugs or narcotics.
(f) The person requires medical examination or medical care or was otherwise unable to care for his/her own safety.

(g) The person has other ineligible charges pending against him/her.

(h) There is reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be immediately endangered by the release of the person.

(i) The person refuses to sign the notice to appear.

(j) The person cannot provide satisfactory evidence of personal identification.

(k) The warrant of arrest indicates that the person is not eligible to be released on a notice to appear.

Release under this section shall be done in accordance with the provisions of this policy.

421.6 JUVENILE CITATIONS
Completion of criminal citations for juveniles is generally not appropriate with the following exceptions:

- Misdemeanor traffic violations of the Vehicle Code
- Violations of the West Sacramento City codes

All other misdemeanor violations for juveniles shall be documented with a case number and the case should be referred to the Detective Bureau for further action including diversion.

421.7 REQUESTING CASE NUMBERS
Many cases involving a criminal citation release can be handled without requesting a case number. Traffic situations and local code violations can be documented on the reverse side of the records copy of the citation. Most Penal Code sections will require a case number to document the incident properly in a report. This section does not preclude an officer from requesting a case number if he/she feels the situation should be documented more thoroughly in a case report.
Foreign Diplomatic and Consular Representatives

423.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that members of the West Sacramento Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

423.2 POLICY
The West Sacramento Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

423.3 CLAIMS OF IMMUNITY
If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

(a) Notify a supervisor.

(b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person’s status.

(c) Request the person’s identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.

(d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.

(e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating “US” as the state.
423.4 ENFORCEMENT
If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

(a) Generally, all persons with diplomatic and consular privileges and immunities may be issued a citation or notice to appear. However, the person may not be compelled to sign the citation.

(b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.

(c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.
   1. Investigations, including the request for field sobriety tests, chemical tests and any other tests regarding impaired driving may proceed but they shall not be compelled.

(d) The following persons may not be detained or arrested, and any property or vehicle owned by these persons may not be searched or seized:
   1. Diplomatic-level staff of missions to international organizations and recognized family members
   2. Diplomatic agents and recognized family members
   3. Members of administrative and technical staff of a diplomatic mission and recognized family members
   4. Career consular officers, unless the person is the subject of a felony warrant

(e) The following persons may generally be detained and arrested:
   1. International organization staff; however, some senior officers are entitled to the same treatment as diplomatic agents.
   2. Support staff of missions to international organizations
   3. Diplomatic service staff and consular employees; however, special bilateral agreements may exclude employees of certain foreign countries.
   4. Honorary consular officers
   5. Whenever an officer arrests and incarcerates, or detains for investigation for over two hours, a person with diplomatic and consular privileges and immunities, the officer shall promptly advise the person that he/she is entitled to have his/her government notified of the arrest or detention (Penal Code § 834c). If the individual wants his/her government notified, the officer shall begin the notification process.
Foreign Diplomatic and Consular Representatives

423.5 DOCUMENTATION
All contacts with persons who have claimed privileges and immunities afforded foreign diplomatic and consular representatives should be thoroughly documented and the related reports forwarded to DOS.

Notes for diplomatic immunity table:

(a) This table presents general rules. The employees of certain foreign countries may enjoy higher levels of privileges and immunities on the basis of special bilateral agreements.

(b) Reasonable constraints, however, may be applied in emergency circumstances involving self-defense, public safety, or in the prevention of serious criminal acts.

(c) A small number of senior officers are entitled to be treated identically to diplomatic agents.

(d) Note that consul residences are sometimes located within the official consular premises. In such cases, only the official office space is protected from police entry.
Rapid Response and Deployment

425.1 PURPOSE AND SCOPE
Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers in situations that call for rapid response and deployment.

425.2 POLICY
The West Sacramento Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

425.3 FIRST RESPONSE
If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

(a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.

(b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.

(c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.

(d) Whether the suspect can be contained or denied access to victims.

(e) Whether the officers have the ability to effectively communicate with other personnel or resources.
(f) Whether planned tactics can be effectively deployed.

(g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

### 425.4 CONSIDERATIONS
When dealing with a crisis situation members should:

(a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.

(b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.

(c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.

(d) Attempt, if feasible and based upon the suspect’s actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

### 425.5 PLANNING
The Uniformed Services Division Commander should coordinate critical incident planning. Planning efforts should consider:

(a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Availability of building plans and venue schematics of likely critical incident target sites.

(c) Communications interoperability with other law enforcement and emergency service agencies.

(d) Training opportunities in critical incident target sites, including joint training with site occupants.

(e) Evacuation routes in critical incident target sites.

(f) Patrol first-response training.

(g) Response coordination and resources of emergency medical and fire services.

(h) Equipment needs.

(i) Mutual aid agreements with other agencies.

(j) Coordination with private security providers in critical incident target sites.
Rapid Response and Deployment

425.6 TRAINING
The Training Manager should include rapid response to critical incidents in the training plan. This training should address:

(a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Communications interoperability with other law enforcement and emergency service agencies.

(c) Patrol first-response training.
   1. This should include the POST terrorism incident training required for officers assigned to field duties (Penal Code § 13519.12).

(d) First aid, including gunshot trauma.

(e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

425.6.1 POLICY AND TRAINING REVIEW
The Department will conduct an annual review of policy and training needs regarding active threats.
Immigration Violations

429.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to members of the West Sacramento Police Department relating to immigration and interacting with federal immigration officials.

429.1.1 DEFINITIONS
The following definitions apply to this policy (Government Code § 7284.4):

Criminal immigration violation - Any federal criminal immigration violation that penalizes a person's presence in, entry, or reentry to, or employment in, the United States. This does not include any offense where a judicial warrant already has been issued.

Judicial warrant - An arrest warrant for a violation of federal criminal immigration law and issued by a federal judge or a federal magistrate judge.

429.2 POLICY
It is the policy of the West Sacramento Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

429.3 VICTIMS AND WITNESSES
To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, ethnicity, or national origin in any way that would violate the United States or California constitutions.

429.4 IMMIGRATION INQUIRIES PROHIBITED
Officers shall not inquire into an individual's immigration status for immigration enforcement purposes (Government Code § 7284.6).

429.5 DETENTIONS AND ARRESTS
An officer shall not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant (Government Code § 7284.6).

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of 8 USC § 1326(a) (unlawful reentry) that may be subject to an enhancement due to a previous conviction of an aggravated felony under USC § 1326(b)(2), may detain the person for a reasonable period of time to contact federal immigration officials to verify...
whether the United States Attorney General has granted the individual permission for reentry and whether the violation is subject to enhancement (Government Code § 7284.6). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual’s status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has violated 8 USC § 1326(a) and the penalty may be subject to enhancement due to prior conviction for specified aggravated felonies, he/she may arrest the individual for that offense (Government Code § 7284.6).

An officer shall not detain any individual, for any length of time, for any other criminal immigration violation of federal immigration laws (Government Code § 7284.6).

An officer should notify a supervisor as soon as practicable whenever an individual is arrested for violation of 8 USC § 1326(a).

429.5.1 SUPERVISOR RESPONSIBILITIES
When notified that an officer has arrested an individual for violation of 8 USC § 1326(a) or under the authority of a judicial warrant, the supervisor should determine whether it is appropriate to:

(a) Transfer the person to federal authorities.
(b) Transfer the person to jail.

429.6 FEDERAL REQUESTS FOR ASSISTANCE
Absent an urgent issue of officer safety or other emergency circumstances, requests by federal immigration officials for assistance from this department should be directed to a supervisor. The supervisor is responsible for determining whether the requested assistance would be permitted under the California Values Act (Government Code § 7284.2 et seq.).

429.7 INFORMATION SHARING
No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373; Government Code § 7284.6):

(a) Sending information to, or requesting or receiving such information from federal immigration officials
(b) Maintaining such information in department records
(c) Exchanging such information with any other federal, state, or local government entity

Nothing in this policy restricts sharing information that is permissible under the California Values Act.

429.7.1 IMMIGRATION DETAINERS
No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 (Government Code § 7284.6).
Notification to a federal authority may be made prior to release of an individual who is the subject of a notification request only if the individual meets one of the following conditions (Government Code § 7282.5; Government Code § 7284.6):

(a) The individual has been arrested and had a judicial probable cause determination for a serious or violent felony identified in Penal Code § 667.5(c) or Penal Code § 1192.7(c).

(b) The individual has been arrested and had a judicial probable cause determination for a felony punishable by time in a state prison.

(c) The individual has been convicted of an offense as identified in Government Code § 7282.5(a).

(d) The individual is a current registrant on the California Sex and Arson Registry.

(e) The individual is identified by the U.S. Department of Homeland Security’s Immigration and Customs Enforcement as the subject of an outstanding federal felony arrest warrant.

429.7.2 NOTICE TO INDIVIDUALS

Individuals in custody shall be given a copy of documentation received from U.S. Immigration and Customs Enforcement (ICE) regarding a hold, notification, or transfer request along with information as to whether the West Sacramento Police Department intends to comply with the request (Government Code § 7283.1).

If the West Sacramento Police Department provides ICE with notification that an individual is being, or will be, released on a certain date, the same notification shall be provided in writing to the individual and to his/her attorney or to one additional person who the individual may designate (Government Code § 7283.1).

429.7.3 ICE INTERVIEWS

Before any interview regarding civil immigration violations takes place between ICE personnel and an individual in custody, the West Sacramento Police Department shall provide the individual with a written consent form that explains the purpose of the interview, that the interview is voluntary, and that he/she may decline to be interviewed or may choose to be interviewed only with his/her attorney present. The consent form must be available in the languages specified in Government Code § 7283.1.

429.7.4 TRANSFERS TO IMMIGRATION AUTHORITIES

Members shall not transfer an individual to immigration authorities unless one of the following circumstances exist (Government Code § 7282.5; Government Code § 7284.6):

(a) Transfer is authorized by a judicial warrant or judicial probable cause determination.

(b) The individual has been convicted of an offense as identified in Government Code § 7282.5(a).

(c) The individual is a current registrant on the California Sex and Arson Registry.
(d) The individual is identified by the U.S. Department of Homeland Security’s Immigration and Customs Enforcement as the subject of an outstanding federal felony arrest warrant.

429.7.5 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE
The Detective Bureau supervisor shall ensure that data regarding the number of transfers of an individual to immigration authorities, as permitted by Government Code § 7284.6(a)(4), and the offense that allowed for the transfer is collected and provided to the Records Manager for required reporting to the DOJ (Government Code § 7284.6(c)(2)(see the Records Section Policy).

429.8 U VISA AND T VISA NONIMMIGRANT STATUS
Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Investigations Division Commander supervisor assigned to oversee the handling of any related case. The Investigations Division Commander supervisor should:

(a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.

(b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.

(c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.

1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.

2. Form I-918 Supplement B certification shall be completed if the victim qualifies under Penal Code § 679.10 (multiple serious offenses). Form I-914 Supplement B certification shall be completed if the victim qualifies under Penal Code § 236.5 or Penal Code § 679.11 (human trafficking).

(d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

(e) Inform the victim liaison of any requests and their status.

429.8.1 HUMAN TRAFFICKING T VISA
Officers and their supervisors who are assigned to investigate a case of human trafficking shall immediately route the documents needed for a T visa application to the Professional Standards Unit, regardless of whether it is requested by the victim (Penal Code § 236.5).
429.8.2 TIME FRAMES FOR COMPLETION
Officers and their supervisors who are assigned to investigate a case of human trafficking as defined by Penal Code § 236.1 shall complete the above process and the documents needed for indicating the individual is a victim for the T visa application within 15 business days of the first encounter with the victim, regardless of whether it is requested by the victim (Penal Code § 236.5).

Officers and their supervisors shall complete the above process and the documents needed certifying victim cooperation for a U visa or T visa application pursuant to Penal Code § 679.10 and Penal Code § 679.11 within 90 days of a request from the victim or victim’s family related to one of their assigned cases. If the victim is in removal proceedings, the certification shall be processed within 14 days of the request.

429.8.3 REPORTING TO LEGISLATURE
The Detective Bureau supervisor or the authorized designee should ensure that certification requests are reported to the Legislature in January of each year and include the number of certifications signed and the number denied. The report shall comply with Government Code § 9795 (Penal Code § 679.10; Penal Code § 679.11).

429.9 TRAINING
The Training Manager should ensure that all appropriate members receive training on immigration issues.

Training should include:

(a) Identifying civil versus criminal immigration violations.

(b) Factors that may be considered in determining whether a criminal immigration violation has been committed.

(c) Prohibitions contained in the California Values Act (Government Code § 7284 et seq.).
Aircraft Accidents

434.1 PURPOSE AND SCOPE
The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

434.1.1 DEFINITIONS
Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/ dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

434.2 POLICY
It is the policy of the West Sacramento Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

434.3 ARRIVAL AT SCENE
Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

(a) Protect persons and property.
(b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
(c) Preserve ground scars and marks made by the aircraft.
(d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
(e) Maintain a record of persons who enter the accident site.
(f) Consider implementation of an Incident Command System (ICS).

434.4 INJURIES AND CASUALTIES
Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.
Aircraft Accidents

434.5 NOTIFICATIONS
When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

(a) Fire department
(b) Appropriate airport tower
(c) Emergency medical services (EMS)

434.6 CONTROLLING ACCESS AND SCENE AUTHORITY
Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

(a) FAA.
(b) Fire department, EMS or other assisting law enforcement agencies.
(c) Coroner.
(d) Air Carrier/Operators investigative teams with NTSB approval.
(e) Appropriate branch of the military, when applicable.
(f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

434.7 DANGEROUS MATERIALS
Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

(a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
(b) Pressure vessels, compressed gas bottles, accumulators and tires.
Aircraft Accidents

(c) Fluids, batteries, flares and igniters.
(d) Evacuation chutes, ballistic parachute systems and composite materials.

434.8 DOCUMENTATION
All aircraft accidents occurring within the City of West Sacramento shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of WSPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

434.8.1 WRECKAGE
When reasonably safe, members should:

(a) Obtain the aircraft registration number (N number) and note the type of aircraft.
(b) Attempt to ascertain the number of casualties.
(c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
   1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
(d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
(e) Acquire copies of any recordings from security cameras that may have captured the incident.

434.8.2 WITNESSES
Members tasked with contacting witnesses should obtain:

(a) The location of the witness at the time of his/her observation relative to the accident site.
(b) A detailed description of what was observed or heard.
(c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
(d) The names of all persons reporting the accident, even if not yet interviewed.
(e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

434.9 MEDIA RELATIONS
The Public Information Officer (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should
Aircraft Accidents

be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims’ names. The PIO should coordinate with other involved entities before the release of information.

436.5 REQUIRED TRAINING
Entry level officers shall be required to successfully complete the Field Training Program, consisting of a minimum of 10 weeks (11 CCR 1004; 11 CCR 1005).

The training period for a lateral officer may be modified depending on the trainee’s demonstrated performance and level of experience. A lateral officer may be exempt from the Field Training Program requirement if the officer qualifies for an exemption as provided in 11 CCR 1005(a)(B).

To the extent practicable, entry level and lateral officers should be assigned to a variety of Field Training Officers, shifts, and geographical areas during their Field Training Program.

436.5.1 FIELD TRAINING MANUAL
Each new officer will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as an officer with the West Sacramento Police Department. The officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

The Field Training Manual will specifically cover those policies, procedures, rules, and regulations adopted by the West Sacramento Police Department.

436.6 EVALUATIONS
Evaluations are an important component of the training process and shall be completed as outlined below.

436.7 DOCUMENTATION
All documentation of the Field Training Program will be retained in the officer’s training files and will consist of the following:

(a) Daily Trainee Performance Evaluations
(b) End-of-phase evaluations
(c) A Certificate of Completion certifying that the trainee has successfully completed the required number of hours of field training
Obtaining Air Support

438.1 PURPOSE AND SCOPE
The use of a police helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

438.2 REQUEST FOR HELICOPTER ASSISTANCE
If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made.

438.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY
After consideration and approval of the request for a helicopter, the patrol supervisor, Watch Commander, or his/her designee, will call the closest agency having helicopter support available. The patrol supervisor, Watch Commander or his/her designee will apprise that agency of the specific details of the incident prompting the request.

438.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED
Police helicopters may be requested under any of the following conditions:

(a)  When the helicopter is activated under existing mutual aid agreements
(b)  Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard
(c)  When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community
(d)  When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard
(e)  Vehicle pursuits

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.
Contacts and Temporary Detentions

440.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

440.1.1 DEFINITIONS
Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person’s freedom of movement.

440.2 POLICY
The West Sacramento Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete a field interview (FI), pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.
Contacts and Temporary Detentions

440.3 FIELD INTERVIEWS
Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer’s suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the West Sacramento Police Department to strengthen community involvement, community awareness, and problem identification.

440.3.1 INITIATING A FIELD INTERVIEW
When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual’s:

(a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act
(b) Actions suggesting that he/she is engaged in a criminal activity
(c) Presence in an area at an inappropriate hour of the day or night
(d) Presence in a particular area is suspicious
(e) Carrying of suspicious objects or items
(f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon
(g) Location in proximate time and place to an alleged crime
(h) Physical description or clothing worn that matches a suspect in a recent crime
(i) Prior criminal record or involvement in criminal activity as known by the officer

440.4 PAT-DOWN SEARCHES
Once a valid stop has been made, and consistent with the officer’s training and experience, an officer may pat a suspect’s outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

(a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
(b) Where more than one suspect must be handled by a single officer.
(c) The hour of the day and the location or neighborhood where the stop takes place.
(d) Prior knowledge of the suspect’s use of force and/or propensity to carry weapons.
(e) The actions and demeanor of the suspect.
(f) Visual indications which suggest that the suspect is carrying a firearm or other weapon. Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

440.5 FIELD PHOTOGRAPHS
All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

440.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT
Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should attempt to obtain recorded consent. This consent can be written, audio or video recorded. Field photographs may also be obtained through the body worn camera and in-car camera recordings.

440.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT
Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer’s reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

440.5.3 DISPOSITION OF PHOTOGRAPHS
All detainee photographs must be adequately labeled and submitted to the Watch Commander with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Watch Commander should review and forward the photograph to one of the following locations:

(a) If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Watch Commander will forward the photograph and documents to the Records Division. The Records Division will file the original photographs with the FI and forward a copy of criminal organization related FIs to the Special Investigations Unit Supervisor for review. The Special Investigations Unit Supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.
(b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Section.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

440.5.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

440.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

(a) Identifying all persons present at the scene and in the immediate area.
   1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
   2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by West Sacramento Police Department members.
   1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.
Criminal Organizations

441.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that the West Sacramento Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

441.1.1 DEFINITIONS
Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

441.2 POLICY
The West Sacramento Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

441.3 CRIMINAL INTELLIGENCE SYSTEMS
No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

(a) Members using any such system are appropriately selected and trained.
(b) Use of every criminal intelligence system is appropriately reviewed and audited.
(c) Any system security issues are reasonably addressed.

441.3.1 SYSTEM ENTRIES
It is the designated supervisor’s responsibility to approve the entry of any information from a report, field interview (FI), photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Section. Any
supporting documentation for an entry shall be retained by the Records Section in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Section are appropriately marked as intelligence information. The Records Manager may not purge such documents without the approval of the designated supervisor.

441.3.2 GANG DATABASES
The Chief of Police may approve participation by the Special Investigations Unit in a shared criminal gang intelligence database, such as CALGANG®. Members must obtain the requisite training before accessing any such database.

It is the Special Investigations Unit supervisor’s responsibility to determine whether any report or (FI) contains information that would qualify for entry into the database. Prior to designating any person as a suspected gang member, associate or affiliate in a shared gang database; or submitting a document to the Attorney General’s office for the purpose of designating a person in a shared gang database; or otherwise identifying the person in a shared gang database, the Special Investigations Unit supervisor or designee shall provide written notice to the person and, if the person is under the age of 18, to his/her parent or guardian of the designation and the basis for the designation, unless providing that notification would compromise an active criminal investigation or compromise the health or safety of a minor. Notice shall also describe the process to contest the designation (Penal Code § 186.34).

The person, an attorney working on his/her behalf or his/her parent or guardian (if the person is under 18 years of age) may request, in writing, information as to whether the person is designated as a suspected gang member, associate or affiliate in a shared gang database accessible by the department, the basis for that designation and the name of the agency that made the designation. The department shall respond to a valid request in writing within 30 days, and shall provide the information requested unless doing so would compromise an active investigation or compromise the health and safety of the person if he/she is under 18 years of age (Penal Code § 186.34).

The person, or his/her parent or guardian if the person is under 18 years of age, may contest the designation by submitting written documentation which shall be reviewed by the Special Investigations Unit supervisor. If it is determined that the person is not a suspected gang member, associate or affiliate, the person shall be removed from the database. The person and the parent or guardian shall be provided written verification of the department’s decision within 30 days of receipt of the written documentation contesting the designation and shall include the reason for a denial when applicable (Penal Code § 186.34).

The Special Investigations Unit supervisor should forward reports or FIs to the Records Section after appropriate database entries are made. The supervisor should clearly mark the report/FI as gang intelligence information.
Criminal Organizations

It is the responsibility of the Records Section supervisor to retain reports and FIs in compliance with the database rules and any applicable end user agreement.

Records contained in a shared gang database shall not be disclosed for employment or military screening purposes and shall not be disclosed for the purpose of enforcing federal immigration law unless required by state or federal statute or regulation (Penal Code § 186.36

441.4 TEMPORARY INFORMATION FILE
No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved criminal intelligence system only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of criminal intelligence system entries.

441.4.1 FILE CONTENTS
A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

(a) Must only be included upon documented authorization of the responsible department supervisor.

(b) Should not be originals that would ordinarily be retained by the Records Section or Property and Evidence Section, but should be copies of, or references to, retained documents such as copies of reports, FI forms, Yolo Emergency Communications Agency records or booking forms.

(c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.

(d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

441.4.2 FILE REVIEW AND PURGING
The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.
Criminal Organizations

441.5 INFORMATION RECOGNITION
Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

(a) Gang indicia associated with a person or residence.
(b) Information related to a drug-trafficking operation.
(c) Vandalism indicating an animus for a particular group.
(d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Training Manager to train members to identify information that may be particularly relevant for inclusion.

441.6 RELEASE OF INFORMATION
Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

441.7 CRIMINAL STREET GANGS
The Special Investigations Unit supervisor should ensure that there are an appropriate number of department members who can:

(a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with:

1. Any organization, associate or group of three or more persons that meets the definition of a criminal street gang under Penal Code § 186.22(f).
2. Identification of a person as a criminal street gang member and criminal street gang-related crimes.
3. The California Street Terrorism Enforcement and Prevention Act (Penal Code § 186.21 et seq.), associated crimes and what defines a criminal street gang (Penal Code § 186.22).
(b) Coordinate with other agencies in the region regarding criminal street gang-related crimes and information.

(c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

441.8 TRAINING
The Training Manager should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

(a) The protection of civil liberties.

(b) Participation in a multiagency criminal intelligence system.

(c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.

(d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.

(e) The review and purging of temporary information files.

441.9 CRIMINAL STREET GANG EVALUATION AND VALIDATION
In addition to evaluating information on street gang individuals using the source reliability and content validity criteria stated in Policy 443, information on gang individuals will also be classified as appropriate using the following Validation guidelines.

(a) Active Gang Member Validation Criteria Defined: A gang is a group of [3] or more persons who have a common identifying sign, symbol or name, and whose members individually (or collectively) engage in, or have engaged in, a pattern of criminal activity creating an atmosphere of fear and intimidation within the community. Gang member submission criteria is as follows:

1) Individual admits membership to a gang

2) When correspondence is found identifying a subject as a gang member. This includes writings to or from identified gang members, writes and/or receives correspondence about gang activities and other writings indicating a subject's gang affiliation

3) Individual has been identified as a gang member by an identified gang member, reliable informant or source

4) Individual has gang related tattoos

5) Individual is contacted wearing gang related attire (Clothing/Colors) to identify with a specific gang

6) Individual is contacted in the company of identified gang member(s)

7) Individual is depicted in photograph(s) with known gang members
8) Individual is contacted in the field for gang related activity

9) Individual has been seen displaying gang hand signs or symbols in person or depicted in photos

10) Individual displays gang graffiti on personal belongings/property

11) Individual has been identified to be involved in gang related crimes as defined in California Penal Code Chapter 186.20, the "Street Terrorism Enforcement and Prevention Act":

(b) Active Gang Member Validation Review:

- All gang documentation and intelligence information will be forwarded to the Special Investigations Unit (SIU) Sergeant. The SIU Sergeant will assign the information to an SIU member to check available databases such as criminal history, warrants, probation and parolee status, etc. for further information pertaining to the validation. A Crime/Incident Report or Supplemental Investigation Report outlining the incidents, crimes, contacts and validation criteria will be prepared and submitted for approval. All evidence supporting Validation will be booked into evidence under the associated case number. The report outlining the criteria supporting validation will contain a brief synopsis of the incident, crime or contact along with the date and associated incident or crime report number. Each synopsis will be included under the section for criteria met or will indicate which criteria was met.

- A review team comprised of the SIU Sergeant, SIU member and a Lieutenant or the Deputy Chief will review reports recommending validation. Based on the review team's findings, the subject will be classified as an Active Gang Member or not classified. Review and approval signatures will be completed at the conclusion of the report.

- When reviewing information for gang Validation, each suspected gang member will be evaluated to determine if they have met a minimum of three of the above listed criteria in addition to other supporting factors will be evaluated. These factors will include but are not limited to the frequency and severity of recent criminal history; parole/probation status; the number of times the person has been encountered in gang related situations and which of the criteria the person was engaged in when they were encountered. Validation as an Active Gang Member can be approved based on a series of incidents, crimes or contacts or an individual crime/incident based on the facts, circumstances and or severity of the crime. A subject does not have to be classified as an Active Gang Member to be prosecuted for a criminal street gang crime.

- Upon review of ALL factors supporting Validation, a subject will be classified as an "Active Gang Member" will not be classified. Each gang member Validation
or update will be documented in a West Sacramento Police Department Incident Report for a previously existing case or with a new Incident Number and submitted to the Special Investigations Sergeant for review. Upon being reviewed and approved for Validation, the report will be filed with the Records Division.

Those subjects who do not meet the above requirements.

(c) Gang Intelligence Processing:

- All subjects approved for Active Gang Member Validation will be entered into the West Sacramento Police Department Records Management System as an Active Gang Member. An Active Gang Member Validation Tracking Form will be prepared for each classified gang member and retained by the SIU Sergeant. The report recommending Validation after being approved will be forwarded to the Records Division for filing. Any report containing confidential information will be marked "CONFIDENTIAL" and turned over to the records manager for storage.

- If a person/ minor under the age of 18 years old is classified as an Active Gang Member, the parents or guardian of the person/ minor will be notified in writing of the Validation and provided with a STEP Act Form.

(d) Active Gang Member Validation Maintenance:

- The Active Gang Member Validation Tracking Form will be used for maintaining the current status of the Validation. The SIU Sergeant will review the tracking forms on a regular basis to ensure only those who have Active Gang Member status remain Validated.

- If after five years there is no new documentation of gang and criminal activity, the Active Gang Member Validation shall be removed from the Records Management System and the tracking form purged pursuant to department and city policy.

(e) Active Gang Member Validation Updates:

- Upon receiving new gang intelligence on a subject validation as an Active Gang Member, a Crime/ Incident Report or Supplemental Investigation Report outlining the incidents, crimes, contacts and validation criteria will be prepared and submitted for approval. Any associated documents or evidence supporting the Validation update will be booked into evidence under the associated case number.

- Any updates will be logged on the Active Gang Member Validation Tracking Form.

(f) Gang Documentation Release for Court Proceedings:

- All Gang documentation will be release via the Records Division and in compliance with department policy as it pertains to the release of records.
**Criminal Organizations**

- Gang documentation reports marked confidential will NOT be released without a subpoena and agreement with the SIU member, SIU Sergeant, Investigations Lieutenant, or Deputy Chief and the District Attorney.

- When the an SIU member is requested to provide details supporting active gang member Validation for a criminal proceeding, the SIU member will prepare a supplemental report for the referenced criminal case summarizing the subjects gang related contacts and reasons for Validation as an Active Gang Member.

- The supplemental report will be forwarded to the District Attorney through the standard report review and approval process. The supplemental report will include referenced case numbers with synopsis of crimes, incidents and contacts supporting Validation as an Active Gang Member and may give expert opinions and conclusion related to the investigation at hand.

- Confidential information pertaining to ongoing investigations and informant information will not be included without prior approval of the SIU member conducting the investigation and the SIU Sergeant.
Criminal Intelligence

443.1 PURPOSE AND SCOPE
The mission of the West Sacramento Police Department's Criminal Intelligence Program is to collect, analyze, and disseminate information that is limited to criminal conduct and activities of individuals, organized crime groups, emerging criminal groups, public disorder and terrorist groups that present a threat to the community, threats to public officials or private citizens, and officials involved in public corruption. This information will be provided to the Chief of Police for crime prevention and decision making purposes. The intelligence files maintained by the West Sacramento Police Department shall be in accordance with State and Federal regulations.

443.1.1 ORGANIZATION AND STAFFING
The staffing of the intelligence function is by the Special Investigations Unit under the supervision of the Special Investigations Sergeant and Investigations Division Commander.

443.1.2 ADMINISTRATION
The primary function of the Criminal Intelligence Program is to develop strategic intelligence assessments designed to:

- Identify and maintain intelligence information on criminal activity or crime patterns that are partially or wholly controlled by organized criminal factions.
- Identify and maintain information on individuals engaged in organized criminal activity affecting the city of West Sacramento.
- Provide and maintain a descriptive analysis of organized criminal enterprises that are capable of adversely affecting the safety, health, or well being of the citizens of the city of West Sacramento.
- Assess the capabilities or extent of influence organized criminal enterprises may have and provide alternatives to reduce or eliminate their effect.
- Provide a continuous self-assessment of the criminal intelligence function regarding its ability to effectively control organized criminal activity and recommend revisions, as needed.

The secondary function is to assist other elements of the department and other law enforcement agencies in furtherance of the control of organized criminal activity. The procedures for utilization of Special Investigations Unit (SIU) personnel and techniques include:

- Individuals making a request for assistance from the Special Investigations Unit will be done directly to the members of the SIU or the SIU Sergeant.
- The SIU members and the SIU Sergeant will evaluate the request to ensure it is a proper use of department resources. The Investigations Division Commander will resolve any question regarding the use of the intelligence resources.
• The SIU member or SIU Sergeant shall then verify that the requestor has a "need to know and a right to know" the information that is being sought.
• Once the SIU member or SIU Sergeant has verified that the request is a valid use of intelligence resources and techniques, he/she shall determine how best to coordinate the gathering and dissemination of information.
• The SIU member or SIU Sergeant shall maintain a record, in either the intelligence database or the hard copy files, of each request for assistance and the outcome.

443.1.3 CRIMINAL INTELLIGENCE DEFINED
A. A criminal intelligence file consists of stored information on the activities and associations of individuals who are:
   1. Suspected of being, or having been, involved in the actual or attempted planning, organizing, financing, or commission of criminal acts or;
   2. Suspected of being, or of having been, involved in criminal activities with known or suspected crime figures.
B. Organizations, businesses, and groups that are:
   1. Suspected of being, or of having been, involved in the actual or attempted planning, organizing, financing, or commission of criminal acts or are
   2. Suspected of being or of having been, illegally operated, controlled, financed, or infiltrated by known or suspected crime figures.
   3. Suspected of being engaged in the sales, transportation and distribution of illegal narcotics.

443.1.4 FILE CONTENT
Only information meeting the file input criteria shall be stored in the criminal intelligence file. Information on an individual or group merely on the basis of race, ethnic background, religious affiliation, political affiliation, or sexual preference that does not relate to criminal conduct or suspect identification shall not be included in the intelligence file. Also excluded are associations with individuals, businesses, or groups that are not of a criminal nature and that do not relate to activities that present a threat to the community. Criminal history records (rap sheets) are excluded from the file, as well.

443.1.5 FILE CRITERIA
A. Permanent Status: Information that relates to an individual, organization, business, or group suspected of being, or of having been, involved in the actual or attempted
Criminal Intelligence

planning, organizing, financing, or committing of one or more of the following criminal activities:

1. Unlawful gambling
2. Loan sharking
3. Extortion
4. Infiltration of legitimate business for illegitimate purposes
5. Bribery
6. Major crimes including: homicide, sexual assault, burglary, auto theft, kidnapping, destruction of property, robbery, fraud, fencing stolen property, and arson
7. Manufacture, use, or possession of explosive devices for purposes of fraud, intimidation, or political motivation
8. Threats to public officials and private citizens
9. Pimping and Pandering
10. Prostitution
11. Drug Trafficking
12. Firearms Trafficking

B. Crimes associated with criminal street gangs such as vandalism, assault and battery, and weapons violations.

C. In addition to falling within the confines of one or more of the above criminal activities, the subject/entity to be given permanent status must be identifiable distinguished by a name and unique identifying characteristics (e.g., date of birth, criminal identification number, driver's license number, address). Identification at the time of file input is necessary to distinguish the subject/entity from existing file entries and those that may be entered at a later time.

D. Information relating to crimes having unique modus operandi characteristics is given permanent status and input to files even though a subject is not identifiable.

E. **Temporary Status:** Information that does not meet the criteria for permanent storage, but may be pertinent to an investigation involving one of the categories previously listed, should be given "temporary" status. The retention of temporary information should not exceed one year unless a compelling reason exists to extend this time period. An example of a compelling reason is if several pieces of information indicate a crime has been committed but more than a year is needed to identify a suspect. During this period, efforts should be made to identify the subject/entity or validate/update the
information so that its final status may be determined. If the information is still classified temporary at the end of the one-year period, and a compelling reason for its retention is not evident, the information should be purged. An individual, organization, business, or group may be given temporary status in the following cases:

F. **Subject/Entity is Unidentifiable**: Subject/entity (although suspected of being engaged in criminal activities) has no known physical descriptors, identification numbers, or distinguishing characteristics available.

G. **Involvement is Questionable**: Involvement in criminal activities is suspected by a subject/entity, which has either:

1. **Possible Criminal Associates**: Individual, organization, business, or group (not currently reported to be criminally active), associates with a known criminal, and is reasonably suspected of being involved in illegal activities.

2. **History of Criminal Conduct**: Individual, organization, business, or group (not currently reported to be criminally active) that has a history of criminal conduct; and the circumstances currently being reported (i.e., new position or ownership of a business) indicates that they may again become criminally active.

3. **Reliability/Validity Unknown**: The reliability of the information sources and/or the validity of the information cannot be determined at the time of receipt; however, the information appears to be significant and merits temporary storage while verification attempts are made.

443.1.6 CRIMINAL INTELLIGENCE PROCESS

**Collection**: Obtaining raw information from various sources.

**Evaluation**: Determining the reliability of the source and the validity of the information.

**Collation**: Indexing, cross-referencing, and filing of information.

**Analysis**: Trends, studies and case building.

**Dissemination**: Dispensing intelligence information.

Criminal Intelligence information will only be released to an individual who has demonstrated both a "right to know" and a "need to know."

- "Right to know" - requester has official capacity and statutory authority to the information being requested.
- "Need to know" - requested information is pertinent and necessary to the requester agency in initiating, furthering, or completing an investigation.
- Third party information - no "original document" that has been obtained from an outside agency is to be released to a third agency. Should such a request be received, the requesting agency should be referred to the submitting agency for further assistance.
443.1.7 INFORMATION EVALUATION
Information to be retained in the criminal intelligence file should be evaluated and designated for source reliability and content validity prior to filing.

The bulk of the data the intelligence unit receives consists of unverified allegations or information. Evaluating the source and content of the information indicates to future users the worth and usefulness of the information. Circulating information, which may not have been evaluated, where the source reliability is poor or the content validity is doubtful is detrimental to this agency’s operations and contrary to the individual’s right to privacy.

To assure uniformity within the intelligence community, it is necessary that stored information be evaluated according to the criteria set forth below:

A. Source Reliability
   1. Reliable: The reliability of the source is unquestioned or has been well tested in the past.
   2. Usually Reliable: The reliability of the source can usually be relied upon as factual. The majority of the information provided in the past has proven to be reliable.
   3. Unreliable: The reliability of the source has been sporadic in the past.
   4. Unknown: The reliability of the source cannot be judged. Its authenticity or trustworthiness has not yet been determined by either experience or investigation.

B. Content Validity
   1. Confirmed: an investigator or another independent, reliable source has corroborated the information.
   2. Probable: The information is consistent with past accounts.
   3. Doubtful: The information is inconsistent with past accounts.
   4. Cannot Be Judged: The information cannot be judged. Its authenticity has not yet been determined by either experience or investigation.

Procedures for ensuring information is related to criminal conduct and relates to activities that present a threat to the Community.

When information comes to the attention of an SIU detective or officer, he/she shall first verify its reliability and validity. This can be accomplished by evaluating the source of the information, as described above.
Criminal Intelligence

If the SIU detective or officer cannot be certain of the reliability and validity of the information, he/she may disregard it. However, if the Intelligence Officer wishes to utilize the information, he/she must take the necessary step to ensure that it meets the criteria set forth in this General Order. The officer should:

- Conduct an independent analysis of the information by reviewing the records database of the West Sacramento Police Department and other law enforcement agencies.
- Interview police personnel, confidential reliable informants, and others who are known to be reliable and verifiable sources of information.
- Through personal observation.

443.1.8 CRIMINAL STREET GANG EVALUATION

443.1.9 INFORMATION CLASSIFICATION

In order to protect sources, investigations, and the individual's right to privacy, information retained in the Criminal Intelligence File will be classified as follows:

A. **Sensitive -- Level I Dissemination Criteria:**
   1. Information pertaining to significant law enforcement cases currently under investigation.
   2. Public corruption.
   3. Informant identification information.
   4. "Criminal Intelligence Reports" that require strict dissemination and release criteria.

B. **Confidential -- Level II Dissemination Criteria:**
   1. "Criminal Intelligence Reports" not designated as sensitive.
   2. Information obtained through intelligence unit channels that is not classified as sensitive and is for law enforcement use only.

C. **Restricted -- Level III Dissemination Criteria:**
   1. Reports that at an earlier date were classified sensitive or confidential and the need for high-level security no longer exist.

D. **Unclassified -- Level IV Dissemination Criteria:**
Criminal Intelligence

1. Information to which, in its original form, the general public has/had direct access (i.e., birth and death certificates).

443.1.10 INFORMATION SOURCE
In all cases, source identification should be available in some form as the value of information stored in a criminal intelligence file is often directly related to that source. The true identity of the source should be used unless there is a need to protect the source.

Some factors to consider in determining whether source identification is warranted include:

- The nature of information reported
- The potential need to refer to the source's identity for further investigative or prosecutorial activity
- The reliability of the source.

In those cases where identifying the source by name is not practical for security reasons, a code number should be used. The Uniformed Services Commander will retain a confidential listing of coded sources. As dictated by the individual case, in addition to identifying the source, a description as to how the source obtained the information may be needed (for example: "S-01, a reliable police informant heard" or "a reliable law enforcement source of the police department saw" a particular event at a particular time).

443.1.11 FILE DISSEMINATION
In order to protect the right to privacy of individuals contained in the criminal intelligence file, and to maintain the confidentiality of the sources and the file itself, dissemination guidelines will be followed.

The following terms have been applied to dissemination criteria for the intelligence files:

- "Need to Know" - requested information is pertinent and necessary to the requester agency in initiating, furthering or completing an investigation.
- "Right to Know" - requester agency has official capacity and statutory authority to the information being requested.

Dissemination criteria and release authority to be used at each security classification level are:

<table>
<thead>
<tr>
<th>Level</th>
<th>Dissemination Criteria</th>
<th>Release Authority</th>
</tr>
</thead>
<tbody>
<tr>
<td>I</td>
<td>Restricted to law enforcement personnel having a specific need to know and right to know</td>
<td>Chief or Office Commander</td>
</tr>
</tbody>
</table>
Any copies of documents released will be stamped to indicate the classification of the documents, the date of release, who the information was released to, and who released the information. Additionally, a notation will be placed in the file indicating release information.

Information in the criminal intelligence files classified I, II or III that was received from another law enforcement agency will not be disseminated without the specific authorization of the agency from which the information was obtained.

443.1.12 FILE REVIEW AND PURGE
Information stored in the criminal intelligence file will periodically be reviewed for reclassification or purge in order to:

- Ensure that the file is current, accurate, and relevant to the needs and objectives of the unit
- Safeguard the individual's right to privacy
- Ensure that the security classification level remains appropriate.

Reviewing of the criminal intelligence file will be done on a continual basis as personnel use the material in carrying out day-to-day activities. Information that is no longer useful or cannot be validated will immediately be purged or reclassified where necessary.

443.1.13 PURGE CRITERIA

A. General considerations for reviewing and purging of information stored in the criminal intelligence file are as follows:

1. Utility
2. How is the information used?
3. For what purpose is the information being used?
4. Who uses the information?
5. Timeliness and Appropriateness
6. Is this investigation still ongoing?
7. Is the information relevant to the needs and the objectives of the unit?
8. Is the information relevant to the purpose for which it was collected and stored?
B. Accuracy and completeness:
   1. Is the information still valid?
   2. Is the information adequate for identification purposes?
   3. Can the validity of the data be determined through investigative techniques?

C. Purge Schedule:
   1. In addition to the ongoing review and purge of the files, a complete review of the individual files will occur within five years of the date of contact supporting the initial entry into gang intelligence file. Information/documents not qualifying for retention will be removed and destroyed by shredding.

443.1.14 FILE SECURITY
The criminal intelligence file cabinet will be located within the Investigations Division, with file access restricted to authorized personnel. The file cabinet will be kept locked at all times when not under the direct control and observation of the SIU members, SIU Sergeant or Investigations Division Commander. The computerized file will be protected by electronic lockout, accessible only through the use of the private password by authorized personnel. Any hard-copy documents/files will be maintained in a secured file cabinet(s) within the Investigations Division. In order to ensure the safeguarding of intelligence information and the secure storage of intelligence records separate from all other records, the following procedures shall be followed.

   (a) The SIU members will evaluate information that is forwarded to his/her attention to determine if it meets the criteria set forth in this manual before it is included in the intelligence file.

   (b) Automated criminal intelligence files shall be maintained in a password protected computer database, which is accessible to only the SIU members or Sergeant and other authorized persons designated by the Chief of Police. The files shall not be accessible through the department's computer network, or from any other computer station.

   (c) Hard copy information that meets the criteria set forth in this policy and that is maintained by the members of the Special Investigaitons Unit shall be kept in a locked file cabinet, in the Investigations Division. Only the SIU members, SIU Sergeant, Investigations Division Commander and designated Officers shall have access to the information contained within the file cabinet.

   (d) If the SIU members or SIU Sergeant determines that the information meets the established criteria, only he/she is allowed to access the intelligence database and enter the information in the appropriate file, or create a new file.
(e) In order to protect the intelligence files from unauthorized inquiries, designated personnel shall use a password known only to him/her to access the files. This password shall not be divulged to any other individuals, except the SIU Sergeant and the Investigations Division Commander. When the SIU members disseminate information from the intelligence files, he/she shall first verify that the person/agency receiving the information has a "need to know and a right to know" the information that is being divulged.

(f) When there is a change in assignment of the Deputy Chief of Police, Officers, or the Sergeant assigned to the intelligence function, the password to the Intelligence database will be changed and made known only to the current Officers, Sergeant or Commander involved in the intelligence function. The lock(s) on the intelligence file cabinet(s) will be changed, and only the current approved personnel will have access.

443.2 ANNUAL REVIEW
At the conclusion of each year, the SIU Sergeant will conduct a documented review of Criminal Intelligence processes and procedures. This report will be provided to the Division Commander and the Chief of Police.
Watch Commanders

444.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with departmental policies, procedures, practices, functions and objectives. To accomplish this goal, a Lieutenant heads each watch.

A police sergeant serves in the capacity of the Watch Commander during those times that a police lieutenant is...
Mobile Audio/Video

446.1 PURPOSE AND SCOPE
The West Sacramento Police Department has equipped marked patrol cars with Mobile Audio/Video (MAV) recording systems to provide records of events and assist officers in the performance of their duties. This policy provides guidance on the use of these systems.

446.1.1 DEFINITIONS
Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

In-car camera system and Mobile Audio/Video (MAV) system - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor.

MAV technician - Personnel certified or trained in the operational use and repair of MAVs, duplicating methods, storage and retrieval methods and procedures, and who have a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

446.2 POLICY
It is the policy of the West Sacramento Police Department to use mobile audio and video technology to more effectively fulfill the department’s mission and to ensure these systems are used securely and efficiently.

446.3 OFFICER RESPONSIBILITIES
Prior to going into service, each officer will properly equip him/herself to record audio and video in the field. At the end of the shift, each officer will follow the established procedures for providing to the Department any recordings or used media and any other related equipment. Each officer should have adequate recording media for the entire duty assignment. In the event an officer works at a remote location and reports in only periodically, additional recording media may be issued. Only West Sacramento Police Department identified and labeled media with tracking numbers is to be used.

At the start of each shift, officers should test the MAV system’s operation in accordance with manufacturer specifications and department operating procedures and training.

System documentation is accomplished by the officer recording his/her name, serial number, badge or PIN number and the current date and time at the start and again at the end of each shift. If the system is malfunctioning, the officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.
446.4 ACTIVATION OF THE MAV
The MAV system is designed to turn on whenever the unit’s emergency lights are activated. The system remains on until it is turned off manually. The audio portion is independently controlled and should be activated manually by the officer whenever appropriate. When audio is being recorded, the video will also record.

446.4.1 REQUIRED ACTIVATION OF MAV
This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes it would be appropriate or valuable to document an incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system shall be activated in any of the following situations:

(a) All field contacts involving actual or potential criminal conduct within video or audio range:
   1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
   2. Priority responses
   3. Vehicle pursuits
   4. Suspicious vehicles
   5. Arrests
   6. Vehicle searches
   7. Physical or verbal confrontations or use of force
   8. Pedestrian checks
   9. DWI/DUI investigations including field sobriety tests
   10. Consensual encounters
   11. Crimes in progress
   12. Responding to an in-progress call

(b) All self-initiated activity in which an officer would normally notify Yolo Emergency Communications Agency

(c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
   1. Domestic violence calls
   2. Disturbance of peace calls
3. Offenses involving violence or weapons
   (d) Any time and officer transports and individual in the furtherance of their official duties (custodial arrests, citizen assist etc)
   (e) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording
   (f) Any other circumstance where the officer believes that a recording of an incident would be appropriate

446.4.2 CESSATION OF RECORDING
Once activated, the MAV system should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive, or in other similar situations.

Members shall cease audio recording whenever necessary to ensure conversations are not recorded between a person in custody and the person’s attorney, religious advisor or physician, unless there is explicit consent from all parties to the conversation (Penal Code § 636).

446.4.3 WHEN ACTIVATION IS NOT REQUIRED
Activation of the MAV system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation.

446.4.4 SUPERVISOR RESPONSIBILITIES
Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of Yolo Emergency Communications Agency.

At reasonable intervals, supervisors should validate that:
   (a) Beginning and end-of-shift recording procedures are followed.
   (b) Logs reflect the proper chain of custody, including:
       1. The tracking number of the MAV system media.
       2. The date it was issued.
       3. The law enforcement operator or the vehicle to which it was issued.
       4. The date it was submitted.
       5. Law enforcement operators submitting the media.
Mobile Audio/Video

6. Holds for evidence indication and tagging as required.

(c) The operation of MAV systems by new employees is assessed and reviewed no less than biweekly.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved collisions), a supervisor shall respond to the scene and ensure that the appropriate supervisor, MAV technician or crime scene investigator properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

Supervisors may activate the MAV system remotely to monitor a developing situation, such as a chase, riot or an event that may threaten public safety, officer safety or both, when the purpose is to obtain tactical information to assist in managing the event. Supervisors shall not remotely activate the MAV system for the purpose of monitoring the conversations or actions of an officer.

446.5 REVIEW OF MAV RECORDINGS

All recording media, recorded images and audio recordings are the property of the Department. Dissemination outside of the agency is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the department MAV technician or forensic media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:

(a) For use when preparing reports or statements
(b) By a supervisor investigating a specific act of officer conduct
(c) By a supervisor to assess officer performance
(d) To assess proper functioning of MAV systems
(e) By department investigators who are participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
(f) By department personnel who request to review recordings
(g) By an officer who is captured on or referenced in the video or audio data and reviews and uses such data for any purpose relating to his/her employment
(h) By court personnel through proper process or with permission of the Chief of Police or the authorized designee
(i) By the media through proper process or with permission of the Chief of Police or the authorized designee
(j) To assess possible training value

(k) Recordings may be shown for training purposes. If an involved officer objects to showing a recording, his/her objection will be submitted to the staff to determine if the training value outweighs the officer's objection

Employees desiring to view any previously uploaded or archived MAV recording should submit a request in writing to the Watch Commander. Approved requests should be forwarded to the MAV technician for processing.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any employee.

446.6 DOCUMENTING MAV USE
If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the records copy of the citation, indicating that the incident was recorded. Such documentation shall include the numeric file name assigned to the recording. If a citation is issued, the officer shall make a notation on the back of the Records copy of the citation indicating that the incident was recorded along with the numeric file name assigned to the recording.

446.7 RECORDING MEDIA STORAGE AND INTEGRITY
Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence will be retained for a minimum of one year after which time it will be erased, destroyed or recycled in accordance with the established records retention schedule (Government Code § 34090.6).

446.7.1 COPIES OF ORIGINAL RECORDING MEDIA
Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Chief of Police or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

446.7.2 MAV RECORDINGS AS EVIDENCE
Officers who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense, potential claim against the officer or against the West Sacramento Police Department should indicate this in an appropriate report. Officers should ensure relevant recordings are preserved.
446.8 SYSTEM OPERATIONAL STANDARDS

(a) MAV system vehicle installations should be based on officer safety requirements and the vehicle and device manufacturer’s recommendations.

(b) The MAV system should be configured to minimally record for 30 seconds prior to an event.

(c) The MAV system may not be configured to record audio data occurring prior to activation.

(d) Unless the transmitters being used are designed for synchronized use, only one transmitter, usually the primary initiating officer’s transmitter, should be activated at a scene to minimize interference or noise from other MAV transmitters.

(e) Officers using digital transmitters that are synchronized to their individual MAV shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.

(f) With the exception of law enforcement radios or other emergency equipment, other electronic devices should not be used inside MAV-equipped law enforcement vehicles to minimize the possibility of causing electronic or noise interference with the MAV system.

(g) Officers shall not erase, alter, reuse, modify or tamper with MAV recordings. Only a supervisor, MAV technician or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.

(h) To prevent damage, original recordings shall not be viewed on any equipment other than the equipment issued or authorized by the MAV technician.

446.9 MAV TECHNICIAN RESPONSIBILITIES

The MAV technician is responsible for:

(a) Ordering, issuing, retrieving, storing, erasing and duplicating of all recorded media.

(b) Collecting all completed media for oversight and verification of wireless downloaded media. Once collected, the MAV technician:

1. Ensures it is stored in a secure location with authorized controlled access.

2. Makes the appropriate entries in the chain of custody log.

(c) Erasing of media:

1. Pursuant to a court order.

2. In accordance with established records retention policies, including reissuing all other media deemed to be of no evidentiary value.

(d) Assigning all media an identification number prior to issuance to the field:
Mobile Audio/Video

1. Maintaining a record of issued media.
   (e) Ensuring that an adequate supply of recording media is available.
   (f) Managing the long-term storage of media that has been deemed to be of evidentiary value in accordance with the department evidence storage protocols and the records retention schedule.

446.10 TRAINING
All members who are authorized to use the MAV system shall successfully complete an approved course of instruction prior to its use.
Mobile Data Terminal Use

448.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Terminal (MDT) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and Yolo Emergency Communications Agency.

448.1.1 MOBILE DATA COMPUTER SYSTEM
The Yolo County JPA Board adopted a policy regarding the use of mobile computer devices to be followed by all Yolo County Law Enforcement Consortium Agencies. Consortium Agencies include the West Sacramento Police Department, Davis Police Department, Winters Police Department and Woodland Police Department. The Consortium Agencies agree to use the Mobile Data Computer (MDC) System to:

- Provide specific, timely, and accurate dispatch information to officers in the field.
- Provide an efficient means of communication among patrol and Dispatch personnel relating to calls for service and tactical situations.
- Provide inquiry capability into local, State, and National databases.

448.2 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

448.3 POLICY
West Sacramento Police Department members using the MDT shall comply with all appropriate federal and state rules and regulations and shall use the MDT in a professional manner, in accordance with this policy.

448.4 RESTRICTED ACCESS AND USE
MDT use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDT system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDT by another member to their supervisors or Watch Commanders.

Use of the MDT system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.
Mobile Data Terminal Use

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDT system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member’s name or to use the password of another member to log in to the MDT system unless directed to do so by a supervisor. Members are required to log off the MDT or secure the MDT when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

448.4.1 USE WHILE DRIVING
Use of the MDT by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

448.5 DOCUMENTATION OF ACTIVITY
Except as otherwise directed by the Watch Commander or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDT unless security or confidentiality prevents such broadcasting.

MDT and voice transmissions are used to document the member's daily activity. To ensure accuracy:

(a) All contacts or activity shall be documented at the time of the contact.
(b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
(c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDT.

448.5.1 STATUS CHANGES
All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDT system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDT when the vehicle is not in motion.

448.5.2 EMERGENCY ACTIVATION
If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.
Members should ensure a field supervisor and the Watch Commander are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

448.6 EQUIPMENT CONSIDERATIONS

448.6.1 MALFUNCTIONING MDT
Whenever possible, members will not use vehicles with malfunctioning MDTs. Whenever members must drive a vehicle in which the MDT is not working, they shall notify Yolo Emergency Communications Agency. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.

448.6.2 BOMB CALLS
When investigating reports of possible bombs, members should not communicate on their MDTs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDT could cause some devices to detonate.
Portable Audio/Video Recorders

450.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, hand held or integrated into portable equipment.

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any West Sacramento Police Department facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

450.2 POLICY
The West Sacramento Police Department may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

450.3 MEMBER PRIVACY EXPECTATION
All recordings made by members on any department-issued device at any time, and any recording made while acting in an official capacity for this department, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

450.4 MEMBER RESPONSIBILITIES
Prior to going into service, each uniformed member will be responsible for making sure that he/she is equipped with a portable recorder issued by the Department, and that the recorder is in good working order. If the recorder is not in working order or the member becomes aware of a malfunction at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as reasonably practicable. Uniformed members should wear the recorder in a conspicuous manner or otherwise notify persons that they are being recorded, whenever reasonably practicable.

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful. Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the recorder in a conspicuous manner when in use or otherwise notify persons that they are being recorded, whenever reasonably practicable.

When using a portable recorder, the assigned member shall record his/her name, WSPD identification number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user’s unique identification and the date and time of each recording.
Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation.

450.4.1 SUPERVISOR RESPONSIBILITIES
Supervisors should take custody of a portable audio/video recording device as soon as practicable when the device may have captured an incident involving the use of force, an officer-involved shooting or death or other serious incident, and ensure the data is downloaded (Penal Code § 832.18).

