Get anywhere in West Sacramento for one affordable, flat fare!

Have you noticed some shiny new vans in town? Meet West Sacramento's new on-demand public transportation service! This innovative travel option is being tested out by the City as part of a one year Pilot in partnership with the rideshare company, Via.

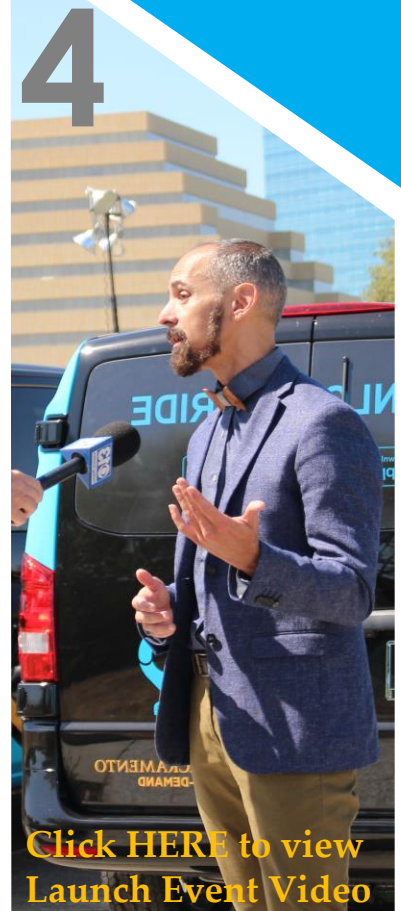

### What is "Rideshare"?

Using West Sacramento's Via rideshare service, you can catch a ride anywhere in the City for an affordable, flat fare. Request a ride when you're ready by using a Smartphone App or by calling over the phone. A Mercedes Benz Via van will pick you up in just minutes. And by sharing your ride with others heading in the same direction, you'll save money and avoid the hassle of traffic and parking.
