Smoke alarms and carbon monoxide alarms are required to be installed when alterations, repairs or additions requiring a Building Permit is obtained.

In existing dwelling units where repairs or alterations do not result in the removal of wall and ceiling finishes, solely battery operated alarms are permitted.

**SMOKE ALARM LOCATIONS**
1. In each sleeping room.
2. Outside each, separate sleeping area in the immediate vicinity of the bedrooms.
3. On each additional story of the dwelling, including basements and habitable attics.

**CARBON MONOXIDE ALARM LOCATIONS**
1. Outside each separate dwelling unit sleeping area in the immediate vicinity of the bedroom(s).
2. On every level of a dwelling unit including basements.

Carbon monoxide alarms are not required if the residence has no fuel-burning appliances and garage is detached.

The following single story floor plan is to be used as a general guide only. Please contact the City of West Sacramento Building Unit at 916-617-4683 for questions or additional information.

**VERIFICATION REQUIRED AT FINAL INSPECTION**
Please review Manufacture's installation guide prior to installation.