450.5 ACTIVATION OF THE PORTABLE RECORDER
This policy is not intended to describe every possible situation in which any portable recorder should be used, although there are many situations where its use is mandatory. Members shall activate the recorder any time the member believes it would be appropriate or valuable to record an incident. Members equipped with any portable recorders shall activate the portable recorder for All enforcement and investigative activities.

Examples of mandatory portable recorder activation include the following situations:

(a) All enforcement and investigative contacts including stops and field interview (FI) situations
(b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops
(c) Self-initiated activity in which a member would normally notify Yolo Emergency Communications Agency
(d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording
(e) Transportation of prisoners and citizens

Once activated the officer shall continue to record until the completion of the event, or they have left the scene and are no longer involved in the event.

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy. Consideration may be given to discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Recording shall resume when privacy is no longer at issue. As with the cessation of recording prior to the end of a public contact, the officer should narrate the reason for stopping the recording prior to doing so.

Circumstances appropriate for non-activation

- Informal Community Interactions (Public Encounters) - Informal community interactions differ from the “consensual encounters” officers conduct in an effort to develop reasonable suspicion to detain or probable cause for arrest. To strengthen
Portable Audio/Video Recorders

relationships between police and citizens, officers may use discretion regarding the recording of informal, non-enforcement related interactions with members of the community. In the event an encounter becomes adversarial, officers should activate their portable recording device; without compromising their safety or the safety of others.

Circumstances appropriate for consideration of deactivation

- Victims and Witnesses of Crime - Officers should record interviews of crime victims and witnesses. It is recommended that officers advise victims and witnesses that they are being recorded, although they do not have the obligation to do so (Penal Code 633). When a victim or witness requests they not be recorded, officers may consider their request when deciding whether to continue recording or not. Officers may offer to avert their portable recording device to capture only audio during the interview when doing so would facilitate obtaining the victim's recorded statement. In cases where a victim or witness requests they not be recorded, and the officer agrees not to record, officers should record their request prior to deactivation. Minimally, the person should be told that a criminal case could be hampered by not recording the interview. When an officer is already recording, he/she shall record their explanation for deactivation prior to doing so. In the event a crime witness or a member of the community wishes to anonymously report or discuss criminal activity, officers have the discretion to not record.

The portable recording device shall not be used in locker rooms, restrooms, or any other place where there would be a reasonable expectation of privacy unless in the course of a criminal investigation.

Activation of portable recording devices in a hospital setting is not discouraged, however the reasons why a member was present at the hospital setting or there as a course of business should be weighed against personal privacy rights of uninvolved parties. Portable recording devices shall be utilized if a statement is being taken or a situation at the hospital becomes confrontational.

At no time is a member expected to jeopardize their safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable. To avoid this issue, officers should make a practice of activating the portable recorder well before arrival on calls for service and ahead of subject contact in self-initiated activities.

450.5.1 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Members of the Department may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation (Penal Code § 633).

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.
Portable Audio/Video Recorders

450.5.2 CESSATION OF RECORDING
Once activated, the portable recorder should remain on continuously until the member reasonably believes that their direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

Other than at the conclusion of the contact or investigation, personnel may deactivate in places where there is a reasonable expectation of privacy. Instances where personnel may deactivate include:

(a) While in a police facility unless presence in the facility is part of a continuing involvement in an incident or investigation that continues to involve direct contact with the public.

(b) During any incident that the Officer believes the BWC should be deactivated, either temporarily or for the entire event, based on articulable reasons (i.e., sensitive intelligence gathering, when discussing sensitive tactical or confidential law enforcement information, other investigative purposes).

In all cases, while in recording mode, the officer should explain the reason for deactivating their portable recording device verbally. This information should also be written into the crime report.

Members shall cease audio recording whenever necessary to ensure conversations are not recorded between a person in custody and the person’s attorney, religious advisor or physician, unless there is explicit consent from all parties to the conversation (Penal Code § 636).

450.5.3 EXPLOSIVE DEVICE
Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

450.5.4 TEMPORARY MUTING OF PORTABLE RECORDING DEVICE
Officers shall not engage the mute feature on their recording device during a public encounter or assigned calls for service, except for the following reasons.

Officers may mute during:

(a) Conversations that involve police and/or case tactics or strategy;

(b) Personal emergency matters of a sensitive nature (i.e. family emergency, medical emergency, catastrophic event);

(c) Encounters with undercover officer or confidential informants.

In all cases, while in recording mode, the officer should explain the reason for muting their portable recording device verbally. This information should also be documented appropriately.
Portable Audio/Video Recorders

450.6 PROHIBITED USE OF PORTABLE RECORDERS
Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Watch Commander. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

450.6.1 PROHIBITED USE OF BIOMETRIC SURVEILLANCE SYSTEM
The installation, activation, or use of biometric surveillance systems, including facial recognition, in connection with portable recorders is prohibited (Penal Code § 832.19).

450.7 IDENTIFICATION AND PRESERVATION OF RECORDINGS
To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

A member should transfer, tag or mark recordings when the member reasonably believes:

(a) The recording contains evidence relevant to potential criminal, civil or administrative matters.

(b) A complainant, victim or witness has requested non-disclosure.

(c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.

(d) Disclosure may be an unreasonable violation of someone’s privacy.

(e) Medical or mental health information is contained.

(f) Disclosure may compromise an undercover officer or confidential informant.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.
Portland Audio/Video Recorders

450.8 REVIEW OF RECORDED MEDIA FILES
When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member’s performance.

Recorded files may also be reviewed:

(a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.

(b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.

(c) By media personnel with permission of the Chief of Police or the authorized designee.

(d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person’s privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

450.8.1 USE OF RECORDED MEDIA FOR TRAINING PURPOSES
Recorded files may be used or shown for the purposes of training. If a recording is deemed to have training value a consent form will be submitted to the involved officer requesting his/her permission to use the recording during training. The officer has the right to grant or deny permission on the form.

If any employee objects to the showing of a recording, their objection submitted to the Chief of Police or his/her designee to determine if the training value outweighs the employee’s objection. In no event shall any recording be used or shown for the purpose of ridicule or embarrassment of any employee.

450.9 COORDINATOR
The Chief of Police or the authorized designee shall appoint a member of the Department to coordinate the use and maintenance of portable audio/video recording devices and the storage of recordings, including (Penal Code § 832.18):

(a) Establishing a system for downloading, storing and security of recordings.

(b) Designating persons responsible for downloading recorded data.
(c) Establishing a maintenance system to ensure availability of operable portable audio/video recording devices.

(d) Establishing a system for tagging and categorizing data according to the type of incident captured.

(e) Establishing a system to prevent tampering, deleting and copying recordings and ensure chain of custody integrity.

(f) Working with counsel to ensure an appropriate retention schedule is being applied to recordings and associated documentation.

(g) Maintaining logs of access and deletions of recordings.

450.9.1 CRITICAL INCIDENTS

The Department acknowledges that video recordings taken during critical incidents do not necessarily reflect the full extent of the nature of the event; or the experience, analysis, training, threat assessment, or state of mind of the individual officer(s) in a given incident. Moreover, recordings, especially video, have limitations and may depict events differently than as honestly recalled by the involved officer(s). Specifically, it is understood that recording devices may capture information that may not have been heard or observed by the involved officer(s) and that the officer(s) may see and hear things not captured by recording devices.

Officers involved in critical incidents should notify the responding supervisor of any related recordings. In the event a critical incident is recorded and immediate retrieval is required, a supervisor shall secure the recording device as soon as possible and maintain the chain of custody. The supervisor or manager charged with coordinating the criminal investigation of the case shall coordinate the download or electronic transfer of the file, minimizing those involved with the chain of custody.

Officers, either as subjects or witness, who are involved in any critical incident, or collision causing injuries, shall be permitted to review recordings prior to providing a statement or written report. In such cases where the involved officer(s) will view a video recording of the incident, they shall be provided the following admonishment:

"In this case, there is video evidence that you will have an opportunity to view before you have given your initial statement. Video evidence has limitations and may depict the events differently than you recall, and may not depict all of the events as seen or heard by you. Video has a limited field of view and may not capture events normally seen by the human eye. The "frame rate" of video may limit the camera's ability to capture movements normally seen by the human eye. Lighting as seen on the video may be different than what is seen by the human eye. Videos are two dimensional medium and may not capture depth, distance, or positional orientation as well as the human eye. Remember, video evidence is intended to assist your memory and ensure that your initial statement explains your state of mind at the time of the incident."

450.10 RETENTION OF RECORDINGS

Recordings of the following should be retained for a minimum of two years (Penal Code § 832.18):
Portable Audio/Video Recorders

(a) Incidents involving use of force by an officer
(b) Officer-involved shootings
(c) Incidents that lead to the detention or arrest of an individual
(d) Recordings relevant to a formal or informal complaint against an officer or the West Sacramento Police Department

Recordings containing evidence that may be relevant to a criminal prosecution should be retained for any additional period required by law for other evidence relevant to a criminal prosecution (Penal Code § 832.18).

All other recordings should be retained for a period consistent with the requirements of the organization’s records retention schedule but in no event for a period less than 180 days.

Records or logs of access and deletion of recordings should be retained permanently (Penal Code § 832.18).

450.10.1 RELEASE OF AUDIO/VIDEO RECORDINGS
Requests for the release of audio/video recordings shall be processed in accordance with the City policy regarding Retention and Release of Police Audio/Video Recordings and with Records Maintenance and Release Policy.

450.10.2 MEDIA STORAGE AND SECURITY
Portable police recordings shall be stored, retained, and backed up on department servers where they are accessible for review and use under strict guidelines pursuant to this policy, the City policy regarding Retention and Release of Police Audio/Video Recordings, and the Records Maintenance and Release policy. Access recordings is automatically logged and can be audited. Once the police recordings are completed, Officers are unable to manipulate or destroy video footage.

450.11 TRAINING
Officers and Supervisors must complete an agency-approved training to ensure proper use and operations. Additional training may be required at periodic intervals to ensure the continued effective use and operation of the equipment, proper calibration and performance and to incorporate changes, updates or other revisions in policy or equipment.

Training for Portable police recordings may be provided during AOT, EVOC, Range, Training Bulletins, Written Directives, and Roll-Call Training.

The Training Officer within the Uniformed Services Division will set training guidelines and administer the recommendations of the Agency Training Committee.
Medical Marijuana

452.1 PURPOSE AND SCOPE
The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under California’s medical marijuana laws.

452.1.1 DEFINITIONS
Definitions related to this policy include:

Cardholder - A person issued a current identification card.

Compassionate Use Act (CUA) (Health and Safety Code § 11362.5) - California law intended to provide protection from prosecution to those who are seriously ill and whose health would benefit from the use of marijuana in the treatment of illness for which marijuana provides relief. The CUA does not grant immunity from arrest but rather provides an affirmative defense from prosecution for possession of medical marijuana.

Identification card - A valid document issued by the California Department of Public Health to both persons authorized to engage in the medical use of marijuana and also to designated primary caregivers.

Medical marijuana - Marijuana possessed by a patient or primary caregiver for legitimate medical purposes.

Medical Marijuana Program (MMP) (Health and Safety Code § 11362.7 et seq.) - California laws passed following the CUA to facilitate the prompt identification of patients and their designated primary caregivers in order to avoid unnecessary arrests and provide needed guidance to law enforcement officers. MMP prohibits arrest for possession of medical marijuana in certain circumstances and provides a defense in others.

Patient - A person who is entitled to the protections of the CUA because he/she has received a written or oral recommendation or approval from a physician to use marijuana for medical purposes or any person issued a valid identification card.

Primary caregiver - A person designated by the patient, who has consistently assumed responsibility for the patient’s housing, health or safety, who may assist the patient with the medical use of marijuana under the CUA or the MMP (Health and Safety Code § 11362.5; Health and Safety Code § 11362.7).

Statutory amount - No more than 8 ounces of dried, mature, processed female marijuana flowers (“bud”) or the plant conversion (e.g., kief, hash, hash oil), and no more than six mature or 12 immature marijuana plants (roots, stems and stem fibers should not be considered) (Health and Safety Code § 11362.77).
452.2 POLICY
It is the policy of the West Sacramento Police Department to prioritize resources to forgo making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

California’s medical marijuana laws are intended to provide protection to those who are seriously ill and whose health would benefit from the use of medical marijuana.

However, California medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The West Sacramento Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under California law and public resources.

452.3 INVESTIGATION
Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

(a) Investigations when no person makes a medicinal claim.
(b) Investigations when a medicinal claim is made by a cardholder.
(c) Investigations when a medicinal claim is made by a non-cardholder.

452.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM
In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation if the amount is greater than permitted for personal use under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1; Health and Safety Code § 11362.2). A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

452.3.2 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A CARDHOLDER
A cardholder or designated primary caregiver in possession of an identification card shall not be arrested for possession, transportation, delivery or cultivation of medical marijuana at or below the statutory amount unless there is probable cause to believe that (Health and Safety Code § 11362.71; Health and Safety Code § 11362.78):

(a) The information contained in the card is false or falsified.
(b) The card has been obtained or used by means of fraud.
(c) The person is otherwise in violation of the provisions of the MMP.
(d) The person possesses marijuana but not for personal medical purposes.
Medical Marijuana

Officers who reasonably believe that a person who does not have an identification card in his/her possession has been issued an identification card may treat the investigation as if the person had the card in his/her possession.

Cardholders may possess, transport, deliver or cultivate medical marijuana in amounts above the statutory amount if their doctor has concluded that the statutory amount does not meet the patient’s medical needs (Health and Safety Code § 11362.71; Health and Safety Code § 11362.77). Investigations involving cardholders with more than the statutory amount of marijuana should be addressed as provided in this policy for a case involving a medicinal claim made by a non-cardholder.

452.3.3 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A NON-CARDHOLDER

No patient or primary caregiver should be arrested for possession or cultivation of an amount of medical marijuana if the officer reasonably believes that marijuana is in a form and amount reasonably related to the qualified patient's current medical needs (Health and Safety Code § 11362.5). This arrest guidance also applies to sales, transportation or delivery of medical marijuana, or maintaining/renting a drug house or building that may be a nuisance if otherwise in compliance with MMP (Health and Safety Code § 11362.765).

Officers are not obligated to accept a person’s claim of having a physician’s recommendation when the claim cannot be readily verified with the physician but are expected to use their judgment to assess the validity of the person’s medical-use claim.

Officers should review any available written documentation for validity and whether it contains the recommending physician’s name, telephone number, address and medical license number for verification.

Officers should generally accept verified recommendations by a physician that statutory amounts do not meet the patient’s needs (Health and Safety Code § 11362.77).

452.3.4 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

(a) Because enforcement of medical marijuana laws can be complex, time consuming, and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:

1. The suspect has been identified and can be easily located at a later time.
2. The case would benefit from review by a person with expertise in medical marijuana investigations.
3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
Medical Marijuana

4. Other relevant factors, such as available department resources and time constraints prohibit making an immediate arrest.

(b) Whenever the initial investigation reveals an amount of marijuana greater than the statutory amount, officers should consider the following when determining whether the form and amount is reasonably related to the patient’s needs:

1. The amount of marijuana recommended by a medical professional to be ingested.
2. The quality of the marijuana.
3. The method of ingestion (e.g., smoking, eating, nebulizer).
4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
5. Whether the marijuana is being cultivated indoors or outdoors.

(c) Before proceeding with enforcement related to collective gardens or dispensaries, officers should consider conferring with a supervisor, an applicable state regulatory agency or other member with special knowledge in this area, and/or appropriate legal counsel (Business and Professions Code § 26010; Business and Professions Code § 26060). Licensing, zoning, and other related issues can be complex. Patients, primary caregivers, and cardholders who collectively or cooperatively cultivate marijuana for medical purposes may be licensed or may have a defense in certain circumstances (Business and Professions Code § 26032; Business and Professions Code § 26033).

(d) Investigating members should not order a patient to destroy marijuana plants under threat of arrest.

452.3.5 EXCEPTIONS
This policy does not apply to, and officers should consider taking enforcement action for the following:

(a) Persons who engage in illegal conduct that endangers others, such as driving under the influence of marijuana in violation of the Vehicle Code (Health and Safety Code § 11362.5).

(b) Marijuana possession in jails or other correctional facilities that prohibit such possession (Health and Safety Code § 11362.785).

(c) Smoking marijuana (Health and Safety Code § 11362.79):
   1. In any place where smoking is prohibited by law.
   2. In or within 1,000 feet of the grounds of a school, recreation center or youth center, unless the medical use occurs within a residence.
   3. On a school bus.
   4. While in a motor vehicle that is being operated.
   5. While operating a boat.
(d) Use of marijuana by a person on probation or parole, or on bail and use is prohibited by the terms of release (Health and Safety Code § 11362.795).

452.3.6 INVESTIGATIONS INVOLVING A STATE LICENSEE
No person issued a state license under the Business and Professions Code shall be arrested or cited for cultivation, possession, manufacture, processing, storing, laboratory testing, labeling, transporting, distribution or sale of medical cannabis or a medical cannabis product related to qualifying patients and primary caregivers when conducted lawfully. Whether conduct is lawful may involve questions of license classifications, local ordinances, specific requirements of the Business and Professions Code and adopted regulations. Officers should consider conferring with a supervisor, the applicable state agency or other member with special knowledge in this area and/or appropriate legal counsel before taking enforcement action against a licensee or an employee or agent (Business and Professions Code § 26032).

452.4 FEDERAL LAW ENFORCEMENT
Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

452.5 PROPERTY AND EVIDENCE SECTION SUPERVISOR RESPONSIBILITIES
The Property and Evidence Section supervisor should ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed pending any charges and without a court order. The Property and Evidence Section supervisor is not responsible for caring for live marijuana plants.

Upon the prosecutor’s decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence Section supervisor should, as soon as practicable, return to the person from whom it was seized any useable medical marijuana, plants, drug paraphernalia or other related property.

The Property and Evidence Section supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Detective Bureau supervisor.
Bicycle Patrol Unit

454.1 PURPOSE AND SCOPE
The West Sacramento Police Department has established the Bicycle Patrol Unit (BPU) for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

454.2 POLICY
Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control, or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community. Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Bicycle Patrol Unit supervisor or the Watch Commander.

454.3 SELECTION OF PERSONNEL
Interested sworn personnel, who are off probation, shall submit a change of assignment request to their appropriate Division Commander. A copy will be forwarded to the BPU supervisor. Qualified applicants will then be invited to an oral interview. The oral board will consist of the BPU supervisor and second person to be selected by the BPU supervisor. Interested personnel shall be evaluated by the following criteria:

(a) Recognized competence and ability as evidenced by performance.
(b) Special skills or training as it pertains to the assignment.
(c) Good physical condition.
(d) Willingness to perform duties using the bicycle as a mode of transportation.

454.3.1 BICYCLE PATROL UNIT SUPERVISOR
The Bicycle Patrol Unit supervisor will be selected from the rank of sergeant by the Uniformed Services Division Commander or his/her designee.

The Bicycle Patrol Unit supervisor shall have responsibility for the following:

(a) Organizing bicycle patrol training.
(b) Inspecting and maintaining inventory of patrol bicycles and program equipment.
(c) Scheduling maintenance and repairs.
(d) Evaluating performance of bicycle officers.
(e) Coordinating activities with the Uniformed Services Division.
(f) Other activities as required to maintain the efficient operation of the Bicycle Patrol Unit.

**454.4 TRAINING**
Participants in the program must complete an initial Department approved bicycle-training course after acceptance into the program. Thereafter bicycle patrol officers should receive twice yearly in-service training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

- Bicycle patrol strategies.
- Bicycle safety and accident prevention.
- Operational tactics using bicycles.

Bicycle patrol officers will be required to qualify with their duty firearm while wearing bicycle safety equipment including the helmet and riding gloves.

**454.5 UNIFORMS AND EQUIPMENT**
Officers shall wear the department-approved uniform and safety equipment while operating the department bicycle. Safety equipment includes department-approved helmet, riding gloves, protective eyewear and approved footwear.

The bicycle patrol unit uniform consists of the standard short-sleeve uniform shirt or other department-approved shirt with department badge and patches, and department-approved bicycle patrol pants or shorts.

Optional equipment includes a radio head set and microphone, and jackets in colder weather. Turtleneck shirts or sweaters are permitted when worn under the uniform shirt.

Bicycle patrol officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining the necessary forms, citation books and other department equipment needed while on bicycle patrol.

**454.6 CARE AND USE OF PATROL BICYCLES**
Officers will be assigned a specially marked and equipped patrol bicycle, attached gear bag, two batteries and a charger.

Bicycles utilized for uniformed bicycle patrol shall be primarily black or white in with a "POLICE" decal affixed to each side of the crossbar or the bike's saddlebag. Every such bicycle shall be equipped with front and rear reflectors front lights and a siren/horn satisfying the requirements of [Vehicle Code §2800.1(b)](https://www.lexipol.com/).  

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry all necessary equipment to handle routine patrol calls including report writing, vehicle storage and citations.
Each bicycle gear bag shall include a first aid kit, tire pump, repair tool, tire tube, security lock, equipment information and use manuals. These items are to remain with/on the bicycle at all times.

Each bicycle shall be equipped with a steady or flashing blue warning light that is visible from the front, sides, or rear of the bicycle. (Vehicle Code § 21201.3)

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to insure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, a repair work order will be completed and forwarded to the program supervisor for repair by an approved technician.

Each bicycle will have scheduled maintenance twice yearly to be performed by a department approved repair shop/technician.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Electric patrol bicycle batteries shall be rotated on the assigned charger at the end of each tour of duty. During prolonged periods of non-use, each officer assigned an electric bicycle shall periodically rotate the batteries on the respective charges to increase battery life.

Officers shall not modify the patrol bicycle, remove, modify or add components except with the expressed approval of the bicycle supervisor, or in the event of an emergency.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Bicycles shall be properly secured when not in the officer's immediate presence.

454.7 OFFICER RESPONSIBILITY
Officers must operate the bicycle in compliance with the vehicle code under normal operation. Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment.

Officers are exempt from the rules of the road under the following conditions (Vehicle Code § 21200(b)(1)):

(a) In response to an emergency call.
(b) While engaged in rescue operations.
(c) In the immediate pursuit of an actual or suspected violator of the law.
Foot Pursuits

458.1 PURPOSE AND SCOPE
This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

458.2 DECISION TO PURSUE
The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual’s involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

(a) Containment of the area.
(b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
(c) A canine search.
(d) Thermal imaging or other sensing technology.
(e) Air support.
(f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.
458.3  GENERAL GUIDELINES
When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

(a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory

(b) The officer is acting alone.

(c) Two or more officers become separated, lose visual contact with one another, or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.

(d) The officer is unsure of his/her location and direction of travel.

(e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.

(f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.

(g) The officer loses radio contact with the dispatcher or with assisting or backup officers.

(h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.

(i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.

(j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.

(k) The officer loses possession of his/her firearm or other essential equipment.

(l) The officer or a third party is injured during the pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.

(m) The suspect’s location is no longer definitely known.

(n) The identity of the suspect is established or other information exists that will allow for the suspect’s apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.

(o) The officer’s ability to safely continue the pursuit is impaired by inclement weather, darkness or other environmental conditions.
Foot Pursuits

458.4 RESPONSIBILITIES IN FOOT PURSUITS

458.4.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

(a) Location and direction of travel
(b) Call sign identifier
(c) Reason for the foot pursuit, such as the crime classification
(d) Number of suspects and description, to include name if known
(e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the dispatcher of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

458.4.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

458.4.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.
Foot Pursuits

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect. Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

458.4.4 YOLO EMERGENCY COMMUNICATIONS AGENCY RESPONSIBILITIES

Upon notification or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

(a) Clearing the radio channel of non-emergency traffic.
(b) Coordinating pursuit communications of the involved officers.
(c) Broadcasting pursuit updates as well as other pertinent information as necessary.
(d) Ensuring that a field supervisor is notified of the foot pursuit.
(e) Notifying and coordinating with other involved or affected agencies as practicable.
(f) Notifying the Watch Commander as soon as practicable.
(g) Assigning an incident number and logging all pursuit activities.

458.5 REPORTING REQUIREMENTS

The initiating officer shall complete appropriate crime/arrest reports documenting, at minimum:

(a) Date and time of the foot pursuit.
(b) Initial reason and circumstances surrounding the foot pursuit.
(c) Course and approximate distance of the foot pursuit.
(d) Alleged offenses.
(e) Involved vehicles and officers.
(f) Whether a suspect was apprehended as well as the means and methods used.
   1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
(g) Arrestee information, if applicable.
(h) Any injuries and/or medical treatment.
(i) Any property or equipment damage.
(j) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.
Foot Pursuits

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

458.6 POLICY
It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.
Homeless Persons

464.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The West Sacramento Police Department recognizes that members of the homeless community are often in need of special protection and services. The West Sacramento Police Department will address these needs in balance with the overall mission of this department. Therefore, officers will consider the following when serving the homeless community.

464.1.1 POLICY
It is the policy of the West Sacramento Police Department to provide law enforcement services to all members of the community, while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

464.2 HOMELESS COMMUNITY LIAISON
The Chief of Police will designate a member of this department to act as the Homeless Liaison Officer. The responsibilities of the Homeless Liaison Officer include the following:

(a) Maintain and make available to all department employees a list of assistance programs and other resources that are available to the homeless.

(b) Meet with social services and representatives of other organizations that render assistance to the homeless.

(c) Maintain a list of the areas within and near this jurisdiction that are used as frequent illegal campsites.

(d) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include:
   1. Proper posting of notices of trespass and clean-up operations.
   2. Proper retention of property after clean-up, to include procedures for owners to reclaim their property in accordance with the Property and Evidence Policy and other established procedures.

(e) Be present during any clean-up operation conducted by this department involving the removal of personal property of the homeless to ensure that the rights of the homeless are not violated.

(f) Develop training to assist officers in understanding current legal and social issues relating to the homeless.
464.3 FIELD CONTACTS
Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent that such services may be appropriate.

464.3.1 OTHER CONSIDERATIONS
Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

(a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.

(b) Document places the homeless person may frequent.

(c) Provide homeless victims with victim/witness resources when appropriate.

(d) Obtain statements from all available witnesses in the event that a homeless victim is unavailable for a court appearance.

(e) Consider whether the person may be a dependent adult or elder, and if so, proceed in accordance with the Adult Abuse Policy.

(f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.

(g) Consider whether a crime should be reported and submitted for prosecution, even when a homeless victim indicates that he/she does not desire prosecution.

464.4 PERSONAL PROPERTY
The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a
supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor’s responsibility to coordinate the removal and safekeeping of the property.

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the department Homeless Liaison Officer. When practicable, requests by the public for clean-up of a illegal campsites should be referred to the Homeless Liaison Officer.

Officers who encounter unattended illegal campsites, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the department Homeless Liaison Officer if such property appears to involve a trespass, blight to the community or is the subject of a complaint. It will be the responsibility of the Homeless Liaison Officer to address the matter in a timely fashion.

464.5 MENTAL ILLNESS AND MENTAL IMPAIRMENT
Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention (see the Crisis Intervention Incidents Policy).

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

464.6 ECOLOGICAL ISSUES
Sometimes illegal campsites can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

464.7 ENFORCEMENT OF ILLEGAL CAMPING ORDINANCE
When requested to contact or when “On viewing” a Homeless or Transient individual, Officers are requested to begin with a services first approach which connects individuals with available services within Yolo County. In lieu of arrest for illegal camping, officers are requested to:

Whenever possible, excluding situations that require more immediate attention, officers shall complete an “FI” of subjects in camps along with photos which will then be forwarded to CSU for follow-up regarding the illegal encampment. Officers are encouraged to address other common crimes within the camp such as drug violations/warrants/occupants under the influence.

When an arrest has been made for a violation other than “illegal camping” and the officer believes the camping charge is appropriate, the officer shall forward that information to the Community
Services Unit. Upon review the CSU will determine if the charge for illegal camping is appropriate and forward that information to the District Attorney for the additional charges. The following steps should be taken to assist with prosecution:

- Officers should take several overall photos of the camp, and close-up of areas indicating intended prolonged camp use (i.e. tents, cooking equipment, etc.). Also, they should document sanitation issues with the camp (i.e. trash, human waste, needles, etc.). These observations should be documented within the report.

- Officers should ask camp occupants if they have previously been offered services, offer service linkage via the homeless manager and document their refusal.

- Officers must try to determine the length of time the occupants have been camping at the given location (either by statements or prior officer knowledge). Also, officers should document the occupants’ refusal to vacate a camp when directed to do so.

- Officers should document the demeanor of the occupant’s refusal to stop violation of the camping ordinance (i.e. uncooperative, threatening, etc.).

- Supervisors will be provided with updated training/information regarding changes to the requirements for these arrests and will review arrest reports to ensure that the requirements are met.

- All requests for illegal camping violation review will be forwarded to CSU for follow-up (similar to an investigative follow up).

- CSU will be in direct communication with the assigned DA to determine what additional follow-up is needed.

- CSU will document any prior contacts with the subject and outline the need for enforcement:
  - Number of warnings given
  - Proximity to prior camps of the subjects
  - Services offered/services refused/services accepted

CSU will work with the DA to provide “expert testimony” during court proceedings to increase the likelihood of successful prosecution.

Prior to any arrest or citation for a camping violation alone, the arresting officer must first determine if a shelter bed is available at a designated Yolo County shelter. If a shelter bed is available, the officer must first offer this option in lieu of arrest or citation. If a shelter bed is available and the subject refuses, the subject will be arrested or issued a citation. If no shelter bed is available, a citation or arrest shall not be made, and the information and documentation will be forwarded to CSU.
Shotgun and Explosive Breaching

465.1 PURPOSE AND SCOPE
The purpose of this order is to establish guidelines for the use of shotgun breaching rounds and explosive breaching devices. It shall be the policy of the West Sacramento Police Department to use shotgun and explosive breaching as directed and when necessary to increase the safety of the public and officers.

465.2 DEFINITIONS
(a) SHOTGUN BREACHING ROUND - A special munition designed to be fired by a 12 gauge shotgun for the purpose of disabling door locking mechanisms and hinges.
(b) EXPLOSIVE BREACHING DEVICE - Explosive materials designed for the purpose of creating an opening through a door, wall, or other barrier.
(c) SWAT BREACHER - A member of SWAT trained in the selection, placement, and use of shotgun breaching rounds and other specialized means of entry.
(d) EXPLOSIVE BREACHER - A Bomb Technician trained in the construction, placement, and initiation of explosive breaching devices, the use of shotgun breaching rounds and other specialized means of entry.

465.3 DEPLOYMENT
a. Shotgun and explosive breaching shall only be used:
   1. In hostage and/or barricaded subject situations.
   2. In active shooter or other extraordinary critical incidents.
   3. In "high-risk" warrant (search/arrest) services at fortified locations where there may be an extreme hazard to officers, with the prior approval of the Incident Commander, SWAT Commander or designee.
   4. In civil disasters to effect the rescue of trapped victims.
   5. As a distraction technique during tactical entries.

b. The decision to use explosive breaching shall be made by the SWAT Commander or designee, with concurrence from the incident commander (IC).

c. Scouting and analysis of the barrier to be breached shall be conducted by the breacher and the SWAT sergeant.

d. Recommendation of the breaching technique to be employed shall be the responsibility of the SWAT sergeant after consultation of the breacher. The SWAT sergeant shall consider:
   1. The construction of the doors and walls of the structure.
Shotgun and Explosive Breaching

2. The location of occupants within the structure.
3. The presence of incendiary materials, unstable chemicals, or explosives within the structure.
   d. Placement and initiation of the selected breaching technique shall be performed by the breacher upon direction from the SWAT sergeant.
   e. The explosive breaching device will be initiated by the breacher upon direction from the SWAT sergeant.
   f. In the event of extraordinary circumstances (active shooter, urgent life threatening situation etc.) when a SWAT Commander is not present, a trained SWAT Breacher or Explosive Breacher may utilize their breaching tool upon authorization of a Watch Commander or Incident Commander.

465.3.1 SAFETY PROCEDURES
   (a) All officers in the immediate proximity of breaching operations shall wear protective equipment (e.g. eye/hand protection, body armor).
   (b) Prior to breaching, consideration should be given to providing advance notification to perimeter officers.

465.4 REPORTING
   a. Property damage as a result of breaching shall be documented in the Incident After Action Report and or the Yolo County Bomb Squad Explosive Incident Report. Additionally, an Explosive Breaching report will prepared by the Explosive Breacher for all explosive breaches.
   b. The use of shotgun breaching as an entry tool will not constitute a discharge of a firearm. The requirements of GO 304 (Shooting Policy) shall not apply when the shotgun is used for breaching.

465.5 TRAINING
   a. All SWAT Breachers and Explosive Breachers will complete a training course related to their specialized techniques prior to operationally performing in that capacity.
   b. All Breachers shall review breaching procedures yearly.
   c. All SWAT Breachers and Explosive Breachers will train using shotgun breaching biannually.
   d. All Explosive Breachers will train using explosive breaching biannually.
Public Recording of Law Enforcement Activity

466.1 PURPOSE AND SCOPE
This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

466.2 POLICY
The West Sacramento Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

466.3 RECORDING LAW ENFORCEMENT ACTIVITY
Members of the public who wish to record law enforcement activities are limited only in certain aspects.

(a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (Penal Code § 69; Penal Code § 148).

(b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
   1. Tampering with a witness or suspect.
   2. Inciting others to violate the law.
   3. Being so close to the activity as to present a clear safety hazard to the officers.
   4. Being so close to the activity as to interfere with an officer’s effective communication with a suspect or witness.

(c) The individual may not present an undue safety risk to the officers, him/herself or others.

466.4 OFFICER RESPONSE
Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.
Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

**466.5 SUPERVISOR RESPONSIBILITIES**

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

(a) Request any additional assistance as needed to ensure a safe environment.

(b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.

(c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.

(d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.

(e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

**466.6 SEIZING RECORDINGS AS EVIDENCE**

Officers should not seize recording devices or media unless (42 USC § 2000aa):

(a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.

1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.

(b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.

(c) The person consents.

1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.
Crisis Intervention Incidents

467.1 PURPOSE AND SCOPE
This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person’s mental state and intent in order to effectively and legally interact with the individual.

467.1.1 DEFINITIONS
Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person’s internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

467.2 POLICY
The West Sacramento Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members’ interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

467.3 SIGNS
Members should be alert to any of the following possible signs of mental health issues or crises:

(a) A known history of mental illness
(b) Threats of or attempted suicide
(c) Loss of memory
(d) Incoherence, disorientation or slow response
(e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
(f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
(g) Social withdrawal
(h) Manic or impulsive behavior, extreme agitation, lack of control
(i) Lack of fear
(j) Anxiety, aggression, rigidity, inflexibility or paranoia
Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

467.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS
The Chief of Police should designate an appropriate Division Commander to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

467.5 FIRST RESPONDERS
Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer’s authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

(a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.

(b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.

(c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.

(d) Attempt to determine if weapons are present or available.

1. Prior to making contact, and whenever possible and reasonable, conduct a search of the Department of Justice Automated Firearms System via the California Law Enforcement Telecommunications System (CLETS) to determine whether the person is the registered owner of a firearm (Penal Code § 11106.4).

(e) Take into account the person’s mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.

(f) Secure the scene and clear the immediate area as necessary.

(g) Employ tactics to preserve the safety of all participants.

(h) Determine the nature of any crime.

(i) Request a supervisor, as warranted.

(j) Evaluate any available information that might assist in determining cause or motivation for the person’s actions or stated intentions.
Crisis Intervention Incidents

(k) If circumstances reasonably permit, consider and employ alternatives to force.

467.6 DE-ESCALATION
Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person’s name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person’s verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

467.7 INCIDENT ORIENTATION
When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

(a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.

(b) Whether there have been prior incidents, suicide threats/Attempts, and whether there has been previous police response.

(c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.
467.8 SUPERVISOR RESPONSIBILITIES
A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

(a) Attempt to secure appropriate and sufficient resources.
(b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
(c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
(d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
(e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Division Commander.

Evaluate whether a critical incident stress management debriefing for involved members is warranted.

467.9 INCIDENT REPORTING
Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

467.9.1 DIVERSION
Individuals who are not being arrested should be processed in accordance with the Mental Illness Commitments Policy.

467.10 NON-SWORN INTERACTION WITH PEOPLE IN CRISIS
Non-sworn members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

(a) Members should treat all individuals equally and with dignity and respect.
(b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
(c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person’s behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person
Crisis Intervention Incidents

may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

467.11 EVALUATION
The Division Commander designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, officers or incidents and will be submitted to the Chief of Police through the chain of command.

467.12 TRAINING
In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, welfare checks and crisis intervention (Penal Code § 11106.4; Penal Code § 13515.25; Penal Code § 13515.27; Penal Code § 13515.30).
Civil Disputes

468.1 PURPOSE AND SCOPE
This policy provides members of the West Sacramento Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by California law.

468.2 POLICY
The West Sacramento Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

468.3 GENERAL CONSIDERATIONS
When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

(a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.

(b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.

(c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.

(d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.

(e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.
468.4 COURT ORDERS
Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

(a) The person’s knowledge of the court order or whether proof of service exists.
(b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

468.4.1 STANDBY REQUESTS
Officer responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

468.5 VEHICLES AND PERSONAL PROPERTY
Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

468.6 REAL PROPERTY
Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.
First Amendment Assemblies

469.1 PURPOSE AND SCOPE
This policy provides guidance for responding to public assemblies or demonstrations.

469.2 POLICY
The West Sacramento Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

469.3 GENERAL CONSIDERATIONS
Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

(a) Engage in assembly or demonstration-related discussion with participants.
(b) Harass, confront or intimidate participants.
(c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members’ interaction with participants and their response to crowd dynamics is appropriate.
First Amendment Assemblies

469.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS
Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

469.4 UNPLANNED EVENTS
When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Yolo Emergency Communications Agency, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

469.5 PLANNED EVENT PREPARATION
For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

469.5.1 INFORMATION GATHERING AND ASSESSMENT
In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
First Amendment Assemblies

- Information about past and potential unlawful conduct associated with the event or similar events.
- The potential time, duration, scope and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or the race, ethnicity, national origin or religion of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

469.5.2 OPERATIONAL PLANS
An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

(a) Command assignments, chain of command structure, roles and responsibilities.
(b) Staffing and resource allocation.
(c) Management of criminal investigations.
(d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
(e) Deployment of specialized resources.
(f) Event communications and interoperability in a multijurisdictional event.
(g) Liaison with demonstration leaders and external agencies.
(h) Liaison with City government and legal staff.
(i) Media relations.
(j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
(k) Traffic management plans.
(l) First aid and emergency medical service provider availability.
(m) Prisoner transport and detention.
(n) Review of policies regarding public assemblies and use of force in crowd control.
(o) Parameters for declaring an unlawful assembly.
(p) Arrest protocol, including management of mass arrests.
(q) Protocol for recording information flow and decisions.
(r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
First Amendment Assemblies

(s) Protocol for handling complaints during the event.
(t) Parameters for the use of body-worn cameras and other portable recording devices.

469.5.3 MUTUAL AID AND EXTERNAL RESOURCES
The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Mutual Aid and Outside Agency Assistance Policy).

469.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS
If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

469.7 USE OF FORCE
Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and TASER® devices should be considered only when the participants’ conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).
First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

469.8 ARRESTS
The West Sacramento Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

(a) Reasonable measures to address the safety of officers and arrestees.
(b) Dedicated arrest, booking and report writing teams.
(c) Timely access to medical care.
(d) Timely access to legal resources.
(e) Timely processing of arrestees.
(f) Full accountability for arrestees and evidence.
(g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Cite and Release Policy).

469.9 MEDIA RELATIONS
The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the News Media Relations Policy).

469.10 DEMOBILIZATION
When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.
First Amendment Assemblies

469.11 POST EVENT
The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

(a) Operational plan
(b) Any incident logs
(c) Any assignment logs
(d) Vehicle, fuel, equipment and supply records
(e) Incident, arrest, use of force, injury and property damage reports
(f) Photographs, audio/video recordings, Yolo Emergency Communications Agency records/tapes
(g) Media accounts (print and broadcast media)

469.11.1 AFTER-ACTION REPORTING
The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

(a) Date, time and description of the event
(b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
(c) Problems identified
(d) Significant events
(e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

469.12 TRAINING
Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management (Penal Code § 13514.5). The Department should, when practicable, train with its external and mutual aid partners.
Medical Aid and Response

470.1 PURPOSE AND SCOPE
This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

470.2 POLICY
It is the policy of the West Sacramento Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

470.3 FIRST RESPONDING MEMBER RESPONSIBILITIES
Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact Yolo Emergency Communications Agency and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Yolo Emergency Communications Agency with information for relay to EMS personnel in order to enable an appropriate response, including:

(a) The location where EMS is needed.
(b) The nature of the incident.
(c) Any known scene hazards.
(d) Information on the person in need of EMS, such as:
   1. Signs and symptoms as observed by the member.
   2. Changes in apparent condition.
   3. Number of patients, sex, and age, if known.
   4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
   5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.
Medical Aid and Response

470.4 TRANSPORTING ILL AND INJURED PERSONS
Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

470.5 PERSONS REFUSING EMS CARE
If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a 72-hour treatment and evaluation commitment (5150 commitment) process in accordance with the Mental Illness Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

470.6 MEDICAL ATTENTION RELATED TO USE OF FORCE
Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

470.7 AIR AMBULANCE
Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are
Medical Aid and Response

victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Uniformed Services Division Commander should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider’s minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider’s minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft’s tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

470.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A member may use an AED only after receiving appropriate training from an approved public safety first aid and CPR course (22 CCR 100014; 22 CCR 100017; 22 CCR 100018).

470.8.1 AED USER RESPONSIBILITY

Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Training Manager who is responsible for ensuring appropriate maintenance.
Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact Yolo Emergency Communications Agency as soon as possible and request response by EMS.

470.8.2 AED REPORTING
Any member using an AED will complete an incident report detailing its use.

470.8.3 AED TRAINING AND MAINTENANCE
The Training Manager should ensure appropriate training and refresher training is provided to members authorized to use an AED. A list of authorized members and training records shall be made available for inspection by the local EMS agency (LEMSA) or EMS authority upon request (22 CCR 100021; 22 CCR 100022; 22 CCR 100029).

The Training Manager is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule (22 CCR 100021).

470.9 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION
Members may administer opioid medication in accordance with protocol specified by the licensed health care provider who prescribed the overdose medication for use by the member and (Civil Code § 1714.22; 22 CCR 100019).

(a) When trained and tested to demonstrate competence following initial instruction.

(b) When authorized by the medical director of the Local Emergency Services Agency (LEMSA).

(c) In accordance with California Peace Officer Standards and Training (POST) standards.

470.9.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES
Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the designated supervisor.

Any member who administers an opioid overdose medication should contact Yolo Emergency Communications Agency as soon as possible to request response by EMS.

470.9.2 OPIOID OVERDOSE MEDICATION REPORTING
Any member administering opioid overdose medication should detail its use in an appropriate report.

The designated supervisor will ensure that the Records Unit is provided with enough information to meet applicable state reporting requirements.
Medical Aid and Response

470.9.3 OPIOID OVERDOSE MEDICATION TRAINING
The designated supervisor should ensure training is provided to members authorized to administer opioid overdose medication. Training should be coordinated with the local health department and comply with the requirements in 22 CCR 100019 and any applicable POST standards (Civil Code § 1714.22).

470.10 SICK OR INJURED ARRESTEE
If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor’s approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer’s training.

470.11 FIRST AID TRAINING
The Training Manager should ensure officers receive initial first aid training within one year of employment and refresher training every two years thereafter (22 CCR 100016; 22 CCR 100022).
Suspicious Activity Reporting

471.1 PURPOSE AND SCOPE
This policy provides guidelines for reporting and investigating suspicious and criminal activity.

471.1.1 DEFINITIONS
Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Race, ethnicity, national origin or religious affiliation should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include, but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., “dry run,” creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

471.2 POLICY
The West Sacramento Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

471.3 RESPONSIBILITIES
The Investigation Division Commander and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for department participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Investigation Division Commander include, but are not limited to:

(a) Remaining familiar with those databases available to the Department that would facilitate the purpose of this policy.
(b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.

(c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.

(d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Department.

(e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.

(f) Coordinating investigative follow-up, if appropriate.

(g) Coordinating with any appropriate agency or fusion center.

(h) Ensuring that, as resources are available, the Department conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

471.4 REPORTING AND INVESTIGATION
Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any non-sworn member who receives such information should ensure that it is passed on to an officer in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, an officer becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

471.5 HANDLING INFORMATION
The Records Section will forward copies of SARs, in a timely manner, to the following:

- Detective Bureau supervisor
- Crime Analysis Unit
- Other authorized designees
Automated License Plate Readers (ALPRs)

472.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for the capture, storage and use of digital data obtained through the use of Automated License Plate Reader (ALPR) technology.

472.2 POLICY
The policy of the West Sacramento Police Department is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this department. Because such data may contain confidential information, it is not open to public review.

472.3 ADMINISTRATION
The ALPR technology, also known as License Plate Recognition (LPR), allows for the automated detection of license plates. It is used by the West Sacramento Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. It may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access, shall be managed by the Administration Division Commander. The Administration Division Commander will assign members under his/her command to administer the day-to-day operation of the ALPR equipment and data.

472.3.1 ALPR ADMINISTRATOR
The Administration Division Commander shall be responsible for developing guidelines and procedures to comply with the requirements of Civil Code § 1798.90.5 et seq. This includes, but is not limited to (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

(a) A description of the job title or other designation of the members and independent contractors who are authorized to use or access the ALPR system or to collect ALPR information.

(b) Training requirements for authorized users.

(c) A description of how the ALPR system will be monitored to ensure the security of the information and compliance with applicable privacy laws.

(d) Procedures for system operators to maintain records of access in compliance with Civil Code § 1798.90.52.

(e) The title and name of the current designee in overseeing the ALPR operation.

(f) Working with the Custodian of Records on the retention and destruction of ALPR data.
Automated License Plate Readers (ALPRs)

(g) Ensuring this policy and related procedures are conspicuously posted on the department’s website.

472.4 OPERATIONS
Use of an ALPR is restricted to the purposes outlined below. Department members shall not use, or allow others to use the equipment or database records for any unauthorized purpose (Civil Code § 1798.90.51; Civil Code § 1798.90.53).

(a) An ALPR shall only be used for official law enforcement business.

(b) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.

(c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.

(d) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.

(e) No ALPR operator may access department, state or federal data unless otherwise authorized to do so.

(f) If practicable, the officer should verify an ALPR response through the California Law Enforcement Telecommunications System (CLETS) before taking enforcement action that is based solely on an ALPR alert.

472.5 DATA COLLECTION AND RETENTION
The Administration Division Commander is responsible for ensuring systems and processes are in place for the proper collection and retention of ALPR data. Data will be transferred from vehicles to the designated storage in accordance with department procedures.

All ALPR data downloaded to the server should be stored for a minimum of one year (Government Code § 34090.6) and in accordance with the established records retention schedule. Thereafter, ALPR data should be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a discovery request or other lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

472.6 ACCOUNTABILITY
All data will be closely safeguarded and protected by both procedural and technological means. The West Sacramento Police Department will observe the following safeguards regarding access to and use of stored data (Civil Code § 1798.90.51; Civil Code § 1798.90.53):
Automated License Plate Readers (ALPRs)

(a) All ALPR data downloaded to the mobile workstation and in storage shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time (Civil Code § 1798.90.52).

(b) Members approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.

(c) ALPR system audits should be conducted on a regular basis.

For security or data breaches, see the Records Release and Maintenance Policy.

472.7 RELEASING ALPR DATA
The ALPR data may be shared only with other law enforcement or prosecutorial agencies for official law enforcement purposes or as otherwise permitted by law, using the following procedures:

(a) The agency makes a written request for the ALPR data that includes:
   1. The name of the agency.
   2. The name of the person requesting.
   3. The intended purpose of obtaining the information.

(b) The request is reviewed by the Administration Division Commander or the authorized designee and approved before the request is fulfilled.

(c) The approved request is retained on file.

Requests for ALPR data by non-law enforcement or non-prosecutorial agencies will be processed as provided in the Records Maintenance and Release Policy (Civil Code § 1798.90.55).

472.8 TRAINING
The Training Manager should ensure that members receive department-approved training for those authorized to use or access the ALPR system (Civil Code § 1798.90.51; Civil Code § 1798.90.53).
Chapter 5 - Traffic Operations
Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE
The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT
Several factors are considered in the development of deployment schedules for officers of the West Sacramento Police Department. Information provided by the California Statewide Integrated Traffic Reporting System (SWITRS) is a valuable resource for traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

• Location
• Time
• Day
• Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are requests from the public, construction zones or special events.

500.3 POLICE TRAFFIC ESCORTS
The Uniformed Services Division Commander in charge of Traffic or his/her designee, may authorize non-emergency escorts for parades, dignitary security, funeral processions of a public official or dignitary, special events, oversized loads, or as directed by the Chief of Police. The Police Department shall participate in a review of all requests for these types of permits prior to their final approval. The Uniformed Services Division Commander in charge of Traffic or his/her designee will be responsible for the planning and coordinating of all requested escorts.

500.4 ENFORCEMENT
Traffic Function and Responsibility

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance (Vehicle Code § 41603). The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions: See attachment: Speed Measuring Devices Draft.pdf

500.4.1 WARNINGS
Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.4.2 CITATIONS
Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

(a) Explanation of the violation or charge
(b) Court appearance procedure including the optional or mandatory appearance by the motorist
(c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court

At the time an officer charges a motorist with a traffic violation, the officer must provide the motorist with a copy of the citation. The issuing officer is responsible for ensuring that the copy includes:

- Information relative to the specific charge.
- The date, time, and location of the motorist's scheduled appearance.
- The court of jurisdiction's telephone number.

500.4.3 PHYSICAL ARREST
Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

(a) Vehicular manslaughter
(b) Felony and misdemeanor driving under the influence of alcohol/drugs
(c) Felony or misdemeanor hit-and-run
(d) Refusal to sign notice to appear
(e) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances
500.4.4 HANDLING SPECIAL CIRCUMSTANCES

(a) **Nonresident Traffic Violators** - When officers issue traffic citations to residents of states other than California, the officers should issue the citations and release the violators in the same manner as residents of this state.

(b) **Juveniles** - Generally, officers do not take juveniles who commit a traffic violation into custody. Exceptions to this are when a juvenile is driving while under the influence of alcohol or drugs, commits vehicular homicide, or drives without a valid driver’s license after curfew. When taking a juvenile into custody, the officer must notify the juvenile’s parents as soon as practical. If the officer believes that a juvenile should remain in custody pending a court hearing, or if a parent or guardian cannot be located, the officer must transport the juvenile to the Yolo County Juvenile Hall intake department.

(c) **Legislators** - When officers issue traffic citation(s) to violators who are identified as legislators no preferential treatment will be given to the violator. Legislators require no special handling in traffic violations and are subject to rules of the road as spelled out in the vehicle code.

500.4.5 DIPLOMATIC IMMUNITY

(a) The Vienna Convention on Diplomatic Relations, which contains the current law on the subject of diplomatic privileges and immunities, is incorporated in federal law by the Diplomatic Relations Act of 1978 (P.L. 95-393). The convention applies to members of the staff of a foreign diplomatic mission, which includes the administrative, technical, and service staffs of the embassies in the United States.

(b) DIPLOMATIC AGENTS and MEMBERS OF THEIR FAMILIES who are not nationals of the United States HAVE FULL IMMUNITY FROM ARREST, DETENTION, OR PROSECUTION for any criminal offense, unless such immunity is expressly waived by the sending state.

(c) The above individuals also enjoy immunity from civil process except in certain actions involving private activities outside their official functions. The ADMINISTRATIVE and TECHNICAL STAFF of a foreign mission and members of their families who are not nationals or permanent residents of the United States, HAVE FULL IMMUNITY from arrest, detention, or prosecution for any criminal offense.

(d) Such officers enjoy immunity from civil process only for those actions carried out in their official capacity. Family members of such officers are not immune from civil jurisdiction. Members of the service staff of a foreign diplomatic mission, which includes DRIVERS, MESSENGERS, AND SECURITY GUARDS enjoy IMMUNITY ONLY FOR ACTIONS CARRIED OUT IN THE COURSE OF THEIR OFFICIAL DUTIES. Family members of such individuals have no immunity.

(e) PRIVATE SERVANTS of embassy personnel have no immunity.
Traffic Function and Responsibility

(f) In all cases that persons claim immunity, a police officer has the right to detain the person long enough to verify that the person has entitlement to immunity as claimed. Examining official identification cards can usually do this. Officers may also request that the Communications Center contact the appropriate government agency to verify the individual's status. The detaining officer must immediately notify a supervisor in all cases in which a person asserts immunity from arrest. This directive provides officers with methods for handling these special circumstances. Officers must use these methods when handling selected incidents, violations, or minor offenses involving persons who are privileged from arrest:

(g) Moving Violations - When officers stop a person who is privileged from arrest for a moving traffic violation, they must verify that the driver possesses proper credentials to substantiate the claim. Officers must exercise discretion. Based on the nature of the violation, either release the driver with a warning or issue an appropriate citation. Merely issuing a traffic citation does not constitute arrest or detention in the sense referred to above.

(h) Driving While Under the Influence - Officers must never, under any circumstances, allow a person entitled to immunity from arrest to continue to operate a motor vehicle when the officer has probable cause to believe that the person is under the influence of an intoxicant.

(i) The officer's primary consideration in this type of incident is to see that the driver is not a danger to himself or the public. This is a sensitive situation and the officer must treat the person with respect and courtesy. Do not handcuff the individual or subject the individual to any sobriety test. Officers may however take reasonable actions when a person entitled to diplomatic or consular immunity presents a clear, present and actual danger to himself or others, or, it is apparent that a serious crime has been committed. Officers must protect the safety of the public and the person entitled to immunity and officers must halt any illegal activity. This naturally includes the power to defend oneself or others from harm. In all such cases the officer must immediately call a supervisor. The supervisor must immediately contact the United States Department of State. After evaluating the circumstances, the officer may:

(j) Make the driver to Police Station, complete any necessary paperwork, and arrange for the driver's immediate release to a responsible party.

- Arrange, by telephone, for the driver to have a relative or a friend pick them up.
- Take the driver home.
- Officers shall submit a detailed memorandum to their Division Commander describing the incident.
500.4.6 MILITARY PERSONNEL

Generally, no person belonging to the organized militia may be arrested on any process such as may be issued by military authority while going to, remaining at, or returning from any place at which he may be required to be present for military duty. However, on occasion, it will be necessary to issue a traffic citation, effect a physical arrest or investigate a traffic collision involving a member of the armed forces. Armed forces personnel, for these purposes, shall include regular members of the Army, Navy, Air Force, Marine Corps, and the Coast Guard, and reservists who are on active duty. The Police Department makes the following provision for armed forces personnel:

(a) Physical Arrest - When the incarceration of an active duty armed forces member occurs, an on-duty Detention Services Supervisor must notify the liaison officer of the nearest armed forces’ investigative headquarters division. This does not apply to the issuance of a traffic citation when an actual physical arrest is not made.

(b) Traffic Crash - A Uniformed Services Supervisor notifies the liaison officer of the nearest armed forces investigative headquarters division when armed forces personnel are involved in a traffic crash, and are either killed, or injured to the extent that they require hospitalization. This policy also applies to civilians employed by the armed forces while acting within the scope of their employment.

