

SECTION 1 GENERAL INFORMATION

1.01 PURPOSE

This Division specifies design and construction requirements for site improvements constructed on private property within the City of West Sacramento.

The purpose of applying the City of West Sacramento Standard Specifications to private site developments is to ensure that minimum standards of construction are maintained to protect the health, safety, and general welfare of the public. These standards are intended to minimize the potential of:

- Contamination to the potable water system by cross-connections;
- Ground water intrusion into the sanitary sewer and storm drainage systems;
- Ground water contamination resulting from leakage of sanitary sewer systems;
- Damage to habitable structures caused by flooding; and
- Structural failure of pavement area subjected to vehicle loads.
