

# CORONAVIRUS

## UPDATE

3/12/2020

# WEST SACRAMENTO RECREATION CENTER

We wanted to personally reach out to you and provide an update on actions that the City's Recreation Center is taking to help prevent the spread of the virus and support the health and well-being of our customers, employees and our community.

As we continue to learn more about this serious virus, we want to take precautionary steps in response to this developing public health impact, including increased cleaning, sanitizing procedures and possibly rearranging time schedules to allow time for cleaning between classes.

ENDURANCE/PERFORMANCE HAND WIPES located in the cardio room are available for patrons in designated areas. Hand foam sanitizers are also located throughout the facility. We request that you wipe down equipment thoroughly before and after each use.

Business hours and programs will remain as normal. However, in order for the Recreation Center to continue a safe and healthy environment, we are asking that there is a distance of six feet per person in classes and around the facility.

Therefore, we are limiting Group Exercise classes to 20 participants and six participants in the Kinesis & Spin classes. To reserve a spot in a class, please contact the front desk in person or by phone the day before the class, 617-4770.

Youth and Adult Sports programs will be suspended until May 1st. Aquatic programs will remain as normal but please visit the City's website at [www.westsacfun.org](http://www.westsacfun.org) for updated calendar information.

## RECREATION CENTER WILL REMAIN OPEN

THE CITY OF WEST SACRAMENTO CONTINUES TO MONITOR AND FOLLOW GUIDANCE FROM THE CALIFORNIA DEPARTMENT OF PUBLIC HEALTH (CDPH) AND THE YOLO COUNTY HEALTH OFFICER TO MITIGATE THE SPREAD OF NOVEL CORONAVIRUS (COVID-19).