500.4.7 UNMARKED VEHICLES

The use of unmarked or unconventional vehicles solely for traffic law enforcement is prohibited by California Vehicle Code § 40800.

500.4.8 UNIFORM ENFORCEMENT GUIDELINES

Officers should take enforcement action when serious violations are observed or reported. It is the intention of the West Sacramento Police Department to take maximum enforcement action when a threat to life and public safety are involved. The following are examples of serious violations:

(a) Violations involving drug/alcohol impairment;
(b) Drivers with suspended or revoked license;
(c) Serious speed violations resulting in added danger to the public;
(d) Other hazardous violations including but not limited to reckless driving and speed contests;
(e) Multiple Violations;
(f) Violations resulting in traffic collisions.

Officers observing less serious violations are encouraged to take appropriate action. Officers should use discretion in determining enforcement actions for things such as:

(a) Off-road vehicle violation;
(b) Equipment violations;
(c) Public carrier and commercial violations;
Traffic Function and Responsibility

(d) Other non-hazardous violations;
(e) Newly enacted laws and/or regulations;
(f) Pedestrian and bicycle violations.

500.4.9 SELECTIVE ENFORCEMENT
The West Sacramento Police Department Traffic Unit uses traffic collision data and traffic enforcement activity data to help determine deployment methods for officers. The Traffic Sergeant is responsible for the collection, review, and distribution of the traffic data.

The Traffic Unit will initiate selective enforcement tactics with an emphasis on certain geographical areas and violations occurring within the given location. The Traffic Sergeant and the Crime Analyst will compile and evaluate data related to traffic collisions, traffic enforcement, traffic flow patterns and roadway hazard information to determine where to perform certain enforcement activities. These tactics include, but are not limited to, RADAR/LIDAR Enforcement, targeted patrol, traffic safety education and targeted enforcement for specific violations.

500.5 TRAFFIC STOP GUIDELINES
Officers make vehicle stops for a variety of reasons to include issuing warnings or citations, identify occupants, and/or detain criminal suspects. Officers should pre-plan every vehicle stop. Although it is impossible to predict the actions of the vehicle’s driver or passengers, officers should consider the potential risks and develop a tactical plan for every stop.

500.5.1 TRAFFIC STOP/UNKNOWN RISK GUIDELINES
An officer should consider the following guidelines when making traffic stops:

- Prior to all vehicle stops, notify the dispatcher of your intended stop location, the vehicle’s license number or description and color of the vehicle, number of occupants and any other pertinent information that may be relevant in identifying the vehicle and/or the occupants at a later date.
- Choose a stop location with tactical advantages. Consider traffic flow, pedestrian involvement, external lighting, and roadway conditions.
- Utilize the appropriate overhead emergency and cautionary traffic directing equipment. At night, utilize the appropriate vehicle illuminating equipment.
- Police Vehicle Location - When stopping the vehicle, consider offsetting the patrol vehicle based on roadway conditions, about fifteen (15) feet behind the stopped vehicle. Turn the front wheels of the patrol vehicle in the direction you intend to approach the vehicle. Leave the vehicle engine running, and the driver's door cracked. Approach the stopped vehicle based on the position of the offset; keeping in mind the offset creates a safety zone.
- Watch the stopped vehicle’s occupants for ten to fifteen (10-15) seconds, looking for any unusual movements. If you notice that the occupant’s actions are unusual, request a backup officer.
- If the violator exits the vehicle, or makes any unusual movements, immediately give verbal commands to the violator. If the violator fails to follow your commands, use your
patrol vehicle to maintain a position of advantage and request an additional officer for back-up.

- Stay out of the view of the stopped vehicle’s side mirror. Check the trunk by pushing down on the lid to ensure it is secure and visually check the rear seat area. Officers should not pass between the front of the patrol vehicle and the rear of the stopped vehicle.
- Maintain a position of advantage when making contact with the driver or occupants of the vehicle.
- When returning to the patrol vehicle, use a "tactical return." Stay outside the view of the stopped vehicle’s side view mirror, be aware of approaching traffic, and keep the driver and occupants in view.
- While determining the appropriate course of action and checking on occupant information, officers should be aware of the violator's location and the surroundings. Consider writing a citation at the rear of the patrol vehicle. If you are inside the patrol vehicle, keep the interior lights to a minimum. Always write in a position that enables you to check the violator's position by making a slight eye movement.
- When returning to the violator's vehicle use the same contact and tactical procedures you used initially.
- Notify dispatch of the disposition of the stop and ensure all appropriate records management system entries are completed.

500.5.2 HIGH RISK TRAFFIC STOP GUIDELINES

After confirming the reason the vehicle is wanted, officers should evaluate the need to conduct a high risk traffic stop. Officers should consider the following:

- Seriousness of the crime(s)
- Availability of back-up
- Location at which to make the stop
- Tactics to be used after making the stop
- Number of suspects involved

When conducting a high risk stop, officers should follow the P.O.S.T. approved standards for conducting the stop. A minimum of two officers should coordinate their plan prior to making the stop. Ensure dispatch is notified of your location and request assistance if needed.

Ideally, the patrol vehicles should be placed to the rear of the suspect’s vehicle at a position of advantage. Officers should refrain from parking directly to the side of or in front of the suspect’s vehicle creating the risk of crossfire. Try to position the patrol vehicles side-by-side at the rear of the suspect vehicle with the primary patrol vehicle on the left and secondary patrol vehicle on the right.

If possible, one additional officer should move to the passenger side of the secondary patrol vehicle or remain to the right of the primary patrol vehicle, with their vehicle, providing cover for the other
officers. This additional officer should consider arming themselves with a long gun to provide cover for the other officers.

Remain behind cover. **Do not approach "high risk" vehicles.** The primary officer should give verbal commands, establishing control of the occupants. Consider using the public address system on the patrol vehicle. If the occupants fail to comply with the verbal commands, officer should prepare for aggressive actions by the occupants. Officers should then develop a tactical plan based on their training and experience.

Clear the vehicle one person at a time by providing simple instructions for exiting. Utilize visual clearing techniques before ordering the occupant to walk backwards towards the center of the primary officer’s vehicle. The secondary officer is then responsible for securing this person. The primary and secondary officers then follow the same process until all visible occupants are out of the vehicle.

When it appears all occupants have exited the vehicle, clear it to ensure no additional occupants are hiding inside the vehicle. To begin the clearing process, the primary officer should continue giving verbal commands while the secondary officers tactically approach the vehicle. Consider using a canine to clear the vehicle.

**500.6 SUSPENDED OR REVOKED DRIVERS LICENSES**

(a) If an officer contacts a traffic violator for driving while his/her license is suspended or revoked, the officer may issue a traffic citation pursuant to Sections 14601, 14601.1 and 14601.2 of the California Vehicle Code.

(b) If a computer check of a traffic violator’s license status reveals a suspended or revoked drivers license, and the traffic violator still has his license in his possession, the license is to be seized by the officer. The officer will verbally advise the traffic violator of the suspension or revocation and issue the citation. The officer will be responsible for filling out the Verbal Notice Form (DMV Form DL-310) and send that form and license to the Department of Motor Vehicles. Form DL-310 is available from the Records Division.

(c) If a computer check with the Department of Motor Vehicles is not available, and the motorist fails to present the officer valid drivers license, the officer may issue a citation for California Vehicle Code 12951(a). Additional charges under 14601 CVC & may be sought if it is later determined the violator was driving on a suspended or revoked license status.

(d) When a citation is issued for 14601 CVC, the officer shall impound a motorist's vehicle under the provisions of 14602.6 CVC, and the guidelines of the Department's Serious Traffic Offender Program (STOP). Vehicles impounded under these circumstances shall remain impounded for a period of 30 days. The vehicle shall not be released to the registered owner or his agent except upon presentation of a valid license to operate the vehicle or court order.
500.7 REQUEST FOR RE-EXAMINATION OF A DRIVER
Routine traffic enforcement and collision investigation activities frequently lead to the discovery of drivers who have suspected incompetency, physical or mental disabilities, or other conditions that might interfere with their ability to safely operate a motor vehicle. Officers finding these circumstances may consider completing DMV form DS 427 Notice of Priority Re-examination of Driver and Request for Regular Re-examination of Driver. The DS 427 form shall be completed in conformance with the instructions contained on the form and submitted to the Patrol Supervisor in a timely manner.

500.8 HIGH-VISIBILITY VESTS
The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.8.1 REQUIRED USE
Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.8.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS
High-visibility vests shall be maintained in the trunk of each patrol and investigation unit, in the side box of each police motorcycle and in the saddlebag or gear bag of each police bicycle. Each vest should be stored inside the re-sealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The equipment managers should be promptly notified whenever the supply of vests in the equipment room needs replenishing.
Traffic Collision Reporting

502.1 PURPOSE AND SCOPE
The West Sacramento Police Department prepares traffic collision reports in compliance with the California Highway Patrol Collision Investigation Manual (CIM) and as a public service makes traffic collision reports available to the community with some exceptions.

502.2 RESPONSIBILITY
The Traffic Sergeant will be responsible for distribution of the Collision Investigation Manual. The Traffic Sergeant will receive all changes in the state manual and ensure conformity with this policy.

502.3 TRAFFIC COLLISION REPORTING
All traffic collision reports taken by members of this department shall be forwarded to the Traffic Division for approval and data entry into the Records Management System. The Traffic Sergeant will be responsible for quarterly reports on traffic collision statistics to be forwarded to the Uniformed Services Division Commander, or other persons as required.

502.3.1 TRAFFIC COLLISION AND INVESTIGATION REPORTING
Police officers shall document, in accordance with the provisions of this order, all collisions occurring within the scope of their responsibility, which includes the following:

- All motor vehicle traffic Collisions occurring on streets within the City limits.
- All private property motor vehicle Collisions resulting in personal injury or death, involving a violation of Vehicle Code section 20002 (Hit & Run), or involving an arrest for driving under the influence of alcohol and/or drugs (DUI).
- All vehicle vs bicycle and vehicle vs pedestrian collisions occurring on a highway within the City limits (includes sidewalks) resulting in injury or death.
- All motor vehicle traffic Collisions involving any property or vehicle owned by the City of West Sacramento.
- As directed by the on-duty shift supervisor.
- Collision narratives shall be documented as an INVESTIGATION or as a REPORT, as defined in the most current edition of the California Highway Patrol Collision Investigation Manual (CIM). In certain situations, a CHP 555-03 "Property Damage Only" (PDO) report may be completed as outlined below.

502.3.2 COLLISION INVESTIGATION
(a) A collision shall be documented as an INVESTIGATION when one or more of the following conditions apply:

- **FATAL**: A motor vehicle Collision results in the death of a person.
Traffic Collision Reporting

- SEVERE INJURY: A motor vehicle Collision results in severe personal injury. For the purpose of this order, severe personal injury is defined as a visible injury or suspected internal injury, that requires emergency medical treatment at a medical facility, whether or not the person is actually transported to a medical facility. Also includes an arm, foot, finger, etc., which is not in a normal position, usually due to a fracture or serious sprain.

- PROSECUTION: The collision is the result of an identifiable Vehicle Code violation, prosecution will be sought, and the collection of evidence is required to support prosecution.

- ARREST: All collisions resulting in an in-custody arrest for a violation of Vehicle Code section 2800.1, 2800.2, 20002 or 23152.
  
  - Should a DUI collision result in a fatality or serious injury, the Department of Alcoholic Beverage Control (ABC) should be notified immediately to provide follow-up or implement their T.R.A.C.E. program.

- HIT-AND-RUN: An involved party is in violation of the hit-and-run provisions of VC Section 20002, on or off the highway, and sufficient information is available to identify the hit-and-run vehicle and/or driver through follow-up.

(b) DEPARTMENT VEHICLE INVOLVED:

- An uninvolved officer will investigate all traffic collisions involving on-duty Police Department personnel or Police department vehicles. If the collision occurs in another jurisdiction, the involved officer shall immediately notify the appropriate law enforcement agency and request documentation. As soon as practicable, the officer shall notify the on-duty West Sacramento Watch commander of the collision and its location.

- The watch commander will respond to the scene of the collision to oversee the investigation. For collisions occurring in other jurisdictions, the watch commander will respond to the scene only if practical. The watch commander will complete and forward to the Uniformed Services Lieutenant an administrative review of the circumstances surrounding the collision, and will ensure compliance with City of West Sacramento Administrative Policy Manual section I-B-3.

- Any Department involved collision resulting in a fatality shall be investigated by the California Highway Patrol. Requests for CHP assistance should be made through the Woodland CHP Area Commander.

- When applicable, Department involved collisions shall be documented in compliance with CIM section 2.1.42 relating to on-duty emergency vehicles.

(c) INVESTIGATION FORMAT

- A COLLISION INVESTIGATION shall be documented on a CHP 555 form utilizing the Crossroads Collision software.

- The Narrative portion of the INVESTIGATION shall contain the following headings:

(b) COUNTER REPORTS are completed by the involved party; however, an officer or clerical person may provide assistance. COUNTER REPORTS may be documented on a CHP Form 555-03 (PDO).

(c) COUNTER REPORTS are not processed into SWITRS computer files.

502.3.6 REQUIREMENTS FOR RESPONSES TO THE SCENE OF TRAFFIC COLLISION

Sworn officers must respond when they receive instructions from the dispatcher to report to the scene of the following types of collisions:

- Death or injury.
Traffic Collision Reporting

- Hit and run.
- Impairment of an operator due to alcohol and/or drugs.
- Damage to a public vehicle or property.
- Hazardous materials involved or any spill.
- Disturbances between involved parties.
- Traffic congestion because of the collision.
- Damage to vehicles to the extent towing is required ("Tow Away", as defined by CIM)
- Any collision occurring on the public roadway wherein police assistance is requested.

When available, officers must respond to private property collisions, if requested, particularly when a disturbance is occurring, or if there is a criminal element to the incident, such as a hit-and-run or DUI. If none of the above elements are present, the officer should help the involved parties with the exchange of information.

502.3.7 OFFICER RESPONSIBILITIES AT TRAFFIC COLLISION SCENES

(a) It is the responsibility of the first officer on the scene to immediately take charge and protect the scene and administer emergency first-aid. Traffic collisions involving injuries require officers to provide basic life support/emergency medical care until emergency medical Services personnel arrive. The first officers on the scene should also try to establish a safe traffic pattern around the scene and call for whatever assistance as may be necessary.

(b) The "primary" officer that the Communications Center assigns to the call is responsible for the investigation of the collision and is in charge of the scene unless a supervisor says otherwise.

(c) Any assisting officer at the scene who obtains names and/or statements from parties, passengers or witnesses shall complete a supplemental report with the individual's personal information, statement and any other pertinent information gathered. In the case of major-injury or fatal collisions, all officers arriving at the scene shall complete a supplemental narrative describing their time of arrival, assignment or actions while at the scene, as well as their time of departure. All supplemental reports shall be forwarded to the investigating officer for review and inclusion in the collision document.

(d) Officers who are investigating a collision must ensure that they conduct a complete and thorough investigation in accordance with this order, consistent with contemporary practices in the field of collision investigation, and within the guidelines of the current CHP Collision Investigation Manual.

(e) If photographs and/or extensive or complex measurements, diagramming or evidence collection are necessary, the investigating officer may make a request for an Identification Technician or Collision Re-constructionist to respond to the scene. The
Traffic Collision Reporting

on-duty supervisor shall approve such requests. The Traffic Division sergeant will coordinate Re-constructionist call-outs.

(f) Officers must provide principals in the traffic collision with a case number for the incident. In the event no collision report is required by this order (such as non-injury private property collision), the responding officer shall facilitate the exchange of information between the involved parties as required by 20002a CVC. The officer may utilize Exchange of Information forms that the agency provides. The Investigating officer must review the form for valid information and exchange the forms accordingly.

502.3.8 FIRE AND OTHER HAZARDOUS SITUATIONS

(a) An important responsibility of officers responding to any collision scene is to keep the situation from becoming worse. This responsibility may take on added importance and complexity when actual or potential fires or other hazardous situations are present, or injuries have occurred. Under such circumstances, officers may be called upon to perform certain special activities, and coordinate with personnel from various other agencies. Priorities for action are likely to be affected by the extent and nature of the hazard present.

(b) The agency must continue to be aware of the responsibilities, practices and procedures of other agencies that respond to or provide technical assistance relating to fire, hazardous material incidents, and emergency medical care. Officers must be kept informed of this information to ensure the best possible coordination and delivery of services.

(c) Officers should handle vehicle collisions involving a fire in the following manner:

- If there is a threat of fire, officers must try to stabilize the conditions by providing adequate protection to the scene. This may include isolating the immediate area, removing persons from the vicinity (if possible), extinguishing the fire (if possible), and summoning the fire department when necessary.

- Officers should attempt to eliminate the possibility of sparks or other ignition sources; for example, cigarette smoking, flares, or electricity.

- Officers should carefully control the movement of vehicles within the vicinity of any potential fire hazard, detouring traffic if necessary.

(d) The agency has allocated a copy of the Hazardous Materials Training Guide for each patrol vehicle. Officers must follow the book’s recommendations for taking emergency and other appropriate actions to specific hazardous material incidents. Officers must be cognizant that any traffic collision involving a cargo vehicle is potentially a hazardous material incident. Officers should look for any evidence or indication of hazardous material before approaching such vehicles. Procedures for handling hazardous material situations include:
Traffic Collision Reporting

- Upon arrival at a traffic collision involving a cargo vehicle, officers must attempt to make a preliminary identification of the cargo by reading the placards visible from a safe distance.

- When there is any question whether spilled material at a collision scene may be hazardous, officers must avoid contacting the material and keep other persons from contacting the material to the extent possible.

- Officers must follow the procedures in the Hazardous Materials Guide to complete the identification of hazardous materials, to take appropriate emergency action, and to notify the relevant agencies.

502.3.9 TRAFFIC COLLISION INVESTIGATION FOLLOW-UPS

(a) Traffic collision follow-up investigation is normally the responsibility of the on-scene officer. The Traffic Division and/or personnel with traffic collision reconstruction experience normally investigate fatalities and other serious type collisions. The Traffic Division Sergeant oversees the investigation of all fatalities and any other collision investigations that the Operations Commander assigns.

(b) Patrol Officers normally conduct the follow-up investigation of hit and run traffic collisions occurring within their beats. Officers must submit hit and run reports at the end of their watch for supervisory review. The originals of hit and run reports go to the Office of Records Management. Officers may retain copies for follow-up investigation. Any additional reporting must occur by using supplemental report forms or other appropriate reporting forms.

(c) Officers may need technical assistance to thoroughly investigate some traffic collisions. Such technical assistance may include: surveyors, mechanics, engineers, physicists, physicians and/or other specialists. The Traffic Division Sergeant makes any requests for technical expertise not accessible through normal procedures.

(d) Follow-ups of traffic collision investigations may include:

- Collecting Off-Scene Data - Officers usually will collect off-scene data when they have specific questions in mind about the cause of the collision. Areas that may require off-scene investigation include, additional measurements of vehicle deformation, lamp examinations, mechanical defects, and tire examinations.

- Obtaining/Recording Formal Statements - Formal tape recorded statements may be necessary in the investigation of serious or fatal traffic collisions. The Reconstructionist or other officer assigned to the investigation is responsible for obtaining the formal recorded statement.

- Reconstructing Traffic Collisions - The reconstruction of a traffic collision is conducted only by officers who have certification in traffic collision reconstruction.
Reconstructions occur only at the direction of a supervisor, after considering the seriousness and complexity of the collision.

502.3.10 CONTROLLING TRAFFIC COLLISION VICTIMS PROPERTY
(a) The Officer at the scene of a traffic collision should ensure that property belonging to the collision victims is protected from theft or pilferage and is removed to a place of safekeeping if the owner is unable to care for it.
(b) Where practical, property found inside a vehicle at the scene of a collision should be secured with the vehicle and listed according to routine vehicle tow and inventory procedures. However, officers must place items of great value or items susceptible to theft such as money, and firearms into the Property Room, if the owner is unable to take charge of them.

502.3.11 COLLISION CLASSIFICATION SYSTEM
The Police Department uses a traffic collision classification system that integrates the Computer Aided Dispatch (CAD) system and the Records Management system (RMS). Collision classifications are:
- 11-82 Property damage.
- 11-81 Minor Injury.
- 11-80 Major-injury / Fatal.
- 11-79 Unknown Injury.
- 20002 (Twenty-thousand two) Hit & Run

502.4 REPORTING SITUATIONS
502.4.1 TRAFFIC COLLISIONS INVOLVING CITY VEHICLES
Traffic collision investigation reports shall be taken when a City-owned vehicle is involved in a traffic collision upon a roadway or highway wherein any damage or injury results. A general information report may be taken in lieu of a traffic collision report (CHP 555 form) at the direction of a supervisor when the collision occurs on private property or does not involve another vehicle. Whenever there is damage to a City vehicle, a Vehicle Damage Report shall be completed and forwarded to the appropriate Division Commander.

Photographs of the collision scene and vehicle damage shall be taken at the discretion of the traffic investigator or any supervisor.

502.4.2 TRAFFIC COLLISIONS WITH POLICE DEPARTMENT EMPLOYEES
When an employee of this department, either on-duty or off-duty, is involved in a traffic collision within the jurisdiction of the West Sacramento Police Department resulting in a serious injury or fatality, the Traffic Sergeant or the Watch Commander, may notify the California Highway Patrol for assistance.
Traffic Collision Reporting

The term serious injury is defined as any injury that may result in a fatality.

502.4.3 TRAFFIC COLLISIONS WITH OTHER CITY EMPLOYEES OR OFFICIALS
The Traffic Sergeant or on-duty Watch Commander may request assistance from the California Highway Patrol for the investigation of any traffic collision involving any City official or employee where a serious injury or fatality has occurred.

502.4.4 TRAFFIC COLLISIONS ON PRIVATE PROPERTY
In compliance with the Collision Investigation Manual, traffic collision reports shall not be taken for traffic collisions occurring on private property unless there is a death or injury to any person involved, a hit-and-run violation, or Vehicle Code violation. An Incident Report may be taken at the discretion of any supervisor.

502.4.5 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS
Traffic collision reports shall be taken when they occur on a roadway or highway within the jurisdiction of this department under any of the following circumstances:

(a) When there is a death or injury to any persons involved in the collision
(b) When there is an identifiable violation of the Vehicle Code
(c) When a report is requested by any involved driver

502.5 NOTIFICATION OF TRAFFIC BUREAU SUPERVISION
In the event of a serious injury or death related traffic collision, the Watch Commander shall notify the Traffic Sergeant to relate the circumstances of the traffic collision and seek assistance from the Traffic Bureau. In the absence of a Traffic Sergeant, the Watch Commander or any supervisor may assign an accident investigator or motor officer to investigate the traffic collision.
Traffic Direction and Control

503.1 PURPOSE AND SCOPE
Traffic direction and control functions are performed through a cooperative effort between the Police Department and Traffic Engineering Office. This Order is necessary to ensure the safe and efficient movement of vehicles and pedestrians.

503.2 TRAFFIC ACTIVITIES RELATED TO ENGINEERING
(a) Traffic Officers are responsible for the following tasks:
   - Collecting and compiling traffic-related data used for identifying specific engineering problems and make recommendations for solutions.
   - Conducting special duties as appropriate to investigate potential problems.
   - Analyzing accident and enforcement data to identify trends and relationships symptomatic to engineering problems.
   - Participates in any existing community transportation system management planning efforts.

(b) An analysis of traffic trends, directions and control needs is completed. The Police Department and the Traffic Engineer work together to anticipate and identify the number and kinds of resources required to resolve problems.

(c) The Police Department allocates resources to identify traffic direction and control needs by using unmanned traffic control devices and other apparatus to reduce labor costs.

(d) Police Department employees carry out manual traffic direction and control functions only at those times and places where law enforcement authority and/or human intervention is necessary to ensure safety and efficiency. Manual traffic direction is usually necessary only until the problem is resolved or traffic control apparatus can be installed.

503.3 HANDLING TRAFFIC COMPLAINTS OR SUGGESTIONS
(a) The Police Department records and investigates any/all citizen complaints or suggestions regarding traffic-related problems and possible improvements solutions, to learn if the problem is of enforcement or engineering nature.

(b) The Traffic Division handles complaints or suggestions of an enforcement nature. In cases where complaints are received that may require a long-term enforcement plan, employees must forward a memorandum to the Traffic Sergeant for follow-up investigation and coordination of enforcement efforts. This directive does not
Traffic Direction and Control

preclude Uniformed Services Section officers from the responsibility for handling traffic complaints.

(c) In cases where complaints or suggestions are because of an apparent engineering problem, employees must forward a memorandum to the Traffic Sergeant. The Traffic Sergeant coordinates efforts with the City Traffic Engineer, City Public Works or the California Department of Transportation (CALTRANS) and re-contacts the person making the complaint and/or suggestion.

(d) Employees must initiate immediate notification of the City Traffic Engineer's Office or the Public Works Department when they respond to a traffic complaint of an emergency nature that is the result of an engineering problem or deficiency.

503.4 TRAFFIC DIRECTION AT CRASH AND FIRE SCENES

(a) The responding employee must assess the hazards presented at the scene to prevent further damage to life or property. Some items to consider are the potential for an explosion, the present traffic conditions, and the road and weather conditions.

(b) The responding employee directs traffic by establishing a safe traffic flow pattern or by diverting the traffic away from the scene.

(c) At the scene of a fire or hazardous materials spill, the responding employee should relinquish control of the scene to the senior official of the emergency services upon arrival.

(d) The responding employee must maintain access and egress to the scene by fire and/or emergency vehicles while maintaining traffic flow around the scene.

(e) Office Commanders meet with the Fire Department and emergency medical services in West Sacramento to develop/implement plans and identify procedures for providing traffic direction and control support at a crash or fire scene, as necessary.

503.5 MUTUAL TRAFFIC DIRECTION AND UNIFORM HAND SIGNALS

(a) Manual direction of traffic is a function that uniformed personnel must frequently perform. Circumstances and situations dictate employee response on whether to direct traffic manually or to allow the traffic to flow without manual assistance. Instances when traffic direction and control may be necessary include the following:

- Inoperative or missing traffic-control devices (until repair or replacement).
- Accident or other emergency incidents.
- Special events where heavy traffic congestion occurs.
- Roadway construction (temporarily until a flagger is available).
- Utility pole replacement (emergency condition).
Traffic Direction and Control

- Adverse weather conditions (lines down, debris in the roadway, etc.).
- Special assignment (priority traffic/vehicle movement).
- To assist in traffic control when temporary traffic control devices are deployed, i.e., traffic cones, barriers, etc.

(b) Employees direct and control traffic by positioning themselves so they are clearly visible in the center of an intersection or in the flow of traffic facing motorist for a stop. Employees should stand with their sides towards flowing traffic and with their weight equally distributed on both feet, hands and arms hanging easily at their sides, unless gesturing.

(c) Signals and Commands, Employees should use the following signals and gesturing guidelines.

1. **Stopping traffic:** Extend your arm and point your index finger at the motorist you want to stop. Look directly at that motorist until the driver is aware of your gesture or until you can reasonably assume that he is aware of the gesture. Raise your pointing hand at the wrist so that your palm is towards the vehicle being stopped. Hold your palm in this position until you observe the vehicle has stopped. To stop traffic from both directions on a three-way repeat the procedure for traffic coming from the other direction while you continuing to maintain your arm and palm towards the traffic you have previously stopped.

2. **Starting traffic:** Point your arm and your index finger at and look directly at the motorist until he is aware of your gesture or you can reasonably assume that he/she is aware of your gesture. Place your palm up, swing your pointing arm from the elbow only, through a vertical semicircle until traffic begins to move. If you have traffic from both directions, stand with your shoulders parallel to the direction of traffic and repeat the procedure above for both directions.

3. **Right turn:** Motorist usually can make right turns without the necessity of you directing them. When necessary to direct a right turn and the driver is approaching from your right side, point your right arm and index finger and look directly towards the driver. Swing your extended arm and index finger in the direction of the driver's intended turn. If the motorist is approaching from your left side, point your left arm and bend your arm at the elbow (so your forearm is in the vertical position), and then point to the motorist while moving your arm to the right horizontally.

4. **Left turn:** Do not direct left turning drivers to make their movement while you are also directing oncoming traffic to proceed. You may direct opposing vehicles to start without giving any left turn gesture to the turning motorist, who will lead them to complete their turn only during a gap in oncoming traffic, or you may stop or hold oncoming drivers, then signal left turning drivers to proceed. Turn
Traffic Direction and Control

your right side and arm toward the oncoming traffic, and your left side and arm towards the left turning driver. After you stop oncoming traffic by using your right arm and hand, extend your left arm and with your index finger towards the turning driver who intends to make a left turn. Once you have gained the left turning drivers attention, extend your left arm and bend your arm at the elbow (so your forearm is in the vertical position and point to the motorist while moving your arm to the left horizontally.

(d) You may have an occasion to reinforce or explain directions. To do so, move reasonably close to the motorist and politely and briefly explain your directions being careful that you not show frustration, anger or antagonism.

(e) When it is dark, you may use your flashlight to stop traffic by slowly swinging the beam of the light across the path of oncoming traffic. After the driver stops, you may give arm signals in the usual manner.

(f) Employees may also use temporary traffic control devices to aid them in directing and controlling traffic. Employees should notify or request notification of the County Engineer's Office or local road department when a need exists to erect temporary traffic control devices.

503.6 MANUAL OPERATION OF TRAFFIC CONTROL DEVICES

(a) Employee can set traffic control signal to "flash", during a special events. After the event is completed, the traffic control signal must be place in to the normal operation.

(b) Employees are allowed to operate a traffic control signal manually only by placing the unit on "flash" when necessary because the light is malfunctioning.

(c) The employee who sets the control signal to "flash" due to a malfunction must request that the Dispatch Center notify the appropriate agency for repair service.

503.7 ADVERSE ROAD AND WEATHER CONDITIONS
The West Sacramento Police Department maintains a close working relationship with those other agencies that share responsibility for coping with adverse road and weather conditions that affect traffic safety. This cooperative relationship includes helping with the development and carrying out of mutual assistance policies, procedures, and programs to serve the public as effectively as possible when such adverse conditions exist.

(a) Adverse road and weather conditions may include but are not necessarily limited to:

- Accidental hazards, such as debris that has fallen onto the roadway from another vehicle, downed power lines, etc.
- Acts of nature, such as fog, ice or snow on the roadway etc.
Traffic Direction and Control

- Engineering hazards, such as an exposed guardrail end or other objects that might cause unnecessary additional damage or injury should a vehicle, for any reason, collide with such objects upon leaving the roadway.

(b) Patrol employees must be continually alert for hazardous road conditions that might need the attention of the West Sacramento Public Works Department or local roads department.

(c) Personnel provide traffic direction and control services and scene protection services in the area of adverse road and weather conditions, as appropriate.

(d) Personnel must assess road hazards or adverse conditions to decide what actions are appropriate to take. For example, ice on the roadways, and/or bridges and whether to salt, sand or dirt or plow response is necessary. (Employees must consider the effects or changing temperatures and their potential to affect the hazard before the responding assistance could arrive).

(e) Employees should make note when hazardous road condition cause or contribute to a traffic collision. If the employee witnesses a near crash due to road conditions the employee must contact the dispatcher immediately.
Vehicle Towing and Release

510.1 PURPOSE AND SCOPE
This policy provides the procedures for towing a vehicle by or at the direction of the West Sacramento Police Department. Nothing in this policy shall require the Department to tow a vehicle.

510.2 STORAGE AND IMPOUNDS
When circumstances permit, for example when towing a vehicle for parking or registration violations, the handling employee should, prior to having the vehicle towed, make a good faith effort to notify the owner of the vehicle that it is subject to removal. This may be accomplished by personal contact, telephone or by leaving a notice attached to the vehicle at least 24 hours prior to removal. If a vehicle presents a hazard, such as being abandoned on the roadway, it may be towed immediately.

The responsibilities of those employees towing, storing or impounding a vehicle are listed below.

If a vehicle must be towed to the police facility for evidence processing, the employee requesting the tow should obtain approval from a supervisor and provide notification to the Identification Technician.

Before towing a vehicle for evidence processing employees should consider using any available garage space at the towing agency, considering the seriousness of the crime, chain of evidence, and the type and volume of evidence work necessary to do.

510.2.1 VEHICLE STORAGE REPORT
Department members requesting towing, storage or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the storage report should be given to the tow truck operator and the original shall be submitted to the Records Section as soon as practicable after the vehicle is stored.

510.2.2 REMOVAL FROM TRAFFIC COLLISION SCENES
When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in Yolo Emergency Communications Agency.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call the official towing garage for the City of West Sacramento. The officer will then store the vehicle using a CHP Form 180.
Vehicle Towing and Release

510.2.3 STORAGE AT ARREST SCENES
Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by storing the arrestee’s vehicle subject to the exceptions described below. The vehicle, however, shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g., traffic hazard, high-crime area).

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic-related warrant arrest.
- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases, the owner shall be informed that the Department will not be responsible for theft or damages.

510.2.4 IMPOUNDMENT AT SOBRIETY CHECKPOINTS
Whenever a driver is stopped at a sobriety checkpoint and the only violation is that the operator is driving without a valid driver’s license, the officer shall make a reasonable attempt to identify the registered owner of the vehicle (Vehicle Code § 2814.2). The officer shall release the vehicle to the registered owner if the person is a licensed driver, or to another licensed driver authorized by the registered owner, provided the vehicle is claimed prior to the conclusion of the checkpoint operation.

If the vehicle is released at the checkpoint, the officer shall list on his/her copy of the notice to appear the name and driver’s license number of the person to whom the vehicle is released.

When a vehicle cannot be released at the checkpoint, it shall be towed (Vehicle Code § 22651(p)). When a vehicle is removed at the checkpoint, it shall be released during the normal business hours of the storage facility to the registered owner or his/her agent upon presentation of a valid driver’s license and current vehicle registration.

510.2.5 DRIVING A NON-CITY VEHICLE
Vehicles which have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

510.2.6 DISPATCHER’S RESPONSIBILITIES
Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.
When there is no preferred company requested, the dispatcher shall call the next firm in rotation from the list of approved towing companies and shall make appropriate entries on that form to ensure the following firm is called on the next request.

510.2.7 RECORDS SECTION RESPONSIBILITY
Records personnel shall promptly enter pertinent data from the completed storage form (CHP Form 180) into the Stolen Vehicle System and return the form to the Watch Commander for approval (Vehicle Code § 22651.5(b); Vehicle Code § 22851.3(b); Vehicle Code § 22854.5).

Approved storage forms shall be promptly placed into the auto-file so that they are immediately available for release or review should inquiries be made.

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the Records Section to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice shall be sent to all such individuals by first-class mail (Vehicle Code § 22851.3(d); Vehicle Code § 22852(a); Vehicle Code § 14602.6(a)(2)). The notice shall include the following (Vehicle Code § 22852(b)):

(a) The name, address, and telephone number of this Department.
(b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage.
(c) The authority and purpose for the removal of the vehicle.
(d) A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, in writing, or by telephone within 10 days of the date appearing on the notice.

510.3 TOWING SERVICES
The City of West Sacramento periodically selects a firm to act as the official tow service and awards a contract to that firm. This firm will be used in the following situations:

(a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
(b) When a vehicle is being held as evidence in connection with an investigation.
(c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal of vehicles obstructing traffic in violation of state or local regulations.

510.4 VEHICLE INVENTORY
All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting
Vehicle Towing and Release

an owner’s property while in police custody, to provide for the safety of officers, and to protect
the Department against fraudulent claims of lost, stolen, or damaged property.

510.5 SECURITY OF VEHICLES AND PROPERTY
Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or
create an issue of officer safety, officers should make reasonable accommodations to permit a
driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone,
prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to
unauthorized entry, theft, or damage, personnel conducting the search shall take such steps as
are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

510.6 RELEASE OF VEHICLE
The Department will maintain a listed, 24-hour telephone number to provide information regarding
impoundment of vehicles and the right of the registered owner to request a storage hearing.
Releases for towed vehicles will be made available during regular, non-emergency business hours
(Vehicle Code § 14602.6).

(a) Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of
current registration is provided by the owner or the person in control of the vehicle and
after all applicable fees are paid (Vehicle Code § 22850.3; Vehicle Code § 22850.5).

(b) Vehicles removed that require payment of parking fines or proof of valid driver’s license
shall only be released upon presentation of proof of compliance, proof of payment,
completion of affidavit, and payment of applicable fees related to the removal (Vehicle
Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3; Vehicle
Code § 22850.5).

(c) A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the
registered owner or his/her agent with proof of current registration, proof of a valid
driver’s license, and applicable fees paid prior to the end of the 30-day impoundment
period under any of the following circumstances:

1. The vehicle was stolen.
2. If the driver reinstates his/her driver’s license or acquires a license and provides
   proof of proper insurance.
4. When there is no remaining community caretaking need to continue impound
   of the vehicle or the continued impound would not otherwise comply with the
   Fourth Amendment.

(d) An autonomous vehicle removed under authority of Vehicle Code § 22651(o)(1)(D)
shall be released to the registered owner or person in control of the autonomous
vehicle if the requirements of Vehicle Code § 22651(o)(3)(B) are met.
Vehicle Towing and Release

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect that a vehicle was impounded in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.
Vehicle Impound Hearings

512.1 PURPOSE AND SCOPE
This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

512.2 STORED OR IMPOUND HEARING
When a vehicle is stored or impounded by any member of the West Sacramento Police Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code § 22650(a); Vehicle Code § 22852(a)).

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

512.2.1 HEARING PROCEDURES
The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852(b)). The Traffic Sergeant will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code § 22851.3(e)(2); Vehicle Code § 22852(d)).

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of the period the vehicle is impounded (Vehicle Code §14602.6(b); Vehicle Code § 14602.8(b)).

Aside from those mitigating circumstances enumerated in the Vehicle Code, the registered owner's lack of actual knowledge that the driver to whom the vehicle was loaned was not validly licensed may constitute a mitigating circumstance under Vehicle Code § 14602.6(b) or 14602.8(b), warranting release of the vehicle. This mitigating circumstance exception is not limited to situations
Vehicle Impound Hearings

where the owner made a reasonable inquiry as to the licensed status of the driver before lending the vehicle.

The legislative intent and this department’s policy is to prevent unlicensed driving pursuant to Vehicle Code §14602.6. If this purpose is not furthered by the continued impoundment of a vehicle, release is most often appropriate.

(a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision and that the inquiring party may pursue further civil remedies if desired.

1. If mitigating circumstances are found to be relevant, the hearing officer shall make reasonable adjustments to the impound period, storage or assessment of fees as warranted.

(b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be paid at the Department’s expense (Vehicle Code § 22852(e)).

(c) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Division Commander. The hearing officer will recommend to the appropriate Division Commander that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the Department.
Impaired Driving

514.1 PURPOSE AND SCOPE
This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

514.1.1 DUI ARREST
(a) The detection and arrest of impaired drivers differ significantly from that of other traffic law violators. Specific statutes govern driving while under the influence of alcohol and/or drugs, implied consent, chemical tests for intoxication, and they establish legal limits of impairment or intoxication. These statutes include provisions that affect an officer’s authority and establish procedures for conducting chemical tests and initiating the DUI related driver license suspension process.

(b) Detection is the first step in any DUI enforcement action. An employee’s observation is crucial in establishing probable cause in making the decision to arrest the violator. Officers must:
- Recognize and identify specific driving behaviors that have a high probability of signifying that the driver may be impaired by alcohol and/or drugs.
- Recognize and identify specific driving or other behavior occurring during vehicle stops, which provide additional evidence/suspicion that the driver may be impaired.
- Exercise due care and caution in following impaired drivers and be alert for unusual or inappropriate reactions from the driver.
- Stop the impaired driver in a safe location, notifying the Communications Center of the reason for the stop.
- Summon a witness or other assistance as necessary.
- Never allow the driver to move the vehicle once the vehicle is stopped and the driver is judged impaired.
- Approach the vehicle with caution, but with little delay.
- Obtain the violators operators license and other appropriate documents (e.g., registration, insurance card).
- Interview the driver and any passengers.
- Recognize and identify specific characteristics, attitudes, and actions that impaired drivers commonly manifest during face-to-face contact.
- Document all observations leading to the probable cause and suspicion of driver impairment. If probable cause exists to support that the driver may be impaired, request the driver to exit the vehicle for further investigation. Move to a safe location.
Impaired Driving

to conduct the standardized field sobriety test. Note: Do not conduct interviews or field sobriety tests in the space between the patrol vehicle and the subject's vehicle.

- Select and administer appropriate field sobriety tests to assess impairment (for example, horizontal gaze nystagmus tests, walk-and-turn tests, one-leg stand tests.)

(a) Officers shall conduct evidential chemical test consisting of one of the following, Breath, Blood or Urine according to California Vehicle Code Section 23612. If the subject refuses to submit to the chemical test, complete the appropriate DMV forms to invoke the implied consent sanction.

(b) Officers shall make a physical arrest of the violator when all elements of the DUI violation are present according to California Vehicle Code Sections 23140, 23152 and 23153. The decision to incarcerate or release the violator to a responsible adult shall be based on health and safety reasons.

- Whether there is a need for medical attention.
- The location/availability of a responsible adult to assume custody of the subject. The department's policy supports the release of juveniles to a responsible third party whenever possible and/or practical.

(a) Officers shall tow the violator's vehicle unless a responsible person is present to take responsibility for the vehicle. When the vehicle is towed, officers must inventory the vehicle's property.

(b) Officers should arrange for transportation and the safety of any passengers.

(c) Officers will transport the violator to an approved site for evidential testing and processing. Approved sites include:

- Detention or jail facilities.
- Hospitals/medical facilities.

(a) Officers shall complete all necessary forms including an Intoxication/Arrest report, thoroughly documenting all evidence gathered during the investigation and showing the results of all field sobriety and/or chemical test.

(b) Officers shall submit all citations and reports to their supervisor for review before going off duty.

(c) Complete all necessary forms including an arrest report, thoroughly documenting all evidence gathered during the investigation and showing the results of all field sobriety and/or chemical tests.

(d) Decide whether to incarcerate or release the violator. Officers must base the decision to incarcerate or release a violator on:

- Whether there is a need for medical attention.
Impaired Driving

- The location/availability of a responsible party to assume custody of the subject, in cases involving juvenile offenders. Agency policy supports release of juveniles to a responsible third party whenever possible and/or practical.

Officers shall submit all citations and reports to their supervisor for review before going off duty.

514.1.2 DUI COUNTERMEASURES

(a) Drivers who are impaired by alcohol and/or drugs represent a serious threat to the life and safety of persons using the streets and highways of this state. Consequently, a comprehensive coordinated counter measure program involving education, enforcement, adjudication, treatment, and public support is essential, if the agency is to have long-term success in combating the DUI problem.

(b) Enforcement is a key element in the DUI counter measure program. West Sacramento Police Department officers must detect and apprehend impaired drivers. Additionally, the agency establishes DUI checkpoints to apprehend impaired drivers.

(c) Officers must be alert for signs of alcohol and/or drug impairment in all contacts with motorists. Officers must make a physical arrest of an impaired driver when probable cause to arrest is present.

(d) Officers may release a DUI suspect to a responsible adult in accordance with procedures described in the "Misdemeanor Arrest and Release Agreement" (form WSP-035) or consider arranging for other transportation as an alternative to arrest.

(e) Officers must offer a chemical test according to California Vehicle Code Section 23612, agency policy, and the court of jurisdiction.

(f) Officers are reminded that chemical tests are supplemental tools. A refusal to submit to a chemical test is not sufficient cause to issue a citation for a lesser offense.

(g) Officers must be familiar with basic DUI detection and standard field sobriety tests.

(h) Education is another element of the agency's DUI countermeasure program. The Traffic/Parking Safety Unit has the primary responsibility for alcohol and driver safety awareness programs for schools and other civic organizations.

514.2 POLICY
The West Sacramento Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of California's impaired driving laws.

514.3 INVESTIGATIONS
Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

The Traffic Sergeant will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant
information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

(a) The field sobriety tests (FSTs) administered and the results.
(b) The officer’s observations that indicate impairment on the part of the individual, and the officer’s health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
(c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
(d) Information about any audio and/or video recording of the individual’s driving or subsequent actions.
(e) The location and time frame of the individual’s vehicle operation and how this was determined.
(f) Any prior related convictions in California or another jurisdiction.

514.4 FIELD TESTS
The Traffic Sergeant should identify standardized FSTs and any approved alternate tests for officers to use when investigating violations of DUI laws.

514.5 CHEMICAL TESTS
A person implies consent to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Vehicle Code § 23612):

(a) The person is arrested for driving a vehicle while under the influence, pursuant to Vehicle Code § 23152.
(b) The person is under 21 years of age and is arrested by an officer having reasonable cause to believe that the person’s blood alcohol content is 0.05 or more (Vehicle Code § 23140).
(c) The person is under 21 years of age and detained by an officer having reasonable cause to believe that the person was driving a vehicle while having a blood alcohol content of 0.01 or more (Vehicle Code § 23136).
(d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code § 23153).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

514.5.1 CHOICE OF TESTS
Officers shall respect a viable choice of chemical test made by an arrestee, as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence).
Impaired Driving

A person arrested for DUI has the choice of whether the test is of his/her blood or breath, and the officer shall advise the person that he/she has that choice. If the person arrested either is incapable, or states that he/she is incapable, of completing the chosen test, the person shall submit to the remaining test.

If the person chooses to submit to a breath test and there is reasonable cause to believe that the person is under the influence of a drug or the combined influence of alcohol and any drug, the officer may also request that the person submit to a blood test. If the person is incapable of completing a blood test, the person shall submit to and complete a urine test (Vehicle Code § 23612(a)(2)(C)).

514.5.2 BREATH SAMPLES
The Traffic Sergeant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Traffic Sergeant.

When the arrested person chooses a breath test, the handling officer shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired, provide a blood or urine specimen, which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614).

The officer should also require the person to submit to a blood test if the officer has a clear indication that a blood test will reveal evidence of any drug or the combined influence of an alcoholic beverage and any drug. Evidence of the officer’s belief shall be included in the officer’s report (Vehicle Code § 23612(a)(2)(C)).

514.5.3 BLOOD SAMPLES
Only persons authorized by law to draw blood shall collect blood samples (Vehicle Code § 23158). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.
514.5.4 URINE SAMPLES
If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit. Urine samples shall be collected and witnessed by an officer or jail staff member of the same sex as the individual giving the sample. The arrestee should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample (Vehicle Code § 23158(i)). The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

514.5.5 STATUTORY NOTIFICATIONS
Officers requesting that a person submit to chemical testing shall provide the person with the mandatory warning pursuant to Vehicle Code § 23612(a)(1)(D) and Vehicle Code § 23612(a)(4).

514.5.6 PRELIMINARY ALCOHOL SCREENING
Officers may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The officer shall advise the person that the PAS test is being requested to assist in determining whether the person is under the influence of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, he/she shall be advised that the PAS test is voluntary. The officer shall also advise the person that submitting to a PAS test does not satisfy his/her obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612).

514.5.7 PRELIMINARY ALCOHOL SCREENING FOR A PERSON UNDER AGE 21
If an officer lawfully detains a person under 21 years of age who is driving a motor vehicle and the officer has reasonable cause to believe that the person has a blood alcohol content of 0.01 or more, the officer shall request that the person take a PAS test to determine the presence of alcohol in the person, if a PAS test device is immediately available. If a PAS test device is not immediately available, the officer may request the person to submit to chemical testing of his/her blood, breath or urine, conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result of either test reveals a blood alcohol content of 0.01 or more, the officer shall proceed to serve the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).

514.6 REFUSALS
When an arrestee refuses to provide a viable chemical sample, officers should:

(a) Advise the arrestee of the requirement to provide a sample (Vehicle Code § 23612).
(b) Audio- and/or video-record the admonishment when it is practicable.
(c) Document the refusal in the appropriate report.
514.6.1 BLOOD SAMPLE WITHOUT CONSENT
A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

(a) A search warrant has been obtained (Penal Code § 1524).
(b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person’s bloodstream. Exigency can be established by the existence of special facts such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

514.6.2 FORCED BLOOD SAMPLE
If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

(a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
(b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
(c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the individual to submit to such a sample without physical resistance.
   1. This dialogue should be recorded on audio and/or video if practicable.
(d) Ensure that the blood sample is taken in a medically approved manner.
(e) Ensure the forced blood draw is recorded on audio and/or video when practicable.
(f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
   1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
   2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
   3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
(g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.
If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

514.6.3 STATUTORY NOTIFICATIONS UPON REFUSAL
Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of order of suspension upon the arrestee and take possession of any state-issued license to operate a motor vehicle that is held by that individual (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

514.7 RECORDS SECTION RESPONSIBILITIES
The Records Manager will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney’s office.

514.8 ADMINISTRATIVE HEARINGS
The Records Manager will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to DMV.

Any officer who receives notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

An officer called to testify at an administrative hearing should document the hearing date and DMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.

514.9 TRAINING
The Training Manager should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Training Manager should confer with the prosecuting attorney’s office and update training topics as needed.

514.10 ARREST AND INVESTIGATION

514.10.1 WARRANTLESS ARREST
In addition to the arrest authority granted to officers pursuant to Penal Code § 836, an officer may make a warrantless arrest of a person that the officer has reasonable cause to believe has been driving under the influence of an alcoholic beverage or any drug, or under the combined influence of the same when (Vehicle Code § 40300.5):

(a) The person is involved in a traffic accident.
(b) The person is observed in or about a vehicle that is obstructing the roadway.
(c) The person will not be apprehended unless immediately arrested.
(d) The person may cause injury to him/herself or damage property unless immediately arrested.
(e) The person may destroy or conceal evidence of a crime unless immediately arrested.

514.10.2 OFFICER RESPONSIBILITIES
The officer serving the arrested person with a notice of an order of suspension shall immediately (Vehicle Code § 23612):

(a) Forward a copy of the completed notice of suspension or revocation form and any confiscated driver’s license to the Department of Motor Vehicles (DMV).

(b) Forward a sworn report to DMV that contains the required information in Vehicle Code § 13380.

(c) Forward the results to the appropriate forensic laboratory if the person submitted to a blood or urine test.
Traffic Citations

516.1 PURPOSE AND SCOPE
This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

516.2 RESPONSIBILITIES
The Traffic Sergeant shall be responsible for the development and design of all Department traffic citations in compliance with state law and the Judicial Council.

The Records Section shall be responsible for the supply and accounting of all traffic citations issued to employees of this department.

516.3 DISMISSAL OF TRAFFIC CITATIONS
Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued (Vehicle Code § 40500(d)). Any request from a recipient to dismiss a citation shall be referred to the Traffic Bureau Manager. Upon a review of the circumstances involving the issuance of the traffic citation, the Traffic Unit Manager may request the Uniform Services Division Division Commander to recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer may request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Uniform Services Division Division Commander for review.

516.4 VOIDING TRAFFIC CITATIONS
Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Traffic Unit.

516.5 CORRECTION OF TRAFFIC CITATIONS
When a traffic citation is issued and in need of correction, the officer issuing the citation shall submit the citation and a letter requesting a specific correction to his/her immediate supervisor. The citation and letter shall then be forwarded to the Traffic Unit. The Traffic Unit shall prepare a letter of correction to the court having jurisdiction and to the recipient of the citation.
516.6 DISPOSITION OF TRAFFIC CITATIONS
The court and file copies of all traffic citations issued by members of this department shall be forwarded to the employee’s immediate supervisor for review. The citation copies shall then be filed with the Records Section.

Upon separation from employment with this department, all employees issued traffic citation books shall return any unused citations to the Records Section.

516.7 NOTICE OF PARKING VIOLATION APPEAL PROCEDURE
Disposition of notice of parking violation appeals is conducted pursuant to Vehicle Code § 40215.

516.7.1 APPEAL STAGES
Appeals may be pursued sequentially at three different levels (Vehicle Code § 40215; Vehicle Code § 40230):

(a) Administrative reviews are conducted by the Traffic Bureau who will review written/documentary data. Requests for administrative reviews are available at the front desk or Traffic Bureau of the West Sacramento Police Department. These requests are informal written statements outlining why the notice of parking violation should be dismissed. Copies of documentation relating to the notice of parking violation and the request for dismissal must be mailed to the current mailing address of the processing agency.

(b) If the appellant wishes to pursue the matter beyond administrative review, an administrative hearing may be conducted in person or by written application, at the election of the appellant. Independent referees review the existent administrative file, amendments, and/or testimonial material provided by the appellant and may conduct further investigation or follow-up on their own.

(c) If the appellant wishes to pursue the matter beyond an administrative hearing, a Superior Court review may be presented in person by the appellant after an application for review and designated filing fees have been paid to the Superior Court of California.

516.7.2 TIME REQUIREMENTS
Administrative review or appearance before a hearing examiner will not be provided if the mandated time limits are not adhered to by the violator.

(a) Requests for an administrative review must be postmarked within 21 calendar days of issuance of the notice of parking violation, or within 14 calendar days of the mailing of the Notice of Delinquent Parking Violation (Vehicle Code § 40215(a)).

(b) Requests for administrative hearings must be made no later than 21 calendar days following the notification mailing of the results of the administrative review (Vehicle Code § 40215(b)).

(c) An administrative hearing shall be held within 90 calendar days following the receipt of a request for an administrative hearing, excluding time tolled pursuant to Vehicle Code § 40200 - 40225. The person requesting the hearing may request one continuance, not to exceed 21 calendar days (Vehicle Code § 40215).
(d) Registered owners of vehicles may transfer responsibility for the violation via timely affidavit of non-liability when the vehicle has been transferred, rented or under certain other circumstances (Vehicle Code § 40209; Vehicle Code § 40210).

516.7.3 COSTS

(a) There is no cost for an administrative review.

(b) Appellants must deposit the full amount due for the citation before receiving an administrative hearing, unless the person is indigent, as defined in Vehicle Code § 40220, and provides satisfactory proof of inability to pay (Vehicle Code § 40215).

(c) An appeal through Superior Court requires prior payment of filing costs, including applicable court charges and fees. These costs will be reimbursed to the appellant in addition to any previously paid fines if appellant's liability is overruled by the Superior Court.

516.8 JUVENILE CITATIONS
Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile’s age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.
Disabled Vehicles

520.1 PURPOSE AND SCOPE
Vehicle Code § 20018 provides that all law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

520.2 OFFICER RESPONSIBILITY
When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

520.2.1 PROTECTION FOR STRANDED MOTORIST
(a) Employees will have frequent contacts with disabled and/or stranded motorists. During these contacts, employees should take steps to ensure motorist safety, considering location, time of day, weather conditions and the priority of other calls for service into consideration. This does not preclude placing warning devices to warn oncoming traffic, then clearing the scene if conditions allow this to be safely done. Employees should periodically check to ensure the condition does not deteriorate.

(b) Employees must never abandon a stranded motorist. Employees should always be certain that assistance is available to motorists and that the location of the motorist's vehicle is not creating a hazardous situation. Employees may, at their discretion, transport stranded motorists to the nearest safe location where the motorist may obtain any necessary assistance.

(c) Employees helping stranded motorists must remain alert to the following possibilities: the vehicle the motorist possesses has not been authorized for his or her use; the vehicle is in unsafe operating condition; the motorist is not licensed to drive; the motorist is incapable of safely operating the vehicle; and/or the vehicle’s occupants have engaged in criminal activity.

520.2.2 PROVIDING EMERGENCY ASSISTANCE TO MOTORIST
Employees must render all practical assistance to highway users involved in emergencies. Some common emergencies that may present themselves are:

- Disabled Vehicles - It will often be necessary to arrange for the immediate removal of a disabled vehicle from the traveled portion of the highway to diminish traffic problems and/or the possibility of a serious crash. When an employee finds that a vehicle needs to be moved from the roadway before the arrival of a tow truck, s/he should, if possible, arrange to manually move it. Employees specifically trained to do so may use specially
Disabled Vehicles

equipped patrol cruisers to push a vehicle from a hazardous location to a safer location. Employees must provide assistance to disabled motorists in obtaining tow services, if necessary.

• Vehicle Fires - Employees must immediately advise the Communications Center Dispatcher upon discovery of a vehicle fire. Give the location, type of vehicle, location of fire, and cargo (if applicable) to the dispatcher. The dispatcher notifies the fire department so they can make an appropriate response. Upon the fire department's arrival, the employee on the scene must relinquish control to the senior fire department official. The employee then must assist the fire department until the emergency is resolved and the hazards are cleared.

• Medical Emergencies - Upon discovery of a medical emergency, the employee must request emergency medical assistance by advising the Communications Center Dispatcher of the type of emergency, the location, the condition of patient, and any other information available regarding the emergency. After notifying the Dispatcher of the nature of the emergency, the employee should render as much assistance as possible. The employee must be aware of his or her limitations and not involve himself in a level of treatment beyond his or her capabilities.

520.2.3 SAFEGUARDING ROADWAY AND ROADSIDE HAZARDS

(a) Employees must identify, report and when possible correct hazardous roadway and roadside conditions. Hazardous roadway and/or environmental conditions are, roadway defects, (potholes, ruts, etc.) defects in or the lack of traffic control devices or lighting. Roadway hazards also include obstructions such as debris in the roadway (fallen trees and rocks, litter, vehicle parts, and electrical wires).

(b) Employees must also be alert for “roadside hazards." Roadside hazards are any physical features of the roadside environment that a vehicle momentarily leaving the road surface, could collide with. Roadside hazards include rigid unyielding supports for traffic control devices and lights, or the failure of safety installations. Some examples of roadside hazards are, malfunctioning breakaway sign supports, guardrails that may "spear" cars or otherwise fail to guide vehicles to a safer environment, unshielded bridge railings that may not retain and redirect an impacting vehicle. Parked or abandoned vehicles, bridge abutments and other hazardous fixed objects built off the roadway, utility poles, trees, ditches, banks that are excessively steep, culverts, rock formations, and other fixed objects and features of the roadside environment into which a vehicle might crash are also roadside hazards.

(c) When an employee identifies a hazard and believes that the hazard requires immediate correction (such as a fallen tree or electrical wire across or on any part of the traveled portion of the roadway), the employee must immediately inform the Communications Center. The employee must specify the type of assistance or special
Disabled Vehicles

... equipment required. The employee must protect the scene and bystanders, and direct traffic or take any other action necessary to safeguard the situation.

(d) When employees discover a hazard that represents a potential crash situation, but there is no immediate danger of a crash, they must complete an information report. The report must thoroughly illustrate the hazardous highway or roadside condition. The approving patrol supervisor must forward a copy to the appropriate road department or the City Traffic Engineer's office (courier stop 84E).

(e) Towing Abandoned Junk Motor Vehicles CALEA 61.4.3

520.3 EXTENT OF ASSISTANCE
In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

520.3.1 MECHANICAL REPAIRS
Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

520.3.2 RELOCATION OF DISABLED VEHICLES
The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

520.3.3 RELOCATION OF DISABLED MOTORIST
The relocation of a disabled motorist should only occur with the person’s consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

520.4 PUBLIC ACCESS TO THIS POLICY
This written policy is available upon request.

520.4.1 PUBLIC ACCESS TO TRAFFIC SAFETY EDUCATIONAL MATERIALS
The goal of all traffic enforcement activity is to achieve voluntary compliance with traffic laws and to eliminate traffic crashes. To meet this goal, the agency must gain community support for enforcement efforts and enhance the community's understanding of the urgent need for traffic safety. All employees share responsibility for enhancing the public's understanding of this need. To assist in carrying out this responsibility, the agency has brochures and other traffic safety materials and programs for employee use during routine contacts in the community.

Traffic safety materials are also on display, (subject to availability) in the lobby of the Police Department, and are displayed at special events such as the Yolo County Fair. Additionally the agency supports traffic safety programs and makes presentations within the community.
*Disabled Vehicles*

and schools on traffic safety issues. The School Resource Officers and the Traffic Officers are available, on request, for presentations to the community.
72-Hour Parking Violations

524.1 PURPOSE AND SCOPE
This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the West Sacramento City Ordinance regulating 72-hour parking violations and abandoned vehicles under the authority of Vehicle Code § 22669.

524.1.1 PARKING VIOLATIONS
(a) The intention of the parking enforcement program is to gain voluntary compliance with state and local parking and abandoned vehicle laws. Police and Parking enforcement officers should attempt to correct a parking violation problem with the lowest level of enforcement action that is appropriate to gain compliance with the law.

(b) It may be necessary to tow vehicles that are blocking the roadway when it is not possible to find the operator. California Vehicle Code Section 22651 and West Sacramento Municipal Code, Section 10.24.060.

(c) The authority of the Parking Enforcement officers is limited to the enforcement of non-moving parking laws, such as, enforcing violations of parking in handicap zones, fire lanes that are properly posted with the necessary signs and markings, vehicle storage, traffic control and any other parking laws specified in the California Vehicle Code and the City West Sacramento’s Municipal Code. Parking Enforcement officers have no other enforcement powers.

524.2 MARKING VEHICLES
Vehicles suspected of being in violation of the City of West Sacramento 72-Hour Parking Ordinance shall be marked and noted on the West Sacramento Police Department Marked Vehicle Card. No case number is required at this time.

A visible chalk mark should be placed on the left rear tire tread at the fender level unless missing tires or other vehicle conditions prevent marking. Any deviation in markings shall be noted on the Marked Vehicle Card. The investigating employee should make a good faith effort to notify the owner of any vehicle subject to towing prior to having the vehicle removed. This may be accomplished by personal contact, telephone or by leaving notice attached to the vehicle at least 24 hours prior to removal.

All Marked Vehicle Cards shall be submitted to the Traffic Bureau for computer data entry.

If a marked vehicle has been moved or the markings have been removed during a 72-hour investigation period, the vehicle shall be marked again for the 72-hour parking violation and a Marked Vehicle Card completed and forwarded to the Traffic Bureau.

Parking citations for the 72-hour parking ordinance shall not be issued when the vehicle is stored for the 72-hour parking violation.
72-Hour Parking Violations

524.2.1 MARKED VEHICLE FILE
The Traffic Bureau shall be responsible for maintaining a file for all Marked Vehicle Cards. Parking control officers assigned to the Traffic Bureau shall be responsible for the follow up investigation of all 72-hour parking violations noted on the Marked Vehicle Cards.

524.2.2 VEHICLE STORAGE
Any vehicle in violation shall be stored by the authorized towing service and a vehicle storage report shall be completed by the officer authorizing the storage of the vehicle.

The storage report form shall be submitted to the Records Section immediately following the storage of the vehicle. It shall be the responsibility of the Records Section to immediately notify the Stolen Vehicle System (SVS) of the Department of Justice in Sacramento (Vehicle Code § 22851.3(b)). Notification may also be made to the National Law Enforcement Telecommunications System (NLETS)/(Vehicle Code § 22854.5).

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the Records Section to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice to all such individuals shall be sent first-class or certified mail pursuant to Vehicle Code § 22851.3(d).
UTV Off Road

525.1 POLICY
This policy establishes a procedure for the operation of a law enforcement off road vehicle within
the City of West Sacramento. The primary purpose of this vehicle is to enforce violations of law
involving vehicular trespass and city ordinance violations in areas that are inaccessible to regular
patrol units. The off road vehicle is also well suited for parades, special enforcement projects,
directed enforcement, and special events. Although law enforcement vehicles can be operated on
city streets, intentional efforts should be made to minimize travel on the city streets. Focus should
be on traveling off-road pathways to increase and augment patrol services.

525.2 PURPOSE
The off road vehicle will augment regular patrol units in enforcement of vehicle trespass in areas
normally inaccessible by patrol units. They may also be used for directed enforcement in problem
areas and special events.

525.3 PROCEDURE
(a) Organization/Staffing:
1. The off road vehicle will be primarily assigned to and utilized by the Community
   Services Unit.

(b) Personnel Equipment:
1. All personnel assigned to operate the off road vehicle, will be in full police
   uniform, duty belt, weapon and standard issued equipment.
2. All personnel operating the off road vehicle must wear the following equipment
   when the vehicle is in motion:
   (a) Issued helmet (DOT standards) to include radio headset for driver and
       sworn personnel. This includes all passengers, in accordance with the
       California Vehicle Code requirements.
   (b) Seatbelts
   (c) Eye protection
   (d) Gloves
   (e) Ideally, portable radios will be used in conjunction with the wireless
       headset incorporated into the helmet.
   (f) Civilian passengers are allowed to ride in the vehicle as long as they are
       wearing all required protective equipment i.e. helmet, seatbelts.

(c) Vehicle Equipment Guidelines:
1. The off road vehicle will be equipped as a law enforcement vehicle with
   emergency lights, forward facing red light, siren, P.A. speaker and marked with
department insignia.
2. Law enforcement off road vehicle will minimally be equipped with the following emergency equipment:
   (a) Fire extinguisher
   (b) Trauma or first aid kit
   (c) Recovery equipment (i.e. winch, recovery straps, clevis hook, snatch block).

(d) Operations:

1. Prior to operating any off road vehicle, officers shall attend designated training as set forth by this department. The current training course consists of a minimum eight (8) hour block, and is the minimum requirement for all operators. In-house ongoing training should be conducted regularly for all operators to maintain perishable skills. Training must cover basic vehicle operation, vehicle safety and recovery fundamentals, basic vehicle maintenance i.e. checking oil/fluid levels, tire and suspension conditions, safe operation and vehicle maneuverability, proper passenger transport. Emphasis will be made on off road operation where the vehicle will primarily be used.

2. Before each use, the operator shall conduct an inspection of the vehicle and equipment to ensure it is in safe working order. Staff shall check that the vehicle has all the proper required equipment consistent with Section C.1. Minimally, such inspections shall include the following:
   (a) Engine performance and operation
   (b) Check tires for proper tread and tire pressure
   (c) Check braking performance
   (d) Visual inspections of the suspension
   (e) Check all fluid levels
   (f) Vehicle cleanliness
   (g) Verify all emergency equipment such as lights, siren, PA etc. are in proper operating order
   (h) Verify portable radios and Bluetooth connection are in proper operating order.
   (i) Verify all safety equipment is in good working order (i.e. seatbelts, doors, and winch).
   (j) All vehicle issues should be documented on the department’s Vehicle Repair “Blue Sheet”.

3. During operation, officers shall adhere to all rules of the road and wear department issued safety equipment. Although on road driving is authorized, long distance driving should be avoided if possible. Whenever the vehicle is needed at a location far from its storage facility, it should be trailered utilizing its designated trailer. The vehicle’s primary use should also be within the city limits.
4. Off road vehicles are equipped as emergency vehicles; however, they are not ideally equipped for pursuits or emergency driving. Officers should avoid operation of the off road vehicle in this manner due to safety considerations and limitations of the equipment. Officers should take the totality of each circumstance when deciding whether or not to respond CODE 3 to any situation.
Chapter 6 - Investigation Operations
Investigation and Prosecution

600.1 PURPOSE AND SCOPE
The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 TWENTY-FOUR HOUR CRIMINAL INVESTIGATION AND CRIME SCENE INVESTIGATION FUNCTION
(a) The General Investigations Commander and/or Sergeant will be responsible for establishing a On-Call for detective and crime scene investigator. The call-outs will cover those periods other than normal business hours, to include weekends and holidays.

(b) The Communications Center, patrol watch commanders and administrative staff receive a copy of the On-Call Roster. The General Investigations Sergeant shall notify the Communications Center of any changes to the rosters.

(c) The on duty Uniformed Services Supervisor must decide that a need exists before calling out an On-call Detective and/or crime scene investigator. When deciding the need, supervisors should consider the seriousness of the offense, the existence of complex evidence, the condition of the scene, and the presence of witnesses. The Investigations Sergeant or Commander should be notified and briefed on the circumstances by the Uniformed Services Supervisor prior to any call-outs. The Investigations Sergeant or Commander can evaluate if additional investigative personnel may be required.

600.3 CRIMINAL CASE SCREENING SYSTEM
The objective of case screening is to focus the available work force on the investigation of crimes that have the best chances for a successful conclusion. The Investigative Sergeant screens new cases to decide the course of the investigation, basing his decisions on:

- The seriousness of the incident.
- The solve-ability factors that are present, including:
  - Suspect leads
  - Witnesses
  - Identifiable suspect vehicles
  - Distinctive methods of operation
  - Available physical evidence and/or the involvement of traceable property
- The investigative workload.

The assignment of cases that require special skills, knowledge, or abilities should be assigned to investigators having the necessary training or credentials. This does not preclude an investigator
from receiving assistance from others that may have special skills. The intent is to emphasize the need to use the investigator who has the best qualifications for the assignment. To meet this objective the Police Department strives to develop its personnel through specialized and field training programs. Sergeants generally make assignments because of an investigator's expertise in a particular crime area and the special talents or abilities that a particular investigator possesses. However, the Office of Criminal Investigations Sergeant or Commander may reassign investigators to priority cases as necessary.

The discontinuation of major case investigations may occur only after review by and the approval of the Sergeant or the Commander of the Office of Investigations.

The Sergeant is responsible for monitoring all cases assigned to investigators. He/she ensures that a computer record of all case assignments is made.

The Sergeant also has the responsibility to assign additional investigators to an investigation if necessary. The investigator that the Sergeant initially assigns to the case (the lead investigator) has the ultimate responsibility for that case, although additional investigators are assisting with the case.

600.4 CRITERIA FOR CONTINUING AND/OR SUSPENDING AN INVESTIGATION

(a) To close an investigation, investigators must ensure that there are no leads or investigative resources. Investigators must also consider the seriousness of the offense.

(b) The Investigations Sergeant will approve all case closures.

600.5 CASE FILE MANAGEMENT

The General Investigations Sergeant reviews each report the Unit receives and makes a decision as to what follow up investigation is needed, if any and which investigator will be assigned the case. The Sergeant will complete an Investigative Tracking Form and forwards it to the investigations clerk who enters the case information into the case tracking system. At minimum the below listed information is entered for each case:

- The case number and crime classification
- The date the report was taken
- Date case assigned
- Name of persons involved (Victim, Witness, Suspect)
- The assigned investigator’s name
- The geographical location of the occurrence
- Solveability Code
- Review date
600.6 CASE FILE MANAGEMENT SYSTEM

(a) The Records Division maintains the originals of reports and documents, such as crime reports, arrest reports supplemental reports, and property/evidence forms. A case file is the collection of report copies, photographs, evidentiary notes, etc. concerning an investigation. A case file can be either an active or inactive investigation depending upon the particular stage of the investigation. The employee conducting the follow-up maintains the case file while the case is open.

(b) Investigators may retain the working copies of crime reports for which there are no suspects or active leads, in their files. These reports by themselves do not form a case file. After one year from the date of origin, the investigator may discard them. (The Records Division maintains the original of all documents concerning these offenses.)

(c) The investigator may create a case file jacket with the case number on the outside of the jacket.

(d) Personnel must maintain their case files in the filing cabinets within their office area. Each investigator is responsible for ensuring the security of the case files for which he/she is responsible.

(e) Upon the final disposition of a case, the investigator forwards the entire case file to the Records Division for consolidation into the central records system. The Records Division maintains case files of all homicides solved or unsolved indefinitely.

600.7 CASE STATUS DESIGNATION

All incidents and/or crimes that the West Sacramento Police Department investigates have administrative clearance designations that meet the guidelines of the National Incident Based Reporting System. Employees are required to use the most appropriate designation as the explanation of clearance. The clearance designations are:

(a) Administrative status:
   - Open
   - Filed Inactive
   - DA review
   - Cleared by Other
   - Closed Exceptionally
   - Juvenile Probation or Diversion

(b) Cleared by Arrests:
   - Arrest by investigations-Adult
   - Arrest by Uniformed Services-Juvenile
Investigation and Prosecution

- Arrest by patrol-Adult
- Arrest by patrol-Juvenile

(c) Other Clearances:
- Warrant request
- Investigation Pending
- Unfounded

600.8 ACCOUNTABILITY FOR PRELIMINARY AND FOLLOW-UP INVESTIGATIONS
The Office of Operations’ “Uniformed Services Division” is the first responder and responsible for the preliminary investigation of most crimes. The responding patrol officer conducts the preliminary investigation and the immediate follow-up of the following crimes and other crimes that they are directed to investigate:

- Misdemeanor Assaults
- Harassing or annoying telephone calls (except involving a sex offense)
- Trespassing
- Misdemeanor Domestic Violence
- Burglary
- Theft
- Receiving Stolen Property

General Investigations conducts the follow-up on all other offenses and those investigations that they are directed to investigate by the Chief of Police or his designee.

600.9 HABITUAL-SERIOUS REPEAT OFFENDERS
The Police Department is dedicated to, tracking and apprehending those individuals identified as multiple and repeat felony offenders. Commonly known as a Habitual/Serious Offenders, these individuals commit a substantial and disproportionate amount of serious crimes against the citizens of West Sacramento. A Habitual/Serious Offenders is an individual who has a history with the West Sacramento Police Department of being repeatedly under investigation for the commission, attempted commission or suspected involvement in one or more of the following crimes:

- Homicide
- Robbery
- Vehicle Theft
- Burglary
• Aggravated Assault
• Arson
• Sexual Assault
• Identity Theft
• Street Gang Crimes
• Financial Crimes related to - Fraud, Forgery and Embezzlement

When preparing a case to be submitted to the Yolo County District Attorney’s Office for criminal prosecution, investigators will utilize the Crime Analyst for information on prior crimes of a similar nature and criminal history background information to determine if a suspect is a Serious/Habitual Offender. It will be the responsibility of the investigator to include all pertinent information in his/her report to aid the prosecuting attorney when seeking a criminal filing. The prosecutor may utilize this information to decide if special handling of the case is necessary.

The Crime Analyst will assist in the tracking of Serious/Habitual Offenders based on reading Arrest/Crime reports, attending patrol and detective briefings, information obtained from Cal Gangs, LEADS, Criminal History information and other law enforcement agencies. If the individual meets the Serious/Habitual Offender criteria the Crime Analyst will prepare Repeat Offender Bulletins on those known to WSPD for being continually involved in criminal activity.

Repeat Offender Bulletins will contain the following information:

• Identifiers
• Photo
• Associates
• Parole/Probation status
• Gang Affiliation (if applicable)
• Arrest History
• Method of Operation (MO)

600.10 COLD CASE INVESTIGATIONS
The investigation of Cold Cases is the responsibility of the Office of Criminal Uniformed Services and will be performed by sworn and civilian personnel. Their primary function is to review and continue the investigation of unsolved homicides, suspected homicides, missing persons, rapes and other unsolved violent crimes or Part I violent crimes.

(a) Definition: The West Sacramento Police Department defines a Cold Case as a case in which the lead detective initially assigned to the case has exhausted all leads. A cold case may be opened or closed for various reasons such as previously available technology was not able to adequately analyze the evidence, significant time has
passed in a case where witnesses were hostile and uncooperative; various time
criteria hindered the investigation; and a lack of worthwhile leads stalled the case.
A cold case is any criminal investigation that has not been solved and is not actively
being investigated.

(b) **Evaluation Criteria:** For a cold case to be assigned to a cold case investigator it
must first be approved by the Office of Criminal Uniformed Services Sergeant or
Commander. The following selection criteria should be considered prior to opening
a case:

- New leads or new information has been received on the case.
- A capital murder case will remain assigned to a specific investigator and will
  periodically be reviewed for possible follow up investigation.
- Leads in the case have not been fully investigated.
- The passage of time warrants re-contacting victims, witnesses, or other involved
  parties.
- New technological advances in scientific analysis of biological evidence have
  been made.

(c) **Procedure:** Once a case has been assigned, basic necessary cold case follow up
should be completed:

- Meeting with all participants to determine an investigative strategy. The meeting
  should consist of the following personnel; Supervisor, Case Investigator's,
  Forensic representative, District Attorney Representative, Subject Matter
  Experts, and any other deemed necessary personnel.
- Collect and review the investigation notes
- Review the crime reports
- Review the autopsy reports
- Review the forensic reports
- Review the property and evidence reports
- Review the case for physical evidence; determine its status, if previously
  collected.
- Obtain any reports, which may exist that have been associated with the case.
- Locate evidence from these other reports
- Submit evidence for analysis
- Document interviews and other follow up steps performed by completing a
  supplemental report.
Investigation and Prosecution

600.11 POLICY
It is the policy of the West Sacramento Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.12 CUSTODIAL INTERROGATION REQUIREMENTS
Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.12.1 AUDIO/VIDEO RECORDINGS
Any custodial interrogation of an individual who is suspected of having committed any violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Detective Bureau supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.12.2 MANDATORY RECORDING OF ADULTS
Any custodial interrogation of an adult who is suspected of having committed any murder shall be recorded in its entirety. The recording should be video with audio if reasonably feasible (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

(a) Recording is not feasible because of exigent circumstances that are later documented in a report.

(b) The suspect refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.

(c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
Investigation and Prosecution

(d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.

(e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated or another individual. Such circumstances shall be documented in a report.

(f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.

(g) The questions are part of a routine processing or booking, and are not an interrogation.

(h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

The Department shall maintain an original or an exact copy of the recording until a conviction relating to the interrogation is final and all appeals are exhausted or prosecution is barred by law (Penal Code § 859.5).

600.13 INITIAL INVESTIGATION

600.13.1 OFFICER RESPONSIBILITIES

An officer responsible for an initial investigation shall complete no less than the following:

(a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
   1. An initial statement from any witnesses or complainants.
   2. A cursory examination for evidence.

(b) If information indicates a crime has occurred, the officer shall:
   1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
   2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
   3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Watch Commander.
   4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
   5. Collect any evidence.
   6. Take any appropriate law enforcement action.
   7. Complete and submit the appropriate reports and documentation.
(c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.13.2 NON-SWORN MEMBER RESPONSIBILITIES
A non-sworn member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.14 DISCONTINUATION OF INVESTIGATIONS
The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

(a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.

(b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
   1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
   2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.

(c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.

(d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.

(e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.

(f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

600.15 COMPUTERS AND DIGITAL EVIDENCE
The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic
examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.16 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the Internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment. Information obtained via the Internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and the Criminal Organizations policies).

600.16.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party’s account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an Internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.16.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.
Investigation and Prosecution

600.17 MODIFICATION OF CHARGES FILED
Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Division Commander or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

600.18 CELLULAR COMMUNICATIONS INTERCEPTION TECHNOLOGY
The Investigation Division Commander is responsible for ensuring the following for cellular communications interception technology operations (Government Code § 53166):

(a) Security procedures are developed to protect information gathered through the use of the technology.

(b) A usage and privacy policy is developed that includes:

1. The purposes for which using cellular communications interception technology and collecting information is authorized.
2. Identification by job title or other designation of employees who are authorized to use or access information collected through the use of cellular communications interception technology.

7. The purpose of, process for and restrictions on the sharing of information gathered through the use of cellular communications interception technology with other local agencies and persons.
8. The length of time information gathered through the use of cellular communications interception technology will be retained, and the process the local agency will utilize to determine if and when to destroy retained information.

Members shall only use approved devices and usage shall be in compliance with department security procedures, the department’s usage and privacy procedures and all applicable laws.
Criminal Investigation Procedures

601.1 PURPOSE AND SCOPE
Since it is not possible to prevent every crime from occurring, the West Sacramento Police Department must apply modern law enforcement technologies and services in investigating those crimes that do occur. The goal of a criminal investigation is to verify the occurrence of a crime and, identify, apprehend and charge the suspects.

601.2 CASE INFORMATION DEVELOPMENT
(a) When investigators receive assignment to a case, they must review and analyze the reports that have already been submitted about the offense. After the initial review and analysis, it may be necessary to interview complainants, witnesses and suspects again. This could result in obtaining additional information or names of other people to contact as witnesses or potential witnesses.

(b) Depending upon the type of crime under investigation, the investigator may develop additional information by contacting informants, other citizens, patrol personnel, detention personnel, parole and probation personnel, etc. Conducting records checks, checking intelligence files, or obtaining criminal history information will aid in developing information.

(c) The local media is another resource that can be used to develop information. Local radio, television and newspapers can be contacted to broadcast wanted information on a particular crime, with the idea that any information received would be forwarded to the investigator.

(d) Distributing information to other law enforcement agencies in an effort to identify similar crimes that might involve the same suspects may also prove beneficial.

601.3 INTERVIEWS AND INTERROGATIONS
(a) When interviewing victims, witnesses and suspects, investigators should focus on the who, what, where, how and why of the crime. Particular attention should be given to the specific details, especially those that have not become public knowledge.

(b) Investigators will prepare themselves adequately to conduct an interview or interrogation. Whenever appropriate, victims, witnesses and suspects should be interviewed as soon as possible since, memory is short and others may affect their recall.

(c) Attitude and actions of the interviewer usually determine the success or failure of the interview/interrogation. Officers should be friendly and businesslike, endeavor to get the victim, witness or suspect into a talkative mood, and guide the conversation toward the interviewee’s knowledge of the case. The person being interviewed should be
permitted to tell his/her complete story without unnecessary interruptions. Questions should be phrased so as to maintain a free flow of talk rather than a brief "yes" or "no" answers. Discrepancies and inconsistencies should be noted and resolved.

(d) Whenever possible, interviews involving major crimes will be conducted at the police facility. Interviews with victims, witnesses and suspects associated with cases involving a homicide, serious bodily injury, sexual assault or any significant event where their statements need to preserved will be recorded.

(e) Investigators will follow the Constitutional requirements as set forth in the Miranda ruling and will use the warning card supplied by the Yolo County District Attorney's Office.

601.4 COLLECTION, PRESERVATION AND USE OF PHYSICAL EVIDENCE

(a) The collection and preservation of physical evidence is often critical in the prosecution of many cases. Every effort should be made to use the best available techniques for gathering evidence. The rules of evidence, proper packaging and chain of custody will be strictly adhered to by investigators.

(b) The use of Crime Scene Investigators for crime scene processing and other evidentiary needs will conform to the policy concerning "Evidence Preservation and Collection."

(c) Investigators will assist Crime Scene Investigators in the search, collection and preservation of physical evidence on major cases. Investigators will review evidence with the Crime Scene Investigators to determine its value to the case under investigation.

(d) All evidence removed from suspects by Investigators will be properly identified and recorded on the department's property/evidence report. The evidence will be secured in one of the lockable property/evidence lockers. Evidence will be examined by the Crime Scene Investigators to determine its value to the case under investigation and if special analysis is required by the California Department of Justice or other certified crime laboratory.

601.5 INVESTIGATIVE BACKGROUND CHECKS

(a) Investigators frequently need to conduct criminal background checks on persons who may have connections to an active investigation. Investigators may conduct criminal background investigations only on persons connected with an ongoing investigation. Information obtained from these criminal background investigations may lead to additional evidence that may prove useful in the investigation. Criminal background investigations can also provide information that is essential in obtaining search warrants. Information obtained from criminal background investigations can lead to
other individuals with connections to the crimes under investigation and may reveal additional witnesses, or additional intelligence information or sources.

(b) The following are some of the typical sources of information that may be utilized by the Investigator during the background investigation. State Parole

- County Probation Departments
- Department of Motor Vehicles
- DOJ Criminal History
- FBI Criminal History
- Local Law Enforcement Agencies
- Employers
- Western States Intelligence Network

601.6 SURVEILLANCE ACTIVITIES

(a) Observations of suspects, offenders and fixed locations are helpful in documenting activities related to specific criminal conduct. Surveillance often detects criminal behavior and provides a basis for obtaining a search warrant or apprehending a suspect in the commission of a crime. The Investigations Division Sergeant is responsible for organizing and planning surveillance operations. Guidelines for planning surveillance operations include:

- Analyzing the crime and victims to decide the nature and scope of personnel, equipment and activities necessary to conduct the operation safely and effectively.

- Identifying and analyzing probable offenders and their habits associates vehicles, methods of operation, or any other pertinent information that may affect the manner of surveillance and potential prosecution.

- Familiarizing investigators with involvement in the surveillance operation, with the neighborhood or target area.

- Deciding the operational procedures for observation and arrests to ensure continuity.

- Establishing means for routine and emergency communication.

- Selecting the equipment necessary for the operation including, weapons, motor vehicles, communications equipment, audio and visual monitoring equipment and any other surveillance, undercover or decoy supplies that may be necessary.
Providing relief for investigators in the operation, so that surveillance may continue, if necessary, over a lengthy period.

Speaking with the prosecutor to detect legal ramifications.

(b) The Investigations Division Sergeant prepares or orders the preparation of an Operational Plan before the briefing regarding the surveillance activities. The Investigations Division Commander will review and approve the plan before it starts.

(c) Surveillance, undercover and decoy operations may affect other investigation of criminal offenses. The Investigations Division Sergeant will notify the Communications Center and the appropriate Patrol Sergeant, of the nature and location of the surveillance operation before it begins, as circumstances dictate. The Investigations Division Sergeant will notify other law enforcement agencies as appropriate.

(d) Investigators must incorporate information they obtain from a criminal background investigation into a report. All such reports become a part of the case file and rest in the Records Section upon final disposition.

601.7 PRELIMINARY INVESTIGATIONS
Preliminary investigation begins when the responding employee arrives at the scene of an incident, first makes contact with the complainant, or becomes aware that a crime may have been or is being committed. Preliminary investigation must continue until the postponement of the investigation or the transfer of investigative responsibility occurs. The preliminary investigation may be sufficient to bring the case to a satisfactory conclusion, thus reducing the amount of work to be done from a follow-up perspective.

Preliminary investigations usually include:

- Observing all conditions, events, and remarks at the scene to find out if an offense has been committed and if so, the exact nature of the offense.
- Locating and obtaining complete identification of all witnesses.
- Protecting the crime scene to ensure that evidence is not lost or contaminated.
- Finding the identity of the suspect and making an arrest if possible either at the scene or through immediate action.
- Providing other personnel with descriptions, method and direction of flight, and other relevant information concerning wanted persons or vehicles.
- Detecting what information is known by the victims and witnesses.
- Identifying the circumstances of the offense.
- Arranging for the collection of evidence.
• Obtaining statements from victims and witnesses, and the suspect.
• Accurately and completely recording all pertinent information in proper form.

601.8 STEPS IN CONDUCTING FOLLOW-UP INVESTIGATIONS

(a) After a preliminary investigation has been completed and a determination made that a follow-up investigation is required, the case will be assigned to an investigator. The assigned investigator is accountable for conducting a thorough and timely follow-up investigation. All follow-up investigations will be performed by utilizing acceptable methods of developing information through witnesses, victims, informants and other sources of available information.

(b) Investigators should understand that no amount of preparation or experience can provide a list for completing or successfully handling every criminal investigation. Instead, investigators should rely on their own experiences, individual training, and the inherent talent they may possess. Not all these procedures are necessary in every investigation.

(c) Each investigator will review and analyze all preliminary reports prepared by uniformed officers, departmental records and laboratory results of any physical evidence collected related to the case under investigation.

(d) It may be necessary to contact the uniformed officer who prepared the preliminary report to obtain further information or receive his/her ideas about the offense.

(e) Investigators will conduct additional interviews of suspects, victims and witnesses when necessary.

(f) The investigator will ensure that information, which if shared could enhance the chance for a satisfactory conclusion, is passed on to other appropriate personnel including personnel from other criminal justice agencies.

(g) The investigator should, if possible, go to the scene of the offense even if some time has passed since its occurrence. This enables the investigator to become familiar with the geographic area of the offense. It also provides him/her with the opportunity to conduct a search of the scene for whatever evidence might still be available.

(h) During all phases of the investigation, the investigator will ensure that reports, statements, drawings, sketches, and other materials of any kind are such that the prosecutor can successfully present them in Court. The investigator should become so familiar with the case that he can answer any questions that the prosecutors or supervisors pose, and can testify professionally and knowledgeably.

(i) Upon developing a suspect, the investigator will check all available sources to:
Criminal Investigation Procedures

- Ensure the correct identification of the suspect. Identification of a suspect may occur through photo or stand-up lineups, testimony of witnesses and from physical evidence that identifies a particular suspect.
- Conduct research into the suspects involvement in past offenses, through arrest records and criminal history checks.
- Investigators should utilize the Crime Analyst, prior incidents of a similar nature to determine if the suspect is involved in other crimes.

(j) Investigators will ensure that all interviews or interrogations of suspects in a criminal offense are done with the strictest compliance to all-existing laws and Department policy.

(k) At the earliest possible time, the investigator will attempt to obtain a written statement from a suspect in any criminal offense. It is better to obtain a false statement (which can be challenged later) than not to obtain a statement at all.

(l) Investigators will obtain statements from the victim of a criminal offense if none were taken during the preliminary investigation or when additional information becomes known. Such statements should include sufficient facts to prove or disprove the allegations. Investigators should also obtain statements from all witnesses to the offense and from persons who may possess information relevant to the case.

(m) Investigators will take steps to see that an open communication channel exists between themselves and the witnesses and victims. It is important to make sure all witnesses and victims know how they can contact the investigator to supply additional information.

601.9 PROBABLE CAUSE ARREST (PC PICKUPS)

(a) An officer who has developed probable cause to believe that an adult has committed a felony (or that a juvenile has committed a misdemeanor or felony) may generate a "PC pickup" so that the individual may be taken into custody.

(b) The procedure for issuing a "PC Pickup" and arresting an individual based upon the probable cause contained within shall be as follows:

- The reporting officer must determine there is probable cause to believe the adult to be arrested has committed a felony, or
- There is probable cause to believe the juvenile to be arrested has committed a misdemeanor or felony.
- The reporting officer determines that the issuance of a "PC pickup" is warranted.
- The reporting officer shall complete a Probable Cause Declaration, describing the probable cause for the arrest.
The Declaration must be reviewed and signed by a sworn supervisor to be valid.

 Regardless of whether the entire original report is completed, the Declaration and a copy of the completed face sheet of the report shall be submitted to the reporting officer's direct supervisor prior to the end-of-watch. The Declaration shall be stamped "Original", be signed by the reviewing supervisor, and will serve as the only document authorizing arrest. All copies of the Declaration shall be stamped "Copy" and shall not serve as authorization to arrest. Any special instructions may be attached to the Declaration.

 The supervisor shall then attach the original Declaration to the report in the Records Section and place a copy of the Declaration in the Office of Uniformed Services Roll Call Briefing Book.

 If the issuing officer or any other employee is aware, or becomes aware, that there is no longer probable cause to arrest, they shall immediately notify the on-duty supervisor who shall cancel the PC Pickup by stamping the original with the appropriate cancellation remark and removing the copy from the Office of Uniformed Services Roll Call Briefing Book.

 An arrest authorized by PC Pickup is not the same as a warrant arrest. All applicable statutes and the laws of arrest, search, and seizure apply.

 If a peace officer locates the wanted person, prior to arrest;

 The on-duty supervisor shall pull the original Declaration to determine whether the person is still wanted.

 The on-duty supervisor shall determine if an arrest warrant has already been issued on the same case. If an arrest warrant has been issued, the warrant may be served and the PC Pickup is automatically revoked.

 A peace officer shall not make the arrest until confirmation of the validity of PC Pickup has been received.

 If the probable cause is still valid, the detaining officer may make the arrest, subject to applicable law. If the detaining officer has reason to believe there is no longer probable cause, based on any reliable information or facts not known to the issuing officer, an arrest shall not be made.

 If an arrest is made, the arresting officer shall;

 For adult felony arrests, complete the original Probable Cause Declaration, which will be filed at the jail with the arrestee. Minors will be lodged or released pursuant to applicable policy and law.

 Update the crime report as well as complete a supplement to the case.

 Generate an arrest sheet.
Ensure the copy of the Declaration is removed from the Office of Uniformed Services Roll Call Briefing Book.

All PC Pickups will automatically expire 30 days from date of issuance.

601.10 RAMEY WARRANTS

Officers having probable cause to arrest an individual may choose to seek a Ramey warrant. Such a warrant may be based upon a violation of law amounting to a felony or misdemeanor and shall be obtained as follows:

(a) The officer seeking the warrant shall prepare a declaration of probable cause setting forth the facts upon which the probable cause to arrest the individual is based. Supporting documents, such as witness statements, may be incorporated into this declaration. The declaration of probable cause must be approved by an on-duty sworn supervisor and signed by the officer under penalty of perjury.

(b) The officer shall then prepare the Ramey warrant itself. This warrant must contain the following: name of arrestee; times the warrant was issued; name of court, including the name of city or county in which the warrant was issued; direction to peace officer to bring the arrestee before a judge; and the amount of bail, if any.

(c) The requesting officer will then take warrant and probable cause statement to a Deputy District Attorney who will review and sign the probable cause statement.

(d) The warrant must then be submitted to a judge for review. Once the judge determines that probable cause exists and signs the warrant it shall become effective.

(e) Once the judge determines that probable cause exists and signs the warrant the officer may immediately attempt to serve the warrant pursuant to applicable statutes and the laws of arrest, search, and seizure.

(f) The original Ramey warrants shall, as soon as practical, be submitted to Records where it will be stamped "Original" and will serve as the only document authorizing arrest. The warrant will then be properly filed, entered into RMS, and, when applicable, entered into NCIC.

(g) As soon as practical the officer shall ensure the signed documents are taken to Room #111 of the Yolo County Superior Court where court personnel will assign a Ramey Warrant number, seal the judge's signature and stamp with name stamp. The court personnel will retain a copy of the warrant and the original probable cause statement for the court's records.

Once a Ramey warrant is served it shall be attached to the original criminal case along with the "Certificate of Service of Ramey Warrant". Members of the Records Division shall also ensure that a proper record of the service is entered into RMS, and, when applicable, removed from NCIC.
Immediately following the arrest the entire case, along with these attachments, shall be expeditiously forwarded to the District Attorney for prosecution. It is extremely important that the entire case reach the District Attorney’s office immediately following the arrest as, due to the nature of this type of warrant, the arrestee will be in custody before that office has any knowledge of the matter.

601.11 FILING CRIMINAL CHARGES

(a) When an investigation results in the positive identification of a suspect, it is the responsibility of the investigator to arrest the suspect on probable cause or seek criminal charges from the District Attorney’s Office. The investigator must prepare an Adult Complaint/Warrant Request form.

(b) In all cases the investigator shall: seek additional information from uniformed officers or other sources, plan, organize and conduct searches, determine involvement of suspects in other crimes and prepare cases for presentation in court.

(c) The Adult Complaint/warrant Request form. The following items should be attached; All Police Reports, a DOJ Criminal History report, and a DMV History report. The investigator should contact the District Attorney’s office for review of the case file, when questions arise as to the correct elements of the crime to be charged or as a resource for any other legal issues involving the case.

(d) When an arrest warrant is issued the investigator will be notified and may serve or arrange for the service of the arrest warrant on the suspect. The service of an arrest warrant is restricted to only sworn officers.

(e) When the District Attorney’s Office has dismissed a case for action or inaction by a member of the police department, the prosecutor may contact the appropriate Office Commander to look into the matter and plan corrective action if necessary.

601.12 PLANNING, ORGANIZING AND EXECUTING SEARCH WARRANTS

(a) Follow-up investigations can sometimes reveal information that can lead to the procurement of a search warrant. When an investigator develops information that confirms the need for a search warrant, he is responsible for drafting an affidavit and search warrant, contacting the District Attorney’s Office for review of the warrant and affidavit and obtaining the signature of a Judge having jurisdiction.

(b) The Investigations Division Sergeant and/or Commander must review search warrants prior to presentation to a Judge.

(c) It is the responsibility of the Investigations Division Sergeant and/or the Investigations Division Commander to organize sufficient personnel to conduct a safe and orderly service of the search warrant. The Investigations Division Sergeant or Commander directs the execution of the search warrant.
(d) Upon completion of the search, the investigator must make proper return of service of the search warrant to the court. The search warrant return must contain a full list and description of all property taken during the service of the search warrant. All property or evidence must be labeled and stored in the Police Department Property Warehouse.

(e) Prior to the execution of the search warrant, the investigator must develop a written Operational Plan. The Investigations Division Sergeant and/or Commander must review and approve the plan prior to briefing of personnel and execution of the warrant.

(f) When a warrantless search is conducted in a large public area for physical evidence, the lead Investigator will be responsible for planning, organizing, conducting the search. The use of VIP's, additional department staff, boat patrol, specialized canines, California Highway Patrol, Sacramento Police and Sheriff's Departments Helicopters, or other methods appropriate for the area and evidence being searched for should be considered. Crime Scene Investigators will assist the investigator and collect, record, photograph and preserve the physical evidence.

601.13 CRIMINAL INVESTIGATIONS CHECKLIST
Investigators will utilize the Checklist on the Case Tracking Form to ensure that critical areas in an investigation are not overlooked. In major cases involving homicide, serious bodily injury, or any other significant event requiring multiple the Major Crime checklist will be utilized. The lead investigator will be responsible for ensuring that the Major Crime checklist is completed. At the conclusion of an investigation the checklist list will be forwarded to the Records Division and placed with the original case.

601.14 CRIMINAL INVESTIGATORS RANK AND SALARY
Sworn personnel are assigned to the Investigations Division by the Chief of Police. Regardless of rank and assignment, the pay schedules within each classification are the same and personnel may be transferred from the Uniformed Services Division to the Investigations Division, or vise versa without loss of income.

601.15 INVESTIGATORS ATTENDANCE AT MEETINGS AND PATROL BRIEFSINGS
(a) When an investigator develops information of obvious benefit to patrol personnel, he will forward it to the Uniformed Services Division lieutenants for inclusion in the Roll-Call briefings.

(b) Investigators are also encouraged to routinely attend patrol roll-call briefings to exchange information on the status of major cases, planned operations, officer safety concerns, current crime problems, wanted persons or any other information deemed to be officer important to the police mission.
(c) The Investigations Division conducts a weekly meeting to share information between Investigators. Uniformed Services Division personnel are encouraged to attend these meetings.

601.16 TASK FORCES
The use of an investigative task force can be a valuable tool in combating crimes committed by organized groups, by individual committing crimes in multiple jurisdictions or to achieve a proactive approach when addressing specific crimes. Creating a task force can eliminate duplication of effort and enhance the chances of a successful crime solution.

When members of the West Sacramento Police Department take part in an investigation task force, the following concerns will be addressed:

- The purpose is identified;
- Responsibilities and authority are defined;
- Accountability is established;
- Available resources will be identified;
- Results of the task force and their continued necessity will be evaluated.

The West Sacramento Police Department has established partnerships and works closely in various law enforcement task forces within Yolo County and the Sacramento Region. The participation in task force operations range from full time, one day a week, to specific target enforcement activity with a limited term, depending on the assignment.

Although investigators working on the task force are working under the direction of the Task Force Supervisor, they are required to keep in contact with Investigations Division Supervisor or Commander in a timely fashion.

Evaluations of task force operations should occur continually. The Task Force Commander must keep contributing agencies abreast of the situation, in terms of progress and results.

601.17 PROCEDURE FOR INVESTIGATION ASSISTANCE BY YOLO NARCOTIC ENFORCEMENT TEAM (YONET)
The West Sacramento Police Department is a participating agency in the Yolo Narcotic Enforcement Team (YONET), county-wide narcotic task force. The following is the criteria for investigations requiring YONET to be contacted and the procedures for requesting assistance.

(a) Types of Uniformed Services Requiring YONET Notification:

- All incidents in which a clandestine drug laboratory is discovered. Refer to General Order 5.6.1 Section G for procedures to follow when a clandestine drug lab is discovered.
Criminal Investigation Procedures

- Possession for sales, sales and transportation of controlled substance investigations and arrests where substantial amounts of controlled substances are located.
- All controlled substance investigations requiring a controlled substance related search warrant.
- All incidents where indoor and outdoor marijuana cultivation operations are discovered.
- All possession for sales, sales and transportation investigations in which money over the amount of $500.00 is present or seized.
- Incidents in which a narcotic intelligence informant is developed.

(b) YONET may assist allied agencies on specific enforcement operations and in other non-drug criminal investigations upon approval of the YONET Commander and the YONET Board of Directors.

(c) Normal Business Hours Requests

- In the event that investigation assistance from the Yolo Narcotic Enforcement Team (YONET) is needed during normal business, contact the West Sacramento Police Department representative assigned to YONET. In the event that person cannot be reached, contact the YONET office for assistance. If no contact can be made at the YONET office, follow the after-hours call-out procedures.

(d) After Hours Call-Outs

- In the event an after hours YONET call-out is needed, contact the West Sacramento Police Department representative assigned to YONET via cell phone or at home. All call-outs will be evaluated on an individual basis by the YONET Agent to determine the priority of the request and the level of response by YONET. All after-hour call-outs are at the overall discretion of the YONET Commander. In the event the West Sacramento Police Department representative assigned to YONET is unable to be contacted, contact Yolo County Dispatch and request that the YONET Commander be contacted.
Sexual Assault Investigations

602.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

602.1.1 DEFINITIONS
Definitions related to this policy include:

**Sexual assault** - Any crime or attempted crime of a sexual nature, to include but not limited to offenses defined in Penal Code § 243.4, Penal Code § 261 et seq., and Penal Code § 285 et seq.

**Sexual Assault Response Team (SART)** - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

602.2 POLICY
It is the policy of the West Sacramento Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

602.3 QUALIFIED INVESTIGATORS
Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

(a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.

(b) Conduct follow-up interviews and investigation.

(c) Present appropriate cases of alleged sexual assault to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.

(e) Provide referrals to therapy services, victim advocates and support for the victim.

(f) Participate in or coordinate with SART.
Sexual Assault Investigations

602.4 REPORTING
In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

602.5 RELEASING INFORMATION TO THE PUBLIC
In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Detective Bureau supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

602.6 TRAINING
Subject to available resources, periodic training will be provided to:

(a) Members who are first responders. Training should include:
   1. Initial response to sexual assaults.
   2. Legal issues.
   3. Victim advocacy.
   4. Victim’s response to trauma.

(b) Qualified investigators who should receive advanced training on additional topics. Advanced training should include:
   1. Interviewing sexual assault victims.
   2. SART.
   3. Medical and legal aspects of sexual assault investigations.
   4. Serial crimes investigations.
   5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
   6. Techniques for communicating with victims to minimize trauma.

602.7 VICTIM INTERVIEWS
The primary considerations in sexual assault investigations, which begin with the initial call to Yolo Emergency Communications Agency, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART should be included in the initial victim interviews. An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change
Sexual Assault Investigations

of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded shall be included in the report.

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; Penal Code § 637.4).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

602.7.1 VICTIM RIGHTS
Whenever there is an alleged sexual assault, the assigned officer shall accomplish the following:

(a) Advise the victim in writing of the right to have a victim advocate and a support person of the victim’s choosing present at any interview or contact by law enforcement, any other rights of a sexual assault victim pursuant to Penal Code § 680.2, and the right to have a person of the same or opposite gender present in the room during any interview with a law enforcement official unless no such person is reasonably available (Penal Code § 679.04).

(b) If the victim is transported to a hospital for any medical evidentiary or physical examination, the officer shall immediately cause the local rape victim counseling center to be notified (Penal Code § 264.2).

1. The officer shall not discourage a victim from receiving a medical evidentiary or physical examination (Penal Code § 679.04).

2. A support person may be excluded from the examination by the officer or the medical provider if his/her presence would be detrimental to the purpose of the examination (Penal Code § 264.2).

602.7.2 VICTIM CONFIDENTIALITY
Officers investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim’s parent or guardian if the victim is a minor, that his/her name will become a matter of public record unless the victim requests that his/her name not be made public. The reporting officer shall document in his/her report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim’s parent or guardian (Penal Code § 293).

Except as authorized by law, members of this department shall not publicly disclose the name of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293).

602.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE
Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.
Sexual Assault Investigations

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated, or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

602.8.1 COLLECTION AND TESTING REQUIREMENTS
Members investigating a sexual assault offense should take every reasonable step to ensure that DNA testing of such evidence is performed in a timely manner and within the time periods prescribed by Penal Code § 803(g). SAFE kits should be submitted to the crime lab within 20 days after being booked into evidence (Penal Code § 680).

In order to maximize the effectiveness of such testing and identify the perpetrator of any sexual assault, the assigned officer shall ensure that an information profile for the SAFE kit evidence has been created in the California Department of Justice (DOJ) SAFE-T database within 120 days of collection and should further ensure that the results of any such test have been timely entered into and checked against both the DOJ Cal-DNA database and the Combined DNA Index System (CODIS) (Penal Code § 680.3).

If the assigned officer determines that a SAFE kit submitted to a private laboratory for analysis has not been tested within 120 days after submission, the officer shall update the SAFE-T database to reflect the reason for the delay in testing. The assigned officer shall continue to update the status every 120 days thereafter until the evidence has been analyzed or the statute of limitations has run (Penal Code § 680.3).

If, for any reason, DNA evidence in a sexual assault case in which the identity of the perpetrator is in issue and is not going to be analyzed within 18 months of the crime, the assigned officer shall notify the victim of such fact in writing no less than 60 days prior to the expiration of the 18-month period (Penal Code § 680).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

602.8.2 DNA TEST RESULTS
A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.
Sexual Assault Investigations

(a) Upon receipt of a written request from a sexual assault victim or the victim’s authorized designee, members investigating sexual assault cases shall inform the victim of the status of the DNA testing of any evidence from the victim’s case (Penal Code § 680).

1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.

2. Absent a written request, no member of this department is required to, but may, communicate with the victim or the victim’s authorized designee regarding the status of any DNA testing.

(b) Subject to the commitment of sufficient resources to respond to requests for information, sexual assault victims shall further have the following rights (Penal Code § 680):

1. To be informed if a DNA profile of the assailant was obtained from the testing of the SAFE kit or other crime scene evidence from their case.

2. To be informed if there is a match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in the DOJ Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation.

3. To be informed if the DNA profile of the assailant developed from the evidence has been entered into the DOJ Databank of case evidence.

(c) Provided that the sexual assault victim or the victim’s authorized designee has kept the assigned officer informed with regard to current address, telephone number, and email address (if available), any victim or the victim’s authorized designee shall, upon request, be advised of any known significant changes regarding the victim’s case (Penal Code § 680).

1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.

2. No officer shall be required or expected to release any information which might impede or compromise any ongoing investigation.

602.9 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Detective Bureau supervisor.

Classification of a sexual assault case as unfounded requires the Detective Bureau supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.
602.10 CASE REVIEW
The Detective Bureau supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.
Computer Voice Stress Analyzer Examinations

603.1 PURPOSE AND SCOPE
The West Sacramento Police Department utilizes the Computer Voice Stress Analyzer as an investigative tool for the purpose of truth verification, when appropriate, as a means of screening candidates for potential employment with the Police department, as well as during criminal investigations. However, they should not be used as a single determinant for gaining employment or final determinant factor in criminal investigations. In addition, they should not be used to circumvent good investigative procedures. Use of the Computer Voice Stress Analyzer by the Police Department will be conducted in the manner set forth in this General Order.

It will be the policy of the West Sacramento Police Department that certified operators conduct all Computer Voice Stress Analyzer examinations.

603.2 DEFINITIONS

(a) **Computer Voice Stress Analyzer (CVSA):** CVSA is a psychological stress evaluator that detects, measures and charts the stress in a person's voice, by live to tape analysis following a pre-formatted questionnaire.

(b) **Qualified Examiner:** A person who has satisfactory completed training by a recognized instructor in truth verification and the use of the CVSA. The certified examiner's course must have the minimum curriculum as listed below prior to receiving a certificate of completion. The National Institute of Truth Verification (NITV) provides initial training for certification in CVSA examinations.

- History of lie detection: 1 hour
- Producing perfect charts: 10 hours
- Physiology: 3 hours
- Interviewing and interrogation: 15 hours
- Chart interpretation: 16 hours
- Test construction and question formulation: 6 hours
- Covert interviewing and analysis: 4 hours
- Final exam and review: 3 hours

(c) **Overt Interviews:** Live interviews by the CVSA examiner with the applicant, suspect, victim, witness or complainant. These interviews are conducted with prior knowledge and permission that certain questions will be recorded live and captured by the CVSA for analysis. Additionally, all or portions of the interviews will be recorded on audio and/or videotape.
Computer Voice Stress Analyzer Examinations

(d) Covert Interviews: Audiotape analysis by the CVSA examiner where investigators have obtained voluntary tape interviews from a suspect, victim, witness or complainant. The interviews are designed to capture a yes or no response to pre-determined questions. The CVSA examiner will then analyze this taped interview. All covert interviews will have prior approval of the Operation’s Commander.

(e) Audio Tape Analysis: CVSA examiner analysis of the recorded responses of tape interviews, wherein the interviewee has responded with "Yes or "No" to a pre-formatted questionnaire.

603.3 USE OF CVSA FOR INVESTIGATIVE PURPOSES
CVSA examinations should be utilized in conjunction with investigative leads and interviews of available suspect(s), victim(s), or witness (s). When practical, both the victim and the accuser should be tested in order to add validity to the examination results. These results are not to be used for arrest or legal action, but are designed for developing leads, validity and obtaining case direction. When practical, audiotape analysis should be followed with a live interview and examination.

603.4 PERSONS WHO MAY NOT BE TESTED

(a) Children under the age of eighteen must have parental or legal guardian consent prior to testing. The consent must be in writing and in the possession of the CVSA examiner prior to the beginning of the examination. Children under six years of age will not be tested.

(b) Any person who has been forced or coerced into taking the examination.

(c) Any person that has been indicted by the Grand Jury or formally charged for the crime that the CVSA is being requested for, unless there is an agreement and stipulation signed by the person to be examined, his/her defense attorney, and the prosecutor.

(d) Any person who is extremely angry or agitated following an intense interview or interrogation will be given a cooling off period prior to testing.

(e) Any person who is severely mentally handicapped, or impaired by alcohol or drugs to a point as to cause the examiner concern.

(f) Use of Polygraph/CVSA Examinations as prerequisite to Accusatory Pleading Prohibited. California Penal Code Section 637.4 (a) states, "No state or local government agency involved in the investigation or prosecution of crimes, or any employee thereof, will require or request any complaining witness, in a case involving the use of force, violence, duress, menace, or threat of great bodily harm in the commission of any sex offense, to submit to a Polygraph/CVSA examination as a prerequisite to filing an accusatory pleading."
603.5 RESPONSIBILITIES OF CVSA EXAMINER

(a) The CVSA examiner will review the available information pertaining to the case in question prior to administering an examination.

(b) The CVSA examiner will have the approval of his/her supervisor prior to running a tape analysis unless it is accompanied by a voluntarily signed consent. The Uniformed Services Commander must authorize any covert use of the CVSA.

(c) No person will be examined at the request of another organization unless the Commander of the Office of Criminal Uniformed Services first authorizes the examination to be conducted.

(d) All CVSA operators will submit a monthly log of completed tests to the Uniformed Services Commander.

(e) The CVSA examiner will receive a second opinion (co-call) from another certified examiner on all tests conducted.

(f) The CVSA examiner will not conduct examinations that may compromise their integrity, i.e., test on close friends, relatives and persons the examiner has a relationship with must be deferred to a neutral operator.

(g) CVSA examiners will not violate the professional standards taught by the certified examiner’s course. The Office of Criminal Uniformed Services Commander and the CVSA examiner are the final authority in determining if a subject is suitable for testing.

603.6 RESPONSIBILITIES OF INVESTIGATOR REQUESTING A CVSA EXAMINATION

(a) The investigator will complete an investigation prior to a CVSA examination being scheduled, or consult with the examiner during the investigation, as the CVSA is a supplement to, not a substitute for, a comprehensive field investigation.

(b) The investigator will be responsible for notifying the subject of the date and time for the scheduled appointment and to ensure the subject has transportation to the police department.

(c) The investigator will remain available in the Uniformed Services office until completion of an examination, unless otherwise agreed to by the examiner and investigator.

(d) The Investigator will notify the CVSA examiner immediately if the subject cancels an examination appointment.

(e) The CVSA should be utilized during any investigation where truthfulness is a concern.
603.7 CVSA RECORDS
(a) CVSA records will include log number, suspects name, case number, waiver of rights, voluntary submission forms, subject information sheet, CVSA graph, and statement of results.
(b) CVSA records will be maintained for at least a three (3) year period and/or until any litigation is concluded in the case/issue.
(c) CVSA records will be secured in a locked filing cabinet and accessible only to the examiner.

603.8 INTERNAL AFFAIRS
(a) CVSA examinations will only be administered during criminal or administrative investigations focusing on a sworn officer or civilian employee, if the employee freely volunteers to take the examination. This insures the employee's constitutional rights and permits the use of any statements or admissions made during the examination to be admitted as evidence, with the approval of the Chief of Police or his/her designee.
(b) Civilian complainants and witnesses may be tested by use of the CVSA in order to test the veracity of their complaint, allegation, or ability as a material witness. These interviews will only be conducted after a voluntary test waiver has been signed.
(c) The use of covert interviews (audio tape analysis) will have prior approval from the Chief of Police, or his/her designee.
(d) CVSA operators will not administer a test on police officers without a written consent.
(e) CVSA examinations will not be the sole determinant of fact in an administrative or criminal investigation.

603.9 USE OF CVSA EXAMINATION FOR PRE-EMPLOYMENT
CVSA examinations used in the selection process for all Police Department positions, will be approved by the Chief of Police, or his/her designee to insure the following:

- Suitability of candidate.
- Verify accuracy and completeness of information on application.
- Resolve questions or conflicts arising during the background investigation.
- History of criminal, or other disqualifying behavior.

Questions to be asked will be provided to applicant just prior to and at the location of the test so applicants can have sufficient time to review and ask the examiner questions. The CVSA will not be the single determinant of employment status. However, admissions made before, during or after the examination may be used to show cause for denial of employment.
Organized Crime Administration and Operation

605.1 PURPOSE AND SCOPE
The West Sacramento Police Department recognizes the serious affect that organized crime and vice has on the social and financial health and well-being of this community. Every employee must shoulder the responsibility in suppressing all forms of organized crime and vice activities, to ensure that the citizens of West Sacramento have a safe and respectful living environment and to reduce fear.

605.2 ORGANIZED CRIME AND VICE RESPONSIBILITIES
(a) The Special Investigations Unit (SIU) is responsible for Organized Crime, vice, narcotics and criminal street gang investigations under the direction of the Investigations Division Commander.

(b) Members of the Special Investigations Unit (SIU) are responsible for investigation, arrest, and prosecution as well as, gathering, analyzing, and disseminating appropriate information regarding, but not limited to, the following areas of criminal activity:

- Any organized criminal group;
- Any organization which threaten, attempt, plan, or perform acts of terrorism or perform acts disruptive of the public order;
- Organizations which possess or attempt to acquire quantities of arms, ammunition, or explosives for the purpose of causing disruption of the public order or any other illegal acts;
- Criminal Street Gangs;
- Organizations whose primary purpose is sustaining or financing organizations engaged in criminal activity;
- Illegal gambling operations.
- Prostitution.
- Extortion and/or bribery (evaluated on a case-by-case basis.)
- Illegal sales and use of controlled narcotics.

605.3 MANAGEMENT OF CONFIDENTIAL INFORMATION AND COMPLAINTS
(a) When an employee of the West Sacramento Police Department receives information of organized crime, gangs, and narcotics or vice activity, he/she will forward the information to the Special Investigations Unit (SIU) Sergeant or designee using a WSPD Intelligence Information Report. (Form WSP-080). The SIU Sergeant then reviews the report to learn whether the information should be committed to an investigative report, or the information is of an intelligence nature.
(b) If the information is of an investigative nature, the SIU Sergeant assigns a Detective or Officer to complete a report and then pursue all leads until either the suspects are charged, or the report is deemed inactive with no further leads.

(c) If the information is deemed of an intelligence nature, the SIU Sergeant will make copies the report and distribute it to the appropriate personnel or units for review and information.

(d) When an officer receives a complaint from a citizen related to vice, narcotics, intelligence or gang activity, he/she will complete an "Intelligence Information Report" and forward it to the SIU Sergeant or designee. The SIU Sergeant or designee then assigns the complaint for investigation to the appropriate Detective, Officer or to the Yolo Narcotic Enforcement Team (YONET).

(e) When a detective or officer receives a complaint from a citizen, he/she reviews the complaint and decides whether an offense has occurred and whether the complaint is general vice information or organized crime intelligence information. The assigned detective or officer then analyzes the information by cross-indexing and by evaluating crime trends with the assistance of the department Crime Analyst.

(f) The Investigations Division Commander completes and forwards a quarterly report to the Chief of Police, listing the total offense and citizen complaint reports that the Special Investigations Unit (SIU) receives.

(g) The investigative methods necessary to use for an investigation will vary depending on the nature of the complaint. Detectives and officers are to contact the complainant during the investigation, as necessary. Assigned detectives and officers must update the SIU Sergeant concerning their investigations through the timely submission of reports, and through personal contacts.

(h) When a detective or an officer receives a request for information from an outside agency, he initiates an Intelligence Information Report form, and forwards it to the SIU Sergeant or designee. If the information requested is of a confidential or sensitive nature, the SIU Sergeant reviews the request for approval or disapproval. If the request is for restricted information, the designated detective, officer or Sergeant may disseminate it on a need to know basis. Need to know means that the information is pertinent and necessary to the requester to initiate, further, or complete, an investigation. The assigned detective, officer or sergeant must record the information that he provides by noting it on the original Intelligence Information Report form, in the Officer Comments section.

(i) When the Special Investigations Unit (SIU) enters a joint investigation with another agency, the SIU Sergeant may allow a free flow of information between investigative units, without granting his or her express approval. In the event that a request for intelligence is received, the above procedure prevails before dissemination of information.

(j) The SIU Sergeant maintains contact with various agencies and keeps a file of persons within those agencies who act as representatives for contacts concerning sensitive information and
investigations. The SIU Sergeant and or designee maintain this file to enhance relations and the flow of information from other agencies.

(k) Investigations into vice and organized crime offenses can involve tremendous expenditures of time, money, and effort. To evaluate the accuracy and credibility of the initial information, decide the scope and relative importance of the problem, and establish a solid investigation, certain questions must be considered when deciding whether to investigate a complaint:

- Is the original intelligence information valid?
- What is the criminal nature of the problem?
- How important is the problem?
- What lead information exists?
- What investigative techniques might be used?
- Does the agency have sufficient resources?
- What possible operational problems exist?

(L) Any initiation of a significant investigation by the Special Investigations Unit (SIU) requiring extensive resources will only be done with the approval of the Investigations Division Commander after consult with the Deputy Chief of Police. The Chief of Police will be briefed on all cases involving the investigation of organized crime.

(M) When a detective, officer or sergeant receives substantial information on a primary offender, he or she reviews the information with the SIU Sergeant or designee. The SIU Sergeant evaluates the accuracy and credibility of the initial informant and the scope and importance of the problem, before the employee commits himself to an extended investigation.

605.4 MANAGING SECURITY OF INVESTIGATIONS
(a) Active ongoing undercover investigation reports and intelligence information remain in the Special Investigations Unit (SIU) office, in a secure file cabinet and are separate from the Department's central records system until deemed appropriate to forward to records. When an inquiry concerning any of the suspects listed in the report is made, the employee assigned to the investigation handles the inquiry. In the event that the assigned employee is not present, the SIU Sergeant reviews the request, and decides if there is a need to know, before approving the dissemination of the information.

605.5 SPECIAL INVESTIGATIONS FUNDS
(a) The West Sacramento Police Department maintains Special Investigations Funds, and accounting systems associated with those funds, to pay for specialized investigative expenses incurred in active organized crime and drug and vice investigations. The maintenance of these funds is the responsibility of the Investigations Division Commander. Disbursement of special
investigations funds will be allowed only under the guidelines outlined in General Order 609 Disbursement of Special Investigations Fund.

(b) The Special Investigations Funds are available for the detectives, officers or sergeants designated to conduct specialized investigations for the purposes of paying informants, purchase contraband as evidence and to cover expenses associated with investigations, surveillance and undercover operations.

The Investigations Commander or designee will be the only persons authorized access to the safe and disbursement of funds.

(d) To obtain Special Investigations Funds, detectives, officers or will make a verbal request and receive approval from the Investigations Division Commander or designee. After approval the detective, officer or sergeant will complete a receipt and include a brief explanation on the Special Investigations Expenditure Form as to what the funds are to be used for.

(e) The Investigations Commander or designee will make an entry in the expenditure journal showing the date, amount of money being withdrawn, current balance, case number, name of officer and any other pertinent information.

(f) Unused funds will be returned to the Investigations Commander, who will make an entry in the expenditure journal "amount used section." The Investigations Commander or designee will maintain this ledger for each employee that uses Special Investigations Funds. This ledger shows funds received and expended and reflects the current balance of funds available.

(g) Vouchers (Special Investigations Expenditure Fund) will contain the following information:

- Case number of the offense report or the intelligence report number.
- Date of expenditure.
- The name of the officer expending the funds.
- The amount given
- The amount expended.
- The amount returned
- Type of investigation.
- The signature of the detective, officer or sergeant expending the funds.
- Signature of approving supervisor.
- Signature of witness officer.

(h) The voucher will reflect the purpose and nature of the expenditure and if the expenditure is an informant payment, the informant's index code number will appear on the voucher and the appropriate receipt signed by the informant will also be submitted with the voucher. The approving
Sergeant or Commander will complete the supervisor’s assessment of the operation section on the form.

(i) Detectives, officers or sergeants will explain any subsequent law enforcement action regarding the expenditure in their offense or intelligence report.

(j) The Investigations Commander will maintain the completed Special Investigations Expenditure form and all receipts in the Division safe for audit purposes.

(k) The Investigations Division Commander may designate a supervisor to authorize informant payments or single purchase transactions up to twenty-five dollars ($25.00). The Investigations Commander may authorize payments up to three hundred ($300.00). The expenditure of funds above $300.00 requires the approval of the Chief or Deputy Chief.

(l) The Investigations Commander submits a quarterly expenditure report concerning the audit or reconciliation of the Special Investigations funds account to the Chief.

605.6 SURVEILLANCE AND UNDERCOVER EQUIPMENT

(a) The Investigations Division Commander or designee will be accountable for the distribution and use of surveillance and undercover equipment. Officers prior to utilizing any specialized equipment will obtain authorization from the Investigations Commander or designee. The use of department surveillance equipment shall be restricted to law enforcement operations. Detectives, officers and sergeants will use the Special Equipment Check Out Log and shall be accountable for the care and custody while in their control. Specialized equipment consist of the following: Surveillance Van, electronic surveillance and recording equipment, night vision scope, radios and any other specialized equipment maintained by the Investigations Division.

(b) Investigations detectives or designated officers will conduct regular inspections on all specialized equipment. If any equipment is defective or requires service, the detective or officer will immediately forward a memo to the Investigations Division Commander. The Investigations Division Commander will review the repair memo to determine if the defective equipment will be repaired or replaced. Service of specialized vehicles will be handled in the same manner as all other Department vehicles.

(c) Officers assigned to units outside the Investigations Division will review the intended use of electronic audio and video surveillance equipment, with the Investigations Division Commander or designee before use.

(d) Detectives, officers and sergeants who intend to use a body wire and/or any other specialized electronic equipment will brief the Investigations Division Commander or designated supervisor as to the nature of the case and obtain approval before use.

(e) The maintenance and operational readiness of the department’s surveillance van will be the responsibility of the Special Investigation Unit. Use of the surveillance van by anyone other than Investigations personnel will be approved by the Investigations Division Commander or designee.
605.7 SURVEILLANCE, UNDERCOVER, DECOY AND RAID OPERATIONS

(i) Vice and organized crime offenses, by their nature, often require employees to develop evidence of a crime by infiltrating an operation or associating with persons suspected of criminal activity. The Investigations Division conducts decoy, undercover and surveillance operations, as necessary, after approval by the Investigations Division Commander or designee.

(b) When the Investigations Division compiles active information indicating criminal trends or long-range directions, the assigned detective or officer forwards a report to the Investigations Supervisors or Division Commander indicating the information to be disseminated. The Investigations Supervisors or Commander then reviews the report, and if he/she concurs, forwards all strategic information to the Chief and Deputy Chief. The designated Investigations Supervisor will distribute intelligence information in the form of a report using established distribution guidelines.

(c) The Investigations Division has the primary responsibility for coordinating and planning organized crime and vice control, surveillance, undercover and decoy operations. As part of this responsibility, the designated supervisor of the operation must ensure that the Lead Officer or Detective submits a West Sacramento Police Department Operation Plan. Operations will be thoroughly planned and outlined in the Operations Plan.

(d) All operations plans will be reviewed and approved by the Sergeant or Officer in Charge supervising the operation prior to the beginning of the operation. A copy of the operations plan will be provided to each detective and officer assigned to the operation and to the On-duty Watch Commander and Patrol Supervisor. The details of the operation will be discussed in a pre-operation briefing.

(e) In planning an operation, the Lead Officer must analyze the crime and victims to figure out the nature and scope of personnel, equipment, and activities required to conduct the operation safely and effectively. If the operation involves suspects known to be armed or may have a high potential for violence, the Operation Supervisor will consult with the S.W.A.T. Commander to determine if there is a need to utilize S.W.A.T. to assist with the operation. In such cases, the West Sacramento Police Department High Risk Entry Checklist will be completed by the Operation Supervisor and the S.W.A.T. Commander or designee.

Informants

608.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the use of informants.

608.2 INFORMANT FILE SYSTEM
The Special Investigations Unit (SIU) maintains a Master File of informants with an emphasis on security and rigid access control. These files must be completely confidential to ensure the anonymity and protection of the informants. An informant Identification Record will be completed on all confidential informants, paid informants, or informants that are likely to be used to testify in a court action.

The Informant Identification Record will be retained in the informant Master File, which will be under control of the SIU Sergeant.

608.2.1 FILE SYSTEM PROCEDURE
(a) The Informant Identification Record will include, but not limited to the following:
   ○ Informant File Checklist;
   ○ Informant Personal History Information;
   ○ Photograph;
   ○ Criminal history, CDL and warrants, if any;
   ○ Informant performance record, to include reliability of information;
   ○ Record of payment of confidential funds made for past information.
   ○ Informant Admonition
   ○ Informant Contract, if applicable
   ○ Informant Identification Number.

(b) Informant/Operator Indexing - Each informant/operator will be issued a permanent number. The number will be written or typed on the tab attached to the exterior portion of the red folder. Under no circumstances will the informant/operator's true identity be depicted on the exterior of the folder. The informant/operator's true identity will be logged on a master sheet and will be secured within the locked Master File cabinet. The SIU Sergeant will issue the Informant Identification number. The informant number will be sequentially numbered to include the month and year created. (Example 123-01-04)

(c) When the folder is not secured within the locked file cabinet, it will be maintained within the immediate and direct physical control of the officer or any other person authorized to possess such information.
(d) The SIU Detective/Officer will be assigned to make an inquiry with all available resources to determine if the informant has previous contacts with any police agency under the status of an informant.

(e) The SIU Detective/Officer will then document on the Informant Identification Record one of the following:
   - No prior contacts were found
   - Subject is considered reliable -- The SIU Detective/Officer will document the name of the agency/officer that used the subject in the past and any case numbers to help establish reliability.
   - Subject is considered unreliable. Data supporting this conclusion will be documented when available.

(f) The SIU Detective/Officer is responsible for updating and ensuring that information and documentation is current and the file is properly maintained. Informant Identification Records will be purged only on approval of the SIU Sergeant and Investigations Division Commander. There will be no time limit for retaining informant files.

(g) All informant records will be kept in a locked file cabinet located within the SIU office. The Investigations Division Commander will authorize the number of keys possessed by department personnel. Informant records will be securely locked in the Master File and will be physically separate from all other files.

(h) Access to the informant records will be limited to SIU personnel unless otherwise authorized by the SIU Sergeant. An officer will be allowed access to an individual Informant Identification Record for the purpose of updating information, such as, change of address, to record any additional information the informant may have provided to the officer. 3. **Restricted-Use Informant:** Any person who meets any of the following criteria will be considered a "restricted-use informant", subject to use as authorized below:

- Person less than 18 years of age: only with written consent of the Office Commander and the parent or guardian. (see minor’s waiver;)
- Person on probation or parole (Federal or State): Only with the consent of the agency supervising the person.

(b) **Source of Information:**

- The title "Informant", as well as the informant requirements, does not apply to "sources of information". A source of information is a person or organization, not under the direction of a specific officer who provides information without becoming a party to the investigation itself (e.g., a business firm furnishing information from its records; a concerned citizen who witnesses an event of interest.). Sources of information will be classified as Citizen Informants or Anonymous Informants.

- Citizen Informants are known persons who provide information without the desire of compensation. In most cases, a citizen informant is one who is providing information for the betterment of the community. Although the identity of a citizen informant may be protected, an investigative record of the Citizen Informants identity must be maintained in the event the need arises to further question the person or if there is a need to summon them to court.

- Anonymous Informants are informants which provide information on their identity is not known. The information provided can be used to aid in an investigation but must always be corroborated through other sources.

- Should a person who would otherwise be considered a source of information seek financial compensation or become a continuing active part of the investigative process, his status should be shifted to the informant.

- Whenever possible, a person or organization fitting within this definition can should not be identified by name in investigative reports and all efforts will be made to protect their identity for their safety, the safety of officers and to protect ongoing and future investigations. The assigned informant identification number should be used when referencing an informant in the opening of each report. Once the informant is referenced by number in the report, they can be referenced by the following terms and abbreviations.

- Untested Confidential Informant (CI): An informant providing information in which the informant has not yet been deemed reliable through corroborating the information they provided. Confidential Reliable Informant: An informant providing information in which the informant has been deemed reliable through
Informants

the corroboration of the information they have provided in the past. The standard for corroboration is three past cases in which the information they provided has been deemed reliable. The final determination on the number of cases required to deem an informants information reliable falls on the Districty Attorney’s Office prosecuting the investigation at hand.

(c) **Informant Criteria:**

1. There are three criteria that will be met to establish a person as a West Sacramento Police Department Informant.
2. The person will be in a position to demonstratively assist the department in a present or future investigation.
3. To the extent possible, a practical judgment can be made that the person will not compromise the Department's interest and activities.
4. The person will accept the degree of discretion necessary to effectively utilize his services.

(d) **Requirements for Informant Use:**

1. The following requirements will apply to the Department's development of defendant informants:
   
   (a) The approval of the appropriate prosecutor (that is, Federal, State) will be obtained prior to seeking the cooperation of a defendant.
   
   (b) A defendant may be advised that his/her cooperation will be brought to the attention of the appropriate prosecutor. No further representations of assurances will be given without approval. The prosecuting attorney will have the sole authority to decide whether or not to prosecute a case against a defendant/informant.
   
   (c) The appropriate prosecutor will be advised of the nature and scope of the defendant's cooperation throughout the period of his/her use. The prosecutor will set the procedures and frequency of this reporting.
   
   (d) An "Informant Identification Record" will be completed and maintained in the Special Investigations Unit secure Master File cabinet on all informants used by the department.
   
   (e) Whenever an informant's assistance to the police department goes beyond merely providing information and evolves into actual participation into the investigation, i.e. making introductions between officer and suspect, making controlled buys of narcotics, etc., the informant will sign the Informant Admonition Form.
Informants

(f) This form will be attached to the Informant Identification Record and filed in the appropriate Special Investigations Unit files.

608.3 USE OF INFORMANTS

(a) An Informant (or source of information) will be advised at the beginning that:

- He/she will not violate criminal law in furtherance of gathering of information or providing services to the Police Department and that any evidence of such a violation will be reported to the appropriate law enforcement agency.
- He/she has no official status, implied or otherwise, as an agent or an employee of the Police Department.
- The information provided might be used in criminal proceedings and that, although the department will use all lawful means to protect the informant's confidentiality, this cannot be guaranteed.
- The case officer will control the direction of the operation and the informant. They will never place themselves in the position of having to take action when there is insufficient staffing or equipment to insure the credibility of the investigation and the safety of all parties involved.
- The entire relationship and direction will come from the officer. It is not uncommon for the informant to attempt to become involved in planning of an operation or investigation. Informants will not be present at operational briefings.

(b) Informants are assets to the department, not a specific officer. At its discretion, the department's management may reassign an informant to the control of another officer or unit.

(c) The relationship between officer and confidential informants must be strictly professional. Any social, financial, or business contacts, directly or indirectly, arising from the officer/informant relationship are strictly prohibited.

(d) Contacts with an informant will be such that his/her knowledge of the Department's facilities, operations, activities, and personnel is kept to the minimum necessary to his/her successful utilization.

(e) Contacts with informants shall be made by at least two officers. All significant contacts with the informant, and all information obtained at these contacts will be documented in writing.

(f) Where an informant is to participate in an undercover purchase in which he/she may come in contact with official funds, controlled drugs, or anything else of potential evidentiary value, he/she will be thoroughly searched both before and after the undercover encounter, and where possible, kept under continuous observation in between. The reason for this is to preclude questions as to the validity or integrity of
Informants

the evidence. Searches of informants will only be conducted by officers of the same sex and in areas preventing exposure to the public or other officers.

(g) Officers will take additional precautions when dealing with informants of the opposite sex and with informants whose sexual preference may make an investigation more susceptible to compromise through allegations of improprieties. When meeting with informants of an opposite sex every attempt should be made to have an officer of the informants same sex present.

(h) Informants may be given monetary compensation for information they provide. Officers will consider the following criteria as a basis for compensation:

- The value of the information to the investigative effort.
- The validity of the information.
- Whether the information was already known.
- The informant's role in the investigation. For example, made a controlled buy, made an introduction to others, etc.

(i) Employees will not use juveniles as informants without prior administrative approval. Administrative approval should occur only after consulting with the prosecutor's office. The use of a juvenile informant requires court approval via a court order.

(j) Prior to using probationers or parolees as informants, officers must obtain the approval of the District Attorney. The use of a parolee informant requires the authorization of a Special Agent of the California Department of Corrections and Rehabilitation Special Services Unit. A Parole Agent cannot authorize the use of a parolee as an informant.

A police officer is not empowered to dismiss a case or grant immunity to anyone. The prosecuting agency makes the decision whether to file a case or to dismiss it. Individual officers will not approach members of the judiciary. Correspondence with the courts will be initiated only after approval of the officer's unit commander and the prosecuting agency's been obtained.

608.3.1 JUVENILE INFORMANTS
The use of juvenile informants under the age of 13-years is prohibited. Except as provided for in the enforcement of the Tobacco Enforcement Act, Business & Professions Code §§ 22950, et seq., the use of any juvenile informant between the ages of 13 and 18-years is only authorized by court order obtained pursuant to Penal Code § 701.5.

For purposes of this policy, a "juvenile informant" means any juvenile who participates, on behalf of this department, in a prearranged transaction or series of prearranged transactions with direct face-to-face contact with any party, when the juvenile's participation in the transaction is for the purpose of obtaining or attempting to obtain evidence of illegal activity by a third party and where the juvenile is participating in the transaction for the purpose of reducing or dismissing a pending juvenile petition against the juvenile.
608.4 GUIDELINES FOR HANDLING CONFIDENTIAL INFORMANTS

(a) As stated in the "Use of Informants" section, an informant will be advised at the onset that the information he/she provides may be used in a criminal proceeding, and that although the department will use all lawful means to protect the informant's confidentiality, this cannot be guaranteed.

(b) The disclosure of an informant's identity, even when no prior guarantee of confidentiality was made, will be avoided whenever possible. Informant confidentiality will be thoroughly discussed with the prosecutor prior to the trial or other proceedings and any alternatives will be given full consideration.

(c) In situations where the disclosure of an informant's identity might adversely affect the outcome of a more significant investigation, the Department may conceivably recommend dismissal or the immediate change of the unit utilizing the informant.

(d) If the issue of disclosure arises during an officer's testimony and he/she is uncertain of the legal requirements, he/she should request time to discuss the matter with the prosecutor.

(e) Undesirable Informants:
   - When the case officer becomes aware an informant is undesirable, all contact will cease and the reasons will be noted on the Informant Identification Record. Undesirable informants can be recorded with the Western States Information Network (WSIN) to inform other agencies of the undesirable status.

(f) Use of Special Uniformed Services Funds:
   - Disbursement of special investigations funds to confidential informants/operators will be allowed only under the guidelines outlined in Lexipol Policy 609 Disbursement of Special Investigations Fund.
   - As a general rule defendant informants will not be monetarily compensated for their information and/or assistance.
   - Any deviation from this procedure must be first approved by the Investigations Division Commander prior to payment, or agreement to make payment of funds.

608.4.1 RELATIONSHIPS WITH CONFIDENTIAL INFORMANTS
No member of the West Sacramento Police Department shall knowingly maintain a social relationship with a confidential informant while off duty, or otherwise become intimately involved with a confidential informant. Members of the West Sacramento Police Department shall neither solicit nor accept gratuities nor engage in any private business transaction with a confidential informant.

To maintain officer/informant integrity, the following must be adhered to:

(a) Officers shall not withhold the identity of an informant from their superiors
Informants

(b) Identities of informants shall otherwise be kept confidential

(c) Criminal activity by informants shall not be condoned

(d) Informants shall be told they are not acting as police officers, employees or agents of the West Sacramento Police Department, and that they shall not represent themselves as such

(e) The relationship between officers and informants shall always be ethical and professional

(f) Social contact shall be avoided unless necessary to conduct an official investigation, and only with prior approval of the Special Investigations Unit Sergeant or the Investigations Division Commander.

(g) Officers shall not meet with informants of the opposite sex in a private place unless accompanied by at least one additional officer. When contacting informants of either sex for the purpose of making payments, officers shall have another officer present at all times.

608.4.2 SPECIAL GUIDELINES APPLICABLE TO UNDERCOVER OPERATIONS

Because of the nature of undercover operators it is very important to control and verify their every movement when they are involved in a police operation. The following procedures will be used when employing them in such operations.

(a) **Corroboration** - Actions and events of officers and undercover operators engaged in purchasing narcotics, stolen property or any criminal enterprise must be corroborated in every respect. Whenever officers supervise and control telephone conversations between undercover operators and suspects, all such conversations will be recorded. If the conversation is pertinent to the case, the recording should be transcribed and included within the case report. Tapes of conversations will be initialed by the officer and will include the date, time and case number. An evidence sheet will be completed and the tapes placed into evidence.

(b) **Written Or Verbal Statements of Undercover Operator/Informant** - A written and or taped statement will be obtained from each undercover operator who is involved in a case to the degree of being a witness. The statement will include a complete description of the suspect, a detailed account of all circumstances and conversations involved in the transaction, as well as anything else of value of an evidentiary nature, example: dates, times, places, are generally very important in the undercover operator's statements and will be recorded. It is imperative that the undercover operator can positively identify the suspect or any other principals.

(c) **Debriefing Of Undercover Operator** - It is the officer's responsibility to debrief the undercover operator. This will be done at the most convenient opportunity directly
Informants

after the initial engagement or transaction. This assures that circumstances, events and observations are still fresh within the mind of the operator. The debriefing will be taped and placed into evidence. The officer conducting the debriefing will not limit the scope to one area, but will attempt to obtain information covering all areas of criminal activity. The operator, prior to testifying in court, to refresh his/her memory may review the tape.

(d) **Female Undercover Operators** - At no time will less than three officers be present when a female undercover operator is utilized. Prior to a female undercover operator being utilized in an undercover capacity, a female officer will search her, both before and after the controlled activity.

(e) **Searches** - Undercover operators will be searched before and after the purchase of narcotics or any items, which could potentially become evidence. It is advisable that three officers participate in the search. In addition to the personal search, it is important to search vehicles utilized in the operation.

Disbursement of Special Investigations Fund

(b) The Investigations Division Commander will maintain an up-to-date expenditure ledger of funds received, disbursed, and on hand.

(c) The Chief of Police or his/her designee will audit the Expenditure Journal, receipts and count on-hand funds quarterly with the Investigations Division Commander. After reconciling the expenditures the reviewing participants will sign the audit form.

Eyewitness Identification

610.1 PURPOSE AND SCOPE
This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (Penal Code § 859.7).

610.1.1 DEFINITIONS
Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

610.2 POLICY
The West Sacramento Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

610.3 INTERPRETIVE SERVICES
Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

610.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM
The Detective Bureau supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide (Penal Code § 859.7):

(a) The date, time and location of the eyewitness identification procedure.

(b) The name of the witness.
Eyewitness Identification

(c) The name of the person administering the identification procedure.

(d) If applicable, the names of all of the individuals present during the identification procedure.

(e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.

(f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.

(g) An instruction to the eyewitness they should not feel compelled to make an identification.

(h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.

(i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.

(j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

(k) Any other direction to meet the requirements of Penal Code § 859.7, including direction regarding blind or blinded administrations and filler selection.

The process and related forms should be reviewed at least annually and modified when necessary.

610.5 EYEWITNESS IDENTIFICATION
Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and video recorded and the recording should be retained according to current evidence procedures (Penal Code § 859.7).

610.6 DOCUMENTATION
A thorough description of the eyewitness process and the result of any eyewitness identification should be documented in the case report.
Eyewitness Identification

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

610.6.1 <B>DOCUMENTATION RELATED TO RECORDINGS</B>
The handling member shall document the reason that a video recording or any other recording of an identification was not obtained (Penal Code § 859.7).

610.6.2 <B>DOCUMENTATION RELATED TO BLIND ADMINISTRATION</B>
If a presentation of a lineup is not conducted using blind administration, the handling member shall document the reason (Penal Code § 859.7).

610.7 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS
When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness (Penal Code § 859.7). Techniques to achieve this include randomly numbering photographs, shuffling folders, or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup (Penal Code § 859.7).

The member presenting the lineup should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

610.7.1 OTHER SAFEGUARDS
Witnesses should be asked for suspect descriptions as close in time to the incident as possible and before conducting an eyewitness identification. No information concerning a suspect should be given prior to obtaining a statement from the witness describing how certain he/she is of the identification or non-identification. Members should not say anything to a witness that that may validate or invalidate an eyewitness’ identification. In photographic lineups, writings or information concerning any previous arrest of a suspect shall not be visible to the witness (Penal Code § 859.7).

610.8 FIELD IDENTIFICATION CONSIDERATIONS
Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination show-up or one-on-one identification should not be
Eyewitness Identification

used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

(a) Obtain a complete description of the suspect from the witness.

(b) Assess whether a witness should be included in a field identification process by considering:
   1. The length of time the witness observed the suspect.
   2. The distance between the witness and the suspect.
   3. Whether the witness could view the suspect’s face.
   4. The quality of the lighting when the suspect was observed by the witness.
   5. Whether there were distracting noises or activity during the observation.
   6. Any other circumstances affecting the witness’s opportunity to observe the suspect.
   7. The length of time that has elapsed since the witness observed the suspect.

(c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

(d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.

(e) The person who is the subject of the show-up should not be shown to the same witness more than once.

(f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.

(g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.

(h) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.
Interview and Interrogations Rooms

611.1 PURPOSE AND SCOPE
Interview rooms are commonly used in the investigative process. In order to ensure the protection of Department personnel and the safety of the arrestee, witness, or victim, established guidelines for the use of interview rooms are necessary. Interview rooms will be used by Department members to either conduct custodial interviews of arrestees or non-custodial interviews of witnesses, victims or potential suspects. These rooms shall not be used as prisoner holding cells.

611.2 DESIGNATED INTERVIEW ROOMS
(a) The Office of Criminal Investigations maintains two secured Interview/interrogation Rooms and is available to Department personnel and outside Law Enforcement agencies.
(b) Interview Rooms 1 and 2 are accessible from both the main hallway or through the Office of Investigations.
(c) The responsibility for the safety and security of persons bought into the interview room remains with the original officer, unless an investigator or supervisor relieves him/her.

611.3 WEAPONS CONTROL
(a) Prior to conducting an interview/interrogation in one of the two designated interview rooms, Officers will secure firearms in a manner consistent with Policy Section 311.3.
(b) Less than lethal weapons may be worn in any of the interview/interrogation rooms.

611.4 GENERAL SECURITY CONCERNS
(a) In order to provide proper security officers will inspect the room before and after conducting an interview/interrogation. Officers should be alert to the contents of the room prior to utilizing it.
(b) All suspects and potential suspects will be pat searched prior to entering the room. Pat searches of the opposite sex will be conducted in accordance with Department policy.
(c) Only one (1) arrestee/prisoner at a time will be in the interview Room.
(d) All arrestees/prisoners will be handcuffed prior to entry of the interview room. Handcuffs may be removed at the discretion of the officer/investigator conducting the interview.
(e) While on officer is conducting any interview/interrogation, a second officer shall be present in the room or monitoring via closed circuit TV or one-way glass. If the
interviewer needs assistance, he/she shall verbally and/or physically summon the officer monitoring the interview.

(f) The interview room is not a holding cell. If an arrestee/prisoner (adult or juvenile) is left alone in an interview room there must be constant monitoring of him/her at all times. The utilization of audio/visual equipment must be on and working prior to the officer exiting the room. An officer must be in close proximity to the room and be readily available to provide assistance, should they be summoned.

611.5 INTERVIEW/INTERROGATION ROOM GENERAL GUIDELINES

(a) Items in the interview/interrogation rooms should be limited to a table and enough chairs to accommodate the individuals in the room. Any other items brought into the room shall be at the discretion of the officer/investigator conducting the interview.

(b) The number of people present while conducting an interview/Interrogation should be kept to a minimum. Typically, this should be no more than two (2) officers/investigators and the person being interviewed. Special circumstances may require a parent, a guardian, or a legal representation. Ultimately, it will be up to the primary officer/investigator on a case-by-case basis to make the decision as to who may be present.

(c) All individuals are afforded an opportunity to address their needs during an interview. It will be at the officer/investigator’s discretion when a break will be conducted. All individuals being interviewed who wish to utilize the facilities (restrooms, water, etc.) shall be escorted by an officer/investigator at all times within the Police facility.

(d) Only those officers/investigators who have received training in the use of the audio/visual equipment shall be allowed to utilize the recording equipment. Investigators have been trained in the use of audio/visual equipment and may be called upon to assist with its operation.
Brady Material Disclosure

612.1 PURPOSE AND SCOPE
This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "Brady information") to a prosecuting attorney.

612.1.1 DEFINITIONS
Definitions related to this policy include:

Brady information - Information known or possessed by the West Sacramento Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

612.2 POLICY
The West Sacramento Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the West Sacramento Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

612.3 DISCLOSURE OF INVESTIGATIVE INFORMATION
Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.
612.4 DISCLOSURE OF PERSONNEL INFORMATION
Whenever it is determined that Brady information is located in the personnel file of a member of this department who is a material witness in a criminal case, the following procedure shall apply:

(a) In the event that a Pitchess motion has not already been filed by the criminal defendant or other party pursuant to Evidence Code § 1043, the prosecuting attorney shall be notified of the potential presence of Brady information in the officer's personnel file.

(b) The prosecuting attorney should then be requested to file a Pitchess motion in order to initiate an in camera review by the court.

(c) Any member who is the subject of such a motion shall be notified in writing that a motion has been filed.

(d) The Custodian of Records shall accompany all relevant files during any in camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.

(e) If the court determines that there is relevant Brady information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.

1. Prior to the release of any information pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

612.5 INVESTIGATING BRADY ISSUES
If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

612.6 TRAINING
Department members should receive periodic training on the requirements of this policy.
Asset Forfeiture

   2. Interest in a vehicle (car, boat, airplane, other vehicle) used to facilitate the manufacture, possession for sale or sale of specified quantities of controlled substances.
   3. Money, negotiable instruments, securities or other things of value furnished or intended to be furnished by any person in exchange for a controlled substance, proceeds traceable to an exchange, etc.
   4. 1. Any property interest, whether tangible or intangible, acquired through a pattern of criminal profiteering activity.

Seizure - The act of law enforcement officials taking property, cash or assets that have been used in connection with or acquired by specified illegal activities.

613.2 POLICY
The West Sacramento Police Department, as a member of the Yolo County Law Enforcement Agency Coordinating Council (LEACC), in narcotics related investigations utilizes the Yolo County Narcotic Enforcement Team to pursue violation of the appropriately applied forfeiture laws as related to the seizure of money and certain property items, per MOU.

613.3 ASSET FORFEITURE PROCEDURE
Before seizing any currency, vehicle or personal property pursuant to Health & Safety Code § 11470, a patrol officer should contact a narcotics detective. The following guidelines will be observed:

(a) The seizing officer or the detective will serve all persons with Notice of Seizure and Intended Forfeiture forms which includes an attached County of Origin Claim form Opposing Forfeiture, and a forfeiture receipt. Disclaimers (English/Spanish) will be completed on all persons disclaiming ownership of currency, vehicle or property seized.

(b) When someone has made notification other than the Asset Forfeiture detective, a copy of all reports and all applicable asset forfeiture paperwork must be forwarded to the Asset Forfeiture detective in the YONET, for review.

(c) Interview all persons involved concerning their possession of the seized assets, financial situation, employment, income and other resources. The interviewing officer shall ensure that Miranda warnings are given and waivers obtained before interviewing any person who is in custody.

(d) Attempt to promptly determine all lien holders or all persons who may have a legal interest in the seized currency, vehicle or property for further contact, investigation and notification.

(e) The seizure of assets subject to forfeiture is a civil proceeding filed through the county of origin, Office of the District Attorney Forfeiture Unit or Narcotic Enforcement Team.

613.3.1 PROPERTY SUBJECT TO SEIZURE
The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:
Asset Forfeiture

(a) Property subject to forfeiture authorized for seizure under the authority of a search warrant or court order.

(b) Property subject to forfeiture not authorized for seizure under the authority of a search warrant or court order when any of the following apply (Health and Safety Code § 11471; Health and Safety Code § 11488):

1. The property subject to forfeiture is legally seized incident to an arrest.
2. There is probable cause to believe that the property was used or is intended to be used in a violation of the Uniform Controlled Substances Act and the seizing officer can articulate a nexus between the property and the controlled substance offense that would lead to the item being property subject for forfeiture.

Officers aware of assets that may be forfeitable as a result of criminal profiteering or human trafficking should consider contacting the district attorney regarding a court order to protect the assets (Penal Code § 186.6; Penal Code § 236.6).

Whenever practicable, a search warrant or court order for seizure prior to making a seizure is the preferred method.

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

613.3.2 SEIZED CURRENCY
Currency seized subject to forfeiture will be counted by the seizing officer and a supervisor. The currency will be placed in a money envelope with the denomination of the currency, totals of each denomination and total amount of currency enclosed noted on the money envelope. The officer counting and supervisor verifying money will initial and sign the envelope when sealed. If the currency will not fit into a standard money envelope, place the currency in a larger envelope or bag, sealing and affixing a completed money envelope to the outside of the larger envelope or bag which contains the currency. The currency will be booked into evidence on a single property form notating “subject to asset forfeiture” in the comments section of the property form.

613.3.3 SEIZED VEHICLES
Vehicles seized subject to forfeiture will be taken to a designated secure storage facility. A seized vehicle should not be impounded. The officer seizing the vehicle shall notify the detective supervisor of the seizure of the vehicle and circumstances of the seizure as soon as possible. If the vehicle cannot be driven, a tow truck will be used to tow the vehicle to the storage facility.

Personal property located in a seized vehicle shall be removed and booked into Property as either evidence or for safekeeping.

613.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS
When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:
Asset Forfeiture

(a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.

(b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.

(c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, “Seized Subject to Forfeiture.” Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items. Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

613.5 MAINTAINING SEIZED PROPERTY
The Property and Evidence Section Supervisor is responsible for ensuring compliance with the following:

(a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.

(e) Ensuring that responsibilities, including the designation of a fiscal agent, are clearly established whenever multiple agencies are cooperating in a forfeiture case.

(f) Ensuring that seizure forms are available and appropriate for department use. These should include notice forms, a receipt form and a checklist that provides relevant guidance to officers. The forms should be available in languages appropriate for the region and should contain spaces for:

(g) Ensuring that officers who may be involved in asset forfeiture receive training in the proper use of the seizure forms and the forfeiture process. The training should be developed in consultation with the appropriate legal counsel and may be accomplished through traditional classroom education, electronic media, Daily Training Bulletins (DTBs) or Department Directives. The training should cover this policy and address any relevant statutory changes and court decisions.

(h) Reviewing each asset forfeiture case to ensure that:
   1. Written documentation of the seizure and the items seized is in the case file.
   2. Independent legal review of the circumstances and propriety of the seizure is made in a timely manner.

4. Property is promptly released to those entitled to its return (Health and Safety Code § 11488.2).

5. All changes to forfeiture status are forwarded to any supervisor who initiates a forfeiture case.

6. Any cash received is deposited with the fiscal agent.

7. Assistance with the resolution of ownership claims and the release of property to those entitled is provided.

8. Current minimum forfeiture thresholds are communicated appropriately to officers.

9. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.

(i) Ensuring that a written plan that enables the Chief of Police to address any extended absence of the forfeiture reviewer, thereby ensuring that contact information for other law enforcement officers and attorneys who may assist in these matters is available.

(j) Ensuring that the process of selling or adding forfeited property to the department’s regular inventory is in accordance with all applicable laws and consistent with the department’s use and disposition of similar property.

(k) Keeping a manual that details the statutory grounds for forfeitures and department procedures related to asset forfeiture, including procedures for prompt notice to interest holders, the expeditious release of seized property, where appropriate, and the prompt resolution of claims of innocent ownership (Heath and Safety Code § 11469).

The Department may request a court order so that certain uncontaminated science equipment is relinquished to a school or school district for science classroom education in lieu of destruction (Health and Safety Code § 11473; Health and Safety Code § 11473.5).

613.8 CLAIM INVESTIGATIONS
An investigation shall be made as to any claimant of a vehicle, boat or airplane whose right, title, interest or lien is on the record in the Department of Motor Vehicles or in an appropriate federal agency. The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member’s PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

702.3 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received or reviewed on any PCD issued or funded by the Department/Office and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities (see the City Administrative Cell Phone Use Policy (V-A-5) and Information Technology Use Policy for additional guidance).

Personal Communication Devices

Except with prior express authorization from their supervisor, members are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing memorandum of understanding or collective bargaining agreements, or if the member has prior express authorization from his/her supervisor, the member may engage in business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. (e) Members are prohibited from taking pictures, audio or video recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.

(f) Members will not access social networking sites for any purpose that is not official department business.

(g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

1. An investigation into improper conduct should be promptly initiated when circumstances warrant.

2. Before conducting any administrative search of a member’s personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

702.8 USE WHILE DRIVING
The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Members who are operating department vehicles that are not authorized emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use. (e) The memo further requests the destruction of all former versions of the form;
(f) The Records Supervisor maintains a Forms Book; including a copy of the new or updated form in this book for control purposes.

800.4 CRIME ANALYSIS DISSEMINATION
For a crime analysis system to function effectively, information should be disseminated to the appropriate units or persons on a timely basis. Information that is relevant to the operational and tactical plans of specific line units should be sent directly to them. Information relevant to the development of the Department's strategic plans should be provided to the appropriate staff units. When information pertains to tactical and strategic plans, it should be provided to all affected units.
Crime Analysis

Crime Analysis information is integral to the office of the Chief of Police and all department personnel. It is disseminated in the following manner:

(a) Weekly Compstat Meetings
(b) Monthly Reports
(c) Annual Goal Assessment
(d) Other reports as requested
Juvenile Operations

801.1 PURPOSE AND SCOPE
This policy is to establish guidelines and operational procedures for the department regarding aspects of preventing and combating juvenile delinquency.

801.2 RESPONSIBILITY OF DEPARTMENT MEMBERS
The West Sacramento Police Department recognizes the importance of preventing and combating juvenile delinquency. The department also further recognizes that traditional methods for dealing with juvenile offenders need to be supplemented. To meet its commitment to provide exceptional services to the community, the department participates in preventive programs and actions designed to prevent young people from developing criminal tendencies.

Officers have a wide range of alternatives they may employ when dealing with juvenile offenders from warnings to intake. It is the policy of the West Sacramento Police Department to implement problem-solving strategies through positive programs that deal with delinquency and youth crime.

All employees share in the responsibility for participating in and supporting the juvenile operations function to ensure that the appropriate action is taken in all cases where juveniles come to the attention of the department. All sworn personnel will maintain a working knowledge of the California Welfare and Institutions Code concerning the handling of juveniles and familiarize themselves with the various support programs the Juvenile Court uses. Each officer assists, as applicable, in the design and implementation of programs intended to prevent and control delinquent and criminal behavior by juveniles.

An annual review and written evaluation of juvenile operations will be conducted and included in the Department's Annual Report. This report will be reviewed and approved by the Chief of Police, or his/her designee, and will include all enforcement and prevention programs relating to juveniles.

801.3 SCHOOL RESOURCE OFFICERS
The West Sacramento Police Department recognizes the importance of having employees who are specially trained regarding the Juvenile Justice System. The School Resource Officers (SRO's) serve as the department's juvenile specialists. The SRO's assist in the development and implementation of delinquency prevention programs and act as the liaison between the department, schools, and other components of the Juvenile Justice System. This relationship ensures the department's juvenile policies and procedures are consistent with best practice and industry standards.

801.3.1 OUTSIDE COMMENT AND INPUT ON JUVENILE POLICIES
The School Resource Officer acts as a liaison between the police department and other juvenile agencies within Yolo County. The School Resource Officer will encourage other agencies to review and comment on policies pertaining to juveniles. This activity may be formal or informal as the opportunity becomes available. The SRO is responsible to submit comments through the chain
of command. The Police Department will also submit any policy changes regarding juveniles to the Yolo County Superior Court for review and input. The West Sacramento Police Department also seeks input on current juvenile policies from the Court System. Annually, or after an update, our Juvenile Policies are forwarded to the Yolo County Superior Court Judge who oversees the Juvenile Division asking for input or feedback pertaining to our policy. This helps to ensure a collaborative effort between our department and other Yolo County agencies.

**801.4 YOUTH COUNSELOR / JUVENILE DIVERSION**

The Youth Counselor for the West Sacramento Police Department is an integral part of our Youth Diversion efforts. The Youth Counselor conducts interviews and counsels juveniles and their families to determine a course of action and evaluate services that may be needed. This position works directly with juveniles who have been arrested to determine whether they are eligible for the Diversion Program or probation. Files are also maintained on each juvenile that are complete and accurate. These files are stored in a locked file cabinet within the Investigations Division. The Youth Counselor acts as a liaison between the Police Department and other agencies to identify delinquent youth and youth gangs to determine appropriate intervention and prevention techniques. The position is also a representative for the Police Department and youth services within the community and participates in planning efforts for youth diversion programs with agencies to include the Washington Unified School District.

Prior to packaging and if the quantity allows, a presumptive test should be made on all suspected narcotics. If conducted, the results of this test shall be included in the officer's report.

Narcotics and dangerous drugs shall be packaged in an envelope of appropriate size available in the report room. The booking officer shall initial the sealed envelope and the initials covered with cellophane tape. Narcotics and dangerous drugs shall not be packaged with other property.

The original copy of the lab form will remain with the evidence and the copy will be returned to the Property Section for filing with the original property report.

804.6.3 STATUS OF PROPERTY
Each person receiving property will make the appropriate entry to document the chain of evidence. Temporary release of property to officers for investigative purposes, or for court, shall be noted on the property control card, stating the date, time and to whom released.

The Property Evidence Technician shall obtain the signature of the person to whom property is released, and the reason for release. Any employee receiving property shall be responsible for such property until it is properly returned to property or properly released to another authorized person or entity.

Release of all property shall be documented on the property form.

With the exception of firearms and other property specifically regulated by statute, found property and property held for safekeeping shall be held for a minimum of 90 days. During such period, property personnel shall attempt to contact the rightful owner by telephone and/or mail when sufficient identifying information is available. Property not held for any other purpose and not claimed within 90 days after notification (or receipt, if notification is not feasible) may be auctioned to the highest bidder at a properly published public auction. If such property is not sold at auction or otherwise lawfully claimed, it may thereafter be destroyed (Civil Code § 2080.6). The final disposition of all such property shall be fully documented in related reports.
A Property Evidence Technician shall release the property upon proper identification being presented by the owner for which an authorized release has been received. A signature of the person receiving the property shall be recorded on the original property form. After release of all property entered on the property control card, the card shall be forwarded to the Records Section for filing with the case. If some items of property have not been released the property card will remain with the Property and Evidence Section. Upon release, the proper entry shall be documented in the Property Log.

Under no circumstances shall any firearm be returned to any individual unless and until such person presents valid identification and written notification from the California Department of Justice that conforms to the provisions of Penal Code § 33865.

The Property and Evidence Section Supervisor should also make reasonable efforts to determine whether the person is the subject of any court order preventing the person from possessing a firearm and if so, the firearm should not be released to the person while the order is in effect.

All parties should be advised that their claims are civil and in extreme situations, legal counsel for the Department may wish to file an interpleader to resolve the disputed claim (Code of Civil Procedure § 386(b)).

804.6.7 CONTROL OF NARCOTICS AND DANGEROUS DRUGS
The Detective Bureau will be responsible for the storage, control and destruction of all narcotics and dangerous drugs coming into the custody of this department, including paraphernalia as described in Health and Safety Code § 11364.

804.6.8 RELEASE OF FIREARM IN DOMESTIC VIOLENCE MATTERS
Within five days of the expiration of a restraining order issued in a domestic violence matter that required the relinquishment of a firearm, the Property Evidence Technician shall return the weapon to the owner if the requirements of Penal Code § 33850 and Penal Code § 33855 are met unless the firearm is determined to be stolen, evidence in a criminal investigation or the individual is otherwise prohibited from possessing a firearm (Family Code § 6389(g); Penal Code § 33855).

(b) If no petition has been initiated pursuant to Welfare and Institutions Code § 8102(c) and the weapon is not retained as evidence, the Department shall make the weapon available for return. No firearm will be returned unless and until the person presents valid identification and written notification from the California DOJ which conforms to the provisions of Penal Code § 33865.

(c) Unless the person contacts the Department to facilitate the sale or transfer of the firearm to a licensed dealer pursuant to Penal Code § 33870, firearms not returned should be sold, transferred, destroyed or retained as provided in Welfare and Institutions Code § 8102.

If the restrained person who owns the firearms or ammunition does not wish to have the firearm or ammunition returned, he/she is entitled to sell or transfer title to a licensed dealer, provided that the firearms or ammunition are legal to own or possess and the restrained person has right to title of the firearms or ammunition (Penal Code § 18120).

If a person other than the restrained person claims title to the firearms or ammunition surrendered pursuant to Penal Code § 18120 and the West Sacramento Police Department determines him/her to be the lawful owner, the firearms or ammunition shall be returned in accordance with the requirements of Penal Code § 33850 et seq. All reports including, but not limited to, initial, supplemental, follow-up, evidence, and all reports critical to a case shall be maintained in a secure area within the Records Section accessible only to authorized Records Section personnel. Access to report files after hours or when records personnel are otherwise not available may be obtained through the Watch Commander.

West Sacramento Police Department employees shall not access, view or distribute, or allow anyone else to access, view or distribute any record, file or report, whether hard copy or electronic file format, except in accordance with department policy and with a legitimate law enforcement or business purpose or as otherwise permissible by law.

806.2.1 REQUESTING ORIGINAL REPORTS
Generally, original reports shall not be removed from the Records Section. Should an original report be needed for any reason the requesting employee shall first obtain authorization from the Records Manager. All original reports removed from the Records Section shall be recorded on the Report Check-Out Log which shall constitute the only authorized manner by which an original report may be removed from the Records Section.

806.3 REQUISITION OF SUPPLIES
All personnel who are in need of supplies shall complete a Requisition of Supplies form available in the Records Section. The form shall be approved by a supervisor and submitted to the Supply Clerk in the Records Section.

Only Records Section personnel shall issue supplies from the supply room, and no supplies will be provided without a Requisition of Supplies form.

(f) Identifying missing case reports and notifying the responsible member’s supervisor.
806.4 DETERMINATION OF FACTUAL INNOCENCE
In any case where a person has been arrested by officers of the West Sacramento Police Department and no accusatory pleading has been filed, the person arrested may petition the Department to destroy the related arrest records. Petitions should be forwarded to the Administration Supervisor. The Administration Supervisor should promptly contact the prosecuting attorney and request a written opinion as to whether the petitioner is factually innocent of the charges (Penal Code § 851.8). Factual innocence means the accused person did not commit the crime.

Upon receipt of a written opinion from the prosecuting attorney affirming factual innocence, the Administration Supervisor should forward the petition to the Detective Bureau Supervisor and the City Attorney for review. After such review and consultation with the City Attorney, the Detective Bureau Supervisor and the Administration Supervisor shall decide whether a finding of factual innocence is appropriate.

Upon determination that a finding of factual innocence is appropriate, the Administration Supervisor shall ensure that the arrest record and petition are sealed for later destruction and the required notifications are made to the California DOJ and other law enforcement agencies (Penal Code § 851.8).

The Administration Supervisor should respond to a petition with the Department’s decision within 45 days of receipt. Responses should include only the decision of the Department, not an explanation of the analysis leading to the decision.

806.5 ITINERANT VENDOR BUSINESS LICENSE APPLICATION PROCESSING

806.5.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines for performing background investigations authorized by West Sacramento Municipal Code section 5.04.230(A) for the licensing of traveling merchants, hawkers, peddlers, itinerant vendors or taxicab drivers (“vendors”) pursuant to West Sacramento Municipal Code section 5.04.220.

West Sacramento Municipal Code sections 5.04.220 and 5.04.230(A) direct the business licensing officer to refer vendor license applications to the Police Chief and other City department officials for “investigations as they deem appropriate to be made of the facts in the application and of the activity for which the application is made, who shall make a report thereon to the business licensing officer.” (West Sacramento Municipal Code § 5.04.230(A).) The intent of this policy is to create a standardized scope of investigations and background criteria for the Police Department’s evaluation of vendor license applications.

806.5.2 PROCEDURE
Upon receipt of a vendor license application, the Police Chief or his or her designee shall:

(a) Review the application and verify the name, address, phone number, driver’s license number, and other factual information provided in the application. The verified information shall be stored in an electronic format by the Police Department for a
period of four (4) years for the purpose of investigating any future claims of criminal conduct against a vendor in the license area(s).

(b) The Police Chief or his or her designee shall perform a CLETS background check on vendor applicants. The following findings shall result in a Police Department recommendation to deny the license application:

i. That the vendor applicant has an existing warrant that cannot be cleared by written citation or arrest; or

ii. If the vendor applicant has been convicted within the ten (10) years preceding the application date, of any of the following categories of offenses:

   (1) Fraud;

   (2) Homicide, assault, or battery;

   (3) Any crime requiring registration pursuant to California Penal Code section 290, et seq.

The Police Chief or his or her designee shall provide the Business Licensing Officer with a Police Department recommendation to permit or deny the application based on the background check within seven (7) days of receipt of the application. Such time may be extended by the mutual agreement of the Business Licensing Officer and the Police Chief or his or her designee.

806.6 ARREST WITHOUT FILING OF ACCUSATORY PLEADING
The Uniformed Services Division Commander should ensure a process is in place for when an individual is arrested and released and no accusatory pleading is filed so that the following occurs (Penal Code § 849.5; Penal Code § 851.6):

(a) The individual is issued a certificate describing the action as a detention.

(b) All references to an arrest are deleted from the arrest records of the Department and the record reflects only a detention.

Restoration of Firearm Serial Numbers

808.1 PURPOSE AND SCOPE
The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines. This policy complies with Penal Code § 11108.9.

808.2 PROCEDURE
Any firearm coming into the possession of the West Sacramento Police Department as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

808.2.1 PRELIMINARY FIREARM EXAMINATION
(a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tubular magazine) as well as the chamber contents.

(b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.

(c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.

(d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

808.2.2 PROPERTY BOOKING PROCEDURE
Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated.
808.2.3 PROPERTY/EVIDENCE TECHNICIAN RESPONSIBILITY
The property/evidence technician receiving a firearm when the serial numbers have been removed or obliterated shall arrange for the firearm to be transported to the crime lab for restoration and maintain the chain of evidence. The evidence technician (CSI) can also; time permitting attempt to restore the removed or obliterated serial number.

808.2.4 DOCUMENTATION
Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released.

This report must include a record of the manner in which and/or from whom the firearm was received.

808.2.5 FIREARM TRACE
After the serial number has been restored (or partially restored) by the criminalistics laboratory, the Property Evidence Technician will complete a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) and forward the form to the NTC in Falling Waters, West Virginia or enter the data into the ATF eTrace system.

808.3 BULLET AND CASING IDENTIFICATION
Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the California Department of Justice (DOJ), crime lab, and National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic Identification System (IBIS) technology to search the national database and compare with ballistic evidence recovered from other crime scenes.

810.4 PROCESSING REQUESTS FOR PUBLIC RECORDS
Any department member who receives a request for any record shall route the request to the Custodian of Records or the authorized designee.

810.4.1 REQUESTS FOR RECORDS
Any member of the public, including the media and elected officials, may access unrestricted records of this department, during regular business hours by submitting a written and signed request that reasonably describes each record sought and paying any associated fees (Government Code § 6253).

The processing of requests for any record is subject to the following (Government Code § 6253):

(a) The Department is not required to create records that do not exist.

(b) Victims of an incident or their authorized representative shall not be required to show proof of legal presence in the United States to obtain department records or information. If identification is required, a current driver's license or identification card issued by any state in the United States, a current passport issued by the United States or a foreign government with which the United States has a diplomatic relationship or current Matricula Consular card is acceptable (Government Code § 6254.30).

(c) Either the requested record or the reason for non-disclosure will be provided promptly, but no later than 10 days from the date of request, unless unusual circumstances preclude doing so. If more time is needed, an extension of up to 14 additional days may be authorized by the Custodian of Records or the authorized designee. If an extension is authorized, the Department shall provide the requester written notice that includes the reason for the extension and the anticipated date of the response.

1. When the request does not reasonably describe the records sought, the Custodian of Records shall assist the requester in making the request focused and effective in a way to identify the records or information that would be responsive to the request including providing assistance for overcoming any practical basis for denying access to the records or information. The Custodian of Records shall also assist in describing the information technology and physical location in which the record exists (Government Code § 6253.1).

2. If the record requested is available on the department website, the requester may be directed to the location on the website where the record is posted. If the requester is unable to access or reproduce the record, a copy of the record shall be promptly provided.

   1. A copy of the redacted release should be maintained in the case file for proof of what was actually released and as a place to document the reasons for the redactions. If the record is audio or video, a copy of the redacted audio/video release should be maintained in the department-approved media storage system and a notation should be made in the case file to document the release and the reasons for the redacted portions.

(f) If a record request is denied in whole or part, the requester shall be provided a written response that includes the statutory exemption for withholding the record or facts that the public interest served by nondisclosure outweighs the interest served by disclosure (Government Code § 6255). The written response shall also include the names, titles or positions of each person responsible for the denial.

810.5 RELEASE RESTRICTIONS

Examples of release restrictions include:

(a) Personal identifying information, including an individual’s photograph; Social Security and driver identification numbers; name, address, and telephone number; and medical or disability information that is contained in any driver license record, motor vehicle record, or any department record including traffic collision reports, are restricted except as authorized by the Department, and only when such use or disclosure is permitted or required by law to carry out a legitimate law enforcement purpose (18 USC § 2721; 18 USC § 2722).

Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, City Attorney or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Department so that a timely response can be prepared.

810.7 RELEASED RECORDS TO BE MARKED
Each page of any written record released pursuant to this policy should be stamped in a colored ink or otherwise marked to indicate the department name and to whom the record was released.

Each audio/video recording released should include the department name and to whom the record was released.

810.8 SEALED RECORD ORDERS
Sealed record orders received by the Department shall be reviewed for appropriate action by the Custodian of Records. The Custodian of Records shall seal such records as ordered by the court. Once the record is sealed, members shall respond to any inquiry as though the record did not exist (Penal Code § 851.8; Welfare and Institutions Code § 781).

Once the record is expunged, members shall respond to any inquiry as though the record did not exist.

The Records Manager shall ensure notice is given anytime there is a reasonable belief an unauthorized person has acquired either unencrypted personal identifying information or encrypted personal information along with the encryption key or security credential stored in any Department information system (Civil Code § 1798.29).

Notice shall be given as soon as reasonably practicable to all individuals whose information may have been acquired. The notification may be delayed if the Department determines that notification will impede a criminal investigation or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system.

For the purposes of this requirement, personal identifying information includes an individual’s first name or first initial and last name in combination with any one or more of the following:

- Social Security number

(b) The notice may also include information about what the West Sacramento Police Department has done to protect individuals whose information has been breached and may include information on steps that the person whose information has been breached may take to protect him/herself (Civil Code § 1798.29).

1. Notification may be provided electronically or in another form directing the person to promptly change either his/her password or security question and answer, as applicable, or to take other appropriate steps to protect the online account with the Department in addition to any other online accounts for which the person uses the same username or email address and password or security question and answer.
2. When the breach involves an email address that was furnished by the West Sacramento Police Department, notification of the breach should not be sent to that email address but should instead be made by another appropriate medium as prescribed by Civil Code § 1798.29.

(a) Notice may be provided by one of the following methods (Civil Code § 1798.29):

1. Written notice.

(b) Conspicuous posting of the notice on the department’s webpage for a minimum of 30 days.

4. Notification to major statewide media and the California Information Security Office within the California Department of Technology.

(b) If a single breach requires the Department to notify more than 500 California residents, the Department shall electronically submit a sample copy of the notification, excluding any personally identifiable information, to the Attorney General.

810.11 RELEASE OF AUDIO OR VIDEO RECORDINGS RELATED TO CRITICAL INCIDENTS

Video and audio recordings related to critical incidents shall be released upon a proper public record request and subject to delayed release, redaction, and other release restrictions as provided by law (Government Code § 6254(f)(4)).

For purposes of this section, a video or audio recording relates to a critical incident if it depicts an incident involving the discharge of a firearm at a person by an officer, or depicts an incident in which the use of force by an officer against a person resulted in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) (Government Code § 6254(f)(4)).

The Custodian of Records should work as appropriate with the Chief of Police or the Professional Standards Bureau supervisor in determining what recordings may qualify for disclosure when a request for a recording is received and if the requested recording is subject to delay from disclosure, redaction, or other release restrictions.

810.11.1 DELAY OF RELEASE

Disclosure of critical incident recordings during active criminal or administrative investigations may be delayed as follows if disclosure would substantially interfere with the investigation, such as by endangering the safety of a witness or a confidential source:

(a) Disclosure may be delayed up to 45 days from the date the Department knew or reasonably should have known about the incident.

(b) Delay of disclosure may continue after the initial 45 days and up to one year if the Department demonstrates that disclosure would substantially interfere with the investigation.

(c) Any delay of disclosure longer than one year must be supported by clear and convincing evidence that disclosure would substantially interfere with the investigation (Government Code § 6254(f)(4)).
810.11.2 NOTICE OF DELAY OF RELEASE
When there is justification to delay disclosure of a recording, the Custodian of Records shall provide written notice to the requester as follows (Government Code § 6254(f)(4)):

(a) During the initial 45 days, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination that disclosure would substantially interfere with the investigation. The notice shall also include the estimated date for the disclosure.

(b) When delay is continued after the initial 45 days, the Custodian of Records shall promptly provide the requester with written notice of the specific basis for the determination that the interest in preventing interference with an active investigation outweighs the public interest in the disclosure, and the estimated date for the disclosure. The Custodian of Records should work with the Chief of Police in reassessing the decision to continue withholding a recording and notify the requester every 30 days.

Recordings withheld shall be disclosed promptly when the specific basis for withholding the recording is resolved.

810.11.3 REDACTION
If the Custodian of Records, in consultation with the Chief of Police or authorized designee, determines that specific portions of the recording may violate the reasonable expectation of privacy of a person depicted in the recording, the Department should use redaction technology to redact portions of recordings made available for release. The redaction should not interfere with the viewer's ability to fully, completely, and accurately comprehend the events captured in the recording, and the recording should not otherwise be edited or altered (Government Code § 6254(f)(4)).

If any portions of a recording are withheld to protect the reasonable expectation of privacy of a person depicted in the recording, the Custodian of Records shall provide in writing to the requester the specific basis for the expectation of privacy and the public interest served (Government Code § 6254(f)(4)).

810.11.4 RECORDINGS WITHHELD FROM PUBLIC DISCLOSURE
If the reasonable expectation of privacy of a person depicted in the recording cannot adequately be protected through redaction, and that interest outweighs the public interest in disclosure, the Department may withhold the recording from the public, except that the recording, either redacted or unredacted, shall be disclosed promptly, upon request, to any of the following (Government Code § 6254(f)(4)):

(a) The person in the recording whose privacy is to be protected, or his/her authorized representative.

(b) If the person is a minor, the parent or legal guardian of the person whose privacy is to be protected.
Records Maintenance and Release

(c) If the person whose privacy is to be protected is deceased, an heir, beneficiary, designated immediate family member, or authorized legal representative of the deceased person whose privacy is to be protected.

If the Department determines that this disclosure would substantially interfere with an active criminal or administrative investigation, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination and the estimated date of disclosure (Government Code § 6254(f)(4)).

The Department may continue to delay release of the recording from the public for 45 days with extensions as provided in this policy (Government Code § 6254(f)(4)(A)).
Protected Information

812.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the access, transmission, release and security of protected information by members of the West Sacramento Police Department. Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Section to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, cellular telephone or any other type of wireless transmission to members in the field or in vehicles through any computer or electronic device, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of officers, other department members or the public is at risk.

Nothing in this policy is intended to prohibit broadcasting warrant information.

(c) Establishing procedures to provide for the preparation, prevention, detection, analysis and containment of security incidents including computer attacks.
(d) Tracking, documenting and reporting all breach of security incidents to the Chief of Police and appropriate authorities.

812.6.1 MEMBER RESPONSIBILITIES
Members accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk; in or on an unattended vehicle; in an unlocked desk drawer or file cabinet; on an unattended computer terminal).

812.7 TRAINING
All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies authorized access and use of protected information, as well as its proper handling and dissemination.

812.8 CALIFORNIA RELIGIOUS FREEDOM ACT
Members shall not release personal information from any agency database for the purpose of investigation or enforcement of any program compiling data on individuals based on religious belief, practice, affiliation, national origin or ethnicity (Government Code § 8310.3).
Computers and Digital Evidence

814.1 PURPOSE AND SCOPE
This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

814.2 SEIZING COMPUTERS AND RELATED EVIDENCE
Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

(a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.

(b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.

(c) If the computer is off, do not turn it on.

(d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
   1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
   2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery).

(e) Label each item with case number, evidence sheet number, and item number.

(f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.

(g) Lodge all computer items in the Property Room. Do not store computers where normal room temperature and humidity is not maintained.

(h) At minimum, officers should document the following in related reports:
   1. Where the computer was located and whether or not it was in operation.
   2. Who was using it at the time.
   3. Who claimed ownership.
4. If it can be determined, how it was being used.

(i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

814.2.1 BUSINESS OR NETWORKED COMPUTERS
If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

814.2.2 FORENSIC EXAMINATION OF COMPUTERS
If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

(a) Copy of report(s) involving the computer, including the Evidence/Property sheet.
(b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.
(c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).
(d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

814.3 SEIZING DIGITAL STORAGE MEDIA
Digital storage media including hard drives, floppy discs, CD's, DVD's, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

(a) If the media has a write-protection tab or switch, it should be activated.
(b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request the Property and Evidence Section to copy the contents to an appropriate form of storage media.
(c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
(d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.

(e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

814.4 SEIZING PCDS
Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

(a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.

(b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a faraday bag, to prevent the device from sending or receiving information from its host network.

(c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

814.5 DIGITAL EVIDENCE RECORDED BY OFFICERS
Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

814.5.1 COLLECTION OF DIGITAL EVIDENCE
Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

814.5.2 SUBMISSION OF DIGITAL MEDIA
The following are required procedures for the submission of digital media used by cameras or other recorders:

(a) The recording media (smart card, compact flash card or any other media) shall be brought to the Property and Evidence Section as soon as possible and submitted into evidence.

(b) Officers are not authorized to review or copy memory cards. The evidence technicians are the only employees authorized to copy and/or distribute digital media made from the memory cards.
(c) As soon as possible following the collection of evidence, the camera operator is to remove the memory card from their digital camera and place the card into a plastic carrier. The card and carrier are then to be placed into a zip-lock type baggie. The camera operator shall write their name and the related case number on the outside of the baggie before placing in an evidence locker along with the evidence form.

(d) Evidence technicians will make a copy of the memory card using appropriate storage media. Once they have verified that the images properly transferred to the storage media, the technicians will erase the memory card for re-use. The storage media will be marked as the original.

(e) Officers requiring a copy of the digital files must request a copy on the evidence form when submitted to evidence.

814.5.3 DOWNLOADING OF DIGITAL FILES
Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

(a) Files should not be opened or reviewed prior to downloading and storage.

(b) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

814.5.4 PRESERVATION OF DIGITAL EVIDENCE

(a) Only Crime Scene Investigators and Evidence Technicians are authorized to copy original digital media that is held as evidence. The original digital media shall remain in evidence and shall remain unaltered.

(b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.

(c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.
Evidence Preservation and Collection

815.1 PURPOSE AND SCOPE
The West Sacramento Police Department has procedures in place that deal with protecting, collecting and preserving physical evidence, to aid in the identification and successful prosecution of offenders.

815.2 INTER-DEPARTMENT COORDINATION OF FORENSIC SERVICES
(a) Crime Scene Uniformed Services (CSI) is a component of the Investigations Division. Upon a Police Officer's request, CSI personnel report to a crime scene and hold the primary responsibility for the collection and preservation of evidence. In situations requiring the services of CSI personnel, Police Officers must assist upon request and maintain security of the scene. A further role of the requesting Police Officer is reporting initial crime scene observations in detail.

(b) When a supervisor arrives at a crime scene, he/she has the responsibility of directing the patrol officer on scene, the Detective and CSI personnel.

815.3 EMPLOYEES RESPONSIBILITIES AT CRIME SCENES
(a) When a Police Officer is investigating the following crimes, the officer has the discretion to request CSI personnel to evaluate, photograph and process the scene for physical evidence:
   - Homicide.
   - Suicide.
   - Rape.
   - Arson.
   - Robbery.
   - Serious Assaults.
   - Burglary
   - Recoveries of stolen vehicles that were originally reported to the Police Department.

(b) This list does not limit requesting CSI personnel on other offenses not listed, where evidence requires processing.

(c) The Investigations Division Supervisor decides what response is appropriate given the scope of the crime and whether more than one CSI is needed. A supervisor must contact the Uniformed Services Supervisor when any of the following situations exist:
Evidence Preservation and Collection

(d) Homicide and any other questionable death including, but not limited to, Sudden Infant Death Syndrome.
   - Fatal or potentially fatal traffic crashes.
   - Shooting or use of lethal force involving an employee.

(e) The Uniformed Services Supervisor may make a personal response or designate another employee to respond.

(f) When investigating complex fatal or potentially fatal traffic crashes, in addition to requesting the CSI personnel, and contacting the Uniformed Services Supervisor, the Traffic/Parking Safety Unit Supervisor must be notified.

(g) The responding Uniformed Services Supervisor and/or the designated Traffic Collision Investigator are responsible for:
   - Conducting the on-scene investigation and interviews of witnesses.
   - Completing all necessary reports and diagrams.
   - Insuring that all physical evidence is documented or collected.
   - Conducting any follow-up investigation.
   - Reviewing the facts of investigation with the District Attorney's Office.

(h) At the scene of a major crime it is the responsibility of the first employee on scene to limit access to essential personnel. Usually, essential personnel are CSI, investigator and supervisors. The securing employee must begin a log, recording the name and Department of all employees and any other persons who enter the crime scene. The log must also include the arrival and departure times of those persons. The log is will be submitted with the original report.

(i) Employees must not disturb, touch or handle physical evidence unless there is a danger of loss or destruction of the evidence prior to the arrival of CSI personnel. In that situation the employee must mark, tag and preserve the evidence until it can be released to CSI.

(j) When Uniformed Services Officers or Investigator have processed the crime scene, they must place all evidence into a secure evidence storage locker after properly packaging, marking, sealing and tagging it.

(k) CSI personnel receive training from the Department of Justice Crime Laboratory and other P.O.S.T. approved courses in the collection and preservation of evidence. These areas include:
   - Drugs and Narcotics
   - Arson Debris and Liquids
   - Explosives
Evidence Preservation and Collection

- Gun Shot Residue
- Question Documents
- Firearms
- Serology
- Trace
- Fingerprints
- Photography

815.4 CRIME SCENE INVESTIGATOR AVAILABILITY
   (a) At least one Crime Scene Investigator is on duty or available twenty-four hours daily. When an employee arrives at the scene of a major crime or a serious traffic crash, he/she should request that CSI personnel respond within a reasonable amount of time.
   (b) When CSI personnel are not available to respond, Police Department Supervisors may request Criminalists, Latent Analysts, or Investigators from the Department of Justice to respond and help with evidence collection and investigations of serious or complex crime scenes.

815.5 COLLECTION OF EVIDENCE FROM KNOWN SOURCES
Whenever such materials or substances are available, and it is legal to do so, CSI personnel must collect standards from known sources. CSI personnel submit these known source items to the Department of Justice Crime Laboratory for comparison with physical evidence collected at the crime scene. Such materials and substances include:

- Blood
- Biological fluids
- Hair
- Fibers
- Paint
- Glass
- Wood
- Metal
- Soil
- Tools
- Footwear
815.6 MARKING PHYSICAL EVIDENCE

(a) Patrol Officers, Uniformed Services employees or CSI personnel must mark physical evidence as soon as possible. The mark should consist of the employee's initials, badge number, and date, and employees should make it with an indelible pen or scribe in a location that does not mutilate or affect the item's value.

(b) The employee must seal the item of evidence in a proper container and place his/her mark and date on the seal. The employee must complete and securely attach a property tag to the container. The employee is responsible for placing the item in a secure evidence locker or the Property Room.

815.7 REQUIREMENTS TO INVENTORY COLLECTED EVIDENCE

Employees must list all physical evidence they collect from a crime scene on a property/evidence report form. The report must include the following information:

• Description of the item (including amount, make, model and serial number).
• Location of the item's recovery.
• Collecting employee's name.

When CSI personnel collect evidence or take photographs at a scene, they must complete a property/evidence report form that describes the items of evidence, place of recovery and disposition. CSI personnel must also document the situation, on a supplemental report, when no evidence is collected.

815.8 COLLECTING AND PRESERVING PERISHABLE EVIDENCE

When collecting perishable evidence such as body fluid stains, items with body fluid stains or other biological materials, CSI personnel use the following procedures:

(a) Items with Body Fluid Stains - CSI personnel must air-dry these items before packaging them. A secure drying closet is available in the Evidence Warehouse for this purpose. CSI should take care to avoid cross contamination. After the items are thoroughly dry, the CSI must package the items separately, in brown wrapping paper, a paper evidence bag or envelope.

(b) Liquid Blood and Semen - CSI personnel collect fresh liquid samples using sterile cotton swabs. CSI places the sample into an appropriate box or envelope. All seams must have a cellophane tape lining (adhesive side down).

(c) Dry Blood and Semen - CSI personnel, whenever possible will submit the entire object that has the stain on it. When the stain is on a wall, floor or like object, the CSI personnel must moisten a cotton swab with distilled water. Then lightly rub the moist swab on the stain transferring the stain from the surface to swab. CSI must control the transfer to concentrate the stain on the gauze or swab as much as possible. CSI places
Evidence Preservation and Collection

the sample into an appropriate box or envelope. All seams must have a cellophane tape lining (adhesive side down).

1. The CSI personnel must, when possible collect control samples from the same surface (immediate area) as the dry stains. Collection and packaging are the same as for dry stains.

(d) Tissue or Biological Material - CSI personnel collect other types of stains using the same procedures as for liquid and dry stains. CSI must freeze any tissue or biological material that is not dry.

1. When an employee receives a Sexual Assault, or D.U.I. Evidence Collection Kit from a hospital, the Kit must be properly marked, sealed and tagged. The Kit must include the name of the person providing the evidence. The employee must also attach a "Biohazard" sticker to the package. The employee takes the sealed kit as quickly as possible to the Bag & Tag Room or Property Room, securing it in the refrigerator following the Property and Evidence Control General Order.

815.8.1 COLLECTING AND PRESERVING LIQUID BIOLOGICAL EVIDENCE

(a) In the event that blood and/or urine specimens are taken as evidence, the employee must properly package, mark, seal, and tag the blood and/or urine container. Caution: Employees must use protective gear when handling biological evidence. The employee immediately takes the specimen to the Property Room, securing it in the refrigerator following the procedures in the General Orders Manual chapter on Property and Evidence Control. It is the responsibility of the employee to complete and forward the Evidence Request Card to Crime Scene Uniformed Services. Transportation of the blood/urine to either the DOJ Crime Lab or Valtox Laboratory occurs in the same manner as all other evidence.

(b) Collection and packaging guidelines are as follows:

(c) Urine specimens for alcohol and/or drug screens must be in a plastic container. The employee should have the subject urinate into a plastic collection container. The employee then secures the lid on the container. The employee must list the following information on the container:

- Subject's name.
- Case number.
- Date and time of collection.
- Name of persons collecting and/or sealing the sample.

(d) The employee places the specimen container inside a plastic bag and seals the bag with tape. Note: Do not seal the plastic container with tape. The employee places the plastic bag in an evidence envelope or box, seals the package, and then attaches
a "Biohazard" sticker and property tag to the package exterior. The employee must ensure that refrigeration of the specimen, below forty-two degrees Fahrenheit, occurs as quickly as possible.

(e) Medical personnel collect blood specimens for alcohol and/or drug screens in a gray top vacutainer. Employees must complete the information on the D.U.I. Evidence Collection Kit box, and then attach a "Biohazard" sticker and a property tag to the bottom of the box. Employees must ensure that the medical personnel sealed the box.

(f) Blood standards for serology analysis must be put in lavender top vacutainers. The employee labels the vacutainer with the following information:

- Subject's name.
- Case number.
- Date and time of collection.
- Name of persons collecting and/or sealing the sample.

(g) The employee places the specimen container inside a plastic bag and seals the bag with tape. The plastic bag is placed in a sealed evidence envelope or box, with a "Biohazard" sticker and property tag adhered to the package exterior.

(h) Employees should try to obtain both blood and urine specimens in vehicular homicide or potential vehicular homicide cases. It is the investigating employee's responsibility to notify the Uniformed Services Supervisor that the sample is part of a vehicular homicide or potential vehicular homicide investigation. The Department of Justice Crime Laboratory conducts alcohol and drug screens on all vehicular or potential vehicular homicides.

815.9 PROCESSING AND PRESERVING STOLEN VEHICLE EVIDENCE

(a) When an employee recovers a stolen vehicle (originally reported to the Police Department) he/she can either process the vehicle and its contents for evidence or call out CSI personnel. When an employee recovers a vehicle originally reported stolen to another Department, the employee secures the vehicle preserving the opportunity for it to be processed by that Department. Upon request, CSI personnel or officers may process other agencies stolen vehicles, if staffing permits.

(b) If CSI personnel are not available, and the employee is unable to process the vehicle for evidence, the patrol supervisor has the discretion of towing the vehicle for processing at a later time.

(c) It is the responsibility of the recovering officer to notify or attempt to notify the owner of the vehicle of the recovery.

(d) It is the responsibility of the recovering employee to ensure that proper notification is made to the reporting agency and the victim.
Evidence Preservation and Collection

815.10 CRIME SCENE AND EVIDENTIARY PHOTOGRAPHY

(a) Photographs of crime and crash scenes are extremely helpful in documenting a scene. Employees should take enough photographs at a scene to portray a true and accurate representation of the scene. Employees should show significant aspects of the scene.

(b) It is the responsibility of CSI personnel or the police officer to photograph crime scenes and traffic crashes. The photographer will utilize a digital camera when taking photographs of the crime scene or crash. The photographer will record the following information on the Property Sheet.

- Case Number
- Type of complaint
- Complainants' name
- Complainant's address
- Suspect's name, if known
- Suspect's address, if known
- Date and time photographs taken
- Photographer's name

(c) When it is necessary to record the exact size of an item in a photograph, the photographer should place a scale next to the item and photograph it at a right angle. The photographer must take an additional photograph without the scale, using the same camera settings and position.

(d) All requests from complainants, legal firms or outside agencies for copies of photographs taken by CSI personnel or other employees shall be referred to either the Property/Evidence Technician or Crime Scene Uniformed Services.

e. Video cameras are also available for documenting crime and crash scenes. CSI personnel must videotape all homicides fatal and/or serious accidents. CSI personnel should videotape any complex scene.

f. Employees must mark, package, tag and place videotapes of crime and crash scenes into the Property Room. This directive applies to any audio and/or videotapes that are subject to use in court for evidentiary reasons, including patrol vehicle videotapes.

815.11 COLLECTING, PROCESSING AND PRESERVING DIGITAL MEDIA

(a) Digital media obtained by employees can be in the form of audio video or photographic images. The purpose of collecting digital media is to provide an accurate unbiased record of enforcement related and non-criminal incidents that will enhance criminal prosecution and limit civil liabilities such as incidents where department personnel are
Evidence Preservation and Collection

responsible for property damage and aid in complaint resolution such as incidents where allegations may be made of personnel misconduct. Although broad, digital media collected for these purposes will be referred to herein as "evidence".

(b) For purposes of preservation, employees shall download ALL digital media, including video recordings, photographs and voice recordings onto a CD or DVD and book as evidence with the Property/Evidence Technician in accordance with this Order. In addition, photographic images shall also be printed and forwarded along with the crime report for processing.

(c) Employees will also include in their report, a section in the narrative indicating that video, audio or photographic evidence was obtained and retained as evidence.

(d) All digital media shall be stored in a secure location with limited access by Property/Evidence personnel.

(e) No digital media collected as evidence shall be retained once copied and booked as evidence. Original shall be deleted, destroyed or erased once the download is complete.

(f) Copies of digital media evidence must be obtained via department procedure. as outlined in WSPD General Order 8.4.1 - Property Evidence and Control, Section G. Temporary and Final Release of Property and Evidentiary items.

(g) No video, audio or photographic media will be released to any person, news organization or any other entity outside of law enforcement without express consent of the Chief of Police or designee. Any Police Department employee releasing media without the express permission of the Chief of Police will be subject to discipline.

815.12 COLLECTING AND PRESERVING LATENT PRINT EVIDENCE

(a) When processing any crime scene for latent prints, employees must follow these guidelines:

- CSI personnel may photograph latent impressions at any scene when necessary to avoid loss of the evidence.
- CSI personnel must place the latent lift on a Latent Fingerprint Card and complete the following information:
  - Complainant's name.
  - Place of Occurrence.
  - Date of Occurrence.
  - Processor's name and badge number.
  - Location and direction of lift (at scene or other location.)
Evidence Preservation and Collection

- Sketch of object.
- Crime code.
- Case number.

(b) CSI personnel are responsible for the development of latent impressions on items of evidence submitted by officers or evidence collected that could not be processed at the scene. CSI personnel are trained in processing various surfaces using a variety of methods, i.e.: powders, small particle reagent, super glue fuming, Ninhydrin, iodine fuming, and crystal violet. If additional processing is warranted, CSI will forward the specimen to the Department of Justice Manual Latent Division for additional testing. It is the discretion of the CSI to determine when an article requires further examination.

(c) The Department retain all inked fingerprints, palm print and latent print cards that the department compiles, on file. When requesting latent print comparisons with a known suspect, the requesting employee must include an Evidence Request Card with the suspect’s date of birth or case number if known.

815.13 CRIME SCENE INVESTIGATION UNIT EQUIPMENT
CSI vehicles have special equipment for processing all types of crime scenes. The equipment in each CSI vehicle is for the following purpose:

- Recovery of latent prints
- Photography
- Scene sketches and diagrams
- Traffic Crash Uniformed Services
- Collection and preservation of physical evidence
- Metal Detection Kit
- Biohazard Personal Protective Equipment
- Biohazard Spill Kit

CSI has a secure drying closet, a fume hood and a portable generator.

Additional equipment such as ladders, portable generator and lights, portable super glue fuming equipment, and other equipment are available upon request.

815.14 CRIME SCENE SKETCHES AND DIAGRAMS
Crime scene sketches and diagrams are often useful tools for documenting serious or complex crime scenes. When CSI personnel make crime scene sketches in the field, they should contain the following information:

- Dimensions
Evidence Preservation and Collection

- Relation of the crime scene to other buildings, geographical features or roads
- Address (floor or room number) as appropriate
- Location of significant features of the scene, including the victim
- Date and time of preparation
- Names of person preparing the sketch
- Direction of North
- Location of items of physical evidence
- Sufficient additional information necessary to complete a final drawing later

Crime scene sketches and diagrams are mandatory at all homicides, fatal and serious accident scenes, and other serious crimes.

CSI personnel should retain their field sketches and handwritten notes.

815.15 REQUIREMENTS FOR REPORTING SCENE REPORTING

(a) It is the responsibility of CSI personnel who process a crime or traffic crash scene to submit a complete report on the sequence of events associated with his/her scene investigation. The reports must contain the following information:
   - Date and time of arrival at the scene
   - Location of the scene
   - Victim's name (if known)
   - Suspect's name (if known)
   - Actions taken at the scene including photography, videography, measurements etc.
   - List of physical evidence

(b) The same responsibilities for accurate crime scene reporting also apply to all other employees.

(c) When the need arises to collect and store computer equipment as evidence, the Uniformed Services supervisor shall be notified and a request will be made to have the investigator assigned to the Financial Crimes Unit respond to the scene. Trained personnel must properly collect computer equipment and related apparatus to ensure that actions taken should not add, modify, or destroy data.

(d) All collected electronic evidence will be properly documented. If the computer is on, leave it on. If the computer is off, leave it off. Photograph the entire scene including the front of the computer screen and record displayed information if applicable. Identify
telephone lines attached to devices such as modems and caller ID boxes. Label each telephone line from the walls if possible.

(e) Label, photograph and inventory all electronic evidence including cables prior to disconnect to allow for later reassembly. Consider and properly package for possible latent analysis. If the computer is on, remove the power source cable from the computer, not from the wall outlet.

(f) Remove floppy disks, tape drives thumb drives, removable media drives, CD-ROM drives, other devices that can copy documents into a computer, magnetic tapes, and other removable storage media. Package and label properly for evidence storage.

(g) Keep electronic evidence away from magnetic sources, radio transmitters, and speaker magnets. These sources are examples of items that can damage electronic evidence.

(h) Maintain the chain of custody on all evidence transported.

(i) Potential evidence such as dates, times and system configurations can be lost as a result of prolonged storage, therefore evidence personnel should be informed that a device powered by batteries is in need of immediate attention.

815.16 DOCUMENTING TRANSFER OF CUSTODY OF PHYSICAL EVIDENCE

(a) As part of the chain of evidence, each time there is a transfer in custody of physical evidence, documentation of that transfer must occur. Property Room personnel must complete the Chain of Custody form which will contain the following:

- The item number
- The reason for transfer (laboratory, court, inspection, other.)
- The transfer date
- Signature of the Property Room employee
- Signature of the receiving employee

(b) When removing evidence from the Property Room, employees must sign the yellow chain of custody property/evidence form. The chain of custody must include the employee's name, badge number, date, time and where the evidence is being taken. The item is bar-coded by either the Property/Evidence Technician or CSI personnel to indicate transfer.

(c) Property Room personnel log the date and time of return on the chain of custody property/evidence form. The Property Room employee and the returning officer both sign the form. The property/evidence form remains on file in the Property/Evidence Technician's office.
Evidence Preservation and Collection

(d) When necessary for one employee to transfer evidence to another, the transferring employee must sign the chain of custody on the property/evidence form as well as the receiving employee.

(e) When an employee receives evidence from another Department or a hospital he/she must document the receipt of the evidence by marking the property tag and container. The mark must include the receiving employee’s name, badge number, date, time and the name of the person who is giving him the evidence. The receiving employee must, if possible, include in his report the other Department or hospital's chain-of-custody and complete a WSPD property/evidence report form describing said evidence. The employee then secures the evidence in an evidence locker.

815.17 SUBMITTING EVIDENCE TO THE CRIME LABORATORY
The responsibility for submitting evidence and requesting laboratory examinations lies primarily with the Identification Unit with the following stipulations:

(a) When CSI personnel process a scene, they are responsible for submitting the evidence and any requests for laboratory examination of the evidence to the crime laboratory. Evidence packaging and transmittal must occur according to the procedures indicated in the Property and Evidence Control Manual.

(b) When employees other than CSI personnel process scenes they are responsible for submitting an Evidence Request form to the Identification Unit. CSI personnel then completes a Forensic Services Report, requesting the types of laboratory analysis necessary.

(c) At crime scenes where processing by two or more CSI personnel occur, one is responsible for submitting the Forensic Services Report, requesting the types of laboratory analysis necessary.

(d) It is the responsibility of the case investigator to review Forensic Services Reports for his cases. If additional types of laboratory analysis are necessary or new or additional evidence becomes available, the investigator must submit a new Evidence Request Card to CSI, concerning the additional analysis.

(e) The Department of Justice provides written reports pertaining to the results of all evidence analysis they perform. Employees must forward the original of this report to Records, for filing with the original reports on the offense. The case investigator keeps a photocopy of the report for the Uniformed Services Section case file.
Jeanne Clery Campus Security Act

822.1 PURPOSE AND SCOPE

822.2 POLICY
The West Sacramento Police Department encourages accurate and prompt reporting of all crimes and takes all such reports seriously (20 USC § 1092(f)(1)(C)(iii)). Reports will be accepted in any manner, including in person or in writing, at any West Sacramento Police Department facility. Reports will be accepted anonymously, by phone or via email or on the institution’s website.

It is the policy of the West Sacramento Police Department to comply with the Clery Act. Compliance with the Clery Act requires a joint effort between the West Sacramento Police Department and the administration of the institution.

Supervisors assigned areas of responsibility in the following policy sections are expected to be familiar with the subsections of 20 USC § 1092(f) and 34 CFR 668.46 that are relevant to their responsibilities.

822.3 POLICY, PROCEDURE AND PROGRAM DEVELOPMENT

(a) Ensure that the West Sacramento Police Department establishes procedures for immediate emergency response and evacuation, including the use of electronic and cellular communication and testing of these procedures (20 USC § 1092(f)(1)(J)(i); 20 USC § 1092(f)(1)(J)(iii)).

(b) Enter into written agreements as appropriate with local law enforcement agencies to (Education Code § 67381.1):

Communication Operations

823.1 PURPOSE AND SCOPE
The basic function of the communications system is to satisfy the immediate information needs of the law enforcement agency in the course of its normal daily activities and during emergencies. The latter situation places the greatest demands upon the communications system and tests the capability of the system to fulfill its functions. Measures and standards of performance are necessary to assess the effectiveness with which any department, large or small, uses available information technology in fulfillment of its missions.

823.1.1 FCC COMPLIANCE
West Sacramento Police Department radio operations shall be conducted in accordance with Federal Communications Commission (FCC) procedures and guidelines.

823.2 COMMUNICATION OPERATIONS
This department provides 24-hour telephone service to the public for information or assistance that may be needed in emergencies. The ability of citizens to telephone quickly and easily for emergency service is critical. This department provides access to the 911 system for a single emergency telephone number. This department has two-way radio capability providing continuous communication between Yolo Emergency Communications Agency and officers.

823.2.1 COMMUNICATIONS LOG
It shall be the responsibility of Yolo Emergency Communications Agency to record all relevant information on calls for criminal and non-criminal service or self-initiated activity. Employees shall attempt to elicit as much information as possible to enhance the safety of the officer and assist in anticipating conditions to be encountered at the scene. Desirable information would include, at a minimum, the following:

- Control number
- Date and time of request
- Name and address of complainant, if possible
- Type of incident reported
- Location of incident reported
- Identification of officer(s) assigned as primary and backup
- Time of dispatch
- Time of the officer’s arrival

Operations are more efficient and officer safety is enhanced when dispatchers, supervisors, and fellow officers know the status of officers, their locations and the nature of cases.

823.3.1 OFFICER IDENTIFICATION
Identification systems are based on factors such as beat assignment and officer identification numbers. Employees should use the entire call sign when initiating communication with the dispatcher. The use of the call sign allows for a brief pause so that the dispatcher can acknowledge the appropriate unit. Employees initiating communication with other agencies shall use their entire call sign. This requirement does not apply to continuing conversation between the mobile unit and dispatcher once the mobile unit has been properly identified.
Community Service Officer Program

824.1 PURPOSE AND SCOPE
The deployment of Community Service Officers (CSO) within the patrol function are designed to relieve police officers of some of the more minor and routine tasks that can more effectively and economically be handled by civilian employees. This assists in freeing up police officers to deal with higher priority tasks and the investigation of criminal activities more commensurate with their training and expertise.

824.2 DUTIES
Community Service Officers duties include but are not limited to:

(a) Cold Felony and Misdemeanor Property Crimes Reporting
(b) Missing persons reports and clear-ups
(c) Fraud Reports
(d) Restraining Order violations where suspect is not on scene
(e) Stolen vehicle reports and recoveries
(f) Basic crime scene investigation activities
(g) Found property recovery and booking
(h) Traffic control functions
(i) Towing vehicles at the direction of a sworn officer
(j) Other tasks as assigned by the Chief of Police or his/her designee

CSO’s are authorized by California Vehicle Code 22651 to order the towing of vehicles, issue parking citations, and enforce any other traffic provisions of the vehicle code authorized for non sworn personnel.

Community Service Officers are civilian employees and are not sworn police officers. As such, Community Service Officers shall not engage in traffic stops, emergency driving, make physical arrests or transport prisoners.

Community Service Officers shall notify dispatch of any criminal activity they discover and request the aid of a police officer.

CSO vehicles are not designated as “emergency vehicles” and shall not be equipped with siren capabilities. CSO vehicles shall not be equipped or used for the transportation of prisoners and shall be maintained in accordance with the specifications of the policy manual.

Each CSO is responsible for the condition and care of the vehicle assigned to them. CSO vehicles may be utilized as necessary to block off streets or property related to police duties, and transport stranded motorists, witnesses, or victims as directed by a Patrol Division supervisor

Operation of CSO vehicles requires no additional qualifications or training beyond a valid operator’s license. CSO vehicles will be equipped with the equipment necessary to safely handle the tasks assigned them:

(e) Individuals who are obviously in crisis, as defined in the Crisis Intervention Incidents Policy.

900.4 INITIATING TEMPORARY CUSTODY
The officer responsible for an individual in temporary custody should evaluate the person for any apparent chronic illness, disability, vermin infestation, possible communicable disease or any other potential risk to the health or safety of the individual or others. The officer should specifically ask if the individual is contemplating suicide and evaluate him/her for obvious signs or indications of suicidal intent.

The receiving officer should ask the arresting officer if there is any statement, indication or evidence surrounding the individual's arrest and transportation that would reasonably indicate the individual is at risk for suicide or critical medical care. If there is any suspicion that the individual may be suicidal, he/she shall be transported to the City jail or the appropriate mental health facility.

The officer should promptly notify the Watch Commander of any conditions that may warrant immediate medical attention or other appropriate action. The Watch Commander shall determine whether the individual will be placed in the secure pre-booking room, immediately released or transported to jail or other facility.

900.4.1 CONSULAR NOTIFICATION
Consular notification may be mandatory when certain foreign nationals are arrested. The Uniformed Services Division Commander will ensure that the U.S. Department of State’s list of countries and jurisdictions that require mandatory notification is readily available on-line to department members. There should also be a published list of foreign embassy and consulate telephone and fax numbers, as well as standardized notification forms that can be transmitted and then retained for documentation.

Department members assigned to process a foreign national shall:

(a) Inform the individual, without delay, that he/she may have his/her consular officers notified of the arrest or detention and may communicate with them.
   1. This notification should be documented.
(b) Determine whether the foreign national’s country is on the U.S. Department of State’s mandatory notification list.

Members shall comply with the opinion of medical personnel as to whether an individual in temporary custody should be transported to the hospital. If the person is transported while still in custody, he/she will be accompanied by an officer.

Those who require medication while in temporary custody should not be at the West Sacramento Police Department. They should be released or transferred to another facility as appropriate.
Temporary Custody of Adults

900.5.3 ORTHOPEDIC OR PROSTHETIC APPLIANCE
Subject to safety and security concerns, individuals shall be permitted to retain an orthopedic or prosthetic appliance. However, if the member supervising the individual has probable cause to believe the possession of the appliance presents a risk of bodily harm to any person or is a risk to the security of the facility, the appliance may be removed from the individual unless its removal would be injurious to his/her health or safety.

Whenever a prosthetic or orthopedic appliance is removed, the Watch Commander shall be promptly apprised of the reason. It shall be promptly returned when it reasonably appears that any risk no longer exists (Penal Code § 2656; 15 CCR 1207).

900.5.4 RELIGIOUS ACCOMMODATION
Subject to available resources, safety and security, the religious beliefs and needs of all individuals in custody should be reasonably accommodated (15 CCR 1072). Requests for religious accommodation should generally be granted unless there is a compelling security or safety reason and denying the request is the least restrictive means available to ensure security or safety. The responsible supervisor should be advised any time a request for religious accommodation is denied.

Those who request to wear headscarves or simple head coverings for religious reasons should generally be accommodated absent unusual circumstances. Head coverings shall be searched before being worn.

Individuals wearing headscarves or other approved coverings shall not be required to remove them while in the presence of or while visible to the opposite sex if they so desire. The pre-booking room is equipped with video surveillance monitoring equipment which can be monitored from the Sergeant’s Office. The doors of the pre-booking room are equipped with electro-locks requiring a security badge for entrance and exit. Wall rails are permanently installed in the room to allow detainees to be further secured to the wall using handcuffs.

The Police Department facility is contained within a perimeter consisting of a 10 foot tall wall and fence topped with Concertina wire.
Temporary Custody of Adults

900.5.6 REPORTING PHYSICAL HARM OR SERIOUS THREAT OF PHYSICAL HARM
In addition to a custody log entry, any incident that results in physical harm or serious threat of physical harm to a member, person in custody or any other person shall be documented as stated in the Use of Force or On-Duty Injuries policies, or other applicable reporting process. A copy of all reports generated regarding the above circumstances shall be submitted as soon as reasonably practicable. The Watch Commander will retain a record of these reports for inspection purposes (15 CCR 1044).

900.6 USE OF RESTRAINT DEVICES
Individuals in custody may be handcuffed in accordance with the Handcuffing and Restraints Policy.

The use of restraints, other than handcuffs or leg irons, generally should not be used for individuals in temporary custody at the West Sacramento Police Department unless the person presents a heightened risk, and only in compliance with the Handcuffing and Restraints Policy.

Individuals in restraints shall be kept away from other unrestrained individuals in custody and monitored to protect them from abuse.

900.6.1 PREGNANT ADULTS
Women who are known to be pregnant should be restrained in accordance with the Handcuffing and Restraints Policy.

900.7 PERSONAL PROPERTY
The personal property of an individual in temporary custody should be removed, inventoried and processed as provided in the Custodial Searches Policy, unless the individual requests a different disposition. For example, an individual may request property (i.e., cash, car or house keys, medications) be released to another person. A request for the release of property to another person must be made in writing. Release of the property requires the recipient’s signature on the appropriate form.

Upon release of an individual from temporary custody, his/her items of personal property shall be compared with the inventory, and he/she shall sign a receipt for the property’s return. If the individual is transferred to another facility or court, the member transporting the individual is required to obtain the receiving person’s signature as notice of receipt. The Department shall maintain a copy of the property receipt.

The Watch Commander shall be notified whenever an individual alleges that there is a shortage or discrepancy regarding his/her property. The Watch Commander shall attempt to prove or disprove the claim.

900.8 SECURE PRE-BOOKING ROOM

Temporary Custody of Adults

clean and sanitary. An inspection also should be conducted when he/she is released. Any damage noted to the room should be photographed and documented.

The following requirements shall apply:

(a) The individual shall be searched (see the Custodial Searches Policy), and anything that could create a security or suicide risk, such as contraband or hazardous items, shall be removed.

(b) The individual shall constantly be monitored by an audio/video system during the entire custody.

(c) The individual shall have constant auditory access to department members.

(d) Safety checks by department members shall occur no less than every 15 minutes.
   (a) Safety checks should be at varying times.
   (b) All safety checks shall be logged.
   (c) The safety check should involve questioning the individual as to his/her well-being.
   (d) Individuals who are sleeping or apparently sleeping should be awakened.

900.8.1 PANIC OR DURESS ALARMS
The emergency duress system is comprised of wall mounted red buttons located in the pre-booking room. When depressed, an audible alarm stating that there is a problem in booking will sound over the department speaker system. The message will repeat twice and then deactivate.

Panic alarms are not meant as a replacement for using the radio system to call for assistance; the radio should be used if possible as it offers the ability to provide more information. The panic alarm should be used in addition to the radio or in place of it if the radio is unable to transmit.

In the event of an emergency, an officer may activate the wall mounted button to summon assistance. The officer should use the radio, if possible, to give any critical information of the emergency situation. Once the emergency is under control, the officer should declare a “Code 4.”

The emergency duress alarm system (panic alarm) is for officers to summon assistance to address situations such as, but limited to:

(a) life threatening medical situations,
(b) fights
(c) assaultive detainees
(d) any situation that requires additional staff to contain and restore control.

Upon receiving an emergency alarm, the Supervisor shall announce on the radio that there is an alarm and direct the staff to respond to that area. The Supervisor can also activate a “Code 33” alarm to alert all staff to stop non-emergency radio traffic.

Officer’s portable radios are also equipped with emergency alert buttons. In the event of an emergency this button can be pressed and an immediate emergency alert is sent to dispatch.
Temporary Custody of Adults

The emergency activation of the radio will transmit a distinguishable frequency to alert other radio users that an emergency alarm has been activated.

900.9 SUICIDE ATTEMPT, DEATH, OR SERIOUS INJURY
The Uniformed Services Division Commander will ensure procedures are in place to address any suicide attempt, death or serious injury of any individual in temporary custody at the West Sacramento Police Department. The procedures should include the following:

1. The department member transporting the individual shall ensure such risks are communicated to intake personnel at the other facility.
(h) Generally, persons of the opposite sex, or adults and juveniles, should not be transported in the same vehicle unless they are physically separated by a solid barrier. If segregating individuals is not practicable, officers should be alert to inappropriate physical or verbal contact and take appropriate action as necessary.

(i) Transfers between facilities or other entities, such as a hospital, should be accomplished with a custodial escort of the same sex as the person being transferred to assist with his/her personal needs as reasonable.

900.12 TRAINING

Prisoner Transportation

901.1 PURPOSE AND SCOPE
The purpose of this policy is to establish standards and procedure for the transportation of prisoners. Portions of this topic may be contained in other sections of this Manual.

901.2 SEARCHING PRISONERS / DETAINEES
Officers who arrest or detain individuals must control the situation with the tools provided within the law. Officers must stay well versed on the current status of the search of persons and act within the law.

(a) Prior to detaining or transporting any individual in a police vehicle, officers shall conduct an appropriate search of that individual for contraband or weapons.

(b) Each time a prisoner comes into the transporting officer’s custody, including transfers from one patrol unit to another, the receiving transport officer must search the prisoner.

901.3 SEARCH OF TRANSPORT VEHICLE
Officers involved in prisoner transportation must develop a routine of searching the patrol or transport vehicle to assure prisoners do not have access to weapons or contraband.

(a) A patrol officer shall search the prisoner area of his/her vehicle at the beginning of each shift and following the transportation of a prisoner.

(b) Officers engaged in prisoner transportation shall search the transport vehicle prior to loading any prisoner and search again following the removal of prisoners.

Weapons, contraband or personal property found in the prisoner compartment of a vehicle, shall be booked into evidence and the appropriate report shall be completed.

901.4 USE OF RESTRAINTS
Generally, any prisoner should be appropriately restrained to lessen the chance of escape or assault on others. When transporting prisoners for an extended distance, or period of time, the officer should consider leg restraints and belly chains as a form of restraint.

901.5 TRANSPORTING BY VEHICLE PROCEDURES
The primary duty of the transporting officer is the safe delivery of the prisoner in his/her care. Transporting officers should not engage in routine police matters while transporting a prisoner unless a serious situation arises that may require police intervention. In deciding if police intervention is needed, the transport officer should weigh the seriousness of the situation, the possible ramifications if police action is not taken, and make a reasonable decision. In situations where police intervention is needed for the preservation of life, officers shall place his prisoner in the safest position possible and engage the situation. If action is taken by the transport officer, the officer shall notify communications as soon as practical.
Prisoner Transportation

Officers should ensure the prisoner is as comfortable as practicable, given the length of the trip being made, and yet secure the prisoner to the maximum degree, under the circumstances. Officers shall handcuff and secure in the rear passenger compartment all prisoners whom they transport in a patrol vehicle that has a security screen, unless circumstances are such that handcuffing is clearly not practicable. In the rare situation when a solo officer transports a prisoner in a vehicle without a security screen, the handcuffed prisoner should be seated in the front passenger seat and securely fastened with the seatbelt. Physically resistive or multiple prisoners, should only be transported in vehicles equipped with a security screen.

Officers shall seatbelt prisoners, unless circumstances are such that seat belting is clearly not practicable. (Exemption permissible under CVC 27315(g)).

901.6 TRANSPORTATION OF PRISONERS - RESPONSIBILITIES OF OFFICER
Whenever a prisoner is to be transported from the field or from one facility to another facility by a member of this Department, the arresting officer shall be responsible for the following:

(a) Verify the identity of each prisoner to be transported matches the booking paperwork;
(b) Ensure that all pertinent documentation accompanies the prisoner, such as copies of booking forms, medical records when appropriate, itemized list of prisoner’s property, warrant copies, etc.;
(c) Ensure that any known threat or danger the prisoner may pose, such as escape risk, suicide potential, or medical condition, is recorded on the prisoner’s booking documentation and is transported with the prisoner to the next facility. The arresting officer shall ensure such threat or danger is communicated to intake and transporting personnel.

The transporting officer shall be responsible for:

(a) Ensuring all prisoners delivered to the facility are appropriately restrained until otherwise instructed by the receiving custody official;
(b) Ensuring all firearms and other weapons not allowed within the custody facility are appropriately secured before the prisoner is removed from the vehicle.
(c) A copy of the Department arrest report will be provided to the jail facility to confirm transfer of custody. All other documentation, such as the medical clearance forms and property intake forms, will be retained by the jail.

901.6.1 CONTROL OF PRISONERS DURING TRANSPORT
When transporting a prisoner(s), officers shall have visual contact with them. Transporting officers shall not deviate from their route during the transportation of a prisoner, unless an emergency arises. If an emergency does arise, the prisoner may be allowed to exit the vehicle only in extreme situations and then only under close supervision and security. The transporting officer must ensure the prisoner is secure, and under constant visual observation.
901.6.2 PRISONER COMMUNICATION DURING TRANSPORT
Security of the transportation function requires that a prisoner not exercise the right to communicate with his/her attorney, clergy, family, and/or others during transportation. Except as provided by law, a prisoner shall not be allowed to make any phone calls or communicate with the outside while awaiting transport.

In special circumstances, the on-duty Watch Commander can approve an exception to this policy. If an exception is made, the transporting officer is responsible for monitoring the communication.

901.7 ESCAPE OF PRISONER DURING TRANSPORT
Officers must follow all Department policies and procedures applicable to the Use of Force regarding any attempt to prevent an escape or to recapture an escapee.

If an escape occurs, the transporting officer must immediately advise the Communications Center dispatcher (if within Yolo County) or the nearest local authority of the following:

(a) Officer’s call sign
(b) The location of the escape.
(c) The escapee’s description.
(d) The charge the escapee was in custody on.
(e) Any accomplice.
(f) Whether the escapee and/or accomplices are armed.
(g) Method of flight including vehicle description.
(h) Direction of flight.

If the escape occurs within radio range of Yolo County Communications Center, the officer must request that the Communications Center notify the on-duty watch commander and local law enforcement agencies.

If the escape occurs beyond radio range of Yolo County, the officer must request that the responding agency notify our Communications Center, by telephone, as quickly as possible. The Communications Center must then notify the on-duty watch commander.

The officer is responsible for all the prisoners he/she is transporting. Therefore, he/she must remain with the vehicle and any remaining prisoners. Extenuating circumstances may dictate a different course of action.

Depending upon the circumstances at the time; once the scene is secure the officer may transport the remaining prisoners to the nearest detention facility or to their intended destination.

. In all cases where a prisoner escapes from transport, the transporting officer(s) shall submit a written report as soon as he returns to the station explaining the circumstances of the escape:

o The Supervisor shall make all appropriate notifications regarding the escape.
Prisoner Transportation

The Supervisor shall investigate the circumstances surrounding the escape and submit a report to the Chief of Police regarding his findings.

When the escape occurs in another area of jurisdiction, the authority of the transporting officer to take action in recovering the prisoner is dependent upon the powers officers have in that jurisdiction. Depending upon the State, these will include peace officer powers in the State, within a mutual aid area, or only within the specific jurisdiction from which the officer comes.

901.8 SPECIAL TRANSPORTATION SITUATIONS

The West Sacramento Police Department does not provide detainee transportation for special situations such as attending funerals, visiting hospitals, or attending the reading of a will. Such transportations are the responsibility of the facility where the detainee is currently being held.

901.8.1 TRANSPORTING PRISONERS WITH ILLNESS OR DISABILITY

Any prisoner, who receives an injury during an arrest situation or while in custody, should be medically cleared prior to being transported to a detention facility.

In the event a prisoner requires emergency medical assistance during transportation, the transporting officer shall take appropriate actions to provide medical assistance as necessary and practicable. This may include emergency medical assistance being summoned to the prisoner’s location, or deviation to an emergency medical facility. When practicable, officers should make every effort to ensure medical aid is rendered inside a secured custody facility area.

Prior to transporting, officers shall take into consideration a prisoner’s mental or physical disabilities when selecting the transport vehicle, restraint devices, and seating position. Non-ambulatory prisoners or those requiring wheelchairs, crutches, and prosthetic appliances may not require the use of restraining devices in all instances. However, personnel must take every precaution to ensure the safety of the employees and the prisoner.

During transportation, a sick or injured prisoner should wear handcuffs or other appropriate restraints as practicable, unless the handcuffs or other restraint could further compound the injuries. When this is the case, the officer shall notify an on-duty Supervisor who may assign an additional officer to assist with the transportation, or take other/additional security precautions.

The transporting officer must return copies of all hospital paperwork, with attending physicians’/nurse’s signatures, to the jail with the prisoner. Officers will also attach a copy of the medical release form to their report.

901.8.2 SECURITY OF PRISONERS AT MEDICAL CARE FACILITIES

When taking a prisoner to a local hospital for any reason, officers must ensure that the prisoner is always under the control of the transporting officer.

(a) If the prisoner requires admission to the hospital, the transporting officer must notify the on-duty Supervisor of the circumstances.
Prisoner Transportation

(b) The transporting officer should remove the prisoner’s restraints only when it is absolutely necessary and the medical staff requests it. If restraints are removed, the officer should consider additional units to assist.

(c) Officers must not allow visitors, including telephone contacts to or by the prisoner.

(d) Officers must attach a copy of the medical release form to the arrest report.

(e) Prior to re-initiating transportation, officers shall search the prisoner and if necessary, reapply restraints.

901.8.3 SECURITY OF PRISONERS ADMITTED TO MEDICAL CARE FACILITIES

When an arrestee is admitted to a medical care facility, the continued observation and control of the subject remains the responsibility of the transporting officer until relieved. Upon admission, the transporting officer should immediately notify the Watch Commander who will in turn begin a process for providing continued security of the arrestee.

When officers are assigned to provide security for arrestees admitted to a medical care facility, they should be aware of the following:

(a) Condition of the arrestee;

(b) Use of and method of restraints;

(c) Meals and utensils provided to the arrestee;

(d) Monitoring of all personal contacts with the arrestee;

(e) Control or removal of any communication devices, ie: telephone;

(f) Remaining alert and in direct visual contact of the arrestee;

(g) Avoid fraternization with the arrestee.

Additionally, supervisors should ensure frequent rotation of officers and continued updates on the arrestee’s condition and projected release from the medical facility.
Custodial Searches

902.1 PURPOSE AND SCOPE
This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the West Sacramento Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

902.1.1 DEFINITIONS
Definitions related to this policy include:

Custody search - An in-custody search of an individual and of his/her property, shoes and clothing, including pockets, cuffs and folds on the clothing, to remove all weapons, dangerous items and contraband.

Physical body cavity search - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of an individual, and the vagina of a female person.

Strip search - A search that requires an individual to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus or outer genitalia. This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

902.2 POLICY
All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

902.3 FIELD AND TRANSPORTATION SEARCHES
An officer should conduct a custody search of an individual immediately after his/her arrest, when receiving an individual from the custody of another, and before transporting a person who is in custody in any department vehicle.

Whenever practicable, a custody search should be conducted by an officer of the same sex as the person being searched. If an officer of the same sex is not reasonably available, a witnessing officer should be present during the search.
Custodial Searches

902.4 SEARCHES AT POLICE FACILITIES
Custody searches shall be conducted on all individuals in custody, upon entry to the West Sacramento Police Department facilities. Except in exigent circumstances, the search should be conducted by a member of the same sex as the individual being searched. If a member of the same sex is not available, a witnessing member must be present during the search.

Custody searches should also be conducted any time an individual in custody enters or re-enters a secure area, or any time it is reasonably believed that a search is necessary to maintain the safety and security of the facility.

902.4.1 PROPERTY
Members shall take reasonable care in handling the property of an individual in custody to avoid discrepancies or losses. Property retained for safekeeping shall be kept in a secure location until the individual is released or transferred.

Some property may not be accepted by a facility or agency that is taking custody of an individual from this department, such as weapons or large items. These items should be retained for safekeeping in accordance with the Property and Evidence Policy.

All property shall be inventoried by objective description (this does not include an estimated value). The individual from whom it was taken shall be required to sign the completed inventory. If the individual's signature cannot be obtained, the inventory shall be witnessed by another department member. The inventory should include the case number, date, time, member's West Sacramento Police Department identification number and information regarding how and when the property may be released.

902.4.2 VERIFICATION OF MONEY
All money shall be counted in front of the individual from whom it was received. When possible, the individual shall initial the dollar amount on the inventory. Additionally, all money should be placed in a separate envelope and sealed. Negotiable checks or other instruments and foreign currency should also be sealed in an envelope with the amount indicated but not added to the cash total. All envelopes should clearly indicate the contents on the front. The department member sealing it should place his/her initials across the sealed flap. Should any money be withdrawn or added, the member making such change shall enter the amount below the original entry and initial it. The amount of money in the envelope should always be totaled and written on the outside of the envelope.

902.5 STRIP SEARCHES
No individual in temporary custody at any West Sacramento Police Department facility shall be subjected to a strip search unless there is reasonable suspicion based upon specific and articulable facts to believe the individual has a health condition requiring immediate medical attention or is concealing a weapon or contraband. Factors to be considered in determining reasonable suspicion include, but are not limited to:
Custodial Searches

(a) The detection of an object during a custody search that may be a weapon or contraband and cannot be safely retrieved without a strip search.

(b) Circumstances of a current arrest that specifically indicate the individual may be concealing a weapon or contraband.

  1. A felony arrest charge or being under the influence of a controlled substance should not suffice as reasonable suspicion absent other facts.

(c) Custody history (e.g., past possession of contraband while in custody, assaults on department members, escape attempts).

(d) The individual’s actions or demeanor.

(e) Criminal history (i.e., level of experience in a custody setting).

No transgender or intersex individual shall be searched or examined for the sole purpose of determining the individual’s genital status. If the individual’s genital status is unknown, it may be determined during conversations with the person, by reviewing medical records, or as a result of a broader medical examination conducted in private by a medical practitioner (28 CFR 115.115).

10. The facts upon which the member based his/her belief that the individual was concealing a weapon or contraband.

(g) No member should view an individual's private underclothing, buttocks, genitalia or female breasts while that individual is showering, performing bodily functions or changing clothes, unless he/she otherwise qualifies for a strip search. However, if serious hygiene or health issues make it reasonably necessary to assist the individual with a shower or a change of clothes, a supervisor should be contacted to ensure reasonable steps are taken to obtain the individual’s consent and/or otherwise protect his/her privacy and dignity.

(h) If the individual has been arrested for a misdemeanor or infraction offense, the written authorization from the Watch Commander shall include specific and articulable facts and circumstances upon which the reasonable suspicion determination for the search was made.

(i) A copy of the written authorization shall be retained and made available upon request to the individual or the individual’s authorized representative. A record of the time, date, place of the search, the name and sex of the person conducting the search, and a statement of the results of the search shall also be retained and made available upon request to the individual or the individual’s authorized representative.

(j) The above procedures and guidelines will also apply in circumstances involving juveniles, including the reporting requirements.

902.5.2 SPECIAL CIRCUMSTANCE FIELD STRIP SEARCHES
A strip search may be conducted in the field only with Watch Commander authorization and only in exceptional circumstances, such as when:

   (a) There is probable cause to believe that the individual is concealing a weapon or other dangerous item that cannot be recovered by a more limited search.

   (b) There is probable cause to believe that the individual is concealing controlled substances or evidence that cannot be recovered by a more limited search, and there is no reasonable alternative to ensure the individual cannot destroy or ingest the substance during transportation.

These special-circumstance field strip searches shall only be authorized and conducted under the same restrictions as the strip search procedures in this policy, except that the Watch Commander authorization does not need to be in writing.

902.6 PHYSICAL BODY CAVITY SEARCH
Physical body cavity searches shall be subject to the following (Penal Code § 4030):
Custodial Searches

(a) No individual shall be subjected to a physical body cavity search without written approval of the Watch Commander and only upon a search warrant. A copy of any search warrant and the results of the physical body cavity search shall be included with the related reports and made available, upon request, to the individual or authorized representative (except for those portions of the warrant ordered sealed by a court).

(b) Only a physician, nurse practitioner, registered nurse, licensed vocational nurse or Emergency Medical Technician Level II licensed to practice in California may conduct a physical body cavity search.

(d) Privacy requirements, including restricted touching of body parts and sanitary condition requirements, are the same as required for a strip search.

(e) All such searches shall be documented, including:

   2. The reasons less intrusive methods of searching were not used or were insufficient.

(l) Ensuring that information for uninvolved inmates, family, community members, and other interested third parties to report sexual abuse or sexual harassment is publicly posted at the facility (15 CCR 1029).

904.4 REPORTING SEXUAL ABUSE, HARASSMENT, AND RETALIATION
Detainees or prisoners may make reports to any staff member verbally, in writing, privately, or anonymously of any of the following (28 CFR 115.151; 15 CCR 1029):

- Sexual abuse

- Retaliation by other detainees or prisoners or staff for reporting sexual abuse or sexual harassment
- Staff neglect or violation of responsibilities that may have contributed to sexual abuse or sexual harassment

During intake the Department shall notify all detainees and prisoners of the zero-tolerance policy regarding sexual abuse and sexual harassment, and of at least one way to report abuse or harassment to a public or private entity that is not part of the Department and that is able to receive and immediately forward detainee or prisoner reports of sexual abuse and sexual harassment to agency officials. This allows the detainee or prisoner to remain anonymous (28 CFR 115.132; 28 CFR 115.151).

904.4.1 MEMBER RESPONSIBILITIES
Department members shall accept reports from detainees, prisoners and third parties and shall promptly document all reports (28 CFR 115.151; 15 CCR 1029).

All members shall report immediately to the Watch Commander any knowledge, suspicion, or information regarding:
Prison Rape Elimination

(a) An incident of sexual abuse or sexual harassment that occurs in the Temporary Holding Facility.
(b) Retaliation against detainees or the member who reports any such incident.
(c) Any neglect or violation of responsibilities on the part of any department member that may have contributed to an incident or retaliation (28 CFR 115.161).

No member shall reveal any information related to a sexual abuse report to anyone other than to the extent necessary to make treatment and investigation decisions.

904.4.2 WATCH COMMANDER RESPONSIBILITIES
The Watch Commander shall report to the department’s designated investigators all allegations of sexual abuse, harassment, retaliation, neglect or violations leading to sexual abuse, harassment or retaliation. This includes third-party and anonymous reports (28 CFR 115.161).

If the alleged victim is under the age of 18 or considered a vulnerable adult, the Watch Commander shall also report the allegation as required under mandatory reporting laws and department policy.

Upon receiving an allegation that a detainee or prisoner was sexually abused while confined at another facility, the Watch Commander shall notify the head of the facility or the appropriate office of the agency where the alleged abuse occurred. The notification shall be made as soon as possible but no later than 72 hours after receiving the allegation. The Watch Commander shall document such notification (28 CFR 115.163).

If an alleged detainee or prisoner victim is transferred from the Temporary Holding Facility to a jail, prison or medical facility, the Department shall, as permitted by law, inform the receiving facility of the incident and the prisoner’s potential need for medical or social services, unless the prisoner requests otherwise (28 CFR 115.165).

904.5 INVESTIGATIONS
The Department shall promptly, thoroughly and objectively investigate all allegations, including third-party and anonymous reports, of sexual abuse or sexual harassment. Only investigators who have received department-approved special training shall conduct sexual abuse investigations (28 CFR 115.171).

904.5.1 FIRST RESPONDERS
The first officer to respond to a report of sexual abuse or sexual assault shall (28 CFR 115.164):

(a) Separate the parties.
(b) Establish a crime scene to preserve and protect any evidence. Identify and secure witnesses until steps can be taken to collect any evidence.
(c) If the abuse occurred within a time period that still allows for the collection of physical evidence, request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking or eating.
(d) If the abuse occurred within a time period that still allows for the collection of physical evidence, ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking or eating.

If the first responder is not an officer the responder shall request that the alleged victim not take any actions that could destroy physical evidence and should then notify a law enforcement staff member (28 CFR 115.164).

904.5.2 INVESTIGATOR RESPONSIBILITIES
Investigators shall (28 CFR 115.171):

(a) Gather and preserve direct and circumstantial evidence, including any available physical and biological evidence and any available electronic monitoring data.

(b) Interview alleged victims, suspects and witnesses.

(c) Review any prior complaints and reports of sexual abuse involving the suspect.

(d) Conduct compelled interviews only after consulting with prosecutors as to whether compelled interviews may be an obstacle for subsequent criminal prosecution.

(e) Assess the credibility of the alleged victim, suspect or witness on an individual basis and not by the person’s status as a detainee or a member of the West Sacramento Police Department.

(f) Document in written reports a description of physical, testimonial, documentary and other evidence, the reasoning behind any credibility assessments, and investigative facts and findings.

(g) Refer allegations of conduct that may be criminal to the District Attorney for possible prosecution, including any time there is probable cause to believe a detainee or prisoner sexually abused another detainee or prisoner in the Temporary Holding Facility (28 CFR 115.178).

(h) Cooperate with outside investigators and remain informed about the progress of any outside investigation.

904.5.3 ADMINISTRATIVE INVESTIGATIONS
Administrative investigations shall include an effort to determine whether staff actions or failures to act contributed to the abuse. The departure of the alleged abuser or victim from the employment or control of this department shall not be used as a basis for terminating an investigation (28 CFR 115.171).

904.5.4 SEXUAL ASSAULT AND SEXUAL ABUSE VICTIMS
No detainee or prisoner who alleges sexual abuse shall be required to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation (28 CFR 115.171(e)).

Detainee or prisoner victims of sexual abuse shall receive timely, unimpeded access to emergency medical treatment. Treatment services shall be provided to the victim without financial cost and
regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident (28 CFR 115.182).

904.5.5 CONCLUSIONS AND FINDINGS
All completed investigations shall be forwarded to the Chief of Police, or if the allegations may reasonably involve the Chief of Police, to the City Manager. The Chief of Police or City Manager shall review the investigation and determine whether any allegations of sexual abuse or sexual harassment have been substantiated by a preponderance of the evidence (28 CFR 115.172).

All personnel shall be subject to disciplinary sanctions up to and including termination for violating this policy. Termination shall be the presumptive disciplinary sanction for department members who have engaged in sexual abuse. All discipline shall be commensurate with the nature and circumstances of the acts committed, the member’s disciplinary history and the sanctions imposed for comparable offenses by other members with similar histories (28 CFR 115.176).

All terminations for violations of this policy, or resignations by members who would have been terminated if not for their resignation, shall be criminally investigated unless the activity was clearly not criminal and reported to any relevant licensing body (28 CFR 115.176). Any contractor or volunteer who engages in sexual abuse shall be prohibited from contact with detainees or prisoners and reported to any relevant licensing bodies (28 CFR 115.177). The Chief of Police shall take appropriate remedial measures and consider whether to prohibit further contact with detainees or prisoners by a contractor or volunteer.

904.6 RETALIATION PROHIBITED
All detainees, prisoners and members who report sexual abuse or sexual harassment or who cooperate with sexual abuse or sexual harassment investigations shall be protected from retaliation (28 CFR 115.167). If any other individual who cooperates with an investigation expresses a fear of retaliation, appropriate measures shall be taken to protect that individual.

The Watch Commander or the authorized designee shall employ multiple protection measures, such as housing changes or transfers for detainee or prisoner victims or abusers, removal of alleged abusers from contact with victims, and emotional support services for detainees, prisoners or members who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

The Watch Commander or the authorized designee shall identify a staff member to monitor the conduct and treatment of detainees, prisoners or members who have reported sexual abuse and of detainees or prisoners who were reported to have suffered sexual abuse. The staff member shall act promptly to remedy any such retaliation. In the case of detainees or prisoners, such monitoring shall also include periodic status checks.

904.7 REVIEWS AND AUDITS
904.7.1 INCIDENT REVIEWS
An incident review shall be conducted at the conclusion of every sexual abuse investigation, unless the allegation has been determined to be unfounded. The review should occur within 30 days of the conclusion of the investigation. The review team shall include upper-level management officials and seek input from line supervisors and investigators (28 CFR 115.186).

The review shall (28 CFR 115.186):

(a) Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect or respond to sexual abuse.

(b) Consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender or intersex identification, status or perceived status; gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility.

(c) Examine the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse.

(d) Assess the adequacy of staffing levels in that area during different shifts.

(e) Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff.

The review team shall prepare a report of its findings, including any determinations made pursuant to this section and any recommendations for improvement. The report shall be submitted to the Chief of Police and the PREA Coordinator. The Chief of Police or the authorized designee shall implement the recommendations for improvement or shall document the reasons for not doing so (28 CFR 115.186).

904.7.2 DATA REVIEWS
The facility shall conduct an annual review of collected and aggregated incident-based sexual abuse data. The review should include, as needed, data from incident-based documents, including reports, investigation files and sexual abuse incident reviews (28 CFR 115.187).

The purpose of these reviews is to assess and improve the effectiveness of sexual abuse prevention, detection and response policies, practices and training. An annual report shall be prepared that includes (28 CFR 115.188):

(a) Identification of any potential problem areas.

(b) Identification of any corrective actions taken.

(c) Recommendations for any additional corrective actions.

(d) A comparison of the current year’s data and corrective actions with those from prior years.

(e) An assessment of the Department’s progress in addressing sexual abuse.

The report shall be approved by the Chief of Police and made readily available to the public through the department website or, if it does not have one, through other means. Material may be
redacted from the reports when publication would present a clear and specific threat to the safety and security of the Temporary Holding Facility. However, the nature of the redacted material shall be indicated.

All aggregated sexual abuse data from West Sacramento Police Department facilities and private facilities with which it contracts shall be made readily available to the public at least annually through the department website or, if it does not have one, through other means. Before making aggregated sexual abuse data publicly available, all personal identifiers shall be removed (28 CFR 115.189).

904.8 RECORDS
The Department shall retain all written reports from administrative and criminal investigations pursuant to this policy for as long as the alleged abuser is held or employed by the Department, plus five years (28 CFR 115.171).

All other data collected pursuant to this policy shall be securely retained for at least 10 years after the date of the initial collection unless federal, state or local law requires otherwise (28 CFR 115.189).

904.9 TRAINING
All employees, volunteers and contractors who may have contact with detainees or prisoners shall receive department-approved training on the prevention and detection of sexual abuse and sexual harassment within this facility. The Training Manager shall be responsible for developing and administering this training as appropriate, covering at a minimum (28 CFR 115.131):

- The Department’s zero-tolerance policy and the right of detainees and prisoners to be free from sexual abuse and sexual harassment, and from retaliation for reporting sexual abuse or harassment.
- The dynamics of sexual abuse and harassment in confinement settings, including which detainees and prisoners are most vulnerable.
- The right of detainees, prisoners and staff members to be free from sexual abuse and sexual harassment, and from retaliation for reporting sexual abuse or harassment.
- Detecting and responding to signs of threatened and actual abuse.
- Communicating effectively and professionally with all detainees and prisoners.
- Compliance with relevant laws related to mandatory reporting of sexual abuse to outside authorities.

Investigators assigned to sexual abuse investigations shall also receive training in conducting such investigations in confinement settings. Training should include (28 CFR 115.134):

- Techniques for interviewing sexual abuse victims.
- Proper use of Miranda and Garrity warnings.
- Sexual abuse evidence collection in confinement settings.
Prison Rape Elimination

- Criteria and evidence required to substantiate a case for administrative action or prosecution referral.

The Training Manager shall maintain documentation that employees, volunteers, contractors and investigators have completed required training and that they understand the training. This understanding shall be documented through individual signature or electronic verification.

All current employees and volunteers who may have contact with detainees or prisoners shall be trained within one year of the effective date of the PREA standards. The agency shall provide annual refresher information to all such employees and volunteers to ensure that they understand the current sexual abuse and sexual harassment policies and procedures.
Chapter 10 - Personnel
Personnel Early Warning System

1000.1 PURPOSE AND SCOPE
The Department's Personnel Early Warning System (PEWS) is a pro-active, non-disciplinary program designed to identify and positively influence conduct or performance-related problems exhibited by individual employees. By applying professionally accepted intervention strategies at an early stage, it is intended that the value of each employee be recognized by providing guidance, coaching, counseling, training, professional referral, or any other recognized methods to correct conduct inconsistent with organizational values, mission, or policy. The PEWS is intended to be a positive approach for supervisors and managers to address behavior before it results in discipline, lawsuits, injuries or other negative consequences.

Establishment and activation of a Personnel Early Warning System, does not necessitate that the Department use this method prior to disciplinary proceedings for any particular event.

1000.2 RESPONSIBILITIES
Under the authority of the Constitutional Policing Division Commander, the Professional Standards Unit is responsible for maintaining and administering the Personnel Early Warning System. The Professional Standards Unit has the responsibility to notify the appropriate Commander of any early warning issues needing to be addressed. The Division Commander of the involved employee, notified by the Professional Standards Unit, is responsible for ensuring an appropriate response is developed and carried out.

The Constitutional Policing Division Commander or his/her designee will conduct an annual evaluation of the Personnel Early Warning System. The findings will be included in the Professional Standards Division Annual Report; which is provided to and approved by the Chief of Police.

1000.3 EARLY INTERVENTION
The West Sacramento Police Department has established thresholds to determine possible training needs of employees. The system is designed to be highly secure at both the administrative and application levels. The components of the PEWS include:

(a) Performance Indicators;
(b) Identification and Selection;
(c) Intervention;
(d) Follow-up Monitoring.

1000.4 PERFORMANCE INDICATORS
Performance Indicators represent the category of employee performance activity that the West Sacramento Police Department has selected to monitor. Incidents used as indicators may include but are not limited to:
Personnel Early Warning System

(a) Use of Force (Less Lethal and Deadly Force);
(b) Vehicle Pursuits;
(c) Citizen Complaints (Formal and Informal);
(d) Commendations, Compliments and Awards (Citizen and Department);
(e) Canine Apprehensions/Deployments
(f) Administrative Investigations and/or Supervisory Inquiry;
(g) Pitchess Motions;
(h) Accidental Discharges;
(i) Accidents.

1000.5 IDENTIFICATION AND SELECTION
For most performance indicators, the threshold is three (3) incidents in a twelve-month period which will result in an alert in the Personnel Early Warning System. In such a case, the Professional Standards Unit will advise the affected employee’s Commander, Manager and Supervisor. This group will conduct a careful evaluation of any related documentation to determine if the employee’s performance is problematic and requires intervention. A non-disciplinary interview with the employee may also be conducted. After a review, it may be determined that an intervention is not appropriate as the behavior did not require such. In either case, the Chief of Police will be made aware of the final disposition.

A threshold of three (3) incidents of a single performance indicator will trigger an alert; but a combination of any five (5) performance indicators in a twelve-month period will also trigger an alert. The Professional Standards Division will follow the same notification process for the affected employee. The employee’s Division Commander, Manager, and Supervisor will then follow the same procedures outlined above.

1000.6 INTERVENTION
If intervention is determined to be the course of action, the employee’s Supervisor will be responsible for developing a plan. The plan will include specific examples of what performance requires improvement as well as the performance expectations. The plan will also identify the activities, support systems, and resources that will be provided to assist the employee. The Supervisor will consult with the employee to obtain his/her input when developing the intervention plan. The Supervisor, Manager and Commander will determine the amount of time that the intervention plan will be in place. The Supervisor will provide the Manager and Commander with monthly updates on the employee’s performance. Intervention may include, but is not limited to: trainings; counseling; departmental changes; or voluntary re-assignments. Training options include, but are not limited to:

(a) Defensive Tactics;
(b) Legal Updates;
Personnel Early Warning System

(c) Report Writing;
(d) Anger Management;
(e) Cultural Diversity;
(f) Tactical Communication;
(g) Driver/Pursuit Training;
(h) Physical Fitness Training;
(i) Field Training Program Recertification.

Counseling options include, but are not limited to:
(a) Supervisor Coaching or Counseling;
(b) Peer Counseling;
(c) EAP Referral;
(d) Referral to Human Resources for additional resources;
(e) Stress Reduction Training;
(f) Critical Incident Stress Management;
(g) Fitness for Duty.

Departmental change options include, but are not limited to:
(a) Review/Modify Training;
(b) Review/Modify Policy;
(c) Equipment Purchase.

Voluntary re-assignment options include, but are not limited to:
(a) Temporary Voluntary Re-assignment;
(b) Voluntary Alternate Shift Re-assignment.
Recruitment and Selection

1001.1 PURPOSE AND SCOPE

In accordance with applicable federal, state, and local law, the West Sacramento Police Department provides equal opportunities for applicants and employees, regardless of actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, or any other protected class or status. The Department does not show partiality or grant any special status to any applicant, employee, or group of employees unless otherwise required by law.

The Department will recruit and hire only those individuals who demonstrate a commitment to service and who possess the traits and characteristics that reflect personal integrity and high ethical standards.

1001.3 RECRUITMENT
The Commander responsible for Recruitment and Hiring should employ a comprehensive recruitment and selection strategy to recruit and select employees from a qualified and diverse pool of candidates.

The strategy should include:

(a) Identification of racially and culturally diverse target markets.
(b) Use of marketing strategies to target diverse applicant pools.
(c) Expanded use of technology and maintenance of a strong Internet presence. This may include an interactive department website and the use of department-managed social networking sites, if resources permit.
(d) Expanded outreach through partnerships with media, community groups, citizen academies, local colleges, and universities.

The Commander in charge of recruitment shall avoid advertising, recruiting and screening practices that tend to stereotype, focus on homogeneous applicant pools or screen applicants in a discriminatory manner.

The Department should strive to facilitate and expedite the screening and testing process, and should periodically inform each candidate of his/her status in the recruiting process.
1001.4 ACCEPTANCE OF APPLICATIONS
The Human Resources Division is responsible for accepting applications; applications with minor omissions or deficiencies that can be corrected prior to the application deadline may not be rejected.

1001.5 SELECTION PROCESS
The Department shall actively strive to identify a diverse group of candidates who have in some manner distinguished themselves as being outstanding prospects. Minimally, the Department should employ a comprehensive screening, background investigation, and selection process that assesses cognitive and physical abilities and includes review and verification of the following:

(b) Driving record
(c) Reference checks
(d) Employment eligibility, including U.S. Citizenship and Immigration Services (USCIS) Employment Eligibility Verification Form I-9 and acceptable identity and employment authorization documents consistent with Labor Code § 1019.1. (f) Financial history consistent with the Fair Credit Reporting Act (FCRA) (15 USC § 1681 et seq.)
(g) Local, state, and federal criminal history record checks

Applicants who are not successful in a selection process may re-apply when a position becomes available again in a new recruitment process.

1001.5.1 VETERAN’S PREFERENCE
Qualifying veterans of the United States Armed Forces who receive a passing score on an entrance examination shall be ranked in the top rank of any resulting eligibility list. The veteran’s preference shall also apply to a widow or widower of a veteran or a spouse of a 100 percent disabled veteran (Government Code § 18973.1).

1001.6 BACKGROUND INVESTIGATION
Every candidate shall undergo a thorough background investigation to verify his/her personal integrity and high ethical standards, and to identify any past behavior that may be indicative of
Recruitment and Selection

the candidate’s unsuitability to perform duties relevant to the operation of the West Sacramento Police Department (11 CCR 1953).

The narrative report and any other relevant background information shall be shared with the psychological evaluator. Information shall also be shared with others involved in the hiring process if it is relevant to their respective evaluations (11 CCR 1953).

1001.6.1 NOTICES
Background investigators shall ensure that investigations are conducted and notices provided in accordance with the requirements of the FCRA and the California Investigative Consumer Reporting Agencies Act (15 USC § 1681d; Civil Code § 1786.16).

1001.6.2 STATE NOTICES
If information disclosed in a candidate’s criminal offender record information (CORI) is the basis for an adverse employment decision, a copy of the CORI shall be provided to the applicant (Penal Code § 11105).

1001.6.3 REVIEW OF SOCIAL MEDIA SITES
Due to the potential for accessing unsubstantiated, private or protected information, the Commander responsible for Recruitment and Hiring shall not require candidates to provide passwords, account information or access to password-protected social media accounts (Labor Code § 980).

(a) The legal rights of candidates are protected.
(b) Material and information to be considered are verified, accurate and validated.
(c) The Department fully complies with applicable privacy protections and local, state and federal law.

Regardless of whether a third party is used, the Commander responsible for Recruitment and Hiring should ensure that potentially impermissible information is not available to any person involved in the candidate selection process.

1001.6.4 DOCUMENTING AND REPORTING
The background investigator shall summarize the results of the background investigation in a narrative report that includes sufficient information to allow the reviewing authority to decide whether to extend a conditional offer of employment. The report shall not include any information that is prohibited from use, including that from social media sites, in making employment decisions. The report and all supporting documentation shall be included in the candidate’s background investigation file (11 CCR 1953).
1001.6.5 RECORDS RETENTION
The background report and all supporting documentation shall be maintained for a minimum of two years and in accordance with the established records retention schedule (Government Code § 12946; 11 CCR 1953).

1001.6.6 BACKGROUND INVESTIGATION UPDATE
A background investigation update may, at the discretion of the Chief of Police, be conducted in lieu of a complete new background investigation on a peace officer candidate who is reappointed within 180 days of voluntary separation from the West Sacramento Police Department, or who is an interim police chief meeting the requirements contained in 11 CCR 1953(f).

1001.7 DISQUALIFICATION GUIDELINES
As a general rule, performance indicators and candidate information and records shall be evaluated by considering the candidate as a whole, and taking into consideration the following:

- Age at the time the behavior occurred
- Passage of time
- Patterns of past behavior
- Severity of behavior
- Probable consequences if past behavior is repeated or made public
- Likelihood of recurrence
- Relevance of past behavior to public safety employment
- Aggravating and mitigating factors
- Other relevant considerations

A candidate’s qualifications will be assessed on a case-by-case basis, using a totality-of-the-circumstances framework. A candidate that is determined to be ineligible for appointment will be notified in writing within (30) days of determining their ineligibility.

1001.8 EMPLOYMENT STANDARDS
All candidates shall meet the minimum standards required by state law (Government Code § 1029; Government Code § 1031; 11 CCR 1950 et seq.). Candidates will be evaluated based on merit, ability, competence, and experience, in accordance with the high standards of integrity and ethics valued by the Department and the community. The California Commission on Peace Officer Standards and Training (POST) developed a Job Dimensions list, which is used as a professional standard in background investigations.

Validated, job-related, and nondiscriminatory employment standards shall be established for each job classification and shall minimally identify the training, abilities, knowledge, and skills required to perform the position’s essential duties in a satisfactory manner. Each standard should include
Recruitment and Selection

Following existing memoranda of understandings, and/or administrative directives, written promotional tests may comprise a component of the promotional process. Written examinations are coordinated and controlled by the Human Resources Manager and his/her staff, with support and cooperation from Department staff.

If an assessment center is used as a part of the selection process, as with all other promotional testing processes, and consistent with the City Personnel Rules and Regulations, the Human Resources Manager shall be responsible for the development and facilitation of the process. As with other aspects of the promotional process, the Chief of Police will provide input and support to the Manager and his/her staff regarding topic areas and performance dimensions to be tested in the assessment center portion of the selection process.

An oral interview will usually be a required aspect of the selection process for promotional candidates. The Human Resource Manager shall be responsible for the development and facilitation of the oral interview panel. As with other aspects of the promotional process, the Chief of Police will provide input and support to the Manager and his/her staff regarding topic areas to be covered in the oral interview portion of the selection process.

Employees participating in a promotional process may review, and/or appeal, any element of the process with the Human Resource Manager if they feel an adverse action occurred to them because of the process. If the Employee wishes to appeal procedures shall be followed as outlined in the Grievance Procedures in the Police Department MOU and the City Personnel Rules section 4.12. When the Chief of Police learns that a condition existed that jeopardized the validity of a promotional process, he/she must consult with the Human Resources Manager and the City Manager prior to re-administering one or more elements of the process. This may include re-application, re-testing, and/or reevaluation of the candidates.

Promotional candidates may reapply and retest whenever subsequent tests are given. The Human Resource Manager shall maintain the security of all promotional materials.

1003.6.1 PROMOTIONAL PROCESS TO BE JOB RELATED AND NON-DISCRIMINATORY
Promotional processes and their individual components and elements are subject to statistical proof and documentation to satisfy professional, legal, and administrative requirements. This is to ensure the validity of the process. All promotional processes are designed to be job related and non-discriminatory. All circumstances concerning the evaluation of test validity are considered including any adverse impact when one or more components of the process are out of date. Component changes may be necessary due to reclassification of positions, new technology, or new skills necessary to successfully perform a job.
Test components are evaluated to ensure that the elements of the process measure skills, knowledge, abilities and traits necessary to do the job.

1003.6.2 WRITTEN ANNOUNCEMENTS OF PROMOTIONAL PROCESS
When a vacancy, or the anticipation of a vacancy, exists in a classification that mandates using the promotional process, the Chief of Police requests that the Human Resource Manager initiate a promotional process, with the approval of the City Manager. The recruitment announcement contains the following information:

- The minimum eligibility requirements to participate in the process.
- The classification in which the promotional opportunity exists.
- The cutoff date for notice of intent.

Included in the order is instruction for qualified/eligible employees must complete and submit the application package to Human Resources for review of the employee’s minimum requirements to participate in the promotional process.

1003.6.3 PROMOTIONAL ELIGIBILITY LISTS
The Human Resource Manager established an eligibility list compiled based on the rating criteria outlined for each component of the testing process as described in the promotional announcement. These criteria can include time in grade/and or time in rank requirements. Per City administrative policy, the Human Resources Manager will forward a list of five qualified candidates to the Chief of Police for consideration for appointment.

The Chief of Police may then select the most qualified candidate from the list of five (5) provided to the Department by the Human Resources Manager. If no qualified candidate is selected by the Chief of Police, additional candidates can be requested from the candidate list maintained by the Human Resources Manager.

Promotional eligibility lists expire one (1) year from the date of certification by the Human Resources Manager. However, the Chief of Police, may request an extension of the list from the City Manager, if needed and appropriate.

1003.7 PROMOTED EMPLOYEE’S PROBATIONARY PERIODS
Any permanent employee who is promoted becomes a probationary employee upon the date of the promotion, and remains so until they have successfully completed the probationary period of six (6) months.

If the probationary employee fails to demonstrate that he/she can competently meet the standards of performance for the new classification within the probationary period, he shall be entitled to return to the position from which he was promoted provided he held permanent status in such position and a vacancy exists.
PROMOTIONAL AND TRANSFER POLICY

If the employee was not accorded permanent status for any reason other than the inability to perform the duties of the new position, he shall not be entitled to be restored to the position from which he was promoted.
Evaluation of Employees

1005.1 PURPOSE AND SCOPE
The West Sacramento Police Department's employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

1005.2 POLICY
The West Sacramento Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to sex, race, color, national origin, religion, age, disability or other protected classes.

1005.3 EVALUATION PROCESS
Evaluation reports will cover a specific period of time (see City Personnel Rules 3.10) and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input. All sworn and civilian supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise. Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues.

Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.
Evaluation of Employees

1005.4 RESERVE OFFICER EVALUATIONS
Reserve officer evaluations are covered under the Reserve Officers Policy (See policy 349.5.6).

1005.5 FULL-TIME NEW HIRES/ PROBATIONARY PERSONNEL
Civilian personnel are on probation for 12 months before being eligible for certification as permanent employees. Civilian newly hired personnel perform the actual duties of their given position from their start date. Civilian newly hired employees will receive a performance review quarterly for a period of not less than one year. When probationary status is terminated and the civilian employee gains full time permanent status, evaluations will then be done at 1 year intervals.

Entry level newly hired sworn personnel are on probation for 18 months, lateral officers for 12 months, before being eligible for certification as permanent employees. Probationary officers are evaluated daily, weekly and monthly during the probationary period. Typically sworn new hire employees complete their Field Training within 4 to 6 months. After field training is completed the Officer assumes the actual duties of the sworn position and will be evaluated quarterly for a period not less than one year. When probationary status is terminated and the sworn employee gains full time permanent status evaluations will be done at 1 year intervals.

1005.6 FULL-TIME PERMANENT STATUS PERSONNEL
Permanent employees are subject to three types of performance evaluations:

Regular - An Employee Performance Evaluation shall be completed once each year by the employee’s immediate supervisor on the anniversary of the employee's date of hire except for employees who have been promoted in which case an Employee Performance Evaluation shall be completed on the anniversary of the employee's date of last promotion.

Transfer - If an employee is transferred from one assignment to another in the middle of an evaluation period and less than six months have transpired since the transfer, then an evaluation shall be completed by the current supervisor with input from the previous supervisor.

Special - A special evaluation may be completed any time the rater and the rater's supervisor feel one is necessary due to employee performance that is deemed less than standard. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (action plan, remedial training, retraining, etc.).

The evaluation form and the attached documentation shall be submitted as one package.

1005.7 RATINGS
When completing the Employee Performance Evaluation, the rater will place a check mark in the column that best describes the employee's performance. The definition of each rating category is as follows:

Outstanding - Is actual performance well beyond that required for the position? It is exceptional performance, definitely superior or extraordinary.
Evaluation of Employees

Exceeds Standards - Represents performance that is better than expected of a fully competent employee. It is superior to what is expected, but is not of such rare nature to warrant outstanding.

Meets Standards - Is the performance of a fully competent employee. It means satisfactory performance that meets the standards required of the position.

Needs Improvement - Is a level of performance less than that expected of a fully competent employee and less than standards required of the position. A needs improvement rating must be thoroughly discussed with the employee.

Unsatisfactory - Performance is inferior to the standards required of the position. It is very inadequate or undesirable performance that cannot be tolerated.

Space for written comments is provided at the end of the evaluation in the rater comments section. This section allows the rater to document the employee's strengths, weaknesses, and suggestions for improvement. Any rating under any job dimension marked unsatisfactory or outstanding shall be substantiated in the rater comments section.

1005.8 EVALUATION INTERVIEW
When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the just completed rating period and clarify any questions the employee may have. If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and employee will sign and date the evaluation. Employees may also write comments in the Employee Comments section of the performance evaluation report.

1005.9 EVALUATION DISTRIBUTION
The original performance evaluation shall be maintained in the employee's personnel file in the office of the Chief of Police for the tenure of the employee's employment. A copy will be given to the employee and a copy will be forwarded to City Personnel Department.

1005.10 EVALUATION REVIEW
After the supervisor finishes the discussion with the employee, the signed performance evaluation is forwarded to the rater's supervisor (Division Commander). The Division Commander shall review the evaluation for fairness, impartiality, uniformity, and consistency.
Anti-Retaliation

1009.1 PURPOSE AND SCOPE
This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members’ access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or memorandum of understanding.

1009.2 POLICY
The West Sacramento Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1009.3 RETALIATION PROHIBITED
No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.
1009.4 COMPLAINTS OF RETALIATION
Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City Director of Human Resources and Labor Relations.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member’s identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1009.5 SUPERVISOR RESPONSIBILITIES
Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

(a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
(b) Receiving all complaints in a fair and impartial manner.
(c) Documenting the complaint and any steps taken to resolve the problem.
(d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
(e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
(f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
(g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
(h) Not interfering with or denying the right of a member to make any complaint.
(i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.
1009.6 COMMAND STAFF RESPONSIBILITIES
The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

(a) Communicating to all members the prohibition against retaliation.
(b) The timely review of complaint investigations.
(c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
(d) The timely communication of the outcome to the complainant.

1009.7 WHISTLE-BLOWING
California law protects members who (Labor Code § 1102.5; Government Code § 53296 et seq.):

(a) Report a violation of a state or federal statute or regulation to a government or law enforcement agency, including the member’s supervisor or any other member with the authority to investigate the reported violation.

(b) Provide information or testify before a public body if the member has reasonable cause to believe a violation of law occurred.

(c) Refuse to participate in an activity that would result in a violation of a state or federal statute or regulation.

(d) File a complaint with a local agency about gross mismanagement or a significant waste of funds, abuse of authority, or a substantial and specific danger to public health or safety. Members shall exhaust all available administrative remedies prior to filing a formal complaint.

(e) Are family members of a person who has engaged in any protected acts described above.

Members are encouraged to report any legal violations through the chain of command (Labor Code § 1102.5).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Professional Standards Bureau for investigation pursuant to the Personnel Complaints Policy.

1009.7.1 DISPLAY OF WHISTLE-BLOWER LAWS
The Department shall display a notice to members regarding their rights and responsibilities under the whistle-blower laws, including the whistle-blower hotline maintained by the Office of the Attorney General (Labor Code § 1102.8).
1009.8 RECORDS RETENTION AND RELEASE
The Records Manager shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1009.9 TRAINING
The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.
1011.1 PURPOSE AND SCOPE
Convictions of certain offenses may restrict or prohibit an employee’s ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

The Administration Supervisor shall submit in a timely manner a notice to the Commission on Peace Officer Standards and Training (POST) of any appointment, termination, reinstatement, name change or status change regarding any peace officer, reserve peace officer, public safety dispatcher and records supervisor employed by this department (11 CCR 1003).

The Administration Supervisor shall submit in a timely manner a notice to POST of a felony conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR 1003).

1011.2 DOMESTIC VIOLENCE CONVICTIONS, OUTSTANDING WARRANTS AND RESTRAINING ORDERS
California and federal law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1011.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS
Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty or nolo contendre plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee’s ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member’s ability to possess a firearm.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust.
1011.4 REPORTING PROCEDURE
All members of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest, outstanding warrant or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order or becomes the subject of an outstanding warrant.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member on his/her own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1011.5 PROCEDURE FOR RELIEF
Pursuant to Penal Code § 29855, a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 29855 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Each employee shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm as a part of their employment. Relief from any domestic violence or other restriction shall also be pursued through the employee’s own resources and on the employee’s own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee’s duties, the employee may be placed on administrative leave, reassigned or disciplined. The Department may, but is not required to return an employee to any assignment, reinstate any employee or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.
Drug- and Alcohol-Free Workplace

1013.1 PURPOSE AND SCOPE
The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace.

1013.1.1 DRUG-FREE WORKPLACE POLICY
The City of West Sacramento makes every effort to continuously provide a drug-free workplace. The City prohibits the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in the workplace. Infractions of this policy are violations of rules and are subject to the disciplinary process, up to and including termination. The City of West Sacramento recognizes the California Health and Safety Code definition of controlled substances.

The Chief of Police expects every employee to fully comply with this policy as a continuing condition of employment. Any employee convicted of a criminal drug statute must report such conviction to the Chief of Police within five calendar days of the date of conviction. Note: This policy statement does not alter the Police Department rules or disciplinary procedures.

The Police Department will comply with the City of West Sacramento Administrative Policy II-C-1 - Drug Free Workplace Policy. This policy complies with the Drug Free Workplace Act of 1988.

1013.2 POLICY
It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1013.3 GENERAL GUIDELINES
Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Watch Commander or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1013.3.1 USE OF MEDICATIONS
Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.
1013.3.2 USE OF MARIJUANA
Possession of marijuana, including medical marijuana, or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

1013.4 MEMBER RESPONSIBILITIES
Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1013.5 EMPLOYEE ASSISTANCE PROGRAM
There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources & Labor Relations, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1013.6 WORK RESTRICTIONS
If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1013.7 REQUESTING SCREENING TESTS
The supervisor may request an employee to submit to a screening test under the following circumstances:
Drug- and Alcohol-Free Workplace

(a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.

(b) The employee discharges a firearm, other than by accident, in the performance of his/her duties.

(c) During the performance of his/her duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury to him/herself or another person, or substantial damage to property.

1013.7.1 SUPERVISOR RESPONSIBILITY
The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

(a) The test will be given to detect either alcohol or drugs, or both.

(b) The result of the test is not admissible in any criminal proceeding against the employee.

(c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1013.7.2 SCREENING TEST REFUSAL
An employee may be subject to disciplinary action if he/she:

(a) Fails or refuses to submit to a screening test as requested.

(b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.

(c) Violates any provisions of this policy.

1013.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT
No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1013.9 CONFIDENTIALITY
The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.
Drug- and Alcohol-Free Workplace

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee’s other personnel files.
Sick Leave

1015.1 PURPOSE AND SCOPE
This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.) and the California Family Rights Act, and leave related to domestic violence, sexual assault, stalking or for organ or bone marrow donor procedures (29 CFR 825; Government Code § 12945.2; Labor Code § 230.1; Labor Code § 1510).

1015.2 POLICY
It is the policy of the West Sacramento Police Department to provide eligible employees with a sick leave benefit.

1015.3 USE OF SICK LEAVE
Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see Outside Employment Policy).

Qualified appointments should be scheduled during a member’s non-working hours when it is reasonable to do so.

1015.3.1 NOTIFICATION
All members should notify the Watch Commander or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (Labor Code § 246).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 30 days’ notice of the impending absence (Labor Code § 246).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.
1015.4 EXTENDED ABSENCE
Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work. Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider’s statement for an absence of three or fewer days after the first three days of paid sick leave are used in a 12-month period.

1015.5 REQUIRED NOTICES
The Director of Human Resources and Labor Relations shall ensure:

(a) Written notice of the amount of paid sick leave available is provided to employees as provided in Labor Code § 246.

(b) A poster is displayed in a conspicuous place for employees to review that contains information on paid sick leave as provided in Labor Code § 247.

1015.6 SUPERVISOR RESPONSIBILITIES
The responsibilities of supervisors include, but are not limited to:

(a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.

(b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Department of Human Resources & Labor Relations as appropriate.

(c) Addressing absences and sick leave use in the member’s performance evaluation when excessive or unusual use has:

1. Negatively affected the member’s performance or ability to complete assigned duties.

2. Negatively affected department operations.

(d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.

(e) Referring eligible members to an available employee assistance program when appropriate.
Communicable Diseases

1017.1 PURPOSE AND SCOPE
This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1017.1.1 DEFINITIONS
Definitions related to this policy include:

**Communicable disease** - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

**Exposure** - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the West Sacramento Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1017.2 POLICY
The West Sacramento Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1017.3 EXPOSURE CONTROL OFFICER
The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

(a) Exposure-prevention and decontamination procedures.

(b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.

(c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.

(d) Evaluation of persons in custody for any exposure risk and measures to separate them (15 CCR 1051; 15 CCR 1207).

(e) Compliance with all relevant laws or regulations related to communicable diseases, including:

1. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).

2. Bloodborne pathogen mandates including (8 CCR 5193):
Communicable Diseases

3. Airborne transmissible disease mandates including (8 CCR 5199):
(a) Engineering and work practice controls related to airborne transmissible diseases.
(b) Distribution of appropriate personal protective equipment to minimize exposure to airborne disease.

4. Promptly notifying the county health officer regarding member exposures (Penal Code § 7510).

5. Establishing procedures to ensure that members request exposure notification from health facilities when transporting a person that may have a communicable disease and that the member is notified of any exposure as required by Health and Safety Code § 1797.188.

6. Informing members of the provisions of Health and Safety Code § 1797.188 (exposure to communicable diseases and notification).

(f) Provisions for acting as the designated officer liaison with health care facilities regarding communicable disease or condition exposure notification. The designated officer should coordinate with other department members to fulfill the role when not available. The designated officer shall ensure that the name, title and telephone number of the designated officer is posted on the Department website (Health and Safety Code § 1797.188).

The ECO should also act as the liaison with the Division of Occupational Safety and Health (Cal/OSHA) and may request voluntary compliance inspections. The ECO shall annually review and update the exposure control plan and review implementation of the plan (8 CCR 5193).

1017.4 EXPOSURE PREVENTION AND MITIGATION

1017.4.1 GENERAL PRECAUTIONS
All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (8 CCR 5193):

(a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.
(b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.
(c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
(d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
Communicable Diseases

(e) Using an appropriate barrier device when providing CPR.

(f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.

(g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.

1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.

(h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.

(i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.

(j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

1017.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (8 CCR 5193).

1017.5 POST EXPOSURE

1017.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

(a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).

(b) Obtain medical attention as appropriate.

(c) Notify a supervisor as soon as practicable.

1017.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (8 CCR 5193):

(a) Name and Social Security number of the member exposed

(b) Date and time of the incident

(c) Location of the incident

(d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)

(e) Work being done during exposure
Communicable Diseases

(f) How the incident occurred or was caused
(g) PPE in use at the time of the incident
(h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

1017.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT
Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (8 CCR 5193).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

(a) Whether the member has been informed of the results of the evaluation.
(b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1017.5.4 COUNSELING
The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (8 CCR 5193).

1017.5.5 SOURCE TESTING
Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate (8 CCR 5193). Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member’s supervisor to ensure testing is sought.

Source testing may be achieved by:

(a) Obtaining consent from the individual.
(b) Complying with the statutory scheme of Health and Safety Code § 121060. This includes seeking consent from the person who was the source of the exposure and seeking a court order if consent is not given.
(c) Testing the exposed member for evidence of a communicable disease and seeking consent from the source individual to either access existing blood samples for testing or for the source to submit to testing (Health and Safety Code § 120262).
(d) Taking reasonable steps to immediately contact the County Health Officer and provide preliminary information regarding the circumstances of the exposure and the status
of the involved individuals to determine whether the County Health Officer will order testing (Penal Code § 7510).

(e) Under certain circumstances, a court may issue a search warrant for the purpose of HIV testing a person when the exposed member qualifies as a crime victim (Penal Code § 1524.1).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1017.6 CONFIDENTIALITY OF REPORTS
Medical information shall remain in confidential files and shall not be disclosed to anyone without the member’s written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1017.7 TRAINING
All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (8 CCR 5193):

(a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.

(b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.

(c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.
Respiratory Protection Program

1018.1 PURPOSE AND SCOPE
The Respiratory Protection Program encompasses equipment selection, medical screening, fit testing, training, use and maintenance of respirators to be used by the following types of sworn and non-sworn personnel subject to working in the following types of conditions.

(a) Personnel who are issued respirators to be used for escape from hazardous atmospheres.

(b) Personnel who are issued respirators to be used while maintaining perimeters at hazardous materials incidents. These are officers who will be stationed in the support ("cold" or "green") zone, where contaminants are not expected to exceed levels deemed safe for unprotected persons, as determined by the incident commander.

(c) Personnel who are issued respirators for use in maintaining the perimeter at crowd-control incidents where chemical agents (e.g., CS or CN tear gas) are used.

(d) Personnel who are issued respirators to prevent exposure to tuberculosis and other serious airborne respiratory infections due to sustained contact with, or transport of, persons who are suspected of carrying an active infection with a serious airborne respiratory disease (such as tuberculosis).

(e) Personnel who, in exigent or emergency situations, are required to enter an area where CS, CN, smoke, or other tearing agents have been expelled.

Note: In these situations the incident commander, or officer in charge, shall ensure that the levels of contamination do not exceed the tearing agent manufacturer’s recommendation for safe operation, or the NIOSH maximum concentration for use (MUC), prior to entry. As of 10/1/03, the MUC for CN is 15mg/M3 and the MUC for CS is 2 mg/M3.

Agencies should have written policies on the type, amount and vehicle of release of the agents following manufacturer’s recommended guidelines. These polices shall be specific for indoor, outdoor and semi-contained (stadium type) situations.

1018.2 PROGRAM ADMINISTRATION
A respiratory protection program administrator will be designated to oversee this program. This appointment will be at the discretion of the Chief of Police. Employees of the department will be made aware of the Program Administrator. The Program Administrator shall be knowledgeable about the requirements of Section 5144 of Title 8 of the California Code of Regulations and all elements of the respiratory protection program. The Administrator will be responsible for assuring implementation of all elements of this program.

The program administrator is responsible for ensuring that all general duty personnel designated to use respirators are included in this program, and that the program is implemented in a consistent manner throughout the agency.
Respiratory Protection Program

1018.3 APPROVED EQUIPMENT
All respiratory protective equipment shall be approved by the National Institute for Occupational Safety and Health (NIOSH) for the environment in which it is going to be used. The following definitions apply to equipment that will be issued to officers under this program:

(a) Air-purifying respirator (APR) means a respirator that works by removing gas, vapor, or particulate, or combinations of gas, vapor, and/or particulate from the air through the use of filters, cartridges, or canisters that have been tested and approved for use in specific types of contaminated atmospheres by NIOSH. This respirator does not supply oxygen and therefore cannot be used to enter an atmosphere that is oxygen deficient.

(b) Powered air-purifying respirator (PAPR) means air-purifying respirator that uses a blower to force ambient air through air-purifying elements to the respirator face piece or hood.

(c) Self Contained Breathing Apparatus (SCBA) means provide clean air from an uncontaminated source. The SCBA consists of a tight fitting face piece and pressurized breathing air cylinder.

(d) All personnel whom are subject to operating in environments described in Section A.1.5 will be issued an APR. These personnel include but are not limited to: Police Officers, Police Sergeants, Police Lieutenants, Detectives and Crime Scene Investigators.

(e) Personnel assigned to the Special Weapons and Tactics team (SWAT) and the Explosive Ordinance Detail (EOD) will have access to the use of PAPR units compatible with issued APR's.

(f) Personnel assigned to the Special Weapons and Tactics team (SWAT) Explosive Ordinance Detail (EOD) will be issued face approved face pieces to be worn with a Self-Contained Breathing Apparatus.

(b) Personnel assigned to SWAT and EOD.

(c) The physician or other licensed health care professional (PLHCP) recommends the use of a PAPR for medical reasons.

(d) Personnel assigned to EOD are required to conduct entry operations in a warm or hot zones wearing CBRN approved Self Contained Breathing Apparatus (SCBA).

(e) Personnel assigned to EOD will be provided with a Scott and an Interspiro SCBA mask in coordination with SCBA's used by area Hazardous Materials Response Teams. These masks will be issued by the Yolo County Bomb Squad.

(f) Personnel assigned to SWAT will be assigned a Scott face piece to be worn with an SCBA at the direction of the SWAT Commander.

1018.5 MEDICAL EVALUATION

(a) Personnel are considered medically qualified to use respiratory protective equipment after completing the POST Medical History Statement (POST 2-252) or its equivalent and successfully passing a physical examination that occurs as a condition of employment. The pre-employment physical must meet or exceed the standards described in the POST Medical Screening Manual for California Law Enforcement.

(b) Employees who were hired prior to the implementation of the POST Medical History Statement (POST 2-252) shall complete the Cal/OSHA medical questionnaire and department medical personnel shall review it.

(c) Medical evaluations are required for any officer when:

(d) An employee reports medical signs or symptoms that are related to the ability to use a respirator,
Respiratory Protection Program

(e) A physician or other licensed health care professional (PLHCP), a supervisor, or the Program Administrator informs the agency that an employee needs to be reevaluated,

(f) Observations made during fit testing and program evaluation indicate a need for reevaluation, or

(g) A change occurs in workplace conditions (e.g., physical work effort, protective clothing, temperature) that may result in a substantial increase in the physiological burden placed on an employee.

1018.6 FIT TESTING
Fit test procedures shall be in accordance with Appendix A of Section 5144 of Title 8 of the California Code of Regulations.

(a) Before an officer is required to use any respirator with a tight-fitting face piece (APR/PAPR), the officer must be fit tested with the same make, model, style, and size of respirator to be used. Officers shall be provided with a sufficient number of respirator models and sizes so that he/she may select an acceptable face piece.

(b) Fit tests shall be provided at the time of initial assignment and at least annually thereafter. Additional fit tests shall be provided whenever the officer, employer, PLHCP, supervisor, or program administrator makes visual observations of changes in the officer's physical condition that could affect respirator fit. These conditions include, but are not limited to, facial scarring, dental changes, cosmetic surgery, or an obvious change in body weight.

(c) The person who administers the fit test shall complete fit test training. Agencies may accomplish this training through their fire agency, OSHA, or the manufacturer of the equipment. Documentation of all training must be maintained in the department program records. All personnel qualified to fit-test must keep up to date on their training.

(d) Prior to the fit test, the officer shall be shown the proper procedures for donning a respirator. The officer shall demonstrate donning the respirator, adjust the straps, and perform positive and negative pressure fit checks.

(e) Respirators with tight-fitting face pieces do not seal properly when facial hair comes between the sealing surface of the face piece and the face, or when it interferes with valve function. Therefore, any employee who has facial hair that interferes with sealing surfaces must trim or shave the facial hair to a level necessary to pass the test.

(f) Personnel whom wear corrective glasses or other personal protective equipment must be sure that such equipment is worn in a manner that does not interfere with the face piece seal. The glasses or personal protective equipment that must be worn with the respirator shall be taken to the fit-test assessment and worn during the test.
(g) Officers who are issued tight-fitting face piece gas/vapor air purifying respirators (gas masks) shall be provided with either a qualitative (employee response to test agent) or quantitative (numerical measurement of leakage) method fit test. Agencies must indicate in their department program records which test was utilized and the results of the tests.

(h) Personnel assigned to EOD will be required to fit test on each assigned SCBA masks issued by the Yolo County Bomb Squad. Personnel assigned to SWAT will be required to fit test on their assigned Scott SCBA mask.
Smoking and Tobacco Use

1019.1 PURPOSE AND SCOPE
This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in West Sacramento Police Department facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1019.2 POLICY
The West Sacramento Police Department recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings and vehicles, and as is further outlined in this policy (Government Code § 7597; Labor Code § 6404.5).

1019.2.1 TOBACCO POLICY
It is the policy of the Police Department to provide a safe and healthful working environment for its employees and to prevent them from experiencing any unnecessary physical discomfort while at work. The Surgeon General has determined that smoking does cause cancer, and this same potential exists from ambient tobacco smoke. Additional hazards may exist for those persons who suffer from heart and respiratory diseases or allergies. This policy applies to all employees, contractors and visitors to provide a tobacco free environment and to promote "fire prevention and safety" for those working in or visiting department facilities.

The City of West Sacramento is an entirely tobacco free workplace. There will be no smoking or use of any tobacco product in police facilities by employees of, or visitors to the Department.

There will be no smoking or use of any tobacco product in city-owned or city-operated vehicles.

The use of tobacco products is prohibited while in direct contact with members of the public.

Tobacco products include cigarettes, cigars, pipes, chewing tobacco, snuff, and any other items containing or reasonably resembling tobacco or tobacco products. Tobacco use includes smoking, chewing, dipping, or any other use of tobacco products.

1019.3 SMOKING AND TOBACCO USE
Smoking and tobacco use by members is prohibited anytime members are in public view representing the West Sacramento Police Department.

It shall be the responsibility of each member to ensure that no person under his/her supervision smokes or uses any tobacco product inside City facilities and vehicles.
Smoking and Tobacco Use

1019.4 ADDITIONAL PROHIBITIONS
No person shall use tobacco products within 20 feet of a main entrance, exit or operable window of any public building (including any department facility), or buildings on the campuses of the University of California, California State University and California community colleges, whether present for training, enforcement or any other purpose (Government Code § 7596 et seq.).

1019.4.1 NOTICE
The Chief of Police or the authorized designee should ensure that proper signage is posted at each entrance to the Department facility (Labor Code § 6404.5).
Personnel Complaints

1021.1 PURPOSE AND SCOPE
This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the West Sacramento Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1021.2 POLICY
The West Sacramento Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1021.3 PERSONNEL COMPLAINTS
Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department.

1021.3.1 COMPLAINT CLASSIFICATIONS
Personnel complaints shall be classified in one of the following categories:

**Informal** - A matter in which the Watch Commander is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

**Formal** - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Professional Standards Bureau, depending on the seriousness and complexity of the investigation.

**Incomplete** - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Professional Standards Bureau, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.
1021.3.2 SOURCES OF COMPLAINTS
The following applies to the source of complaints:

(a) Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.

(b) Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.

(c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.

(d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.

(e) Tort claims and lawsuits may generate a personnel complaint.

1021.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1021.4.1 COMPLAINT FORMS
Personnel complaint forms will be maintained in a clearly visible location in the public area of the police facility and be accessible through the department website. Forms may also be available at other City facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

1021.4.2 ACCEPTANCE
All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

A complainant shall be provided with a copy of his/her statement at the time it is filed with the Department (Penal Code § 832.7).

1021.4.3 AVAILABILITY OF WRITTEN PROCEDURES
The Department shall make available to the public a written description of the investigation procedures for complaints (Penal Code § 832.5).

1021.5 DOCUMENTATION
Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.
All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Department should audit the log and send an audit report to the Chief of Police or the authorized designee.

1021.6 ADMINISTRATIVE INVESTIGATIONS

Allegations of misconduct will be administratively investigated as follows.

1021.6.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include but are not limited to:

(a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
   1. The original complaint form will be directed to the Watch Commander of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
   2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Division Commander or the Chief of Police, who will initiate appropriate action.

(b) Responding to all complainants in a courteous and professional manner.

(c) Resolving those personnel complaints that can be resolved immediately.
   1. Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.
   2. If the matter is resolved and no further action is required, the supervisor will note the resolution on a complaint form and forward the form to the Watch Commander.

(d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Watch Commander and the Chief of Police are notified via the chain of command as soon as practicable.

(e) Promptly contacting the Department of Human Resources & Labor Relations and the Watch Commander for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.
Personnel Complaints

(f) Forwarding unresolved personnel complaints to the Watch Commander, who will determine whether to contact the complainant or assign the complaint for investigation.

(g) Informing the complainant of the investigator’s name and the complaint number within three days after assignment.

(h) Investigating a complaint as follows:

1. Making reasonable efforts to obtain names, addresses and telephone numbers of witnesses.

2. When appropriate, ensuring immediate medical attention is provided and photographs of alleged injuries and accessible uninjured areas are taken.

(i) Ensuring that the procedural rights of the accused member are followed (Government Code § 3303 et seq.).

(j) Ensuring interviews of the complainant are generally conducted during reasonable hours.

1021.6.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or a member of the Professional Standards Bureau, the following applies to members covered by the Public Safety Officers Procedural Bill of Rights Act (POBRA) (Government Code § 3303):

(a) Interviews of an accused member shall be conducted during reasonable hours and preferably when the member is on-duty. If the member is off-duty, he/she shall be compensated.

(b) Unless waived by the member, interviews of an accused member shall be at the West Sacramento Police Department or other reasonable and appropriate place.

(c) No more than two interviewers should ask questions of an accused member.

(d) Prior to any interview, a member shall be informed of the nature of the investigation, the name, rank and command of the officer in charge of the investigation, the interviewing officers and all other persons to be present during the interview.

(e) All interviews shall be for a reasonable period and the member's personal needs should be accommodated.

(f) No member should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.

(g) Any member refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.

(a) A member should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a Lybarger advisement. Administrative investigators should consider the impact that compelling a statement from the member may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related
Personnel Complaints

investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).

(b) No information or evidence administratively coerced from a member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.

(h) The interviewer should record all interviews of members and witnesses. The member may also record the interview. If the member has been previously interviewed, a copy of that recorded interview shall be provided to the member prior to any subsequent interview.

(i) All members subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual’s statement, involved members shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

(j) All members shall provide forthright and honest responses to questions posed during interviews.

(k) No member may be requested or compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation (Government Code § 3307).

No investigation shall be undertaken against any officer solely because the officer has been placed on a prosecutor’s Brady list or the name of the officer may otherwise be subject to disclosure pursuant to Brady v. Maryland. However, an investigation may be based on the underlying acts or omissions for which the officer has been placed on a Brady list or may otherwise be subject to disclosure pursuant to Brady v. Maryland (Government Code § 3305.5).

1021.6.3 INVESTIGATIVE IDENTIFICATION OF EMPLOYEES
An investigator may require an employee to participate in a lineup and/or submit to photographs for purposes of identification if probable cause exists to believe the employee has involvement in a criminal offense and the evidence is material to the investigation.

1021.6.4 ADMINISTRATIVE INVESTIGATION FORMAT
Formal investigations of personnel complaints shall be thorough, complete and essentially follow this format:

Summary of Complaint- Provide a brief summary of the facts giving rise to the investigation.

Allegations- List the allegations separately, including applicable policy sections.

Investigation- Comprehensive documentation detailing the steps taken in the investigation including summaries of witness and subject statements.

Evidence- List relevant evidence contained in investigation file.

Conclusion- Summarize conclusive evidence and/or information and recommend further action, i.e.; forward to Lt. Smith for review and findings.
1021.6.5 DISPOSITIONS
Each personnel complaint shall be classified with one of the following dispositions:

**Unfounded** - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded (Penal Code § 832.8).

**Exonerated** - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

**Not sustained** - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

**Sustained** - A final determination by an investigating agency, commission, board, hearing officer, or arbitrator, as applicable, following an investigation and opportunity for an administrative appeal pursuant to Government Code § 3304 and Government Code § 3304.5 that the actions of an officer were found to violate law or department policy (Penal Code § 832.8).

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1021.6.6 COMPLETION OF INVESTIGATIONS
Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation (Government Code § 3304).

In the event that an investigation cannot be completed within one year of discovery, the assigned investigator or supervisor shall ensure that an extension or delay is warranted within the exceptions set forth in Government Code § 3304(d) or Government Code § 3508.1.

1021.7 ADMINISTRATIVE SEARCHES
An employee of this department may be administratively ordered to submit to a blood, breath, or urine test for alcohol and drugs under any of the following circumstances:

(a) When the employee, whether on or off duty, is involved in a shooting or police related death;
(b) When the employee is involved in an injury or fatal accident while on duty;
(c) When the employee is involved in an injury or fatal accident while operating any City owned vehicle whether on or off duty;
(d) When the employee is found to be exhibiting objective symptoms of intoxication or drug influence while on duty.

The use of compelled testing results shall be restricted to the administrative investigation.
Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

Lockers and storage spaces may only be administratively searched in the member’s presence, with the member’s consent, with a valid search warrant or where the member has been given reasonable notice that the search will take place (Government Code § 3309).

1021.7.1 DISCLOSURE OF FINANCIAL INFORMATION
An employee may be compelled to disclose personal financial information under the following circumstances (Government Code § 3308):

(a) Pursuant to a state law or proper legal process
(b) Information exists that tends to indicate a conflict of interest with official duties
(c) If the employee is assigned to or being considered for a special assignment with a potential for bribes or other improper inducements

1021.8 ADMINISTRATIVE LEAVE
When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

(a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.
(b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.
(c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

1021.9 CRIMINAL INVESTIGATION
Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be advised of his/her constitutional rights (Government Code § 3303(h)). The member should not be administratively ordered to provide any information in the criminal investigation.
Personnel Complaints

The West Sacramento Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1021.10 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES
Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. Each level of command should review the report and include his/her comments in writing before forwarding the report. The Chief of Police may accept or modify any classification or recommendation for disciplinary action.

1021.10.1 DIVISION COMMANDER RESPONSIBILITIES
Upon receipt of any completed personnel investigation, the Division Commander of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Division Commander may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief of Police, the Division Commander may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police, the Division Commander shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1021.10.2 CHIEF OF POLICE RESPONSIBILITIES
Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Division Commander for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the Chief of Police shall provide the member with a pre-disciplinary procedural due process hearing (Skelly) by providing written notice of the charges, proposed action and reasons for the proposed action. Written notice shall be provided within one year from the date of discovery of the misconduct (Government Code § 3304(d)). The Chief of Police shall also provide the member with:

(a) Access to all of the materials considered by the Chief of Police in recommending the proposed discipline.
(b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.

1. Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.
Personnel Complaints

2. If the member elects to respond orally, the presentation may be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

1021.10.3 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT
The Chief of Police or the authorized designee shall ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint (Penal Code § 832.7(f)).

1021.10.4 NOTICE REQUIREMENTS
The disposition of any civilian’s complaint shall be released to the complaining party within 30 days of the final disposition. This release shall not include what discipline, if any, was imposed (Penal Code § 832.7(f)).

1021.11 PRE-DISCIPLINE EMPLOYEE RESPONSE
The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

(a) The response is not intended to be an adversarial or formal hearing.

(b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.

(c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.

(d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.

(e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.

1021.12 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE
In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.
1021.13 POST-DISCIPLINE APPEAL RIGHTS
Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement, Memorandum of Understanding and/or personnel rules.

In the event of punitive action against an employee covered by the POBR, the appeal process shall be in compliance with Government Code § 3304 and Government Code § 3304.5.

During any administrative appeal, evidence that an officer has been placed on a Brady list or is otherwise subject to Brady restrictions may not be introduced unless the underlying allegations of misconduct have been independently established. Thereafter, such Brady evidence shall be limited to determining the appropriateness of the penalty (Government Code § 3305.5).

1021.14 PROBATIONARY EMPLOYEES AND OTHER MEMBERS
At-will and probationary employees and those members other than non-probationary employees may be released from employment for non-disciplinary reasons (e.g., failure to meet standards) without adherence to the procedures set forth in this policy or any right to appeal. However, any probationary officer subjected to an investigation into allegations of misconduct shall be entitled to those procedural rights, as applicable, set forth in the POBR (Government Code § 3303; Government Code § 3304).

At-will, probationary employees and those other than non-probationary employees subjected to discipline or termination as a result of allegations of misconduct shall not be deemed to have acquired a property interest in their position, but shall be given the opportunity to appear before the Chief of Police or authorized designee for a non-evidentiary hearing for the sole purpose of attempting to clear their name or liberty interest. There shall be no further opportunity for appeal beyond the liberty interest hearing and the decision of the Chief of Police shall be final.

1021.15 RETENTION OF PERSONNEL INVESTIGATION FILES
All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Records Policy.
Seat Belts

1023.1 PURPOSE AND SCOPE
This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles (Vehicle Code § 27315.5).

1023.1.1 DEFINITIONS
Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1023.2 WEARING OF SAFETY RESTRAINTS
All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

1023.3 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES
Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1023.4 INOPERABLE SEAT BELTS
Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1023.5 POLICY
It is the policy of the West Sacramento Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1023.6 TRANSPORTING CHILDREN
Children under the age of 8 shall be transported in compliance with California’s child restraint system requirements (Vehicle Code § 27360; Vehicle Code § 27363).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer’s design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible. A child shall not be transported in a rear-facing child restraint system in the front seat in a vehicle that is equipped with an active frontal passenger airbag (Vehicle Code § 27363).

1023.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS
Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer’s operator requirements for safe use.

1023.8 VEHICLE AIRBAGS
In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.
Body Armor

1025.1 PURPOSE AND SCOPE
The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1025.2 POLICY
It is the policy of the West Sacramento Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1025.3 ISSUANCE OF BODY ARMOR
The Administration supervisor shall ensure that body armor is issued to all officers when the officer begins service at the West Sacramento Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Administration supervisor shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1025.3.1 USE OF SOFT BODY ARMOR
Generally, the use of body armor is required subject to the following:

(a) Officers shall only wear agency-approved body armor.

(b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.

(c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.

(d) Body armor shall be worn when an officer is working in uniform or taking part in Department range training.

(e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1025.3.2 INSPECTIONS OF BODY ARMOR
Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body armor should be conducted by an authorized designee for fit, cleanliness, and signs of damage, abuse and wear.
Body Armor

1025.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR
Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

1025.4 RANGEMASTER RESPONSIBILITIES
The Rangemaster should:

(a) Monitor technological advances in the body armor industry for any appropriate changes to Department approved body armor.

(b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.

(c) Provide training that educates officers about the safety benefits of wearing body armor.

   2. Disciplinary action resulting from a sustained civilian's complaint shall be maintained pursuant to the established records retention schedule and at least five years (Penal Code § 832.5).

(f) Adverse comments such as supervisor notes or memos may be retained in the department file after the member has had the opportunity to read and initial the comment (Government Code § 3305).
   1. Once a member has had an opportunity to read and initial any adverse comment, the member shall be given the opportunity to respond in writing to the adverse comment within 30 days (Government Code § 3306).
   2. Any member response shall be attached to and retained with the original adverse comment (Government Code § 3306).
   3. If a member refuses to initial or sign an adverse comment, at least one supervisor should note the date and time of such refusal on the original comment and the member should sign or initial the noted refusal. Such a refusal, however, shall
not be deemed insubordination, nor shall it prohibit the entry of the adverse comment into the member's file (Government Code § 3305).

(g) Commendations and awards.

(h) Any other information, the disclosure of which would constitute an unwarranted invasion of personal privacy.

1027.4 DIVISION FILE
Division files may be separately maintained internally by a member's supervisor for the purpose of completing timely performance evaluations. The Division file may contain supervisor comments, notes, notices to correct and other materials that are intended to serve as a foundation for the completion of timely performance evaluations.

All materials intended for this interim file shall be provided to the employee prior to being placed in the file in accordance with Government Code § 3305 and Government Code § 3306.

Division files shall be destroyed after (1) year or completion of performance evaluation.

1027.5 TRAINING FILE
An individual training file shall be maintained by the Training Manager for each member. Training files will contain records of all training; original or photocopies of available certificates, transcripts, diplomas and other documentation; and education and firearms qualifications. Training records may also be created and stored remotely, either manually or automatically (e.g., Daily Training Bulletin (DTB) records).

(a) The involved member is responsible for providing the Training Manager or immediate supervisor with evidence of completed training/education in a timely manner.

(b) The Training Manager or supervisor shall ensure that copies of such training records are placed in the member’s training file.

1027.6 INTERNAL AFFAIRS FILE
Internal affairs files shall be maintained under the exclusive control of the Professional Standards Bureau in conjunction with the office of the Chief of Police. Access to these files may only be approved by the Chief of Police or the Professional Standards Bureau supervisor.

These files shall contain the complete investigation of all formal complaints of member misconduct, regardless of disposition (Penal Code § 832.12). Investigations of complaints that result in the following findings shall not be placed in the member's file but will be maintained in the internal affairs file:

(a) Not sustained

(b) Unfounded

(c) Exonerated
Investigation files arising out of civilian’s complaints shall be maintained pursuant to the established records retention schedule and for a period of at least five years. Investigations that resulted in other than a sustained finding may not be used by the Department to adversely affect an employee’s career (Penal Code § 832.5).

Investigation files arising out of internally generated complaints shall be maintained pursuant to the established records retention schedule and for at least two years (Government Code § 26202; Government Code § 34090).

1027.7 MEDICAL FILE
A medical file shall be maintained separately from all other personnel records and shall contain all documents relating to the member’s medical condition and history, including but not limited to:

(a) Materials relating to a medical leave of absence, including leave under the Family and Medical Leave Act (FMLA).
(b) Documents relating to workers’ compensation claims or the receipt of short- or long-term disability benefits.
(c) Fitness-for-duty examinations, psychological and physical examinations, follow-up inquiries and related documents.
(d) Medical release forms, doctor’s slips and attendance records that reveal a member’s medical condition.
(e) Any other documents or materials that reveal the member’s medical history or medical condition, including past, present or future anticipated mental, psychological or physical limitations.

1027.8 SECURITY
Personnel records should be maintained in a secured location and locked either in a cabinet or access-controlled room. Personnel records maintained in an electronic format should have adequate password protection.

Personnel records are subject to disclosure only as provided in this policy, the Records Maintenance and Release Policy or according to applicable discovery procedures.

Nothing in this policy is intended to preclude review of personnel records by the City Manager, City Attorney or other attorneys or representatives of the City in connection with official business.

1027.8.1 REQUESTS FOR DISCLOSURE
Any member receiving a request for a personnel record shall promptly notify the Custodian of Records or other person charged with the maintenance of such records.

Upon receipt of any such request, the responsible person shall notify the affected member as soon as practicable that such a request has been made (Evidence Code § 1043).
The responsible person shall further ensure that an appropriate response to the request is made in a timely manner, consistent with applicable law. In many cases, this may require assistance of available legal counsel.

All requests for disclosure that result in access to a member’s personnel records shall be logged in the corresponding file.

1027.8.2 RELEASE OF PERSONNEL INFORMATION
Personnel records shall not be disclosed except as allowed by law (Penal Code § 832.7; Evidence Code § 1043) (See also Records Maintenance and Release Policy).

Any person who maliciously, and with the intent to obstruct justice or the due administration of the laws, publishes, disseminates, or otherwise discloses the residence address or telephone number of any member of this department may be guilty of a misdemeanor (Penal Code § 146e).

The Department may release any factual information concerning a disciplinary investigation if the member who is the subject of the investigation (or the member’s representative) publicly makes a statement that is published in the media and that the member (or representative) knows to be false. The disclosure of such information, if any, shall be limited to facts that refute any such false statement (Penal Code § 832.7).

1027.9 MEMBER ACCESS TO HIS/HER OWN PERSONNEL RECORDS
Any member may request access to his/her own personnel records during the normal business hours of those responsible for maintaining such files. Any member seeking the removal of any item from his/her personnel records shall file a written request to the Chief of Police through the chain of command. The Department shall remove any such item if appropriate, or within 30 days provide the member with a written explanation of why the contested item will not be removed. If the contested item is not removed from the file, the member’s request and the written response from the Department shall be retained with the contested item in the member’s corresponding personnel record (Government Code § 3306.5).

Members may be restricted from accessing files containing any of the following information:

(a) An ongoing internal affairs investigation to the extent that it could jeopardize or compromise the investigation pending final disposition or notice to the member of the intent to discipline.

(b) Confidential portions of internal affairs files that have not been sustained against the member.

(c) Criminal investigations involving the member.

(d) Letters of reference concerning employment/appointment, licensing or issuance of permits regarding the member.

(e) Any portion of a test document, except the cumulative total test score for either a section of the test document or for the entire test document.

(f) Materials used by the Department for staff management planning, including judgments or recommendations concerning future salary increases and other wage treatments,
management bonus plans, promotions and job assignments or other comments or ratings used for department planning purposes.

(g) Information of a personal nature about a person other than the member if disclosure of the information would constitute a clearly unwarranted invasion of the other person's privacy.

(h) Records relevant to any other pending claim between the Department and the member that may be discovered in a judicial proceeding.

**1027.10 RETENTION AND PURGING**

Unless provided otherwise in this policy, personnel records shall be maintained in accordance with the established records retention schedule.

(a) During the preparation of each member's performance evaluation, all personnel complaints and disciplinary actions should be reviewed to determine the relevancy, if any, to progressive discipline, training and career development. Each supervisor responsible for completing the member's performance evaluation should determine whether any prior sustained disciplinary file should be retained beyond the required period for reasons other than pending litigation or other ongoing legal proceedings.

(b) If a supervisor determines that records of prior discipline should be retained beyond the required period, approval for such retention should be obtained through the chain of command from the Chief of Police.

(c) If, in the opinion of the Chief of Police, a personnel complaint or disciplinary action maintained beyond the required retention period is no longer relevant, all records of such matter may be destroyed in accordance with the established records retention schedule.

**1027.11 RELEASE OF PERSONNEL RECORDS AND RECORDS RELATED TO CERTAIN INCIDENTS, COMPLAINTS, AND INVESTIGATIONS OF OFFICERS**

Personnel records and records related to certain incidents, complaints, and investigations of officers shall be released pursuant to a proper request under the Public Records Act and subject to redaction and delayed release as provided by law.

The Custodian of Records should work as appropriate with the Chief of Police or the Professional Standards Bureau supervisor in determining what records may qualify for disclosure when a request for records is received and if the requested record is subject to redaction or delay from disclosure.

For purposes of this section, a record includes (Penal Code § 832.7(b)(2)):

- All investigation reports.
- Photographic, audio, and video evidence.
- Transcripts or recordings of interviews.
- Autopsy reports.
Personnel Records

- All materials compiled and presented for review to the District Attorney or to any person or body charged with determining whether to file criminal charges against an officer in connection with an incident, or whether the officer’s action was consistent with law and department policy for purposes of discipline or administrative action, or what discipline to impose or corrective action to take.

- Documents setting forth findings or recommending findings.

- Copies of disciplinary records relating to the incident, including any letters of intent to impose discipline, any documents reflecting modifications of discipline due to the Skelly or grievance process, and letters indicating final imposition of discipline or other documentation reflecting implementation of corrective action.

Unless a record or information is confidential or qualifies for delayed disclosure as provided by Penal Code § 832.7(b)(7) or other law, the following records shall be made available for public inspection upon request (Penal Code § 832.7):

(a) Records relating to the report, investigation, or findings of:
   1. The discharge of a firearm at another person by an officer.
   2. The use of force against a person resulting in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) by an officer.

(b) Records relating to an incident where a sustained finding (see the Personnel Complaints Policy) was made by the department or oversight agency regarding:
   1. An officer engaged in sexual assault of a member of the public (as defined by Penal Code § 832.7(b)).
   2. Dishonesty of an officer relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another officer, including but not limited to any sustained finding of perjury, false statements, filing false reports, destruction, falsifying, or concealing of evidence.

A record from a separate and prior investigation or assessment of a separate incident shall not be released unless it is independently subject to disclosure (Penal Code § 832.7(b)(3)).

When an investigation involves multiple officers, the Department shall not release information about allegations of misconduct or the analysis or disposition of an investigation of an officer unless it relates to a sustained finding of a qualified allegation as provided by Penal Code § 832.7(b)(4) against the officer. However, factual information about the action of the officer during an incident or the statements of an officer shall be released if the statements are relevant to a sustained finding of the qualified allegation against another officer that is subject to release (Penal Code § 832.7(b)(4)).

1027.11.1 REDACTION

The Custodian of Records, in consultation with the Chief of Police or authorized designee, shall redact the following portions of records made available for release (Penal Code § 832.7(b)(5)):

(a) Personal data or information (e.g., home address, telephone number, identities of family members) other than the names and work-related information of officers
(b) Information that would compromise the anonymity of complainants and witnesses

(c) Confidential medical, financial, or other information where disclosure is prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly outweighs the strong public interest in records about misconduct and serious use of force

(d) Where there is a specific, articulable, and particularized reason to believe that disclosure of the record would pose a significant danger to the physical safety of the officer or another person

Additionally, a record may be redacted, including redacting personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosing it (Penal Code § 832.7(b)(6)).

1027.11.2 DELAY OF RELEASE

Unless otherwise directed by the Chief of Police, the Custodian of Records should consult with a supervisor familiar with the underlying investigation to determine whether to delay disclosure of records relating to the discharge of a firearm or use of force resulting in death or in great bodily injury due to any of the following conditions (Penal Code § 832.7):

(a) Active criminal investigations

1. Disclosure may be delayed 60 days from the date the use of force occurred or until the District Attorney determines whether to file criminal charges, whichever occurs sooner.

2. After the initial 60 days, delay of disclosure may be continued if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against an officer or against someone other than an officer who used the force.

(b) Filed criminal charges

1. When charges are filed related to an incident where force was used, disclosure may be delayed until a verdict on those charges is returned at trial or, if a plea of guilty or no contest is entered, the time to withdraw the plea has passed.

(c) Administrative investigations

1. Disclosure may be delayed until whichever occurs later:

   (a) There is a determination from the investigation whether the use of force violated law or department policy, but no longer than 180 days after the date of the department’s discovery of the use of force or allegation of use of force

   (b) Thirty days after the close of any criminal investigation related to the officer’s use of force

1027.11.3 NOTICE OF DELAY OF RECORDS

When there is justification for delay of disclosure of records relating to the discharge of a firearm or use of force resulting in death or in great bodily injury during an active criminal investigation,
the Custodian of Records shall provide written notice of the reason for any delay to a requester as follows (Penal Code § 832.7):

(a) Provide the specific basis for the determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure. The notice shall also include the estimated date for the disclosure of the withheld information.

(b) When delay is continued beyond the initial 60 days because of criminal enforcement proceedings against anyone, at 180-day intervals provide the specific basis that disclosure could reasonably be expected to interfere with a criminal enforcement proceeding and the estimated date for disclosure.

1. Information withheld shall be disclosed when the specific basis for withholding the information is resolved, the investigation or proceeding is no longer active, or no later than 18 months after the date of the incident, whichever occurs sooner, unless:

(a) When the criminal proceeding is against someone other than an officer and there are extraordinary circumstances to warrant a continued delay due to the ongoing criminal investigation or proceeding, then the Department must show by clear and convincing evidence that the interest in preventing prejudice to the active and ongoing criminal investigation or proceeding outweighs the public interest for prompt disclosure of records about use of serious force by officers.

In cases where an action to compel disclosure is brought pursuant to Government Code § 6258, the Department may justify delay by filing an application to seal the basis for withholding if disclosure of the written basis itself would impact a privilege or compromise a pending investigation (Penal Code § 832.7(b)(7)).
Fitness for Duty

1033.1 PURPOSE AND SCOPE
All officers are required to be free from any physical, emotional, or mental condition which might adversely affect the exercise of peace officer powers. The purpose of this policy is to ensure that all officers of this department remain fit for duty and able to perform their job functions (Government Code § 1031).

1033.2 EMPLOYEE RESPONSIBILITIES
(a) It shall be the responsibility of each member of this department to maintain good physical condition sufficient to safely and properly perform essential duties of their position.
(b) Each member of this department shall perform his/her respective duties without physical, emotional, and/or mental constraints.
(c) During working hours, all employees are required to be alert, attentive, and capable of performing his/her assigned responsibilities.
(d) Any employee who feels unable to perform his/her duties shall promptly notify a supervisor. In the event that an employee believes that another employee is unable to perform his/her duties, such observations and/or belief shall be promptly reported to a supervisor.

1033.3 SUPERVISOR RESPONSIBILITIES
(a) A supervisor observing an employee, or receiving a report of an employee who is perceived to be, unable to safely perform his/her duties due to a physical or mental condition shall take prompt and appropriate action in an effort to resolve the situation.
(b) Whenever feasible, the supervisor should attempt to ascertain the reason or source of the problem and in all cases a preliminary evaluation should be made in an effort to determine the level of inability of the employee to perform his/her duties.
(c) In the event the employee appears to be in need of immediate medical or psychiatric treatment, all reasonable efforts should be made to provide such care.
(d) In conjunction with the Watch Commander or employee’s available Division Commander, a determination should be made whether or not the employee should be temporarily relieved from his/her duties.
(e) The Chief of Police shall be promptly notified in the event that any employee is relieved from duty.
1033.4 NON-WORK RELATED CONDITIONS
Any employee suffering from a non-work related condition which warrants a temporary relief from duty may be required to use sick leave or other paid time off (PTO) in order to obtain medical treatment or other reasonable rest period.

1033.5 WORK RELATED CONDITIONS
Any employee suffering from a work related condition which warrants a temporary relief from duty shall be required to comply with personnel rules and guidelines for processing such claims.

Upon the recommendation of the Watch Commander or unit supervisor and concurrence of a Division Commander, any employee whose actions or use of force in an official capacity result in death or serious injury to another may be temporarily removed from regularly assigned duties and/or placed on paid administrative leave for the wellbeing of the employee and until such time as the following may be completed:

(a) A preliminary determination that the employee's conduct appears to be in compliance with policy and, if appropriate.

(b) The employee has had the opportunity to receive necessary counseling and/or psychological clearance to return to full duty.

1033.6 PHYSICAL AND PSYCHOLOGICAL EXAMINATIONS

(a) Whenever circumstances reasonably indicate that an employee is unfit for duty, the Chief of Police may serve that employee with a written order to undergo a physical and/or psychological examination in cooperation with Department of Human Resources & Labor Relations to determine the level of the employee's fitness for duty. The order shall indicate the date, time and place for the examination.

(b) The examining physician or therapist will provide the Department with a report indicating that the employee is either fit for duty or, if not, listing any functional limitations which limit the employee's ability to perform job duties. If the employee places his/her condition at issue in any subsequent or related administrative action/grievance, the examining physician or therapist may be required to disclose any and all information which is relevant to such proceeding (Civil Code § 56.10(c)(8)).

(c) In order to facilitate the examination of any employee, the Department will provide all appropriate documents and available information to assist in the evaluation and/or treatment.

(d) All reports and evaluations submitted by the treating physician or therapist shall be part of the employee’s confidential personnel file.

(e) Any employee ordered to receive a fitness for duty examination shall comply with the terms of the order and cooperate fully with the examining physician or therapist regarding any clinical interview, tests administered or other procedures as directed.
Any failure to comply with such an order and any failure to cooperate with the examining physician or therapist may be deemed insubordination and shall be subject to discipline up to and including termination.

(f) Once an employee has been deemed fit for duty by the examining physician or therapist, the employee will be notified to resume his/her duties.

1033.7 LIMITATION ON HOURS WORKED
Absent emergency operations members should not work more than:

• 16 hours in one day (24 hour) period or
• 30 hours in any 2 day (48 hour) period or
• 84 hours in any 7 day (168 hour) period

Except in very limited circumstances members should have a minimum of 8 hours off between shifts. Supervisors should give consideration to reasonable rest periods and are authorized to deny overtime or relieve to off-duty status any member who has exceeded the above guidelines.

Limitations on the number of hours worked apply to shift changes, shift trades, rotation, holdover, training, general overtime and any other work assignments.

1033.8 APPEALS
An employee who is separated from paid employment or receives a reduction in salary resulting from a fitness for duty examination shall be entitled to an administrative appeal as outlined in the Personnel Complaints Policy.
Lactation Break Policy

1036.1 PURPOSE AND SCOPE
The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee’s infant child (Labor Code § 1034).

1036.2 POLICY
It is the policy of this department to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing infant child (29 USC § 207; Labor Code § 1030).

1036.3 LACTATION BREAK TIME
A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207; Labor Code § 1030). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Such breaks, if feasible, should be taken at the same time as the employee’s regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030).

Employees desiring to take a lactation break shall notify Yolo Emergency Communications Agency or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations (Labor Code § 1032).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1036.4 PRIVATE LOCATION
The Department will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee’s work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207; Labor Code § 1031).

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for employees assigned to the field may be taken at the nearest appropriate private area.
**Lactation Break Policy**

1036.5  **STORAGE OF EXPRESSED MILK**
Any employee storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the employee ends her shift.

1036.5.1  **STATE REQUIREMENTS**
Employees have the right to request lactation accommodations. If a break time or location accommodation cannot be provided, the supervisor shall provide the member with a written response regarding the reasons for the determination (Labor Code § 1034).

Lactation rooms or other locations should comply with the prescribed feature and access requirements of Labor Code § 1031.

Employees who believe that their rights have been violated under this policy or have been the subject of discrimination or retaliation for exercising or attempting to exercise their rights under this policy, are encouraged to follow the chain of command in reporting a violation, but may also file a complaint directly with the Labor Commissioner (Labor Code § 1033).
Overtime Policy

1040.1 PURPOSE AND SCOPE
The West Sacramento Police Department recognizes the need for the use of overtime in order to maintain appropriate patrol staffing levels as well as safety and security during emergencies, critical incidents and special events. The Department also recognizes the need to provide the necessary oversight in the use of overtime to maximize the efficient use of those funds.

1040.2 USE OF OVERTIME
Overtime may be used when necessary to meet staffing needs, accommodate training, court appearances and support special events and critical incidents. It will be the responsibility of supervisors to ensure that the usage of overtime is consistent with this policy and used in an efficient manner.

1040.3 APPROVAL CRITERIA
The below listed guidelines are to be used by supervisors in their efforts to ensure that overtime is authorized only when needed and necessary to accomplish Departmental needs.

(a) Limit discretionary time off to the established numbers listed in Lexipol Policy 216 (Patrol Staffing/Time Off Policy), so staffing does not fall below minimum levels.

(b) If overtime becomes necessary, adhere to the minimum staffing levels and only utilize the number of officers needed to meet the established minimum staffing level.

(c) Restrict overtime for report writing to in-custody felony offenses. Officers should not write reports on overtime unless it is a felony in-custody arrest or they are at the end of their work week and the report must be completed before they begin their days off cycle. Training officers will complete trainee evaluations during regular shift hours. Supervisors may relieve officers or FTOs from field duties to ensure reports are completed prior to the end of the shift.

(d) Schedule training, meetings, range qualification and other duties during officer's regular shift hours whenever possible. Work hours may be adjusted with prior notice so that these are accomplished without the use of overtime.

(e) Specialty units such as SWAT, K-9, EOD and Motors will train during regular duty days. Training time will be considered regular time. Response to call outs is subject to the approval of the on-duty Patrol Sergeant or Incident Commander.

1040.4 VOLUNTARY OVERTIME SIGN-UP
The preferred method for filling a vacancy for a patrol shift and/or special event, in advance of the actual date, is by the use of voluntary sign-ups. Prior to the date of the anticipated vacancy, a sign-up sheet will be posted in the patrol briefing book by the supervisor, providing officers with an opportunity to sign up for the available overtime. Officers will sign up on a first come, first serve
basis. Officers who sign up for overtime slots are responsible for them and must find a replacement if they cannot fulfill their overtime obligation.

1040.5 MANDATORY OVERTIME
There will be times when overtime must be assigned and fulfilling the overtime assignment is mandatory. Situations that would generate a mandatory overtime assignment would be:

- Any emergency or critical incident where staffing levels are insufficient.
- Any event in which an officer possesses specialized training, experience or equipment needed for an emergency, critical incident or special event.
- Any occasion where staffing falls below the minimum required levels.
- Any incident or event deemed appropriate at the direction of the Chief of Police or designee.

1040.6 ASSIGNMENT OF OVERTIME
When overtime is assigned on a mandatory basis, supervisors should consider the following factors when assigning overtime:

- Seniority
- Overtime worked during pay period.
- Training or equipment necessary for the success of an event or incident.
- Amount of overtime worked by others during the pay period.
- Specific needs or requests for an event or incident.

1040.7 AMOUNT OF OVERTIME WORKED
Without the approval of a Patrol Sergeant or designee, the maximum work day will consist of no more than 16 hours in any 24 hour time period during a scheduled work week. This means actual time worked and can be comprised solely of overtime hours or a combination of regular time and overtime hours. Departmental training and actual time in court will be included in the calculations of time worked.

(a) Without the approval of a Patrol Sergeant or designee, employees will work no more than 20 hours of overtime during their regular days off cycle. Time worked means actual time spent on a shift, detail or event for the benefit of the Department.

(b) In the event of an emergency or exigency, the aforementioned provisions can be waived at the direction of the Chief of Police or designee.
Outside Employment

1041.1 PURPOSE AND SCOPE
In order to avoid actual or perceived conflicts of interest for departmental employees engaging in outside employment, all employees shall obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy.

1041.1.1 DEFINITIONS
Outside Employment - Any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.

Outside Overtime - Any member of this department who performs duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this department so that the Department may be reimbursed for the cost of wages and benefits.

1041.2 OBTAINING APPROVAL
No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete an Outside Employment Application which shall be submitted to the employee’s immediate supervisor. The application will then be forwarded through channels to the Chief of Police for consideration.

If approved, the employee will be provided with a copy of the approved permit. Unless otherwise indicated in writing on the approved permit, a permit will be valid through the end of the calendar year in which the permit is approved. Any employee seeking to renew a permit shall submit a new Outside Employment Application in a timely manner.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial (Penal Code § 70(e)(3)).

1041.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT
If an employee’s Outside Employment Application is denied or withdrawn by the Department, the employee may file a written notice of appeal to the Chief of Police within ten days of the date of denial.
Outside Employment

If the employee’s appeal is denied, the employee may file a grievance pursuant to the procedure set forth in the current Memorandum of Understanding (MOU).

1041.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS
Any outside employment permit may be revoked or suspended under the following circumstances:

(a) Should an employee’s performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief of Police may, at his or her discretion, revoke any previously approved outside employment permit(s). That revocation will stand until the employee’s performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment permit.

(b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline.

(c) If, at any time during the term of a valid outside employment permit, an employee’s conduct or outside employment conflicts with the provisions of department policy, the permit may be suspended or revoked.

(d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment permit may be subject to similar restrictions as those applicable to the employee’s full time duties until the employee has returned to a full duty status.

1041.3 PROHIBITED OUTSIDE EMPLOYMENT
Consistent with the provisions of Government Code § 1126, the Department expressly reserves the right to deny any Outside Employment Application submitted by an employee seeking to engage in any activity which:

(a) Involves the employee’s use of departmental time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage.

(b) Involves the employee’s receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee’s duties as a member of this department.

(c) Involves the performance of an act in other than the employee’s capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department.

(d) Involves time demands that would render performance of the employee’s duties for this department less efficient.
Outside Employment

1041.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT
Consistent with the provisions of Penal Code § 70, and because it would further create a potential conflict of interest, no member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such outside extra duty overtime assignments will be assigned, monitored and paid through the Department.

(a) The applicant will be required to enter into an indemnification agreement prior to approval.

(b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.

(c) Should such a request be approved, any employee working outside overtime shall be subject to the following conditions:
   1. The officer(s) shall wear the departmental uniform/identification.
   2. The officer(s) shall be subject to the rules and regulations of this department.
   3. No officer may engage in such outside employment during or at the site of a strike, lockout, picket, or other physical demonstration of a labor dispute.
   4. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.
   5. Outside security services shall not be subject to the collective bargaining process.
   6. No officer may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Chief of Police.

1041.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE
Any employee making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to department policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment.

1041.3.3 SPECIAL RESTRICTIONS
Except for emergency situations or with prior authorization from the Division Commander, undercover officers or officers assigned to covert operations shall not be eligible to work overtime or other assignments in a uniformed or other capacity which might reasonably disclose the officer's law enforcement status.
Outside Employment

1041.4 DEPARTMENT RESOURCES
Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee’s position with this department.

1041.4.1 REVIEW OF FINANCIAL RECORDS
Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest (Government Code § 3308; Government Code § 1126). Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee to provide the requested personal financial records could result in denial of the off-duty work permit. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the employee elects not to provide the requested records, his/her off-duty work permit may be revoked pursuant to the Revocation/Suspension of Outside Employment Permits section of this policy.

1041.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS
If an employee terminates his or her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Chief of Police through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

1041.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY
Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor’s orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their work permit, a notice of revocation of the member's permit will be forwarded to the involved employee, and a copy attached to the original work permit.

Criteria for revoking the outside employment permit include, but are not limited to, the following:
Outside Employment

(a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the City's professional medical advisors.

(b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.

(c) The employee’s failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the West Sacramento Police Department, a request (in writing) may be made to the Chief of Police to restore the permit.
Occupational Disease and Work-Related Injury Reporting

1043.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance regarding the timely reporting of occupational diseases, mental health issues, and work-related injuries.

1043.1.1 DEFINITIONS
Definitions related to this policy include:

Occupational disease or work-related injury - An injury, disease, or mental health issue arising out of employment (Labor Code § 3208; Labor Code § 3208.3; Labor Code § 3212 et seq.).

1043.2 POLICY

1043.3 RESPONSIBILITIES

1043.3.1 MEMBER RESPONSIBILITIES
Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate (8 CCR 14300.35).

1043.3.2 SUPERVISOR RESPONSIBILITIES
A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding workers’ compensation are completed and forwarded promptly. Any related Citywide disease- or injury-reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply and take additional action as required.

1043.3.3 DIVISION COMMANDER RESPONSIBILITIES
The Division Commander who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Chief of Police, the City’s risk management entity, and the Administration Division Commander to ensure any required Division of Occupational Health and Safety Administration (Cal/OSHA) reporting is made as required in the illness and injury prevention plan identified in the Illness and Injury Prevention Policy.
1043.3.4 CHIEF OF POLICE RESPONSIBILITIES

A copy of the completed form shall be forwarded to the appropriate Division Commander through the chain of command and a copy sent to the Administration Division Commander.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1043.5 SETTLEMENT OFFERS
When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

1043.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL
No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Chief of Police with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the City's right of subrogation, while ensuring that the member's right to receive compensation is not affected.
Department Badges

1053.1 PURPOSE AND SCOPE

**Temporary Modified-Duty Assignments**

**1055.1 PURPOSE AND SCOPE**
This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, City rules, current memorandums of understanding or collective bargaining agreements. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

**1055.2 POLICY**
Subject to operational considerations, the West Sacramento Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

**1055.3 GENERAL CONSIDERATIONS**
Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the California Fair Employment and Housing Act (Government Code § 12940 et seq.) shall be treated equally, without regard to any preference for a work-related injury.

No position in the West Sacramento Police Department shall be created or maintained as a temporary modified-duty assignment.

Employee Speech, Expression and Social Networking

1059.1 PURPOSE AND SCOPE
This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1059.1.1 APPLICABILITY
This policy applies to all forms of communication including but not limited to film, video, print media, public or private speech, use of all internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video, and other file-sharing sites.

1059.2 POLICY
Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression.

To achieve its mission and efficiently provide service to the public, the West Sacramento Police Department will carefully balance the individual employee’s rights against the Department’s needs and interests when exercising a reasonable degree of control over its employees’ speech and expression.

1059.3 SAFETY
Employees should consider carefully the implications of their speech or any other form of expression when using the internet. Speech and expression that may negatively affect the safety of the West Sacramento Police Department employees, such as posting personal information in a public forum, can result in compromising an employee’s home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family, or
Employee Speech, Expression and Social Networking

associates. Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

1059.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT

(a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the West Sacramento Police Department or its employees.

(b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the West Sacramento Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the West Sacramento Police Department or its employees. Examples may include:

1. Statements that indicate disregard for the law or the state or U.S. Constitution.
2. Expression that demonstrates support for criminal activity.
3. Participating in sexually explicit photographs or videos for compensation or distribution.

(c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.

(d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.

(e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the West Sacramento Police Department.

(f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department.

(g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the West Sacramento Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.

1. When brief personal communication may be warranted by the circumstances (e.g., inform family of extended hours).

2. During authorized breaks such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1059.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS
While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the West Sacramento Police Department or identify themselves in any way that could be reasonably perceived as representing the West Sacramento Police Department in order to do any of the following, unless specifically authorized by the Chief of Police (Government Code § 3206; Government Code § 3302):

Employee Speech, Expression and Social Networking

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty.

However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1059.5 PRIVACY EXPECTATION
Employees forfeit any expectation of privacy with regard to e-mails, texts, or anything published or maintained through file-sharing software or any internet site (e.g., Facebook) that is accessed, transmitted, received, or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

The Department shall not require an employee to disclose a personal user name or password for accessing personal social media or to open a personal social website; however, the Department may request access when it is reasonably believed to be relevant to the investigation of allegations of work-related misconduct (Labor Code § 980).

1059.6 CONSIDERATIONS
In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

(a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.

(b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.

(c) Whether the speech or conduct would reflect unfavorably upon the Department.

(d) Whether the speech or conduct would negatively affect the member’s appearance of impartiality in the performance of his/her duties.

Line-of-Duty Deaths

1062.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to members of the West Sacramento Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member’s survivors.

The Chief of Police may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

1062.1.1 DEFINITIONS
Definitions related to this policy include:

**Line-of-duty death** - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a non-sworn member during the course of performing their assigned duties.

**Survivors** - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual’s relationship with the member and whether the individual was previously designated by the deceased member.

1062.2 POLICY
It is the policy of the West Sacramento Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1062.3 INITIAL ACTIONS BY COMMAND STAFF

(a) Upon learning of a line-of-duty death, the deceased member’s supervisor should provide all reasonably available information to the Watch Commander and Yolo Emergency Communications Agency.

1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).

(b) The Watch Commander should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.

(c) If the member has been transported to the hospital, the Watch Commander or the designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.
Line-of-Duty Deaths

(d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1062.4 NOTIFYING SURVIVORS
Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member’s emergency contact information and make accommodations to respect the member’s wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member’s wishes.

The Chief of Police, Watch Commander or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department Chaplain.

Notifying members should:

(a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.

(b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child’s age, maturity and current location (e.g., small children at home, children in school).

(c) Plan for concerns such as known health concerns of survivors or language barriers.

(d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.

(e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.

(f) If making notification at a survivor’s workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.

(g) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.

(h) Assist the survivors with meeting childcare or other immediate needs.
Line-of-Duty Deaths

(i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.

(j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.

(k) Provide their contact information to the survivors before departing.

(l) Document the survivor’s names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.

(m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other West Sacramento Police Department members may be apprised that survivor notifications are complete.

1062.4.1 OUT-OF-AREA NOTIFICATIONS
The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

(a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.

(b) The Department Liaison may assist in making transportation arrangements for the member’s survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

1062.5 NOTIFYING DEPARTMENT MEMBERS
Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support group, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

The liaison should be an individual the survivors know and with whom they are comfortable working.

If the survivors have no preference, the selection may be made from names recommended by the deceased member’s supervisor and/or coworkers. The deceased member’s partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.

The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include, but are not limited to:

(a) Arranging for transportation of survivors to hospitals, places of worship, funeral homes and other locations, as appropriate.

(l) Maintaining long-term contact with survivors and taking measures to sustain a supportive relationship (e.g., follow-up visits, phone calls, cards on special occasions, special support during holidays).

(m) Inviting survivors to department activities, memorial services or other functions as appropriate.

Survivor Support Liaisons providing services after an incident resulting in multiple members being killed should coordinate with and support each other through conference calls or meetings as necessary.

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

If needed, the Survivor Support Liaison should be issued a personal communication device (PCD) owned by the Department to facilitate communications necessary to the assignment. The department-issued PCD shall be used in accordance with the Personal Communication Devices Policy.

Uniforms will be worn in their entirety and in their intended fashion, and will be kept clean, well-brushed and pressed. The badge and nameplate are to be displayed on the outermost garment being worn by the uniformed officer. Non-uniformed personnel will affix the badge to their jacket pocket or lapel, or to their belt while at a crime scene or police operation.

Officers will be well groomed and present a professional appearance to maintain the public’s trust and respect. Both the self-esteem generated in the individual and the respect commanded from the public they serve promote the excellent reputation of the department.

The member requesting such replacement will complete an Equipment Replacement Form with his/her immediate supervisor’s approval.

Reimbursement for a member’s personal property that is damaged or destroyed while engaged in any law enforcement duty is considered on a case-by-case basis. Requests for reimbursement should be made via the chain of command to the Chief of Police. The complete circumstances of the loss should be explained. The employee will purchase the replacement property and forward the sales receipt to the Office of the Chief of Police along with a written request for reimbursement. #### 1065.4 NON-UNIFORMED ASSIGNMENTS

Employees assigned to traditional plain-clothes assignments must still be able to quickly and safely deploy to address emerging situations. The best way to ensure these employees are safely equipped and properly marked is to utilize a designated ballistic panel carrier.

Officers assigned to these roles who enter the assignment with non-expired ballistics and a standardized ballistic panel carrier are expected to retain and use this equipment. If the officer has non-expired ballistic panels but no carrier, they will be supplied with such as soon as practicable upon being selected and assigned to the non-uniformed role. The department will supply the carrier for the non-uniformed employees when they receive new ballistic panels (upon expiration of the prior panels) to maintain warranty coverage that ensures maximum protection assured by manufacturers.

#### 1065.5 NON-ESSENTIAL APPROVED ATTIRE

The West Sacramento Police Department recognizes that there are circumstances when alternative clothing and equipment might aid or be preferred by employees. The West Sacramento Police Department provides all sworn personnel and uniformed civilian employees with initial uniforms and equipment and provides essential safety equipment to those assigned to specialty units. The City of West Sacramento does retain a vendor that produces approved non-essential attire that can be purchased at the employees’ expense. Examples of this attire would include polo shirts, campaign hats, ballistic vest carriers and “T” shirts (long or short).

Speed Measuring Devices Draft.pdf
Speed Measuring Devices

Purpose and Scope:
This policy provides the procedures for the use of speed measuring devices in traffic law enforcement.

Definitions:
RADAR - Radio detection and ranging
LIDAR - Light detection and ranging

RADAR/LIDAR Procedures
The West Sacramento Police Department uses hand-held Lidar devices. The department also possesses 3 specialized patrol vehicles, 4 motorcycles, and 2 portable trailers that are equipped with RADAR. Employees who have obtained P.O.S.T. approved certification in the use of RADAR and/or LIDAR are authorized to operate them according to P.O.S.T. approved guidelines.

Each device is to be calibrated by an external vendor, as specified by the California Vehicle Code. The traffic division’s Supervisor or his/her designee will maintain these calibration records within the traffic division. Employees utilizing these devices shall test the accuracy of the unit prior to the use. If the equipment is damaged, not working properly, or is displaying an error message; discontinue use of the equipment and notify the traffic supervisor.

Authorized Speed Measuring Devices
Equipment brands and inventory may vary due to equipment failure and replacement. The West Sacramento Police Department currently utilizes:

1. (2) All Traffic Solutions radar trailers
2. (11) Prolaser 4 handheld LIDAR devices
3. (7) Prolaser 3 handheld LIDAR devices
4. (1) patrol vehicle with Stalker Moving RADAR
5. (4) BMW patrol motorcycles with Kustom Signal Raptor Moving RADAR
6. (2) Patrol vehicles with Kustom Signal Raptor mounted RADAR
Maintenance of RADAR/LIDAR

Per CVC Section 40802(d) all speed measuring devices will meet or exceed minimal operational standards set forth by the National Highway Traffic Safety Administration (NHTSA). Each speed-measuring device is required to be calibrated within three years.

Each speed-measuring device will be calibrated by an independent, certified RADAR and/or laser repair and testing and/or calibration facility, at minimum every three years. All calibration records will be kept in the traffic division.

Care of RADAR/LIDAR

Employees shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of the RADAR/LIDAR devices assigned or entrusted to them.

a. Employees shall promptly report any loss, damage or unserviceable condition of any RADAR/LIDAR device assigned for their use.
b. The use of damaged or unserviceable RADAR/LIDAR devices should be discontinued immediately and the device should be given to traffic supervisor for repair.
c. Use of RADAR/LIDAR devices should be limited to official purposes and in the capacity for which it was designed.
d. In the event a RADAR/LIDAR device becomes damaged or unserviceable, no employee shall attempt to repair the property without prior supervisory approval.
e. Each employee shall conduct an operational check before deployment and after to ensure the device is in proper working order
